Protecting Your Wellbeing...

A New Standard in Clean

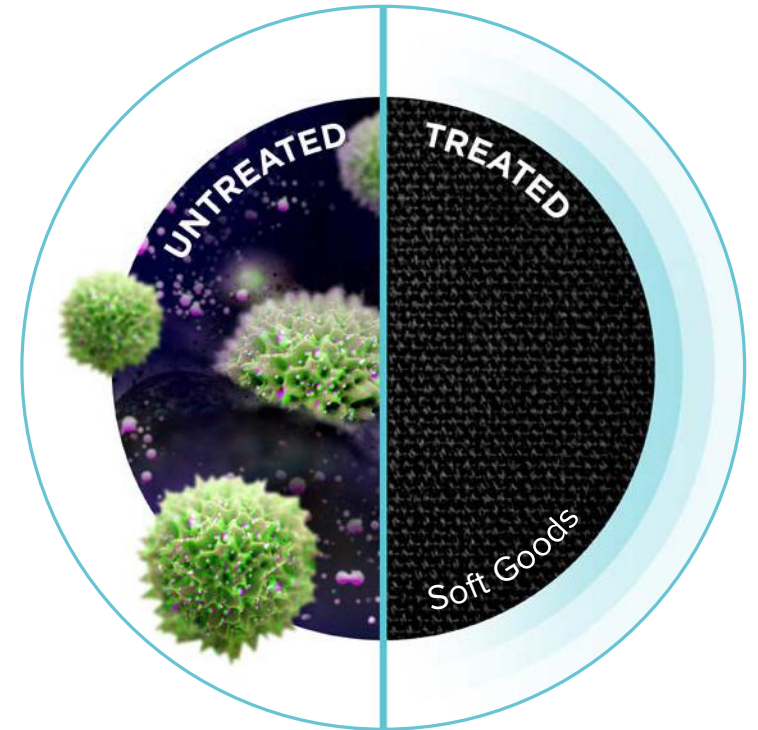

Work well anywhere with accessories featuring integrated **DefenseGuard™ antimicrobial protection** for a cleaner workspace. Proven to protect bags, cases, keyboards and mice against germs, it won't wear off or wash off and will remain effective for the lifetime of the product.

Independent laboratory testing to standards including JIS Z 2801 and ISO 22196:2011 demonstrated a **99.9% reduction** of Staphylococcus Aureus (Staph Infection) and Escherichia Coli (E. coli).

BPR and EPA compliant, silver antimicrobial agents have been infused into Targus DefenseGuard™ products to provide all-round protection, continuously neutralising bacterial threats to provide a durable, cleaner surface.

*Antimicrobial product protection is limited to the case or device itself.

Connectivity

Connect without complexity and create productive workspaces

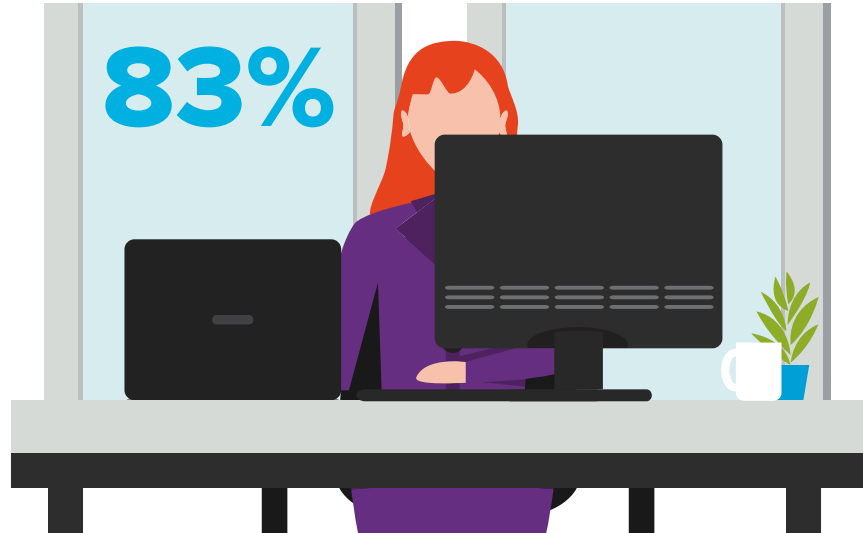

Docks and hubs are a key tech accessory
for MacBook users to expand their desk setup:
44% use a dock or hub when working.

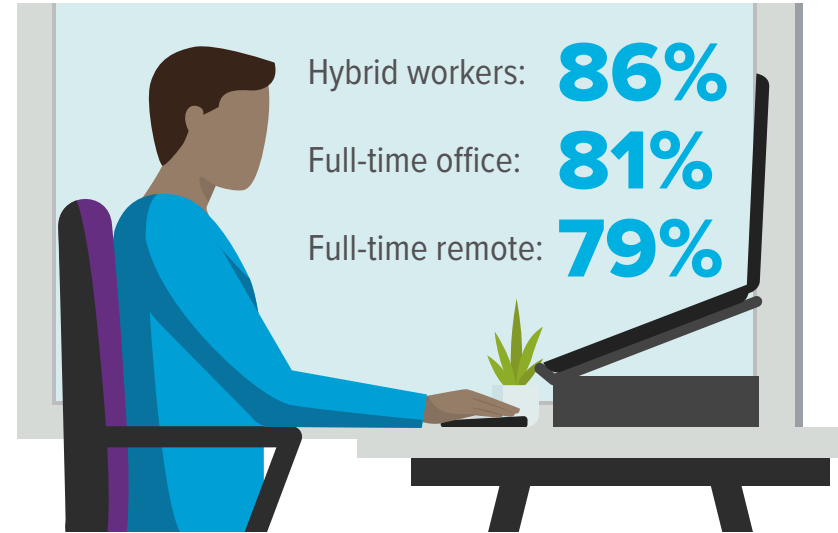

Work and play well anywhere

Compatibility is a key consideration when people buy tech accessories. **Seven in 10** people (70%) look for **accessories that can be used with any laptop**.

of people who value compatibility **are willing to pay more** for this feature.

Hybrid workers are especially likely to **pay more for universal compatibility** due to having different tech at home and at the office.

*Targus Empower Your Life Survey, November 2022, n=1,000 senior business decision makers and 6,000 people in North America (US and Canada) and Europe (UK, France, and Germany).

SETTING UP YOUR WORKSPACE

Look **STRAIGHT AHEAD**: have your monitor at eye level or just below and an arm's length away. If using multiple monitors, angle them inwards to reduce neck rotation.

Give your **EYES** a break. Every 20 minutes, look 20 feet away for 20 seconds. 20-20-20.

ELBOWS and **FOREARMS** level with the desk surface, with shoulders down and relaxed. Adjust chair height or prop yourself up with additional cushions.

FEET planted on the floor. A footrest is ideal; alternatively, use a box.

Keyboard and mouse positioned close to the edge of the desk to avoid unnecessary stretching. Don't shrug **SHOULDERS** when typing and mousing; lower the work surface or adjust your chair height to avoid this.

Sit **BACK** taking full backrest support. Adjustable chairs are ideal. For more lumbar support, place a cushion or rolled up towel behind you.

Keep **THIGHS** parallel to the floor, knees slightly lower than the hips.

Regular **MOVEMENT** is key. Get up from your chair 2-3 times an hour for 30-60 seconds or 5-10 minutes every hour. Add dynamic stretches to daily routines as well as walking.

Empowering Security Anywhere

Privacy filters and security locks

Prevention is the best policy

Workforces are becoming hybrid, with workers at home, at the office and on the move. Employee expectations and behaviors are changing, and businesses must prepare themselves to protect their security and privacy.

Stay compliant

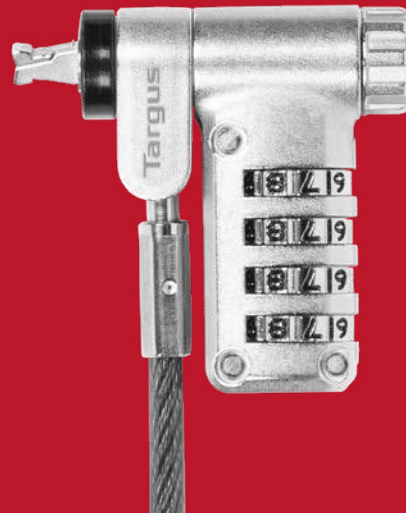

With the introduction of General Data Protection Regulation (GDPR) in the EU, workers must act responsibly when dealing with data protection and privacy. Whether you are responsible for data protection and privacy, Targus locks and privacy screens are very effective against visual hacking and device theft.

DID YOU KNOW?

A laptop computer has a **1-in-10 chance of being stolen*** and **98%** of stolen laptops are never recovered**.

Whether you are working, gaming or web-surfing on your laptop, don't forget locks are the simplest form of theft prevention.

95%

of respondents from a recent survey say **working privately is important to them*****.
