MAKE A FAMILY PLAN

Before a disaster strikes, make sure you and your family know these details in order to stay safe.

YOU AND YOUR FAMILY SHOULD DETERMINE:

- Which facilities will be used as shelters in your community in case of emergency
- A designated meet-up location if your family is separated.
- A family contact outside of your area who would not be affected by a local disaster

TEACH YOUR KIDS

Your children may need to act in an emergency. Make sure they know the following information.

- Basic personal information to identify themselves if separated from you.
- Home phone number
- How to dial 911
- Family's meet-up locations
- How to reach the family's out-of-town contact

HAVE A communication STRATEGY

Communication systems are often unreliable during emergencies. Be sure to have a back-up plan.

- All family cell phones should have "ICE" (In Case of Emergency) programmed into the contact list with all family phone numbers plus out-of-area contacts.
- Remind family members that text messages often get through in an emergency, even when a phone can't.

CHECK WITH YOUR CHILD CARE FACILITY

Since your children may be at a child care facility when disaster hits, make sure all caregivers have each child's most recent contact info. Remember to ask the facility about their emergency plans. If they do not have a plan in place, you may want to ask them to create one.

DISASTER CHECKLIST

FOR PARENTS AND FAMILIES

Do you have a plan in place to help ensure your children are safe and secure if a disaster strikes? If the worst happens, your children will look to you to know how to react and respond. Use this checklist to help prepare and keep your children safe in a disaster.

Save the Children.

Get Ready. Get Safe.
