Chiasso

Combining fluting with natural stone, two of the hottest trends in bathroom design, into one beautiful collection, **Chiasso** is the new mixer range by BAGNODESIGN.

Chiasso is a contemporary collection of basin and shower mixers, available in four versatile brassware finishes, but where the range really stands apart is with its beautiful accent porcelain handle.

Available in chrome, brushed nickel, soft bronze, and PVD gold, the inserts on the handles are customisable, and available in 12 standard finishes, with the opportunity to correspond with Alpine washbasins and countertops. Bespoke inserts can also be produced in the SANIPEX GROUP Slab Fabrication Facility, making Chiasso a fully customisable option that can be matched to the bathroom countertop and wall tiles.

While the porcelain accent inserts draw the eye, the style points don't end there. The mixers' large, fluted handles and elegant, simplistic spout also combine to make this a stand-out brassware collection. The fluted design features in particular tie together seamlessly with the brand's Orology and Bosco furniture choices, for a cohesive bathroom design.

Sestriere

As marble holds the spotlight as one of the most covetable trends of 2023, BAGNODESIGN presents the perfect marble mixers to elegantly accent bathroom spaces.

Produced in Italy beneath the cool shadow of the Alps, the **Sestriere** collection is where high-end luxury meets convenience. Elevate Hospitality or Residential bathroom projects to 5-star standards without compromising the design vision or budget.

The collection features a sophisticated variety of three marble and five brassware finishes to choose from. Included in the collection is the new Soft Bronze finish, which adds a touch of understated luxury. The new addition of the concealed stop valve and 2-way diverter with marble effect insert handles adds more flexibility to the range and allows shower and mixer brassware to match for a seamless look.

Clean lines and simple shapes pair beautifully with the Sestriere collection for a refined design aesthetic.

SESTRIERE

Timeless sophistication is captured within the marble vein patterns of Sestriere. Favoured among spas across the globe, this natural stone adds accents of unparalleled luxury in a bathroom or washroom space.

Sestriere features stone handles available in Carrara Marble, Grey Bardiglio, and Black Portoro. There is a choice of five brassware finishes - Chrome, Brushed Nickel, Lacquered Zanzibar, PVD Gold and new Soft Bronze.

To complement the stone handles and complete the look, Sestriere ties together with the bespoke BAGNODESIGN Alpine wash basin and countertop collection for flawless compatibility. The addition of the new Concealed Stop Valve and 2 Way Diverter with marble effect handles elevate the range to allow the option to complement or contrast with shower solution designs.
