BEST TIME TO VISIT

DRY SEASONS:

JANUARY & FEBRUARY & JUNE TO SEPTEMBER

Although it's regarded as a year-round activity, the best time to visit Uganda for gorilla trekking is during the country's two dry seasons: January and February and from June to September. Game viewing in Uganda's savannah parks is best at the end of the dry seasons - February and March and September/early October - when wildlife is concentrated around water sources.

WET SEASONS:

MARCH TO MAY

March, April and May see the heaviest rainfall in Uganda, with shorter rains in October to November. This doesn't affect your chances of spotting gorillas, although be prepared for a soggy, slippery trek! Waterproofs, and waterproof boots, are essential. It's also believed that the gorillas linger on the warmer, lower slopes during wetter weather, so your trek may be shorter.
