Instinct Pro – we've got you covered

Welcome to the Instinct Pro Bathroom Collection 2024/25.

A comprehensive quality range of bathroom products designed with the Consumer and Installer in mind.

Designed for performance, quality and reliability

The Instinct Professional brand offers trade customers an excellent choice of bathroom products for everyday projects.

The Instinct Pro Bathroom Collection will provide you with a wide choice of bathroom storage, bathroom taps, sanitaryware, showers and so much more. Our range of products are available in a variety of colours and finishes to help you create your new bathroom or complement your existing space.

At Instinct Pro we believe in quality manufacturing and pride ourselves in providing a range of bathroom solutions that are well designed, engineered and represent good value for the Consumer and Installer.

If you are looking for a cost effective bathroom solution for a range of domestic installations, the Instinct Pro product portfolio can provide the answer for you.

Sanitaryware Features

There are many features in our sanitaryware range. Use the icons to help choose the right option for you.

Rimless

Rimless flushing, hygienic and easy to clean.

Comfort Height

The comfort height option sits several centimetres taller than standard WCs.

Short Projection

Space saving short projection pans, ideal for small washrooms.

Right Hand Flush

Ergonomically positioned cistern handle for convenient flushing.

Air Gap

Provides an air space between your tank's water level and your municipal refill line to ensure that cross contamination and back-siphonage is impossible.

Full Flush Volume

The total volume of water discharged from the flushing system during a flush cycle.

Dual Flush Volume

The dual flush allows you to save water while providing you with the flexibility to choose between a water saving 4 litre flush or a standard 6 litre flush.

Eco Dual Flush Volume

A more effective water saving flush volume. The dual flush allows you to choose between a water saving 2.6 litre flush or a standard 4 litre flush.

Quick Release

Easy to operate quick release hinges allow the seat to be lifted away easily, leaving clear access to clean hard to reach surfaces.

Top Fix Hinges

Some seats feature a special 'top fix' hinge allowing them to be quickly and easily installed on modern WC pans.

Soft Close

The hydraulic hinge mechanism ensures controlled and quiet closure of the seat lid and ring.

Comfort Height Pan. Short Projection Pan. What's the difference?

Comfort Height Pans

Comfort height pans are designed to ensure that the bowl and seat height is such that they make for comfortable use. Typically comfort height pans are 450mm and above (standard height pans are approximately 400mm in height) and can be particularly useful for the elderly and people with mobility issues.

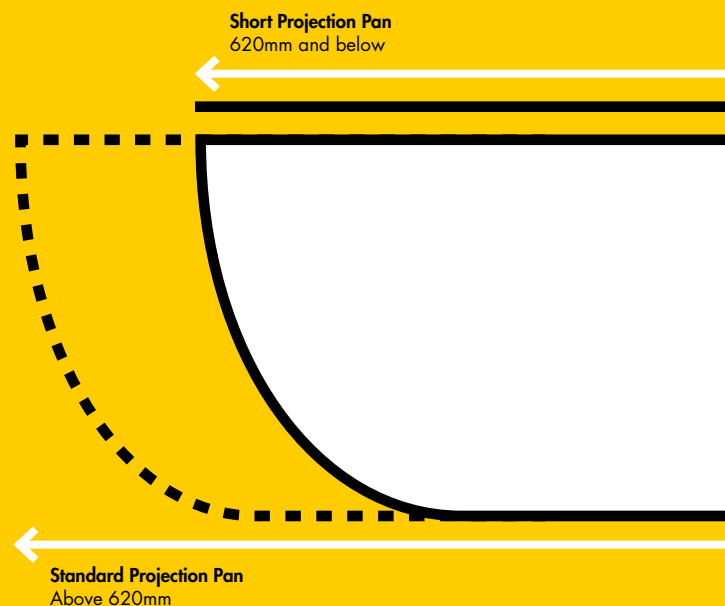

Please look out for the comfort height and short projection icons in the following sanitaryware pages. Alternatively, use the range selector on page 25 and discover which of our Instinct Sanitaryware have comfort height and short projection pan options.

Short Projection Pans

A short projection pan means that it has a shorter depth than standard, and therefore does not protrude as far, taking up less floor space. Typical short projection pans are 620mm* and below (standard projection pans are typically above 620mm). A short projection pan is ideal for a small bathroom or cloakroom suite.

*620mm is relevant to Close Coupled suites. Below 500mm is considered short projection for Back to Wall and Wall Hung Pans.

Ultra-Fix® – How Does it Work?

1. Finned bushing

Eliminates the gap in the mounting hole, preventing hinge movement.

2. One-piece nut

Provides superior clamping force, is easy to install, no additional parts to fit and no corrosion.

3. Shear point

The bottom of the nut breaks off at the optimum tightening torque, indicating a perfect installation.

Flushing Features

There are many features in our flushing range. Use the icons to help choose the right option for you.

Guarantees

All WC frames, concealed cisterns, flush plates, flush buttons and contactless flushing products come with a five year guarantee. The compact concealed cistern comes with a one year guarantee.

Back To Wall Pans

Can be used for back to wall pans.

Wall Hung Pans

Allows wall hung pans to be used.

Wall Hung Bidets

Can be used for wall hung bidets.

Air Gap

WRAS approved Air Gap inlet valve included.

Dual Flush Volume

The Dual Flush allows you to save water while providing you with the flexibility to choose between a water saving 3 litre flush or a standard 6 litre flush.

Easy Install

Our concealed cisterns and WC frames are designed for easy maintenance and installation.

Insulation

The Instinct concealed cistern jackets are fully insulated.

Contactless Controls

Infrared switch allows control with the wave of your hand.

Bath + Bath Screens Features

There are many features in our bath + bath screens range. Use the icons to help choose the right option for you.

Water Capacity

Total number of Litres the bath can hold safely.

Glass Thickness

All our bath screens feature toughened safety glass. Safety glass is around five times stronger than normal glass.

Reversible

The bath screen is reversible for left or right hand applications.

Rotates Through 180°

All or part of the bath screen rotates through 180° for easier access.

Easy Clean Glass

Designed and manufactured to present easy cleaning ability to ensure your bath screen lasts for many years.

Ultracare Glass Protection

Pre-coated with Ultracare, a unique glass protection system designed to prolong the life of your bath screen.

Bracing Bar

Bracing bars are used to support and strengthen bath screen glass against movements.

Kitchen Taps Features

There are many features in our Kitchen Taps. Use the icons to help choose the right option for you.

5

10

Guarantee
Kitchen Taps come with either a five or ten year guarantee.

Min
0.1 Bar

Maximum Operating Pressure
Suitable for a system with low water pressure.

Max
6 Bar

Maximum Operating Pressure
Suitable for a system with high water pressure.

LP

MP

HP

System Pressure
Recommended minimum system pressure.
Low Pressure at 0.1 Bar, Medium Pressure at 0.5 Bar, High Pressure at 1.0+ Bar.

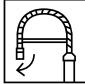

Flexible Hose
Supplied with flexible hose for easy installation.

Flow Straightener
Supplied with flow straightener outlet option.

Flow Aerator
Supplied with water saving aerator outlet.

Pull Out Spout
Pull out spouts feature a spray head that can be pulled directly out of the tap body.

Backnut
Supplied with a metal backnut.

Single Flow
This single tap style mixes hot and cold water in the body of the tap.

Dual Flow
This tap keeps the flow of hot and cold water separate in the body to prevent uneven pressure.

Flow Rate – X.X l/min

Flow Rate
Flow rate shown is based on testing conducted against published pressure using the following criteria.
LP at 0.2 bar. MP at 0.5 bar. HP at 3 bar.

Fast Fix

Fast Fix
For a quick and easy installation that allows assembly by hand, without any tools.

Cold Open
The cold open cartridge system ensures mixer opens with cold water only avoiding the unnecessary use of hot water to deliver energy savings.

Shower Features

There are many features in our shower. Use the icons to help choose the right option for you.

 Min 0.1 Bar Minimum Operating Pressure Suitable for a system with low water pressure.	 Max 6 Bar Maximum Operating Pressure Suitable for a system with high water pressure.	 Fast Fix For a quick and easy installation.	 Single Outlets These shower valves supply water to just a single outlet such as a fixed shower head or hand shower.	 Twin Outlets Come with two separate heads, allowing you to enjoy the most relaxing shower possible.	 Thermostatic Valve The temperature of the water is regulated to prevent any nasty hot or cold surprises if someone else in your home is using the water.
 Cool Touch Featuring safe touch valve bodies and anti-scald thermostatic technology.	 Slide Rail Kit Consist of a shower head, a shower hose and a rail on which the shower heads slides up and down.	 Telescopic Rail Kit Consist of a shower head, and a rigid riser rail on which the shower heads moves up and down.	 Single Function Handset A single spray function is available on this shower head.	   Multiple Function Handset Multiple spray settings are controlled individually on these shower heads.	
 Water Resistant Our shower curtains are made from water resistant fabric.	 Easy Clean Designed and manufactured to present easy cleaning ability to ensure your shower curtain lasts.	 Machine Washable To keep your shower curtain fresh and clean, machine wash at regular intervals.	 Made from Polyester The Instinct Pro shower curtains are made from 100% polyester.	 Screw Action for Secure Fit Unique screw action ensures a secure fit. Firm, self supporting rod, easy to fit, no tools required.	 Rub Clean Nozzles Shower heads with rubber rub clean nozzles. Rub the nozzles with your finger or a toothbrush to loosen any deposits.
  System Pressure Recommended minimum system pressure. Low Pressure at 0.1 Bar. Medium Pressure at 0.5 Bar.	 Flow Rate – X.X l/min Flow Rate Flow rate shown is based on testing conducted against lowest published pressure or using the following criteria. LP at 0.2 bar. MP at 0.5 bar. HP at 3 bar.	   Hose Type Instinct Pro shower hoses are available in three flexible finishes. Reinforced Stainless Steel, PVC and Smooth. Replacement washers included.	  Hose Bore Size Instinct Pro shower hoses are available in different bore sizes.

Want to upgrade?

Find your perfect shower

Within the Instinct showering collection we have created a range of stylish systems which bring performance, design and engineering to your bathroom.

Choose from our range of bar, concealed, mixer or traditional shower systems to suit your needs. We have single or twin outlet systems, and new for this season push button bar showers which allow for your easiest showering experience yet. Simply set and forget your desired temperature and flow, and the next time you hop in the shower your perfect shower is a push of a button away.

Call into your nearest branch and pick up this season's Instinct Bathroom Collection brochure to find out more.

Scan below and take a look at the new Andros, Hemsworth Lever and Ios showers available this season.

Shower Enclosure + Shower Seat Features

There are many features in our shower enclosure and shower seat range. Use the icons to help choose the right option for you.

Lifetime Guarantees
Instinct 6 shower enclosures all come with a lifetime guarantee.

Glass Thickness
All our shower enclosures feature toughened safety glass. Safety glass is around five times stronger than normal glass.

Reversible
The shower enclosure is reversible for left or right hand applications.

Magnetic Door Strips
Magnetic seals provide a water tight seal on shower enclosure doors. These seals have sufficient magnetic strength that latches are not required.

Easy Install
Shower enclosures designed for a quick and easy installation.

Easy Clean Glass / Seats
Designed and manufactured to present easy cleaning ability to ensure your shower enclosure or shower seat lasts for many years.

Weight Limit
Shower seats are designed to safely hold a maximum weight limit.

MULTIPANEL®

Wall Panelling

About Multipanel – The UK's Best Selling Bathroom Wall Panels

Create beautiful spaces with our waterproof bathroom wall panels, the luxurious and modern way to decorate your bathroom. Our beautiful wall panel collections come in a range of sizes and finishes, including marble, stone and wood, offering you a range of design possibilities, allowing you to reinvent your bathroom in a style that is uniquely yours.

Our unique Hydrolock installation system makes it possible to join panels from our Tile, Pure, Linda Barker, Contemporary and Classic Collections together to create an almost seamless expanse of waterproof wall. Precisely engineered, our Hydrolock edge creates a discreet watertight joint, without the need for grout, meaning less time cleaning grout lines and mould. Panels in our collections are also Forest Stewardship Council® (FSC® C128180) and Made In Britain certified, meaning that they are made in the UK from sustainable materials, helping to protect our forests for the future.

Tiles, its time to move on.

To view the full Multipanel range, visit your nearest branch or download the latest Instinct Bathroom brochure at www.instinctproducts.co.uk

Hydrolock®

Multipanel panels are available with Hydrolock® tongue and grooved edge for easy click-into-place installation.

Hydrolock Installation

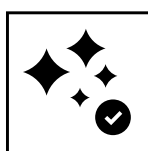

To ensure our panels can be installed to show off their true potential, we created Hydrolock, a unique solution which makes it possible to join panels from our collections (Tile, Pure, Linda Barker, Contemporary and Classic) together to create an almost seamless expanse of waterproof wall. Precisely engineered, our Hydrolock edge creates a discreet watertight joint, without the need for profiles and can even be installed on uneven walls. Hydrolock panels are available in a range of widths for ease of installation – 2400 x 598 mm, 2400 x 900 mm, 2400 x 1200 mm.

The Hydrolock joint reduces the finished face by 20mm i.e. 2400mm x 1200mm becomes 2400 x 1180mm. Straight edge panels are also available.

Hydrolock® Joint

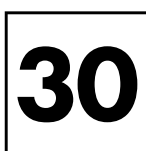

Why Choose Multipanel

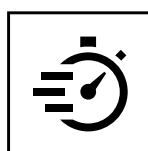

Easy to keep clean

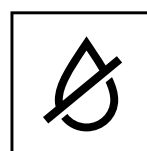

Almost seamless joint with Hydrolock®

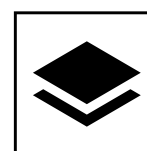

30 year warranty

Quick and easy to install

Fully waterproof

Can be installed over old tiles

Multipanel Profiles

About Perform Panel – Today's alternative to tiles

With easy installation, no grouting and a unique high-performance fitting system, Perform Panel is the beautiful, efficient, modern alternative to tiles. Available in a large selection of stylish designs across our core ranges. Perform Panel works with any interior scheme. Made in the UK by a family firm trusted by the building industry for 160 years.

Nu-Lock Joint

Nu-Lock

Manufactured using 7-ply birch plywood, with a "click" tongue and groove finish as standard, creating a seamless joint and look to each panel.

Perform Panel Trims

The edges of Perform Panel wet wall panels are square and these can be finished in a choice of satin anodised aluminium (SAA), chrome, white, black, brushed black or brushed brass to complement the panel and its surroundings.

	Aluminium Finish	SAA Finish	Chrome	White	Black	Brushed Black	Brushed Brass

INCNT003ST-ZWS	Straight Valve	£48.00
INCNT003AP-ZWS	Angled Valve	£48.00

Going Green

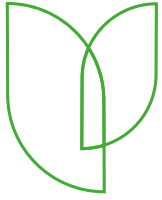

We, as Instinct, have a responsibility to the environment. Our aim is to have 100% recycled packaging and continue to work with industry bodies to help customers use their water more efficiently, therefore reducing energy bills and ultimately carbon emissions.

Where required our Instinct products are individually and legally tested to ensure compliance with CE and UKCA Marking. This not only covers material quality but also lifecycle, product impact testing, water integrity and traceability of manufacture.

When it comes to the paper used in the production of this brochure or the wood used in our Wall Panels and Furniture, we have sourced as many products as possible with an FSC® (Forest Stewardship Council®) label or PEFC (Programme for the Endorsement of Forest Certification) accreditation. The FSC® label guarantees that the product originated from managed forests, recycled paper or a combination of both. Products carrying the FSC® label are independently certified to assure that they come from forests that are managed to meet the social, economic and ecological needs of present and future generations.

As a brand, Instinct is committed to protecting the environment and is constantly exploring ways it can improve on this.

Small steps, big change.

Low Carbon Specialists

At James Hargreaves, our Low-Carbon team specialises in providing energy-efficient heating solutions. We offer Air Source Heat Pumps from all the top manufacturers along with guidance and training courses. Through our industry partners, we also provide a Heating Design Service for trade installers using the latest Low-Carbon Heating Survey Software ensuring that the specifications of the heating systems you install are efficient and effective.

We have more than 70 branches, which enable us to deliver products to our customers quickly and conveniently. For those who are located further away, we offer nationwide delivery via a carrier. Additionally, we have over forty branches that specialise in low-carbon accessories, ensuring that the exact part you need is always within reach. Our experienced team is here to help you choose the right products for your installation. We take pride in providing our customers with top-quality low-carbon products and services.
