HOOD FILTERS

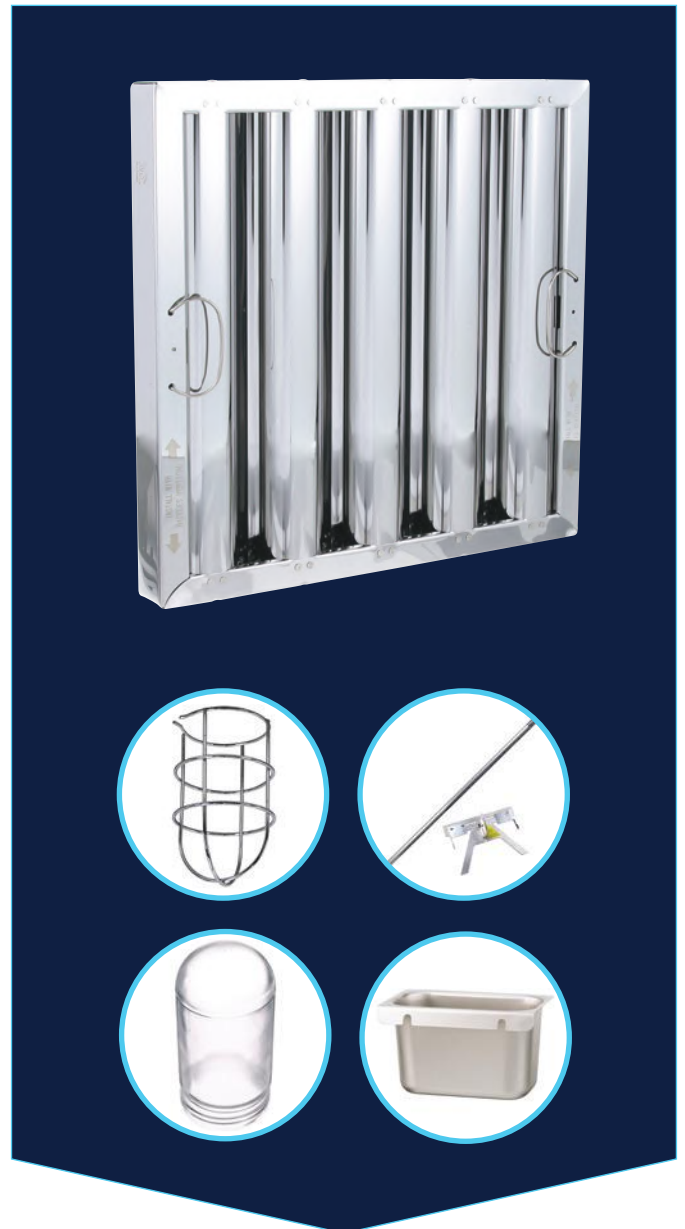

Improve air quality, prevent fire hazards, and protect your kitchen's ventilation system with the right filter for your hood. Our stainless steel hood filters are NSF Listed and built with the same stringent performance standards as higher-priced competitor's filters.

For sizing, measure the length and width of your filter and round up to the nearest ½". If your existing hood filter is 15½"h x 19½"l, you would order a 16" x 20" hood filter. The vertical dimension (top to bottom) is listed first.
