The Vets Wellness Village was originally conceived of at the Vets Wellness Summit that ran during the Super Bowl 57 at the ASU Campus in Phoenix Arizona. The Village itself will provide treatment for veterans First Responders and injured athletes.

Inspired by the MVP movie about a military veteran and an NFL player who joined together and created a gym that footballers and Veterans worked out in together. They shared the camaraderie of the locker room and nourished each other's spirit so similar to being in a combat unit or football team. We encourage everyone to watch the movie.
