Do You Want Your Retriever On the Cover?

We're always looking for cover photos for HUNTING RETRIEVER magazine. If you have a photo you feel is cover quality, please send it in. Following are the guidelines:

1. All dogs in the photo must be UKC registered.
2. Supply the following along with the photo - the owner's name, contact information and HRC membership number, dog's UKC registration number, and a short write-up.
3. If the photo was taken by a professional photographer, written permission to reprint must accompany the submission; for example, an email.
4. Vertically aligned photos are preferred. All photos must be in focus, of sharp resolution, and in color. Digital photos must be 600 dpi. Send your photos by mail to: HUNTING RETRIEVER Cover, 100 E Kilgore Rd, Kalamazoo MI 49002; email to: huntingretrievermag@ukcdogs.com; or via the UKC website, <https://www.ukcdogs.com/cover-dog>.

INHERENT RIGHTS AND POWERS OF UKC

*(Revised December 18, 2009)

United Kennel Club holds and has reserved to itself certain inherent rights and powers in connection with conducting its business, registering litters, transferring registrations of dogs, licensing events, and awarding titles. These inherent rights and powers include but are not limited to the following:

United Kennel Club has the right to inspect all reports, scorecards and documents related to UKC events. Some, but not all, of the items subject to inspection are:

- a) scores;
- b) disqualifications of dogs for fighting or other reasons;
- c) errors by the recording person; and
- d) documentation excluded for any reason.

UKC reserves the right to correct any mistakes found during such inspection whether or not the document has the signature of a Judge or Club Officer.

UKC reserves the right to itself and in its sole judgement and discretion, to take such actions and impose such sanctions as would:

- a) Bar an individual from entering or participating in any way in any UKC licensed event.
- b) Bar an individual from transferring or registering any pups or dogs in that person's name (joint or full registration) or to any member of that person's family.
- c) Bar an individual from receiving Championship points for any dog registered in that person's name (joint or full registration).

By way of illustration, the following constitute some, but not all, of the situations calling for the above sanctions:

- a) Falsification or alteration of a UKC Registration Certificate, Pedigree, UKC Easy Entry™ Card or any other UKC document.
- b) Falsification or alteration of any reports of wins issued to UKC.
- c) Falsification or alteration of receipts issued by UKC Judges.
- d) Switching, wrongfully using or attempting to use a UKC Registration Certificate, Pedigree, UKC Easy Entry™ Card or any other UKC document.
- e) Selling or attempting to sell a dog with false or incorrect UKC Registration Certificate or Pedigree.
- f) Intimidating, threatening, or injuring a Judge, Club/Association member or official, event participant or spectator, or UKC representative.

The six illustrations given above are only by way of example and UKC reserves to itself its inherent right and power to impose such sanctions in any other circumstances deemed appropriate by UKC.

Any individual who is found guilty by a court of law of a crime involving dogs will be barred from United Kennel Club for an indefinite period. A person shall be considered guilty in a criminal proceeding if they are convicted by a judge, jury, or if they enter a plea bargain or other arrangement to plea to a lesser offense, or if their case is disposed of by any form of deferred adjudication; a person shall be considered guilty in a civil proceeding if they are held responsible or liable by a judge, jury, or if a compromised settlement is reached between the parties.

DECEMBER 2024/JANUARY 2025 HUNTING RETRIEVER

Glen Scarborough, President
7421 Griffith Ln., Texarkana, AR 71854
(903) 276-6817 • President@hrc.org

Greetings, HRC Nation! I truly love the fall/winter season. Hunting, Thanksgiving, Christmas, and New Year's are special times we get to share with loved ones and should never be taken for granted. Please enjoy every minute!

Looking back on the last year, I am in awe of our membership, and the amount of time volunteered to make our organization great. Weekend tests take months of planning before the event, and then the test takes a huge amount of time from local club members. Our judges and field representatives donate weekends of their lives away from family, work, and dogs just to give back to the game. Two very successful International Grand tests gave us a chance to showcase the best dogs of our game. Tracy Stubbs and his crew work tirelessly to make each event better than the last one. All the work for these events is done voluntarily without being paid for their time. We are an awesome organization! I am so proud and thankful for my HRC family.

While hunting this year please practice what we preach at hunt tests regarding gun safety. December 3rd will mark the 24th anniversary of a hunting accident that changed my life forever. Many miracles of God allowed me the chance to write this, so let's make sure we stay safe with our guns!

Please read and enjoy the special guest segment from Ms. Tammy Cobb, our HRC business secretary. She is truly an amazing person and absolutely loves her job! Can't imagine doing my job without her.

I Love HRC, the People, & the Dogs...
God bless you all.

Pat Johnson, Vice-President

Hope this finds everyone doing well. The weather in Oklahoma is finally cooling off, and that means it is time for hunting season to kick off here in the Sooner State. What a great year we had in HRC this year record numbers in the weekend test as well as our premier event this fall at the fall Grand in St Louis. Hats off to the Gateway Club for a fantastic job hosting the event. I am sure there are quite a few of you who are already hunting and enjoying the dogs and reaping the rewards of all the hard work you and your four-legged partner have put in all year. I am looking forward to a couple months of hunting with my dogs and enjoying my time outdoors with them. Half of the fun hunting is being with your dog every morning in the marsh as the sun rises, watching the birds and marsh come alive and enjoying the comradery with friends and their dogs, and, of course, harassing each other if we miss easy shots. That is part of the fun of hunting.

By the time this makes the magazine, the holidays are upon us and in full swing. I hope that you and your family have a great holiday season and get to enjoy family and friends. Please remember all the first responders and military during the holidays as well as year-round. While we are enjoying time with family, they are protecting our freedoms so we can enjoy doing what we do. Everyone stay safe. God Bless.

Sara Krause, Secretary

It is finally waterfowl season, and the much-needed cooler weather has at long last arrived! Hunt tests have finished up down here in the Texas area, with just a couple Upland tests to go. One of those is for my home club, Lone Star HRC, so we are putting the finishing touches on that event. Sadly, I am still dealing with and recovering from my knee surgery. Unfortunately, it meant I had to miss the Fall 2024 International Grand. I sure did keep

up with everything on Facebook and through a handful of committee members and, of course, the rest of the EC. Congratulations to everyone who earned those ribbons!

From my house to yours, Happy Hanukkah, Merry Christmas, and Happy New Year 2025!

Kristine Odden, Treasurer

Greetings from your national Treasurer in northeast Oklahoma, the land of crazy weather! We went from drought-like conditions and fire-weather warnings to severe thunderstorms and tornadoes to flooding all within three days...

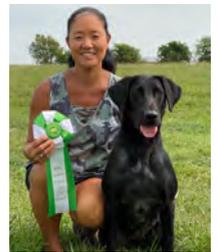

With the holidays rapidly approaching, I am reminded of how quickly the fall hunt test season came and went, along with the International Grand in Missouri. It was a privilege to attend the Grand again and even capture some dogs running with my camera – both challenging and rewarding to catch these dogs and handlers in action! In addition to the Grand were a few Started judging assignments and even an upcoming Upland hunt test my husband and I will attend. The response to the new UHCH has been great in our area – entries have increased, and I've heard of many earning that UHCH achievement!

As I reflect on this past year, I can't help but smile as I think about all the new friends I have made along the way – from attending/judging at tests to attending the International Grand and even the national meetings. So many good friendships have started through the HRC family, and I look forward to meeting more and more of you in the future!

It's hard to believe Thanksgiving and Christmas is just around the corner already. And as I think about Thanksgiving and the holiday menus, I think about what I'm thankful for. I am abundantly blessed beyond measure with my family, our dogs, and the many, many friends around the country, including my HRC family as well.

In closing, I hope everyone has a wonderful holiday and a great hunting season as well.

God Bless!

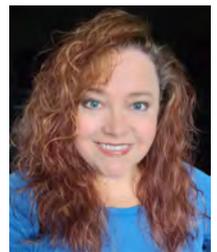

Tammy Cobb, Administrative Coordinator

Greetings from the Mitten State! I'm not going to lie; I look forward to every season here in Michigan because each has something wonderful to offer. We just had a glorious autumn that was filled with color, fantastic deer hunting and hot donuts with Michigan apple cider. Current preparations are for the winter season and the upcoming holidays, and just like jolly old St Nick – I love a good checklist. If you know me at all, I'm an over-planner! Everything from figuring out what roast-beast will be on the menu to tuning up the snow-blower and hanging holiday lights... I just hope those last two items are done before the first snow falls! I can't remember if it's all-white lights or colored lights for us this year, but as my husband will tell you, I'm sure it's on "The List"!

It's hard to believe 2025 will begin my 5th year with HRC. In the time I've been with the organization, the growth we are experiencing is undeniable. As your Administrative Coordinator, I am committed to processing your requests and responding to your questions efficiently and accurately... always with a smile and a happy heart. I am here to serve the organization as a whole and you individually, so I hope you are able to afford me your patience when awaiting a response. Turn-around times fluctuate with the volume of work coming in, which is why most of you may know my processing policy is "first in is first out". This is simple time management, but I feel it also gives you confidence knowing that no matter who you are (or your club or your region) everyone I serve is treated with equal fairness.

In 2025 and in the years to come, I'm confident we will continue to expand the number of hunt tests, clubs, judges, and members. The steady increase in the volume of work that comes my way reflects that growth in real-time. It's the reason I am so dedicated to finding ways in which to do my job better as well as bringing suggestions to the EC on improvements that will make your lives easier – at least where admin processes are concerned! Please know I will always strive to be a good ambassador for the HRC organization, and I look forward to being of service to you.

I wish you and your family peace and goodwill this holiday season and all throughout the year!

MEMBERSHIP INFORMATION

The Hunting Retriever Club is composed of individuals and clubs interested in the improvement of the retrieving breeds, in the training and testing of Hunting Retrievers, in the awarding of Championships to those dogs that pass the testing program, and in the fellowship, cooperation and learning that can take place when people and dogs, rather than competing with each other, are working together to reach mutual goals of excellence.

The hunts have been designed to closely duplicate actual hunting conditions and situations. The training aspect of the program and the four levels of competition allow dogs and handlers at all levels of experience to learn, improve and work toward Championships.

Your membership includes a year's subscription (6 issues) to *HUNTING RETRIEVER*, a membership card and a copy of the *UKC/HRC Rules and Guidelines for Hunting Retriever Tests*. Domestic rates (U.S. and possessions) are \$25 a year, \$30 a year for a family; (\$17.50 per year is designated for the magazine subscription.) Dues cover a 12-month period. Dues are to be sent to: Hunting Retriever Club, Inc., 100 E Kilgore Rd, Kalamazoo MI 49002-5584. Phone: (269) 343-9020.

HOW TO IDENTIFY HYPOTHERMIA IN SPORTING DOGS

Our sporting dogs run in all kinds of weather, but extreme cold can be hard on them. One leading late-season injury is hypothermia, and Dr. Johnny Myers, a Eukanuba Pro Veterinarian and owner of the Animal Kare Center in Paducah, Kentucky, offers thoughts on how to keep dogs safe.

What is Hypothermia?

“Hypothermia is an extreme lowering of a dog’s core body temperature,” Dr. Myers said. “A dog’s normal temperature is a range that varies between 101 and 102.5 degrees.¹ When the dog’s core body temperature drops below 95 degrees, he probably is hypothermic.² If left untreated, a dog’s suffering can be significant.”

What Body Systems Does Hypothermia Impact?

According to Dr. Myers, when a dog becomes hypothermic, his body systems begin to slow down. “A lot of issues can come when a sporting or working dog’s circulatory, respiratory, nervous and muscular systems slow down and then are called to go to work,” he said. “When we send a dog on a retrieve, his body is pushed to the max, and that quiet down/speed

up combination can turn into a bad situation. That’s what makes early identification of the symptoms of hypothermia so important.”

² Brodeur, A., Wright, A. and Cortes, Y. Hypothermia and targeted temperature management in cats and dogs, in Journal of Veterinary Emergency and Critical Care, Volume 27: 151-163. Copyright 2017, <https://doi.org/10.1111/vec.12572>.

Frostbite and Hypothermia

Frostbite is a common side effect of hypothermia. While it doesn't impact the dog's internal organs, frostbite does affect a dog's extremities. Look for pale, gray, or bluish skin on a dog's toes, ears, tail and scrotum. If the dog's coloring isn't normal, then move him to a warm, dry area as soon as possible.

KNOW THE SIGNS

How To Identify Hypothermia

Hypothermia may be difficult to identify because some signs can also display as normal behaviors.

- **Shivering**—When dogs are hypothermic, they shiver. But most sporting dogs shiver when they're excited, too. If your dog is shivering a few hours into your hunt, then the odds are good that his excitement has worn off, and he's very cold.
- **Shaking**—Shaking can come from excitement, but if the shaking is violent or uncontrollable, it's not normal. Odds are good that the dog is too cold or even hypothermic.
- **Disorientation**—Dogs that weave or stumble when they walk are showing signs that they're in trouble.
- **Other Signs**—Fur and skin that are cold to the touch, pale blue gums and a listless and apathetic attitude are danger signs as well.

Tips To Help Safeguard Your Dog in Cold Conditions

Sustained cold wind and standing in cold water can chill dogs to the bone. Here are a few suggestions to help keep your dog warm.

- Keeping dogs out of the direct wind is a must. Give them a warm, dry spot in the blind, or if they're outside, then pack along a dog blind.
- A properly fitted neoprene vest helps insulate dogs. Tight vests impede movement and reduce circulation while loose fitting vests have gaps that allow cold water to circulate against the dog's skin. Some also hold in water.
- Stands should be placed above the waterline when hunting timber.
- Dogs need to stand or sit on a raised platform above standing water in either a boat or in a blind.

Cold Weather Prep

Dogs that are conditioned to cold weather are better able to perform in it. Indoor dogs need more exposure than outdoor kennel dogs.

- As the weather gets colder, start exercising your dog for shorter periods of time. Run marks and blinds in cold water so that he gets used to the temperature change. Consistently increase the time until it approximates your average hunt.
- Evaluate his feeding. Dogs burn a lot of calories when working in colder conditions, so take that into account when determining his daily caloric intake.

DOGS CONDITIONED IN COLDER WEATHER ARE BETTER ABLE TO PERFORM IN IT

What To Do if Your Dog Becomes Hypothermic

If you're concerned that your dog is in danger, take a temperature reading with a rectal thermometer. If his temperature is lower than normal, then get him some help. Time is of the essence.

- Start by drying off the dog with a towel. When the dog is dry, move him to a warm place as quickly as possible.
- Place the dog on a wool or fleece blanket in the backseat of your truck.
- If your dog is very cold, place a fleece blanket or your jacket over him to retain warmth.
- Turn on the heat, making sure that your cold truck isn't blowing cold air on your dog.
- Be sure the dog is not lying on the wet, cold ground — for any heat gains will be immediately lost.
- If you're in doubt, then head directly to a veterinarian.

Late season offers some of the best hunting of the year. But neither hypothermia nor frostbite is something to take lightly. Advanced preparation combined with regular observation can help hunters keep their dogs safe.

Blessings

BY LYNNE FRADY

As I sat down to write this article, I find it hard to believe the holiday season is upon us. By the time you read this article, Thanksgiving will be a family memory, and the sound of Santa's sleigh bells will soon be filling the night sky. Retrievers and their hunting buddies are living their best lives in a field, pit blind, boat, or layout blind, putting all their training and HRC hunt test experience to great use. Making memories that will last a lifetime, and the stories of that one impossible retrieve will be told around a campfire for years.

This time of year is filled with magic and joy. We go about our lives not realizing how they can change in the blink of an eye. The lives of people in my area experienced a life-changing event at the end of September. Hurricane Helene hit the Appalachian Mountains with a vengeance. I live outside Asheville, North Carolina, and in a matter of 48 hours, the amount of destruction was unfathomable. I have lived here my entire life, and nothing in our history has ever had such an impact on our area. The mountains of the Appalachian range have always offered a buffer against most storms. Yes, we have had hurricanes hit our area, but never with such destruction. Entire towns were washed away by flood waters; some areas had over thirty inches of rain in less than forty-eight hours.

I realize this is not the type of article you usually read in HRC magazine, but I wanted to share a perspective of gratitude. Events such as this open the hearts of people. Of course, the news is going to share the negative, and I will not discount how heartbreaking it is to hear about the loss of life and to see people desperate for food, gas, and basic needs such as water and power. The topography of our landscape has been forever altered.

The hardest part for most was that there was no cell service or landline service, so checking on loved ones was impossible for days. Mobile cell towers were set up for first responders, and the federal emergency management agency shipped dozens of Starlink satellite systems to rural Western North Carolina to provide direct-to-cell coverage for cell phones. People were charging their phones in their cars because of the power outage. They were driving to try to find cell service, but finding gas stations that were open or had gas were few and far between. This uncertainty limited people from going too far from home. Another issue was downed trees and landslides cutting off routes. Which made driving to find cell service, food, and water impossible in many communities.

Yet amid this tragedy, there is beauty and profound blessings. After I connected with my family, none had damage to their homes. There were trees blocking roads and uprooted on their property, but they and their structures were fine. Slowly, the people that I have trained dogs with for years were able to reach me. It took a week in some cases to get a text through. They had been trying to reach out to me, but the texts and calls were not going through. The best friends that I have are people that I have met through training dogs and running HRC hunt tests, all asking how they could help;

their text messages and calls meant so much to me.

Towns were isolated, and Asheville, North Carolina, and surrounding towns were completely shut off. All the interstates and highways were blocked by landslides or roads and bridges were swept away in the flood water. Community Churches rallied and became hubs for water, food, and necessities. Volunteers cooked meals to make sure their community had hot meals. Supplies were flown in and distributed to sites with the aid of the National Guard.

People from outside of our area found ways to help. Once alternate routes were established in our area, we had power crews from as far away as Canada come to help restore power. There were mule and horse teams that came to take aid and supplies to people who live in our most remote areas that could not be accessed by vehicle or ATVs.

As of today, it has been six weeks since the storm. Facebook and Instagram have been a saving grace in reuniting family members, dogs, and livestock with their owners—story after story of people helping their neighbors and total strangers. Our local YMCAs became places for people to charge their devices and get a hot meal and the facilities with water offered showers to anyone who was in need. For people who have needed shelter due to their homes being damaged or destroyed, FEMA is here to help. FEMA has set up sites with mobile clinics, laundry facilities, food and water, and temporary housing.

In times of tragedy, there is triumph. Family taking care of family, friends taking care of friends, people taking care of people. Beauty, grace, friendship, and the greatest of all gifts is love—love for others, love for our heritage and love for our Appalachian home is who we are. These are all true blessings. I would like to express my deep gratitude to the first responders, the National Guard, the countless volunteers, the Churches of all denominations, and the power companies that sent trucks and workers. The people who stayed at Churches and other hubs that cooked meals and gave refuge from the storm. The shelters and kennels that took in lost animals and worked tirelessly to find their owners. The farmers that have sent hay, feed, and farm supplies, and the list goes on.

Daily, there are more positives here, and slowly, there are signs of normalcy. If you have the opportunity to help someone in your area, do so. It can be as simple as checking on a neighbor or calling a friend you have not talked to in a while. Help the new person at your local training day who feels intimidated by asking questions. You never know what a random act of kindness means. The smallest of gestures are the greatest blessing.

This Christmas I hope all of you are Blessed with family and friends, blessed with a great HRC family and dogs who give you unconditional love. Merry Christmas to all from me and Sky!

Until next time, keep your nose in the wind.

Seems like the more we struggle with our dog's blind running, the more fun places the Finished judges find to put the blind ribbon or stake.

ONCE MORE WITH FEELING!

Rich Carpenter | 22039 County Rd 9, Weldona, CO 80653 | rich@theriverbottom.com

One thing that makes me sad as I watch dogs run in training and in licensed events is the number of retrievers running awful blind retrieves. While there are a lot of dogs that run very good blinds, there are too many that are just terrible at running blinds. Of the dogs that run good blinds, it seems they fall into two groups. One group seems to run hesitantly at reduced speed as if it's in constant fear of making a mistake and getting corrected. The other group seems to relish running a blind. Some of these dogs show a little excess relish. It doesn't take an expert trainer or a long-time retriever observer to see which of these two groups a dog's run falls into. Nor does it take an expert to tell the dogs that cannot run a decent blind. The sad part is that some of these dogs, without a major change in training/handling approach, will never run a decent blind.

For me, it is an absolute joy to see a dog that comes to the line to run a blind, looks to the horizon, takes a line, and departs with all the enthusiasm of being released for a shot flyer, and then responds willingly to whistles and casts. They are comfortable in their own skin and with the job they face. For some, it's almost like they can't wait as this is a part where they can run with the wind, ears flapping exuberantly as they go, with nary a worry or responsibility to think about, knowing their handler has the job of directing them to the objective. It is sad to me to see the tail-down

nervous retriever running a blind even if the lining and casting is precise. That dog is having no fun. I guess it's a planned stage of some training programs, but no thanks. I'd rather see smiles more frequently on the retriever's face as it gradually gains confidence and precision in this aspect of its training for hunting. Some of these sad-looking blind runners will get past this stage. I hope most of them do, as watching them from the gallery doesn't give the spectators much to enjoy.

But in some ways, sadder for me is watching the poor retriever that just doesn't really have much of a prayer of success and is nervous, scared, and confused. It is basically unable to run a blind and sometimes is clearly miserable. This might be the dog of a first-time trainer. It might be the dog of a trainer who has trained several dogs without any of them being good at running blinds.

What am I talking about as far as these retrievers who basically can't run a blind? This may be evidenced in a variety of ways, with some dogs showing many symptoms and others only a few.

What are some symptoms?

-No-Goes, where the dog is commanded to leave the handler's side or be cast remotely and just sits there and will not go, often despite repeated commands.

-Spinning, or spinning and barking when leaving the line or on taking a cast remotely.

-Popping, where the dog is stopping on its own accord without a whistle being blown. This may be immediately or right after taking either a back or over cast remotely or both.

-Repeatedly going in the wrong direction in response to remote casts.

-Poor response to the sit whistle.

-The dog may lie down on the application of any collar pressure or even roll on its back and wet itself.

-The dog may run for a while but is always looking over its shoulder.

-The dog may come to the handler rather than sitting or taking a cast, particularly if collar pressure is applied.

-It's clear from looking that the dog wishes it was anywhere but there.

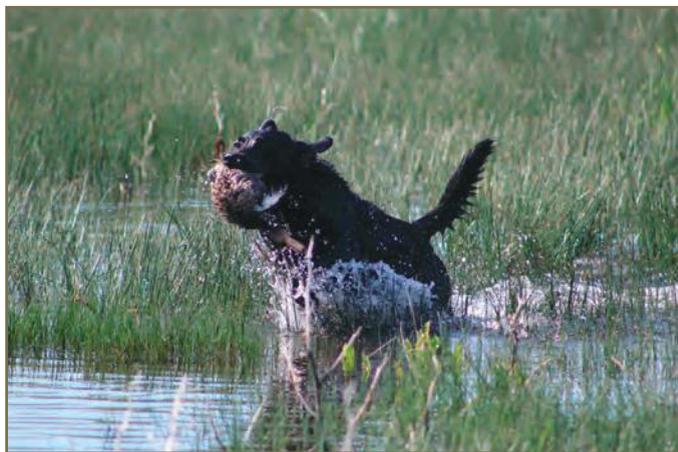

You just can't help feeling sorry for a dog that has found itself in this situation that is most frustrating for both the dog and trainer. Unfortunately, the dog is at the mercy of the trainer and cannot itself, make things better. The trainer, if committed, often can make changes and improve things for both.

Nobody said teaching blind retrieves would be easy. And it's not. I don't mind admitting that I did not do even close to a good job teaching blinds to my first two HRCH retrievers. At the same time, back then, there really was not a whole lot in the way of books or videos on retriever training that really laid out a solid plan for teaching proper blinds. On the other hand, several people who did have pretty good blind running dogs tried to help me and it didn't seem to sink in much. OK, when it comes to me learning some things, maybe it's why my Mom would say, "You may not be the dumbest guy in the world, but you better hope he doesn't die." But in the ten-plus years between poorly teaching the second HRCH

retriever blinds and starting the next HRCH retriever pup, a couple of things happened. One, I was frustrated with not having a good blind running dog. Two, there were a lot of new retriever training materials appearing out there in the intervening years. There was also huge improvement made in e-collars and, perhaps as important or even more important, there was material out there showing how to use the e-collars effectively

Getting that last pass for the HRCH title swim can take a while if blinds are a struggle with our retriever.

Assuming we have some control on whistle sits and casting, if we've got a retriever with the enthusiasm going to a blind retrieve as this dog shows coming back, we're probably in pretty good shape.

and how to incorporate them into a step-wise logical retriever training program. So, for that next pup, I decided to do it differently and hopefully much better. I went out and got a new collar that would do what was needed in the collar conditioning and trained retrieve programs I'd selected. Of perhaps the most importance was that I went out and spent the money for the original Mike Lardy Total Retriever Training Video set and reprints of his magazine articles that paralleled the videos. I also got videos on collar conditioning and the conditioned retrieve. But the net result was that by getting good materials (and there are other good programs available) and taking the time to study them over and over and then additional time to put them into practice, I ended up with a dog that I went to the line within Finished tests thinking we had a realistic shot at lining a lot of blinds. And he ran blinds with the enthusiasm of running marks. It was hard for me to change old approaches, but well worth it since it worked. It was hard to give up the "start short and stretch out the blind distances." But then I compared my lame blind running record to that of Mike Lardy in field trials and said, "Hmmm, maybe I should try his way." Sure glad I did. So, the lack of proper instructional materials and training tools is not an excuse. Both are out there. They just need to be acquired and used properly.

OK, so you are either a new trainer or a repeat offender. You may own one of these dogs that are as frustrated with you as you are with it when it comes to running blinds. Or you may have had a dog previously that couldn't run blinds, and you are intent on not repeating that with another dog. You may look around and see those trainers who have achieved solid blinds with their first dog trained. One thing is almost certain. If the dog can't run blinds, the dog doesn't have a good training foundation, and the blind teaching process is either incomplete, incorrect, or out of sequence. If this is your situation, and you want better, go to the blackboard and write the previous sentence 500 times!

What to do? Well, for the new trainer or old unsuccessful trainer with a new dog, it seems the best thing you can do is

Somehow, you just gotta think this retriever has his bow string pulled all the way back and prepared to fly when given the "BACK" command on this blind! Poor momentum is probably not his problem.

find a good, complete and well well-organized and presented training program and follow it precisely and patiently. If you will use an e-collar, your program needs to include detailed collar conditioning instruction that you will follow, or you need to have a separate collar conditioning program you will follow, and that can be used in conjunction with the training regimen you've selected. You will work hard to teach blinds, and it will be a slow process. A process we can reason through quite easily as we read or view the blind training materials can approach Mission Impossible for a dog if not presented in a logical, sequential fashion and bite-sized portions. Dogs do not learn blinds overnight. Teaching blinds is a slow process. Early blinds will be just plain ugly. They will only get better very slowly and over time. Taking videos of you and your dog running blinds and making a training notebook with diagrams, notes of whistles, and casts given for every cold blind run can be excellent investments in time and can also surprise you with the progress you are not seeing because it is very slow. But, it is there and quite remarkable when looked at over time. Be patient with the dog. Be very leery of applying the e-collar. An ill-timed correction can really set you back. Study your training plan and KNOW when collar stimulation is called for at this stage and when it is not! Don't be eager to fiddle too much with initial lines before sending or to try to handle to perfect lines early. Give the young dog some room to roll and develop momentum. Do be willing to plant more blinds than you will run and frequently be happy to end up handling to a blind that wasn't the one you started for.

Praise the dog for good effort and partial success. Dennis Voigt, in his previous hard copy magazine Retrievers ONLINE, has written an excellent article called, if my memory serves me, "Rewarding the Try." We can be very quick to criticize

and correct our dogs, but we tend to be a little stingy with the praise. I think we can all look at things we were trying to learn and see that there can certainly be progress without full success. And we were helped by encouragement when we were making some small gains. I think our dogs benefit in the same way, and you'll see it. Try to put yourself in the dog's place.

Never setting short blinds in training and getting the young dog used to rolling hard going to blinds is very important to building momentum. In Lardy's program, he sets more bumpers for the dog's first cold blinds than he will run the dog on. That is because while he wants the dog to change directions when cast after a whistle, he doesn't care if it's the correct direction. So if the dog is building a head of steam rolling to a different blind than the handler sent to, fine. Let the young dog roll, and if close to a different planted bumper at distance, then stop and a short cast to success. Lots of praise! A mixture of success and earned praise can be a powerful elixir for a young dog in training. I think this is worth continuing for a while in early cold blinds. And we always want to avoid the frequent mistake of "I'll just run one more." Don't pick all bumpers up. Remember your plan.

HRC not only Conceived by Hunters for Hunters but, like this belt buckle, a source of support from a great bunch of men and women who not only train retrievers but are almost always very willing to lend a helping hand to another club member needing help with a training issue.

Also, in terms of building momentum, if we can reduce the effect of various factors on a dog's journey to the planted blind, this can really help. A couple of ways of affecting this are to take yard-drill distance 3-handed casting drill on the road and look for factors to place the 3 legs in. Not a training test; it's done just like starting 3-handed casting. Mark the piles. Keep it short. Legs past cover, into cover, over a ditch, through cover change, over a tree, etc., etc. Likewise, setting up Lardy's pattern blinds with lots of factors can also make these factors a bit more routine later as cold blinds are introduced. Remember, in the Pattern (or Taught) Blinds, you will start very close with the pile marked and gradually work back. May take a while with a lot of factors, but, hey, we probably have one dog, not a string to train.

Something to think about. But some accuse me of being a momentum junky with my dogs and suggest they do love their blinds and run solid ones but could use a bit more in the obedience and line manners departments. Er, um, likely guilty as charged.

Also, too frequent collar use or mistimed collar use can do a lot to hurt momentum and interrupt learning. Attrition used here is a very powerful alternative to the collar. One definition of the word attrition is "to grind down." Yup. Every time the dog goes in the wrong direction, there is an immediate whistle and the same cast given. Rinse and repeat until the dog gives in. This can be great for a hard-driving dog. BUT, if you do not have a completely reliable, quick sit, you cannot use this tool. Back to training

Sit means sit, immediately!

Keep in mind that what you are doing is a long, slow process, so start slow and simple and only gradually add difficulty and complexity. Hard to do, but Carr suggested we try to crawl into the dog's fuzzy head and try to see from their perspective. If things are going poorly, back up to the previous step. Rerunning a cold blind may occasionally make sense for specific purposes, but in general just repeating cold blinds, to me, is worse than a waste of time. Far better to find three different but similar in concept blinds to set up and run cold than to repeat one of them several times. Dennis Voigt, mentioned earlier, has focused on his Three-Peat process for marks and blinds. Certainly, there is a place for repetition, and repetition in teaching concepts is key. If you don't know what Tune-up or Chinese Fan drills are, find out and make good use of them. But the repetition in them is for fine-tuning and improving handling and response, not memorizing how to get the blind the same incorrect way as the first time it was run. And though these drills will usually be part of training programs utilizing the e-collar, the drills are almost always run without using the e-collar.

This clearly is not intended as a full blind teaching presentation. For that, a respected, complete, stepwise training program is essential. You need to remember that it is a complex task for a retriever to learn. You need to remember that a positive attitude and momentum are really important to maximize what is learned and how fast new material can be absorbed. You need to remember that success is important to the dog, so don't continuously overwhelm it with things it cannot do at all or barely handle. I really believe that keeping the dog's dauber up is key to getting good, solid, enthusiastic blinds. Carefully advancing the challenge in cold blinds is also important for keeping momentum. You need to know your young dog and what percentage of success is optimal for it so you don't exceed its capacity for failure while maintaining momentum.

But, never forget, build the foundation first and build it solid. If you haven't a solid foundation, you will not have success. You must have a foundation that supports all you will teach.

What to do if you are in this mess (or in this mess again with another dog) is no doubt a challenge. If you are already in the middle of a blind training mess, it seems to me that you might give several things some consideration. You may want to seek out a member of your club who has a dog or dogs that run blinds the way you'd like your dog to run blinds and whose way of handling, training, and correcting dogs is one you feel comfortable with. Then you might want to sit down with this person and talk about the problems you are having and ask them if they have a suggestion for working your way out of it. Maybe you want to talk to several experienced members. If you are in a training group with some experienced members, perhaps that is a good place to start asking for help. If you've really screwed up your dog, it's apt to be a big undertaking to get it back where it needs to be. At some point, you need to commit to taking the time

This senior citizen HRCH is probably thinking, "My trainer is one loco hombre to go buy a used dozer to make technical water training ponds. Glad I'm trained, and he can work out the kinks on my 8-month-old son, who will get to test his design, construction, and goofy training ideas."

and effort it will require to try to rebuild your disaster.

You may decide, whether you are experiencing a failure in blind teaching for the first time or are experiencing it again, that you do not have what it takes to solve the problem and need to give some serious thought to shopping around for a professional trainer. You need a pro who is willing to work with your dog to get it to where it can run respectable blinds and who will work with you so that you don't quickly revert back to what you were doing wrong and have the progress of the professional trainer rapidly erased. Say you can't solve the problems and either don't want to go the pro-trainer route or can't afford it. Depending on your training skill level, degree of problem, and familiarity with a suitable complete training program, you may want to do what you can and commit to doing it better from the start with your next pup.

If you are determined to try to solve this yourself, you may well find that you will get there much faster by going back to square one. And I do mean square one. Keep some marks going to help keep the dog's enthusiasm up, but you really may want to go get a really solid complete program, including e-collar conditioning, if you will use one, and the conditioned retrieve (Force Fetch). And pretend you are starting a pup from the beginning. Some things they already know well will go quickly, but guard against letting things go that are not really solid or tied to a bad habit. Move ahead thoughtfully, but don't rush. While you may feel you are losing some time, in reality, you are losing and wasting more time by continuing to try to run blinds that neither you nor your dog understands the dynamics of. If you work hard enough and differently enough from what has gotten you in the jam you and your dog are in, there is a chance you can get to where your dog can run decent blinds, though some of the bad habits from bad previous training may crop up and you need to be understanding of that and the source. Some unwanted actions are easy to become habits for the dog, and vestiges may remain. One thing I'm pretty sure of

is that a good share of the dogs that I watch that are just not able to run decent blinds at all will never run decent blinds with the continuation of what brought the dog and handler to this unhappy situation. But rest assured, it is possible for the average trainer to teach good blind running and do it in such a way that the trainer/handler and retriever both enjoy the experience. True, even if you can't repair your current hunting buddy.

Good luck, whether you are starting from the outset, going back and redoing it, or admitting that on this dog you need professional help. Remember, this is the HRC, and we run our dogs against a standard and not against each other. Feel free to reach out if you feel like you need help whether it's in working with you on a solution to your problem or putting you in touch with the right pro trainer. I think you'll find almost everyone who is successful in HRC wants to see other HRC members also have success. They get no joy from the misery of you or your retriever.

Good hunting, everyone. That's what it's all about, and

it is that time of year. Yee haw! Come on, Popi, we have scouting and hunting to do, blind heaters to test, decoys to untangle, warm clothes and gloves to find, shells to reload, leaky waders to patch, etc. Most of all, I have to practice napping lightly enough to wake up at Popi's quiet whining as the birds appear. Oh, and practice telling hunting lie excuses for when I don't wake up in time to shoot! May this hunting season be one of many special memories.

Let me leave you two quotes from the legendary retriever trainer Rex Carr that are so relevant to this training topic. "Leave something in it for the dog." And, "If you train a young dog for momentum, precision will arrive. If you train for precision demanding perfection, momentum will depart." A couple of old, out-of-print books you may buy used have so much to say about momentum. They are Ann Fowler and D.L. Walter's CHARLES MORGAN ON RETRIEVERS and Jack Gwaltney, Jr., MD's TRAINING AND CAMPAIGNING RETRIEVERS. Good training. I wish you the best. Been there, done that.

2025 Scholarship Applications

The Hunting Retriever Club Foundation is accepting scholarship applications for the 2025-26 school year. Scholarships are available for colleges, universities or accredited technical or vocational schools.

Who can apply?

- HRC Members in good standing
 - The legal dependants of HRC members in good standing on a **FAMILY** membership (Note: Other than a Spouse, dependants of HRC Members must be 23 years of age or less)
-

What are the eligibility requirements?

- Must be a citizen of the United States or Canada
 - Must be a high school senior, high school graduate or current college student
 - Must enroll as a full time student (minimum 12 hours)
 - Must have a minimum of a 3.0 Grade Point Average on a 4 point system (or the equivalent on a 5 or a 6 point system) from the most recent semester completed.
 - HRC Membership must have been in place at least 12 months prior to submission
 - A complete application, including supporting documents must be received by 04/30/2025
-

What is the application timeline?

- Applications are accepted 01/01/2025 through 04/30/2025
 - Awards announced 06/14/2025 at the Annual Board of Directors Meeting
 - Students submit final details required for disbursement 6/15/25 - 7/15/25
 - Checks mailed directly to the school for benefit of the recipient 7/1/25 - 8/1/25
-

How do you apply?

We will be using an electronic application submission this year. Eligible students can access the application on the "[Library](#)" page of the [HRC.dog website](#) or by scanning the QR code below.

The 2024 UKC/HRC International **FALL GRAND**

October 19 - 23, 2024 • St. Charles, Missouri
Hosted by Gateway Retrievers HRC

Article and photos provided by Lori Greer

Test Diagrams designed by UKC Media Coordinator, Kristina Shafer

THANK YOU GATEWAY RETRIEVERS HRC, LOCAL GRAND HUNT COMMITTEE & HRC GRAND COMMITTEE

Local Grand Chairmen: Ben Kuhns, Steve Kelly, and Zach Sanknop • HRC Grand Chairman: Tracy Stubbs

Local Grand Secretaries: Diana Peacock, Diana Lacase, Karen Norris, and Luella Reed

Local Grand Treasurer: Rita Johnson • Site Coordinator Chairman: Glen Noble • Grand Public Relations: Lori Greer

The United Kennel Club / HRC International Grand was held October 19-23, 2024, in St. Charles, MO, hosted by Gateway Retrievers HRC. At the close of entries, 975 dogs entered. Of those entries, only 882 dogs were called to the line to start on day one with the hope of obtaining a Grand pass. After five series of tests, 311 dogs earned a pass and 51 of those retrievers had the distinct honor of earning a new title, Grand Hunting Retriever Champion, along with 21 retrievers that obtained their 2nd Grand pass, but just shy of the required points for their Grand Hunting Retriever Champion title. Finally, 25 dogs earned the additional distinct honor of earning the title Hall of Fame (HOF).

History Made:

Dog #145 HRCH HARKER VOM GUNNING HAMMOCK,
"Harker," • German Wirehaired
Owner/Handler: Landon Poplin
1st Grand Pass

Dog #868 GRHRCH (11) UH FIELDS OF
FIRE'SSHESTOHTOTHANDLE HOF, "Bleve,"
Yellow Labrador Female
Owner: Laurie & Roger Fields • Handler: Steve Earick
First/Only yellow female with 11 Grand Passes

"Harker"

Gateway Retrievers HRC members had put in several hours of planning along with the hard work and dedication to hosting a great event. Many thanks to Ben Kuhns, Local Grand Chairman, and Steve Kelly and Zach Sanknop, Co-Chairmen. Special thanks to Diana Peacock, Diana Lacase, Karen Norris, and Luella Reed, Local Grand Secretaries; Rita Johnson, Local Grand Treasurer; Glen Noble, Site Coordinator Chair; and Lori Greer, Grand Public Relations Chair, and all the members of Gateway Retrievers HRC and all our other Grand Committee members.

As many hours were spent preparing for this event by Gateway Retrievers HRC club members and Tracy Stubbs, Grand Chairman. Jimbo Earls and Dean Roy, along with the judges, started the day off early by arriving at the August Bush Visitor Center for site assignments and the judge's seminar. Also arriving early and kicking things off onsite set up at headquarters with Glen Noble and field/site coordinators unpacking trailers, organizing equipment, and ensuring all Garmin electronics and Gunners Up wingers are ready for the field. The day also started early with the Gateway Retrievers club members and Grand Public Relations members preparing for check-in at headquarters by putting up sponsor banners and directional signs guiding traffic to assist handlers with locating test sites throughout the grounds. Also, putting together Purina handler bags with Purina Pro Plan dog food, along with various other items provided by our national sponsors. The team also organized raffle items for ticket sales and online raffle bidding. While the hunt field coordinators

and club members cut brush, built platforms, and various other items needed by the judges and Grand hunt committee to ensure all sites are ready to go on day one. Work continued until well after the last volunteer had left the headquarters site.

Check-in arrived, as the handlers, spouse, dog owners and spectators arrived and made their way through the check-in process. First greeted by the Grand Hunt Secretaries with a smile as they made their way through the drive-through check-in, around the bend, the handlers were greeted by the Grand PR team selling raffle tickets, handing out Purina Pro Plan dog food, then proceeded around to National Sponsors, RPM Training Products, Dive Bomb Industries and local Gateway Retrievers HRC vendor booths.

Congratulations to all those handlers, owners, and retrievers for a job well done passing the Grand, and congratulations to the new 51 Grand Hunting Retriever Champions and 25 new Hall of Fame retrievers.

Prior to the start of the lineup a test briefing was provided by the judges. They covered several housekeeping rules. Judges and flight marshals provided instructions at each location regarding designated parking areas, and be respectful, pick up after yourselves leaving the property better than it was found. Judges additionally covered HRC camo clothing policy, rules of sitting in designated gallery areas, and the importance of gun safety, along with the mechanics and objectives of each portion of their test.

Camouflage Clothing Briefing

As it states on page 7 of the UK/HRC rulebook, clothing worn in retrieving hunt tests by judges, hunt marshals, gunners, and handlers must be full camouflage in colors suitable for waterfowl hunting, including: Upper body: shirt, blouse, coat or jacket. Lower body: shorts, pants, skirt, or waders. Optional head coverings: hat, visor, netting. No bleached-out camouflage will be allowed unless we have a snow goose hunt test. Gloves are not allowed.

Designated Gallery Areas

Judges ask that the gallery stay behind the yellow ribboned areas or areas marked with a gallery sign. The gallery should remain quiet and respectful of the dogs and handlers in the field as the tests are running to include parking lot areas. Silent cell phones and keep movements to a minimum while a dog and handler are at the line.

Gun Safety Briefing

HRC Shotgun/Firearm Safety is addressed for the Grand-level starting on page 52 of the UKC/HRC rulebook. Most sites will be using a Remington 870, 12-gauge shotgun for the duration of the grand. If any handler brought their own/personal gun, they were instructed to notify the judges or the Grand committee member prior to coming to the line. The provided personal gun will need to be checked for proper operation prior to the test and will be placed at the line upon the handler's arrival.

There are 3 important parts to the gun - muzzle, breach, and mechanical safety. Always make sure the muzzle is pointed in a safe direction and at only what you plan to shoot. Pointing the muzzle at anyone or your dog at a test could result in an immediate disqualification. When returning the gun to the gun stand, the judges are looking for the breach to be open and the mechanical safety on. If the gun is placed back in the rack with either the breach closed or the safety off, you will receive a gun warning. If the gun is returned with the safety off and the breach closed, the handler and the dog running will be disqualified. Please let the judges know that the gun is open and safe.

- Proper loading of the gun at the line. As the handler is loading the gun, make sure it is pointed in a safe direction. Judges directed handlers to place the gun on their leg with the muzzle pointed upward when always loading the poppers.

- Proper shooting form. As the test begins, demonstrate proper shooting form (as discussed beginning at the seasoned level as stated starting on page 40 of the UKC/HRC rulebook - gun stock should be in contact with the shoulder, aim track, and shoot the bird at the top of the arc. Do not take off the mechanical safety until the handler is ready to fire and the birds are in the air.

If at any time during the test, if the dog creeps out in front of the gun barrel, shoot straight up in the air. The handler may follow the bird to the ground but must return the gun above the dog's head before swinging to the next bird. Pushing or pulling the dog with the gun will be a gun safety issue. If the handler has a gun issue, please let the judges know but continue the test. Make the gun safe and one of the judges will take the gun from the handler and clear the gun as quickly as possible. The judges are the only people that may stop a test.

Blind—Challenge The Line!

The retriever will be lined up directly in front of the Banded chair to run the blind. Judges are looking for grand-level control to this blind. Prompt and precise responses to all hand, voice, and whistle commands. Judges are looking for progress to the blind or back to the handler. The quickest route to the blind is a straight line. Judges ask that you challenge the line to the blind and handle all the way to the bird. Receive your retriever at the working line.

Honor—Working As A Team

The honor retriever is expected to be positioned so that it can see all three marks thrown and its view of the hunting

"Bleve"

test is not obstructed. The honor retriever is expected to be in a sitting or standing position next to the handler once while starting the test from the honor position. The honor retriever will be released by the judges once the working retriever has left the line. Once released, the honor retriever and handler will exit the test. The honor retriever will remain under judgment until it is placed on lead.

Diversion—Incoming.

Generally, a diversion is thrown after the last mark retrieved bird, or on the way back from a blind retriever, a diversion bird will be thrown. The bird will come from a Gunners Up winger to one side of the working line. If the retriever switches on a diversionary bird thrown on the return from a retrieve, the test will be failed. The purpose of the diversion portion of the test is to require the retriever to demonstrate control on the return. The Diversion bird must be shot. Remember to use proper shooting form.

Test Objectives

Judges evaluate the retrievers for Grand-level control at the line as well as marking and memory.

- The handler and retriever should walk obediently to the line, sit obediently, and exhibit an attentive attitude without unnecessary and excessive commands.

- When the handler and retriever reach the "working chair," settle the retriever and prepare to load appropriate number of poppers.

- The retriever's ability to proceed directly to the area of the fall, establish a hunt within the hunt area, and return the bird to hand without aid from the handler.

- If, at any point, the retriever fails to meet the objectives of marking and memory, the judges will ask the handler to handle their retriever to the bird. At this point, the marking and memory portion for that bird has ended, and the handler will then be judged on control.

- If the judges ask a handler to handle their retriever to a bird, do so immediately.

- Once a handler begins to handle on a bird, the judges expect Grand-level control, and the judges expect that the handler will handle the retriever all the way to the bird.

- During your handle, you may remove your hat from your head if you feel it necessary to use it to facilitate the retriever seeing your casts better.

- If your hat is removed from your head during the test, we will consider you engaging in a handle, and you will be asked to finish the handle.

Avery Water Test

Judges: Lisa Neel, Deer River HRC & Robert Archer, Old South HRC
Grand Committee: Kevin Hannah
Site Coordinator: Rocky & Carolyn Hall
Honor & Blind: 54 yards

Marking & Memory, Mechanics:

After loading 3 poppers, the handler will use a duck call to begin the marking part of the test. Please call loud and clear. When the duck calling has ended, the first bird will be thrown.

Mark 1 will come out from (left) Left to Right and land at 108 yards.

Mark 2 will come out from (middle) Left to Right and land at 122 yards.

Mark 3 will come out from (right) Right to Left and land at 61 yards. When the third and final bird has clearly hit the ground, you can release the retriever for the retrieve.

Pick the birds up in any order and place all birds in the bucket behind the chair.

On the way back from the last mark retrieved, a diversion will be thrown to the handler's left. Shoot the diversion in a safe manner.

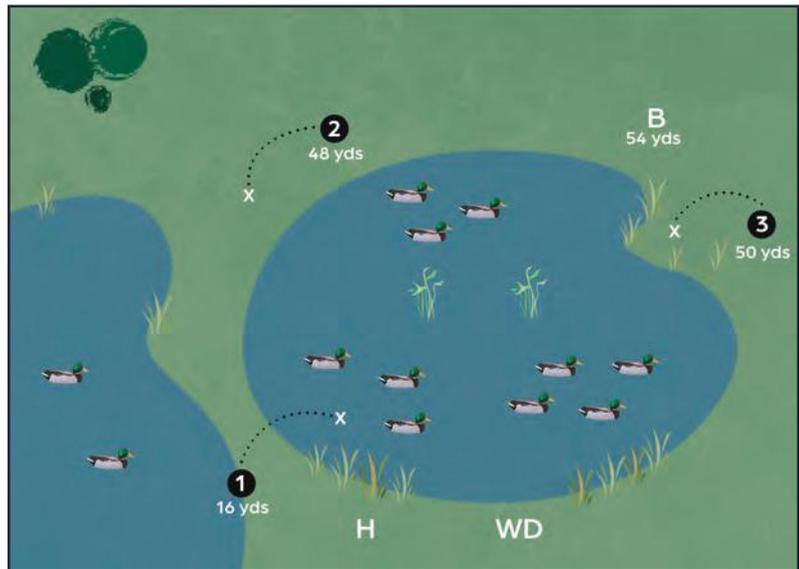

Once the retriever has retrieved all marks, line the retriever up directly in front of the Banded chair for the blind.

Judges: Randy McLean, West TN HRC & Tim Soucy, Guns Up HRC
Grand Committee: Mike Botts
Site Coordinator: Wayne Roy
Honor & Blind: 107 yards

Marking & Memory, Mechanics:

After loading 3 poppers, the handler will use a duck call to begin the marking part of the test. Please call loud and clear.

When the duck calling has ended, the first bird will be thrown.

Mark 1 will come out from (left) Left to Right and land at 108 yards.

Mark 2 will come out from (middle) Left to Right and land at 122 yards.

Mark 3 will come out from (right) Right to Left and land at 61 yards.

When the third and final bird has clearly hit the ground, you can release the retriever for the retrieve.

Pick the birds up in any order and place all birds in the bucket behind the chair.

On the way back from the last mark retrieved, a diversion will be thrown to the handler's left. Shoot the diversion in a safe manner.

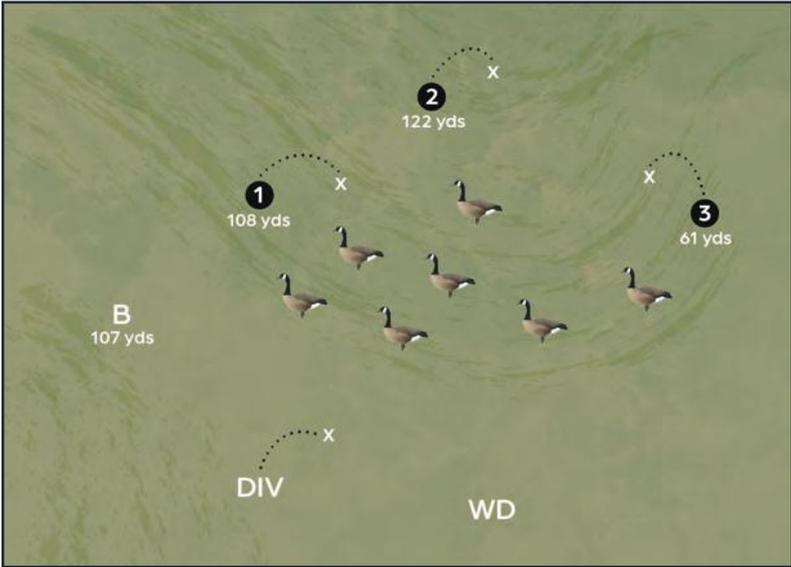

Once the retriever has retrieved all marks, line the retriever up directly in front of the Banded chair for the blind.

Lucky Duck Kennels Water Test

Judges: Gil Wilson, Green Country RC & Denise Gordy, Central Louisiana RC

Grand Committee: Leroy "Tater" Mason

Site Coordinator: Bane Robertson

Public Relations: Molly Schuetz

Honor & Blind: 131 yards

Marking & Memory, Mechanics:

At the last holding blind, you will be greeted by Grand Committee Member Leroy Mason. This is your last chance to ask any final questions. When called, come out of the holding blind, retriever off lead, and proceed to the Banded chair. After loading 3 poppers, the handler will use a duck call to begin the marking part of the test. Please call loud and clear. Honor and Working handler will shoot the first bird down. Honor handler will be excused by judges when the working retriever has left the line.

When the duck calling has ended, the first bird will be thrown.

Mark 1 will come out from (left) Left to Right and land at 50 yards.

Mark 2 will come out from (right) Right to Left and land at 140 yards.

Mark 3 will come out from (middle) Right to Left and land at 53 yards.

When the third and final bird has clearly hit the ground, you can release the retriever for the retrieve.

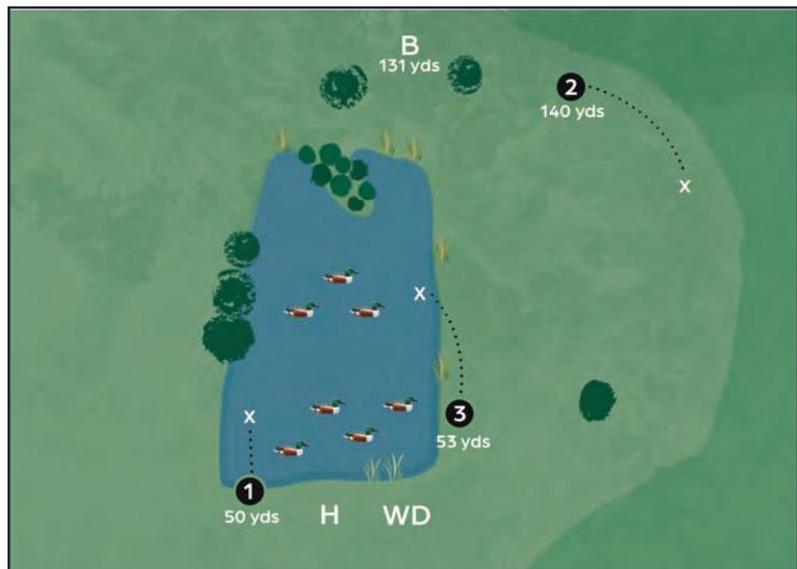

Pick the birds up in any order and place all birds in the bucket behind the chair.

Once the retriever has retrieved

all marks, line the retriever up directly in front of the Banded chair for the blind.

Gunners Up Land Test

Judges: Sonya Edwards, South MS HRC & Tim Blan, Green Country RC
Grand Committee: Rusty Noahr
Site Coordinator: Waylen Fredrick
Honor & Blind: 150 yards

Marking & Memory, Mechanics:

After loading 3 poppers, the handler will use a duck call to begin the marking part of the test. Please call loud and clear.

When the duck calling has ended, the first bird will be thrown.

Mark 1 will come out from (right) Right to Left and land at 142 yards.

Mark 2 will come out from (left) Left to Right and land at 100 yards.

Mark 3 will come out from (middle) Left to Right and land at 88 yards.

When the third and final bird has clearly hit the ground, you can release the retriever for the retrieve.

Pick the birds up in any order and place all birds in the bucket behind the chair.

On the way back from the last mark retrieved, a diversion will be thrown to the handler's right. Shoot the diversion in a safe manner.

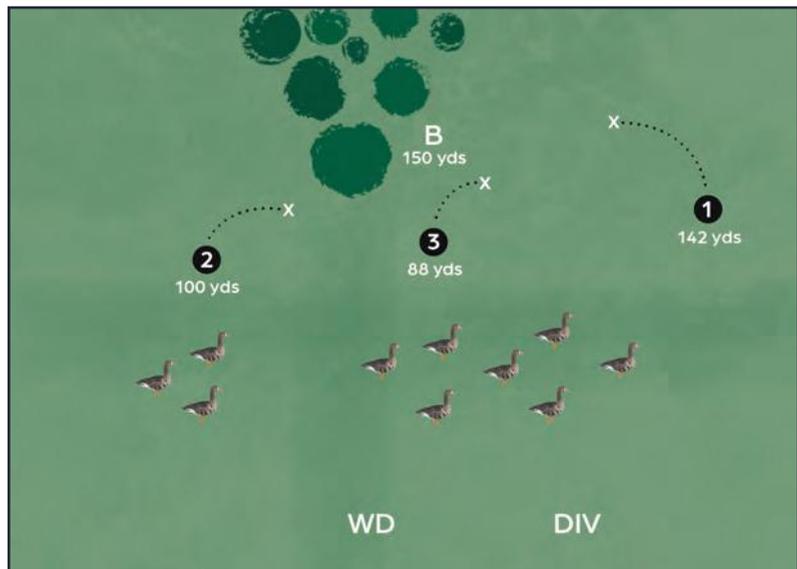

Once the retriever has retrieved all marks, line the retriever up directly in front of the Banded chair for the blind.

Banded Water Test

Judges: Tim Bach, Central KY RC & Kevin Stewart, Central Empire HRC

Grand Committee: Pat Johnson

Site Coordinator: Audrey & Frank Ullrich

Public Relations: Randy Puritt

Honor & Blind: 78 yards

Marking & Memory, Mechanics:

At the last holding blind, you will be greeted by Grand Committee Member Pat Johnson. This is your last chance to ask any final questions. When called, come out of the holding blind, proceed to the orange flag, go off lead, and proceed to the Banded chair. After loading 3 poppers, the handler will use a duck call to begin the marking part of the test. Please call loud and clear. Honor and Working handler will shoot the first bird down. Honor handler will be excused by judges when the working retriever has left the line.

When the duck calling has ended, the first bird will be thrown.

Mark 1 will come out from (left) Left to Right and splash at 36 yards.

Mark 2 will come out from (middle) Left to Right and splash at 69 yards.

Mark 3 will come out from (right) Left to Right and land at 46 yards.

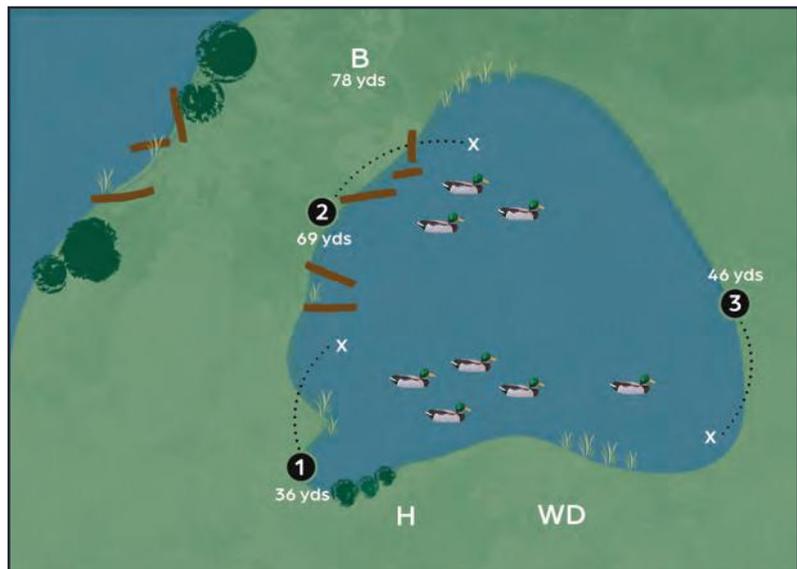

When the third and final bird has clearly hit the ground, you can release the retriever for the retrieve.

Pick the birds up in any order and place all birds in the bucket behind the chair.

Once the retriever has retrieved all marks, line the retriever up directly in front of the Banded chair for the blind.

Honor & Blind: 147 yards

Marking & Memory, Mechanics:

After loading 3 poppers, the handler will use a duck call to begin the marking part of the test. Please call loud and clear.

When the duck calling has ended, the first bird will be thrown.

Mark 1 will come out from (left) Left to Right and land at 91 yards.

Mark 2 will come out from (middle) Left to Right and land at 139 yards.

Mark 3 will come out from (right) Left to Right and land at 91 yards.

When the third and final bird has clearly hit the ground, you can release the retriever for the retrieve.

Pick the birds up in any order and place all birds in the bucket behind the chair.

On the way back from the last mark retrieved, a diversion will be thrown to the handlers' left. Shoot the diversion in a safe manner.

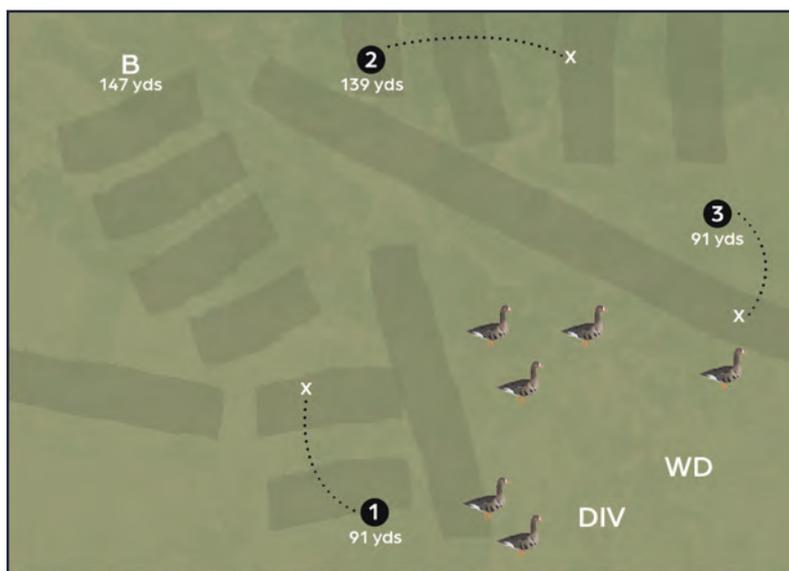

Once the retriever has retrieved all marks, line the retriever up directly in front of the Banded chair for the blind.

Dive Bomb Water Test

Judges: John Pottkotter, West Central Ohio HRC & Carol Cassity, Bay Area HRC

Grand Committee: Royce Meyenburg

Site Coordinator: Tyler Wilson

Public Relations: Eric Wilson

Honor & Blind: 123 yards

Marking & Memory, Mechanics:

At the last holding blind, you will be greeted by Grand Committee Member Royce Myenburg. This is your last chance to ask any final questions. When called, come out of the holding blind, go off lead, and proceed to the designated stake. You and the retriever stop, honor handler will fire a dry shot, now you may proceed to the Banded chair. After loading 3 poppers, both handlers will use a duck call to begin the marking part of the test. Please call loud and clear. Honor handler will be excused by judges when the working retriever has left the line.

When the duck calling has ended, the first bird will be thrown.

Mark 1 will come out from (left) Left to Right and land at 55 yards.

Mark 2 will come out from (middle) Left to Right and land at 77 yards.

Mark 3 will come out from (right) Right to Left and land at 138 yards.

When the third and final bird has clearly hit the ground, you can release the retriever for the retrieve.

Pick the birds up in any order and place all birds in the bucket

behind the chair.

Once the retriever has retrieved all marks, line the retriever up directly in front of the Banded chair for the blind.

Bradshaw Sporting Dog DVM Land Test

Judges: Dana Giovannello, Pin Oak HRC & Russ Fadling, Elkhorn Valley HRC

Grand Committee: Derrick Watson

Site Coordinator: Kelly & Russ Dussett

Public Relations: Debbi Watson

Honor & Blind: 144 yards

Marking & Memory, Mechanics:

Handler will proceed to the last holding blind when the working retriever returns from the blind. When you arrive at the holding blind on the left side of the canopy, Grand Committee Member Derrick Watson will greet you. This is your last chance to ask any final questions. When called, come out of the holding blind to the orange flag, where you will stop and go off lead. Secure the lead out of the view of the retriever. Proceed to the Banded chair as a team under Grand-level control.

After loading 3 poppers, the handler will use a duck call to begin the marking part of the test. Please call loud and clear.

When the duck calling has ended, the first bird will be thrown.

Mark 1 will come out from (left) Left to Right and land at 99 yards.

Mark 2 will come out from (middle) Right to Left and land at 156 yards.

Mark 3 will come out from (right) Right to Left and land at 75 yards.

When the third and final bird has clearly hit the ground, you can release the retriever for the retrieve.

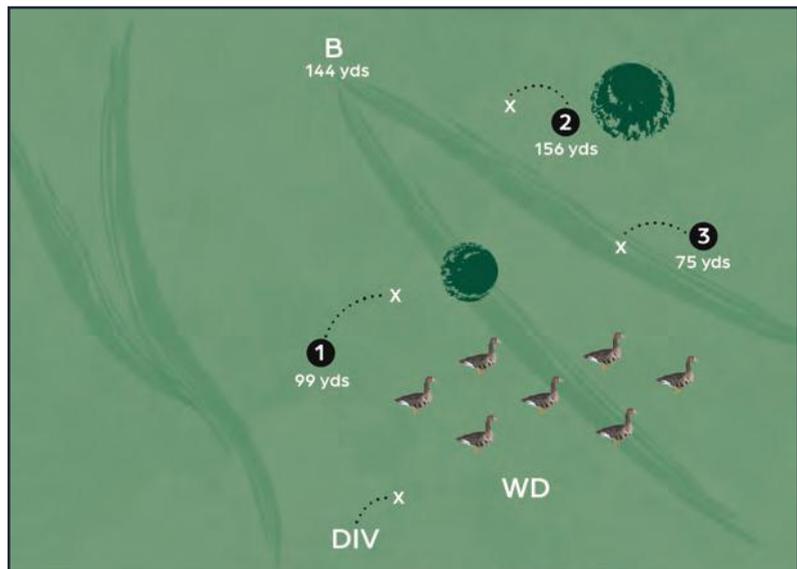

Pick the birds up in any order and place all birds in the bucket behind the chair.

On the way back from the last mark retrieved, a diversion will be thrown to the handlers' left. Shoot the diversion in a safe manner.

Once the retriever has retrieved all marks, line the retriever up directly in front of the Banded chair for the blind.

Grand Committee: Mark Leahy/Glan Scarborough
Site Coordinator: Karen & David Hausman
Honor & Blind: 73 yards

Marking & Memory, Mechanics:

At the last holding blind, you will be greeted by Grand Committee Member Mark Leahy. This is your last chance to ask any final questions. When called, come out of the holding blind, go off lead, and proceed to the Banded chair. After loading 3 poppers, the handler will use a duck call to begin the marking part of the test. Please call loud and clear. Honor and Working handler will shoot the first bird down. Honor handler will be excused by judges when the working retriever has left the line.

When the duck calling has ended, the first bird will be thrown.

Mark 1 will come out from (right) Right to Left and land at 55 yards.

Mark 2 will come out from (left) Left to Right and land at 57 yards.

Mark 3 will come out from (middle) Left to Right and land at 63 yards.

When the third and final bird has clearly hit the ground, you can release the retriever for the retrieve.

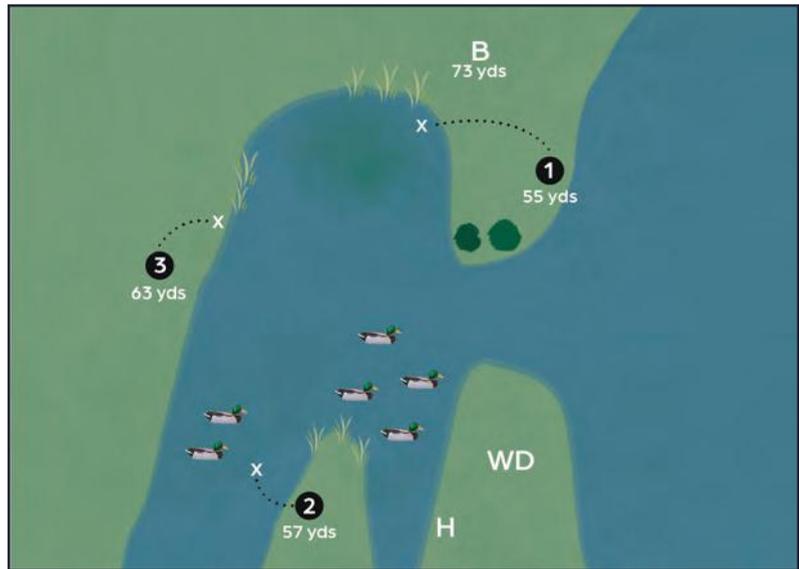

Pick the birds up in any order and place all birds in the bucket behind the chair.

Once the retriever has retrieved

all marks, line the retriever up directly in front of the Banded chair for the blind.

Judges: John Borchert, Pin Oak HRC & Jamie Moss, West TN HRC

Grand Committee: Mark Evens

Site Coordinator: Bobby McGahey & Butch Gandy

Public Relations: Lori Greer

Honor & Blind: 147 yards

Marking & Memory, Mechanics:

When you arrive at the holding blind on the right side of the canopy, Grand Committee Member Mark Evens will greet you. This is your last chance to ask any final questions. When called, come out of the holding blind, where you will stop and go off lead. Secure the lead out of the view of the retriever. Proceed to the Banded chair as a team under Grand-level control.

After loading 3 poppers, the handler will use a duck call to begin the marking part of the test. Please call loud and clear.

When the duck calling has ended, the first bird will be thrown.

Mark 1 will come out from (middle) Right to Left and land at 85 yards.

Mark 2 will come out from (right) Left to Right and land at 100 yards.

Mark 3 will come out from (left) Right to Left and land at 135 yards.

When the third and final bird has clearly hit the ground, you can release the retriever for the retrieve.

Pick the birds up in any order and place all birds in the bucket behind the chair.

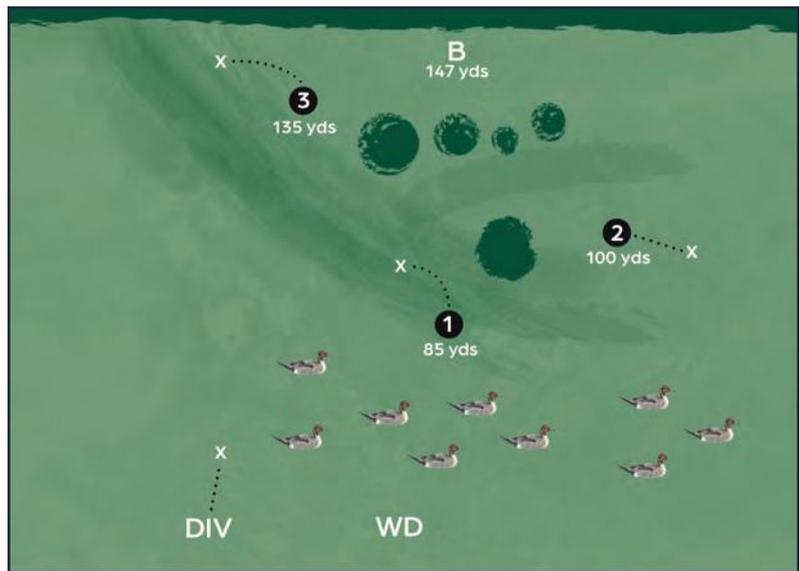

On the way back from the last

mark retrieved, a diversion will be thrown to the handlers' left. Shoot the diversion in a safe manner.

Once the retriever has retrieved all marks, line the retriever up directly in front of the Banded chair for the blind.

Upland Test

The Upland portion of the Grand was held in a large four-corner field with chukars as the game of choice. Stations ready to receive handlers and retrievers, directed by Upland marshal, Lori Greer. HRC President Glen Scarborough directed each station with the green light to proceed. With a handshake and good luck, two handler/retriever partnerships walked side by side into the field for the walk-up. The working retriever was sent for the walk-up, and upon delivery of the bird, the

honoring retriever moved back to the holding blind. Working retriever will then be directed to the next station by Grand Chairman Tracy Stubbs, where the retriever will quarter through the field to complete the flush and steady to wing and shot provision. For 311 handlers, the judges and committee members shook hands, gave hugs, and celebrated with each retriever as they received their pass.

HALL OF FAME SHOWCASE

GRHRCH(10) UH FIELDS OF FIRE'SSHESTOHOTTOHANDLE HOF

Requirements for earning a Hall of Fame certificate were set forth by HRC. A dog is required to have passed four Grand Hunts and have accumulated 1,000 Championship Points. Fewer than 100 dogs in the history of HRC have accomplished this. UKC has reached out to HOF dog owners to showcase these incredible athletes. Read about them in this series.

“Like most labs, Blevé is a joy to be around, always incredibly affectionate , great around other dogs, and knows no strangers.”

Professional Handler, Roger Fields from Hamilton, OH

Q: Are you a professional or amateur handler?

A: Professional

Q: Who are Blevé's sire and dam? Are there any other HOF/ notable dogs of relation?

A: Sire-GRHRC Curtis Slippery When Wet. MH. Dam-HRCH Cady's Supper Classy Sassy MH.

Q: How long have you been involved with HRC? What drew you to HRC, and/or how did you get involved?

A: Been involved with HRC for 20 years, the Late Melinda Greenwell/Wright sold me a pup, and she was very involved in HRC at the time, and with my love of waterfowl hunting, convinced me to start competing.

Q: What is Blevé's personality like? Tell us a bit about her!

A: Like most labs, Blevé is a joy to be around, always incredibly affectionate , great around other dogs, and knows no strangers.

Q: At what age did she acquire her first title, and at what age was she when she entered the HOF?

A: Not sure when she passed her first started test, but passed her first Grand at the age of two, and entered the HOF in 2020.

Q: How has she developed over the years? What's something you see now that you didn't see when she was younger?

A: The last few years, we've seen a bit of slowing down in her, until this past 6 months where we've placed her on a new medication for aging dogs, and it has made a remarkable difference in her stamina, attitude, and eagerness to train.

Q: Did you train Blevé? If not, who with?

A: Yes, I've done all of Blevé's training, with the exception of a couple of weeks where close friend and training partner Steve Earick has had her in preparation for 2 of the 14 Grands I couldn't compete in.

Q: How would you explain your relationship with Blevé?

A: Like most owners who compete with their dogs, an incredible bond in and out of the field. We spend probably more time with our dogs, than most family members, by that I

mean, training with them everyday, hunting with them during season, and lying around the house when not training.

Q: What are her strengths? Does she have any weaknesses that you've had to work through?

A: Definitely her strength is her ability to run blinds. In her career competing in the Grands, Blevé has had PERFECT SCORES (2's) on 54 out 54 blinds she's run. Her down fall in my opinion is on rare occasions she loses focus in training, fortunately she always steps to the plate on game day. In her 10 year career, she's never failed a Master test, nor a senior, or seasoned test. Failed one finish test, and 3 out of 14 Grand Test.

Mark L. Atwater- UpClose Photo

Q: What does having this HOF accomplishment mean to you?

A: A tremendous amount of time, commitment, expenses, and quality time well spent with mans best friend.

Q: Tell us your favorite hunting story or a special non-hunt test moment with your Hall of Fame dog.

A: I just laugh whenever someone shows up to the house, whether it be grandkids, UPS driver, whoever, Bleve knows no strangers. Being a retired professional firefighter, my daughters came up with name Fields of Fire Retrievers for our kennel. All of our dogs have some firefighting connotation to them, In previous dogs, and currently we've had Rson, May, short for May Day, Phoenix, Scorch, and of course Bleve, which stands for BOILING LIQUID EXPANDING VAPOR EXPLOSION! A favorite story is when Jimbo Earles told me he passed a Haz Mat test at his workplace, and was the only one who got an extra credit question right, when asked, what is a Bleve? Said had it not been for my dog, he'd never been able to answer that correctly.

Q: Reaching the Hall of Fame is no easy feat. What words of encouragement do you have for those striving to reach HOF?

A: Never give up, so many talented dogs deserving the title Grand Champion, or HOF have come so close, and deserve to be there as much as any dog, often were just one bird away,

had a little bad luck and just never were able to close the deal. Keep trying, it can be obtained.

Q: Points aside, what, to you, makes Bleve a Hall of Fame dog?

A: Bleve is the total complete package, awesome hunting dog, family member, and love to run Hunt tests.

Q: Do you have any final advice for those just getting into the world of HRC? What advice do you have for someone starting out?

A: My advice is surround yourself with the best and most knowledgable dog people you can find. Ive been truly blessed, I've learned from some of the top pros in the country, and now can call some of them best friends, the likes of Chris Akin, Steve Earick, are two of my closest friends even when apart from dogs. But I've learned from Jobman, Durrence, Kennington, Stielman, Greer, Copeland, Manson, Autrey, Hart, are just a very few I have had the honor to stand beside some time in my career. Were blessed today to have so many outlets through internet, DVD's seminars, and other training means as in years past when I first started.

This past weekend Bleve passed her 11th GRAND! Making her the ALL TIME YELLOW LAB, Male and FEMALE, and now is HRC'S ALL TIME FEMALE IN HISTORY FOR GRAND passes.

ATTENTION, ALL HRC CLUBS!

If you would like to have your club report included in the Region Reports section of HUNTING RETRIEVER, please follow these guidelines.

- First and foremost, be aware of the magazine deadlines. Each Public Relations Representative must observe the magazine deadlines, so make every effort to get your material to them well ahead of each deadline. They will need time to compile all the club reports into one document, so don't wait until the last minute to send or e-mail your information to them.
- The deadline is the 15th of January, March, May, July, September and November (or the next business day thereafter if the deadline falls on a weekend or holiday). That is the final date the material must be into the magazine, therefore, ideally, all club reports should be received by the Representative no later than the 10th.
- Any club reports sent directly to HUNTING RETRIEVER magazine, bypassing the PR Rep, will be returned to the sender.
- If your club is not going to submit a report, be sure to let the Representative know so they are not waiting on it.

- Very Important! If you are emailing photos, please send each one as a separate attachment, and please supply photo captions for each photo. Please don't embed the photos in your text document as this changes the values of the photos, making them unusable.
- Please don't alter the photos in any way - including changing the file size or the resolution, and cropping. Please remember that all digital photos will reproduce at the same resolution at which they were taken. A photo taken at a low resolution photo will remain "low res" even if it is "bumped up."
- Please furnish clear descriptions and/or captions for all photos.
- *If the photos were taken by a professional photographer, written permission to publish must have been obtained, and a photo credit must be included.
- Region Report Content Guidelines: The following can be included in the Region Reports: Hunt test descriptions; hunt test photos (group pass photos, for example); items that will be of interest to all national members; photos that relate to the report.
- Please proof all of your material before sending it to the Public Relations Representative.

ESSEX HRC - Submitted by Curtis McFadden

With the cooler weather coming in, we have shifted gears to hunting. It's been an exciting time for club members as they prepare for the birds to be coming down from the North. The birds are just starting to come in; not here yet, but it will not be long now. We hope you all are having great success and will see you in the new year for our upland in the spring.

Georgian Bay HRC - Submitted by Ben Leger

Members are busy hunting and enjoying some much-needed time with their dogs. Summer is full of excitement and trials. Time spent in the spring spent preparing for trails and time in the summer spent running trials gets us all ready for our favorite season, FALL. We take time to enjoy nature, sit with our favorite best friends (dogs included), and do what we have just spent months planning for—The hunts. We hope everyone is having a great hunting season, and we look forward to seeing you all in Jan/Feb for our AGM and some training days.

Luther Marsh HRC - Submitted by Erica Wilson

Well, it's getting cold, and the birds are starting to fly. With cooler weather brings some exciting days for us and our 4-legged friends. We have been preparing for hunting for the last 6 months, working on steadiness, hand and whistle signals, and bird retrieves, only to sit in a blind and wait for birds while your best friend and you each a sandwich. We would not trade it for the world.

There is nothing like the excitement of your dog as you head towards your gun cabinet. They hear the keys dingle, and they lift their head. They watch as you head towards your closet to get some camo, and that's when they stand and begin to follow your every move around the house. You are not planning to leave till morning, but your best friend is ensuring you don't forget them. Like you ever would or have forgotten them. Now morning comes and they are excited, jumping around the kitchen as you pack your lunch and put everything in the truck to go. You look at them and ask, "Are you coming?"; they bolt for the door with excitement. You're in the blind waiting on birds and start eating your sandwich, giving the last few bites to your best friend. You spend hours sitting with them waiting, some days you get your shot and others nothing, but your best friend just loves being with you. Months and months of training, all to sit in a blind for a few hours and eat a sandwich you share. It's all worth it for just that moment with them. Enjoy it, and

enjoy the love you get from your best friend.

We wish you the best hunting experience this year. May you get those ducks and geese, and may you enjoy your time with your best friend.

We were able to host a training day in Oct, and the weather was perfect. Just a small group came out as hunting season has started here in the north. It was filled with marks and blinds of different levels. If you are interested in coming out for a training day, please feel free to email us at luthermarshhrc@gmail.com

Lake Ontario HRC - Submitted by Mikayla Wilson

We are so thankful for the beautiful weather that is upon us. We are gearing up for our upland test this weekend and just had our upland training day a few weeks back. Fun was had by all involved. Our turnout for the upland test is looking good and we look forward to talking about it in the next article. Our upland training day was great, with great advice given by Nick and some great lunch provided as well.

We look forward to seeing you all soon at our next event.

Well, hunt test season has come to an end here in Ontario, and we have all started hunting up here in Ottawa. We got some great hunts in so far, and as the weather starts to cool, we can only imagine it will get better. We look forward to telling you all our hunting stories in the next article and wish you all great success in your hunting adventure.

Conowingo HRC - Submitted by Cleo Curry; President: Scott Fosterling

Conowingo HRC held its Fall Hunt Test on October 26 & 27th. The weather could not have been more perfect! Cool at night and sunny during the day. It was gorgeous! There are a lot of people who contribute to a successful hunt test - the landowner, hunt test committee, judges, volunteers, handlers - and CHRC wants to thank everyone for their support. Every one of these events takes a tremendous amount of work by a group of very dedicated members. CHRC also sends a special thank you to Andy and Colleen for years of making our tailgate the best tailgate in Region 2. People have traveled all the way from Canada to take part in our test and tailgate.

CHRC will continue to hold monthly training throughout fall and winter. If you are interested in joining us, please check out our website or Facebook page.

Rappahannock River HRC members just wrapped up a busy fall; in September, we completed our fall hunt test, and this past week, we conducted our first Upland Quad. It was a huge success, and I want to thank everyone who came out to support us. A special thanks to Neil Selby and Leslie Carter for allowing us to utilize their outstanding retriever grounds at Shady Grove. We couldn't do what we do without their support. Now, we shift gears and focus on what these dogs are bred to do as we roll into hunting season. I wish everyone a successful Fall/Winter, making memories with their dogs.

Etowah HRC - Club President, Melissa Dobson. Report submitted by Eric Ingram.

Our club has been active over the Summer

and Fall, hosting several training days as we work to keep our dogs tuned up for hunt tests as well as the real thing. We held a summer training day where we also held our business meeting to discuss plans for the fall as well as voted on new club administrative positions. We also spent a day with Melissa Dobson and crew working on blinds, with a goal of improving both our handling skills and our dogs too, with the goal of working as a team. We then held a training day/simulated hunt tests in November, rounding out our club activities for this year.

In addition to the training days, we had most of our members running tests this Fall, including a couple of members who had success with their dogs at the Grand. Several dogs picked up new titles and now are shifting to duck, goose, and upland season with their owners. Happy hunting, everyone!

Middle GA HRC - Club President, Lane Blanchett. Report submitted by Lane Blanchett.

Need some rain? Just schedule a hunt test. Middle Ga. had not gotten any rain since Hurricane Helene. Then, on test weekend, we got 2 1/2 days of steady rain. The only thing dampened was the ground. Our test was a huge success with 3 flights of finished, a full seasoned flight, and 35 started dogs. There were several folks who titled with their dogs. The highlight of the weekend was the youth handler event. We had 17 kids running dogs of every level. They had a huge gallery cheering them on. Some of these kids are pretty good handlers too. They had 2 marks, and some ran the blind that was between the marks. Hopefully, we hooked a few of these guys to be part of the future of HRC.

A special thanks to all who worked to make this event successful, and also thanks to the judges, bird techs, and especially all the landowners. See you all at the line

The Fall 2024 hunt test season is coming to an end, and duck season is opening all over the country. Our training and hard work will pay off in the duck blind this season.

David McCracken finished his judging assignment as a Grand Judge during the Fall 24 Grand held by Gateway Retriever Club. As he judged, he got to see some of the best dogs and handlers in the country demonstrate their proficiency in marking, memory, and control. Marks and blinds were tough, but these great animals we train and own were up to the task. Congratulations to everyone who competed, especially those who received a qualifying score. Club member Rhett Riddle had an outstanding trip, passing 4 dogs. Congratulations to all his clients and him for his outstanding Grand. Deron Donohoo and his Lab, Gus, made it through the 4 retrieving tests with an outstanding performance. Congratulations to Bob and Judy Jones for the successful performance of Lucy. She passed her 1st Grand. Charleston Retriever Club held our Fall Hunt Test just prior to the Grand and had a great turnout. Thanks to everyone who came out to support CRC by running dogs and helping out. A special thanks to our judges for giving up their weekend to judge so we could run our dogs. Congratulations to Elliott Golcomb for winning the Darby-Jones Big Blind competition.

Congratulations to Steven Guzman and Dre for another appearance at the SRS Crown Championships in Shreveport, LA.

Wishing you all a great hunting season this year. Full limits and great dog work for everyone.

The unfortunate (weather-related) cancellation of our fall test hasn't put a damper on the success of our members this fall.

Dan and Susan Reel have had a great fall series with their Boykin Spaniels, Dude and Surge. They each passed their first Finished tests at Midlands, then passed again at Cherokee Foothills. Frank Semken also passed with his Boykin, Porter.

We had several members attend the Middle Georgia hunt test. Most notably, Todd Reed and his dog River earned his Hall of Fame under judges Jay Pace and David McCracken. Jay Pace actually came through the ranks with River-Judging his Started & Seasoned title tests, and now the finished test to give him his 1000 pts. Huge congratulations—that is a big accomplishment!

Midlands HRC - Club President, Steven Highsmith. Report submitted by Donna White

As mentioned in my last article, Midlands 30th Anniversary was this year, and our fall hunt test in October was a celebration of the Club's 30 years as an HRC member. Steven and Heather Highsmith did a great job in making our event a memorable one. We had new banners with our Club's name and logo for photo shoots. This was like the ones we see at the Grand, with hay bales, potted plants, and a separate banner indicating our 30th Anniversary. At sign-in, each handler got a bag with our logo on it and a collapsible dog water bowl with our logo. Each judge was given a camo hat with our logo and 30th Anniversary on the side. And where would we be without the awesome Club members who step up to help at each event? Thank you, thank you, thank you.

The weekend started on Friday night, with

the judges' dinner served on-site. Our guest chef, Lucas Gardner, served up some awesome steaks cooked to perfection, baked potatoes (with all the fixins) that were big enough to feed 3 people, and a tossed salad.

Saturday morning rolled around, and our hunt secretary, Heather Highsmith, went with the flow, checking everyone in with the help of Morgan Lybrand. When entries closed on huntsecretary.com there was concern that our entries had dropped off from past years. But Heather soon learned that last-minute entries keep the phone ringing off the hook! At this point, I would like to thank Lee Lybrand for providing us with the bird techs for the weekend. They did a great job at each site.

Saturday night, we were once again fed by Lucas Gardner and his wife, Ashlynn. The meal was a "taco bar," which was a bit more than just a hamburger in a taco shell. There were 3 different choices of meat (beef, chicken, and pork) and all the fixins. Totally delicious. After the meal, ribbons were handed out and there seemed to be quite a few Titles and handlers were handed our new title ribbons. Then came the raffle drawings. We had some rather unique items this year, and everyone who won went away happy.

As is typical, Sunday always seems to be a shorter day. The weather was a bit cooler, everything was already set up, everyone knew their jobs, etc., and some entries had been scratched. So, all in all, our weekend was a success. Looking forward to seeing what the spring brings.

Some happy Club members who I know had a great weekend were Scottie Hendrix and his dog, Hub, who got a Finished pass; Larry Domas and Luke also got another Finished pass (Luke already has his HRCH title); and Drew Ellyson ran his son's dog, Whiskey for a 3rd Finished pass. Whiskey ran good for his "grandpa," but Drew says Cameron (Whiskey's dad) will have to get the final pass for the title! Don and Ali added another notch to their belt with a Finished pass. I believe Ali now has enough points to be in the 500 Point Club. And last but not least is our Club member, Lois McCracken, who passed her American Water Spaniel, Bonnie, both days and went on to finish it up at Cherokee Foothills to get a Finished title. From the show ring to the field, Bonnie made the transition look easy. Congratulations to all the above members and to any who did not let me know in time for this article.

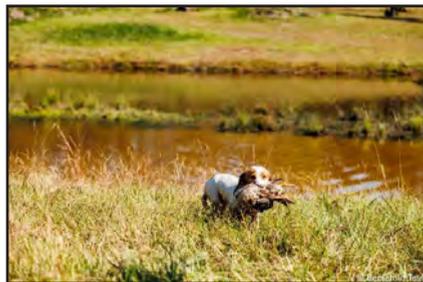

By the time this magazine reaches everyone, the holidays will have come and gone, but I hope everyone had a happy and safe celebration with family and friends. And for those who hunt, I hope you shot your limit and didn't disappoint your four-legged hunting buddy!

Central Florida HRC - Club President, Ray Caito. Report submitted by Carol Caito

It's finally starting to cool down in central Florida. Our version of cool is a little different than most, as we consider temps only getting into the mid-80s 'cool.'

Our members have had a busy fall between hunt tests, the Grand, and the SRS Crown Championship. We also snuck in a couple of training days.

We had a GREAT turnout for our October training day. We had a land & water "test" scenario set up and ran both simultaneously. These set-ups were to help give our members a good idea of where their dogs are in their training. We are not big on running set-ups at training, but this was a good opportunity to have a dry run-thru. A GIGANTIC shout-out to Sue Barnett, Walter Kennedy, Erik Bluemke & Dave Barnett. These club members went above & beyond to make this day flow smoothly, which could not have been pulled off without you guys and everyone else who stepped in to help. And thank you, Kelli Riggs, for all the effort you put into our training days.

Congratulations to our club members who ran the fall Grand in St Louis. It was a dusty week for sure, but time spent with dog friends and our beloved canines is worth it! Most of us did not get that coveted Green ribbon but put forth a great effort nonetheless: Carol Caito with Frank and Hank, Ray Caito and Rona, Caroline Davis with Tuff, Melissa Grant and Johnny, Karen Porter and Soda. A HUGE congratulations to Ray Caito and Traeger, who passed the Grand to earn Traeger's 5th pass.

And right after the Grand was the SRS Crown Championship in Shreveport, LA, where 3 club members had dogs running. Congratulations to Ray Caito and his dog Traeger, who earned 2nd place Amateur Team of the Year. Your hard work and dedication to this sport pay off. Carol Caito ran her dog Frank, and Ray Caito ran his dogs Rona and Traeger—all making it to the 2nd series. Clint and MK Beaty's dog Rigg, who ran in the open division with Carter Turner, showed out big time, where Rigg became not only the youngest dog to win but also the only chocolate to ever win the Crown Championship open division. CONGRATULATIONS, Clint and MK!

Gun Creek HRC - Submitted by Kirk Keene

Finally, waterfowl and upland season is upon us! For those of us in the retriever world, the vast majority got our start because we wanted an obedient and reliable gun dog. While some in our community only train to run tests, most still hunt our dogs extensively, with tests being a secondary reason. Being that we are the Hunting Retriever Club, it's of utmost importance to keep the "hunt" in "hunt test" for this reason. All of us in Gun Creek are avid hunters. Our members take annual trips across North America to pursue the game birds that our dogs love to retrieve. A full freezer and great memories are the primary goal, as is spending time afield with our canine companions.

That being said, many of us did have a successful fall hunt test season. Andrew Kanik and Crush of Precision Gun Dogs ran their first-ever Grand, bringing home a pass. Congrats to this fantastic team! Several member dogs achieved new titles, and they will be awarded plaques at our annual Christmas Party in early January.

Once waterfowl season is over, the club will again be focusing on our Spring hunt test. Keep an eye on UKC's Hunt Test calendar for our new dates. The location will continue to be at the West KY WMA as in years past. Our fall dates will remain the same.

We would like to congratulate everyone who passed either Grand in 2024. We want to say a huge CONGRATULATIONS, though to Josh and Heather King on their dog Gage earning his grand title at this past fall Grand held by Gateway Retrievers. Greetings from Howell, Michigan. The Michigan HRC club training grounds were officially closed at the end of September. Now, we can all enjoy the fruits of our labor being waterfowl, field, or upland hunting. Hopefully, the training throughout the year will pay off.

Our first two-day late summer hunt test was a success. The judges set up challenging tests for

all levels. The weather ended up being cool but dry. The dogs were amped up, for sure. Plans for next year are in the works.

New members who have come to the club in the past few years are very pleased with the success they are having with their dogs. Many never realized what a good training program, along with experienced handlers, can produce.

Our annual banquet will be on February 1st. Awards will be handed out, and plans to improve upon the success of the club will be discussed.

Every day has training opportunities; take advantage of them. Shoot straight and be safe.

Thanks to RBFTA President Roger Davis for riding herd on this collaborative effort. Work included enhancing the West end of the Gravel Pond, digging a new Technical Pond, and new swim-by Pond. Hopefully, we get enough snow and rain to fill them for Spring of 2025!

Our September Hunt Test was a huge success, with many participants and ribbon winners. Congratulations to all who came out on such a beautiful fall day.

Our 2025 Upland Test will be February 1st and 2nd at the McCullom Lake Hunt Club, 10603 Okeson RD, Hebron, IL 60034

We will start our Upland training on Sundays in January at the McCullom Lake Hunt Club. FRVHRC invites anyone interested in our club to join us for a training session. We have groups working at all levels and are always looking for new members. Training is hard work, but we make it fun for handlers and dogs alike. For more information, contact frvhrc@gmail.com. WISILL HRC members have been thoroughly enjoying hunting season, the time of year we have all been training and preparing for. It has been incredibly rewarding to see the results of our hard work and dedication come to life in the field. We want to extend a huge congratulations to all club members who participated in and passed the 2024 Fall Grand—an outstanding accomplishment! Your dedication and skill have truly shone through. Congratulations to Jim Dorangrichia and ACE – First Grand Pass, Tim Kingsfield and Harvey - Grand Hunting Retriever Title. Jake Schmitt and Costa - 4th Grand Pass Looking ahead, we'll soon be shifting our focus to training for the upcoming upland training and test season. We continue to actively prepare to host the 2025 HRC Spring Grand, an event we're excited to welcome to our club. Thank you to all members for your continued commitment and passion. Let's keep up the great work!

turnouts. We are blessed with an active club, all willing to pitch in and help as needed, whether that be loading wingers or giving newer handlers advice. Next, we hosted our annual hunt test, which was very successful. We had handlers travel from as far as Texas and Wisconsin to compete. The weekend went off without a hitch, thanks to our wonderful members, bird techs, and judges. An annual highlight of the test is our youth event. We had several new youth handlers participate, as well as our “regulars.” We love watching new children become involved in the sport as well as our returning children sharpen their skills each year.

Illinois River HRC - Submitted by Joshua Osborn, President: Steve Munson smunson@comcast.net

Testing season is over for many of us, and duck season has opened in central Illinois! Unseasonably warm weather has led to mixed success among club members and their retrievers. As I write this, we are getting much-needed rain across the Illinois River Valley, and hopefully, some colder temps and north winds hit the prairies soon to send us more feathered game to chase. We started a little slow here, but there is ample time for Momma Nature to help us out. As another season starts, I'm struck by how fortunate we are to have these dogs and this pursuit of wild things. Even more apparent to me now is just how important it is that we continue to share this passion with the ones we love and the "next generation." Nostalgia often catches me about this time each year and takes me back to dogs of the past. Those memories are priceless. But so are the ones I've yet to create by working and training the dog in front of me with the miniature versions of me that the good Lord blessed my wife and I with. I hope you're also getting out there with your four-legged friend and the folks who mean the most to you. 'Tis the season for first hunts, first retrieves, and memories that last a lifetime! On a lighter note, we had a Sasquatch sighting on our training grounds here in Illinois. It is worth a quick Google search if you're interested in a good laugh. Efforts are ongoing to catch him and teach him to load a winger. Congrats on first Started passes to Craig Winger and Timber and Lou Wicks and Copper! Also, congrats to Lou and Tigger for achieving their finished title at Fox River Valley! Congrats are also due to Daisy (handled by the Lemkemann team) and Josey (handled by Josh Osborn) on their first live retrieves in the marsh! Here's to many more!

Not much news this month. Duck season is on in our area and the problem is that no one told the ducks. They have not shown up. Usually, it is in the mid-30s to low 40s, but we have had high 50s to 80 and a lot of rain. But we are still training.

Tis the Season we've all been waiting for and trained for all year long, the Hunting Season!

Waterfowl hunting has been great in our area with warm weather conditions through November; it's always a blessing that the small ponds haven't frozen over by now, but I'm sure they will be when you're reading this.

Club members have been busy duck hunting, goose hunting, pheasant hunting, and deer hunting, which will be underway by the time the magazine is published.

Brad has been enjoying time with Gus and Cooper this fall.

Jim River did have one of our club dogs pass the Grand hosted by Gateway HRC, and that was HRCH The Hunt For A Gem is Over, handled by Casey Dowler (FR Labs) and owned by Deb and John Eckhardt.

Congratulations to Casey and Jessica Dowler on GRHRCH Nene MH MNR's well-deserved title at the Master National, also pictured running the Grand.

The club will be having its annual holiday party, gift exchange, and, most importantly, awards presented in January.

Thank you to HRC friends (Family) who have donated to the Nancy Wiener HRC Memorial. If you would still like to donate, it would be greatly appreciated.

The donation form is located right here in this magazine or also at <https://dakotahrc.com> resources section. Thank you!

Then there is The Grand...Congrats to Damian Stroderd and HRCH Foxy's Chaotic Sunrise, Charlie Green with HRCH Brice's Right Turn Clyde, and HRCH Zeus Lighting Denton for coming home with passes! In the meantime, we still managed to squeeze in a couple of monthly training days. If you are in our area, we would love to have you join us. One opportunity to join us would be at our Spring 2025 Hunt Test, which will be March 15-16, 2025. It will be here before we know it. We are also entertaining the thought of hosting an Upland Test in February 2025. Watch hrc.dog for an update on that. And we are planning our Club Christmas Party at Rocky Creek Outdoors with some 5-Stand Shooting in December. Fun and Fellowship! Greetings everyone! Our 35th Anniversary test held at Peppers Pond was a big success! We had 3 flights of finished instead of 2, a banquet (provided by the club), and a successful raffle full of good stuff! Thanks to Steve Robinson and Chuck Overton for their work on the raffle and banquet. The Corky's BBQ hit the spot after a long day! I hope you stayed around to enjoy it. There has been so much going on with Pin Oak club members this fall I just want to list a few of the highlights. If I leave you out, my apologies! Let me know what I missed, and we will get it in

the next report.

1. Dalton Swindell and Taylor Price earned their first Seasoned title(s).
2. Benny Richards and his new puppy Duke got their first two Started passes.
3. Chuck Overton and Rip earned their first Finished pass.
4. Pam Kegeles and Boo earned 1,000 points. Boo is only four years old!

5. Sherry Gibbany and Onyx earned their Started title! This is the very first hunt test title for Sherry! The 2024 Fall Grand in Saint Louis was good to the Pin Oak team. Thanks to members Topper Borchert and Dana G for judging. We had several member dogs that passed! I hesitate to list everyone because I don't want to miss someone, but I do know that Chris Debin, Dickie Edmunds, and Larry McMurry all achieved the Grand title in St. Louis. Zack Lawrence and Ivy got their first Grand pass on their first attempt! Well done, everyone! Last but not least, Sean Jackson, Jim Templeton, and Allen Wheeler all had dogs qualified for the Super Retriever Series Crown Championship. All dogs from Pin Oak that qualified were able to participate. Congratulations on such a big achievement! As we all know, it takes a lot of work and dedication for these dogs to achieve their potential. So whether you are celebrating the first started pass for this dog, your first "fill in the blank" title, or attending the SRS Crown Championship, Pin Oak is celebrating your success and pulling for the next one! Best of luck in your duck-hunting endeavors!

Welcome to Region 9A!

Our region has had a great year for growth! Most clubs are adding members, which is great to see. Many clubs have had youth events to keep kids and families involved. Our future depends on passing on the tradition of running dogs and hunting.

Some of my greatest memories are with my dad hunting pheasants over cut corn fields in South Dakota. Trudging through a slough of cattails taller than my head is burned in my mind also. Those memories are not quite as fond, but I would do it again for sure! I hope you can encourage someone to get out into the field with a well-trained retriever soon!

If you need any help contacting a Region 9A club, please shoot me an email at cadeto@att.net. I'd be happy to introduce you and your retriever to any of the eight clubs in our area.

Greetings once again from the Sunflower State and the members of the Sunflower Retriever Club!

Since our last greeting, we have been either testing or hunting and, most recently, dodging some MUCH-NEEDED rain drops. We held our test at the end of September. Which turned out to be a great weekend for running dogs, meeting new friends, and seeing old ones! I, hunt test secretary/club president, even got to get out to the field to run my dog!

Our club was also lucky enough to have one of the Hero to Line recipients get a title with his dog over the weekend. That was an honor. We also held a youth hunt on Saturday afternoon to showcase the future handlers. They all did very well! And we look forward to seeing what the future holds for them! I want to also say a big THANK YOU to the many people who made our test a success.

Looking ahead-- give Thanks that we can come together for the dogs and have the many blessings along the way with the friends and dogs that cross our paths. Have a great holiday season. Stay safe in your travels, and we look forward to seeing you when we see ya.

Hello from all of us at Three Rivers HRC!

We wrapped up the fall season with our fall Wood Duck Wally Hunt Test at the end of September. We had a great turnout for our test; thank you to all the handlers and judges who came out and spent the weekend with us.

We continue to have our monthly meetings and training days as we slide into the winter months. It has been extremely dry here with little to no rain; we welcome in the cooler months and possible chances of moisture.

Three Rivers members are looking forward to joining in the Christmas spirit with our float in the Bartlesville Christmas parade coming up in December. We are ready for waterfowl season and wish you all a successful hunting season.

We hope you all enjoy the holiday season with your loved ones!

Finally, here on the first of November, Oklahoma is getting some cooler weather and much-needed rain. September and October tempted us with cool weather, then went right back to summer with almost 100 degrees on several days. You just never know what to expect from the weather here. Regardless of the weather, GCRC members have been busy with training, running dogs, and judging.

It's been a big travel year for our club. We had members running dogs, working tests, and/or judging in 12 states. Besides Oklahoma, members have traveled to Arkansas, Georgia, Iowa, Kansas, Kentucky, Minnesota, Missouri, Nebraska, New Jersey, Texas, and Wisconsin. Pat Johnson gets the prize for traveling the furthest! He traveled to Hammonton, New Jersey, to judge at Lake Audrey HRC's 10th-anniversary hunt test. Congratulations to Lake Audrey HRC for that accomplishment! Tim and Cheryl Blan didn't travel as far but were honored to be part of Hill Springs HRC's inaugural hunt test in Mammoth Springs, Arkansas. Tim judged Started, and Cheryl was the gunner. This club is

going to be a great addition to our HRC family.

Next on the agenda for several club members was the Fall Grand held in Weldon Springs at the Bush Memorial Conservation Area. It's a very cool place to visit and awesome for hunt tests nice land and water sites. Two of our members, Gil Wilson and Tim Blan, were selected to judge. Gil judged water at Lucky Duck, and Tim judged land at Gunners Up. They were able to judge together at the Upland. Each judged around 300 dogs over the 5-day test and had great co-judges. Gil's was Denise Gordy from Central Louisiana HRC, and Tim's was Sonja Edwards from South Mississippi HRC. New friends were definitely made! Pat Johnson and Rusty Noahr were Grand Committee members at different sites, and Rita Johnson was the Grand Treasurer. Lori Greer handled PR and Sponsors, the raffle, online auction, and various other things. Cheryl Blan helped with whatever was needed and cleaned the line for Gunners Up. We also had two members running dogs. Nathan Atkinson and TJ Greer. Congratulations on your accomplishments. It was a very tiring week but a rewarding one. It was very cool to see this level of dogs and meet people from all over the country. Putting on a Grand is a huge task. Thanks to the host club, Gateway Retrievers HRC, and all the others who worked hard to get everything done. It ran very smoothly for such a big event. Ten flights of dogs!

Well, there are a few more hunt tests left, and then it's on to duck season! Good luck to everyone, and hope you see a lot of ducks and get them, too. Congrats to all who received passes and achieved titles. It's always good to see friends, enjoy great fellowship, and watch dogs do some awesome work. Until next time, God bless.

Omar reflected that 45 years ago, Charlie Morgan lamented that there was no longer a place for hunters and their dogs. This fact was, in part, the reason he worked to see that HRC could provide that place! The goal of HRC in the beginning, as it should continue today, would be to help any person who enters our organization to achieve the Hunting Retriever (HR) designation and have a place to belong as a hunter! HRC will continue to be a success as long as we focus on "Realism" and "Conceived by Hunters for Hunters"! Of course, you're not limited to HR as the HRC organization provides the place to achieve an HRCH Title or even a Grand Title! The Hunting Retriever Club can help members go as far as they possibly can with their retriever...all while in Camo and handling the gun!

North Louisiana would like to thank the judges who donated their time to make our fall hunt test a success. Pam Flotte, Jeff Holley, Rob DeVeer, Darrel Hebert, Derrick Watson, Tommy Balderacchi, Damian Stroderd, Tom Vanderbrand.

Lake Charles Retriever Club recently held their Fall hunt test and it was a great success. We had some cool mornings to run our dogs. Thanks to all the judges, marshals, and club members for a wonderful weekend.

Duck season has opened, and club members are reporting good results—limits of ducks killed in SW Louisiana. Handlers can now show off all that hard work and training to show off their companions.

Holidays are just around the corner. Our Christmas party is planned for December 12. We will hand out crystal plaques to those who titled their retrievers this year.

Central Louisiana Retriever Club will host its spring regular hunt test on February 22-23, 2025, at their Moreauville, LA location. Until then, there will be loads of fun introducing young dogs to the blind and watching amazing retrieves by talented champions. Congratulations to our members who participated in the Fall 2024 HRC International Grand Hunt, Robbie Andries, Bill Autrey, Denice Gordy, Mike Landreneau, Barry Lyons, and Joe Perron. Two first Grand passes were earned by Joe Perron and Knight, owned by Joe and Tina Perron, and by Barry Lyons and Charlie, owned by Becky Lyons. Congratulations also to Jennifer Lyons Spear and Ink for achieving the distinction of both HRC HOF and 1000 points. Thank you, Denice, for taking the time to judge the HRC Grand! There is no doubt that Jennifer, Robbie, Bill, Mike, Barry, and Joe will have great canine hunting partners this duck season.

Our club meetings are on the third Thursday of most months, 7 pm, at 1889 Monroe Highway in Pineville, with a training day on the following Saturday. All retriever enthusiasts are welcome! We will host our 2024 Christmas party on Saturday, December 7th, with plenty of merry-making, story-telling, and well-wishes to soon-to-be newlyweds Rich Oates and Morgan Woodard, who will be married in February. It's a joy seeing Rich, Morgan, and HR Timber having so much fun on Catahoula Lake this fall!

We wish all our HRC friends a very merry Christmas and a Blessed New Year!

Happy Holidays from Amite River HRC! Wishing everyone a merry and blessed Christmas and a happy New Year with family and friends. Waterfowl season is now underway; hopefully, you and your retriever get a chance to get out and have some fun - and shoot and retrieve some birds!

We had a great hunt test at the end of September with nice weather. Thanks to everyone who helped (too many to name!)

Cajun Hunting Retriever Club - Cajun HRC. President, Darrell Hebert, cajunhunter911@bellsouth.net. Report submitted by Katina Hebert.

Cajun has been busy the past few months. Our fall hunt test was October 5th-6th. We had some very interesting test setups. This was a great weekend for a few handlers and dogs that received 500 and 1000 pts. We want to congratulate Ellis Cart and Kane, Bill Morgan and Susie, and Amy Smith and her dog for all getting that magical 500 pts. We also want to congratulate Mark Polkey and Breeze on receiving that elusive 1000 pt. ribbon. Glenn Stelly and Maggie received their 1000 pt. ribbon also, but it was for a different hunt test. We are now preparing to host our annual Christmas party, judging/handler seminar in January, Upland test in February, and last but not least, our club's 40th-anniversary hunt test. We hope to see a lot of you at some of these next events.

Coastal Prairie HRC hosted our inaugural hunt in Pierce, Texas. We had a great weekend full of fantastic food, fun, friends, and, of course, dogs! With limited water due to the drought, plus an impromptu cattle drive, our judges got to work their magic with the available space to create challenging tests for our dogs. There was even some extra entertainment at Sunday's Finished A Handler's Briefing, as judge Brandon Menard made good on his bet with handler Sophie Becker on the A&M vs LSU game Saturday night! For those interested, the video is posted on the Region 11 HRC Facebook page! We would like to thank all those who donated their time, talents, and resources to help make our first hunt a successful one, and we're already making plans for our next hunt!

The Colorado River RC family hosted our annual Fall hunt in October. Located in Dickinson, Texas, we had a weekend of warm Texas weather, some great tests, and even better camaraderie!

Duck season is in full swing here in South Texas and we finally get to put all our hard work to the test. Club members are having success in the blind and field. This is the time of year we practice all year. We can't wait to share pictures and stories next time we see each other.

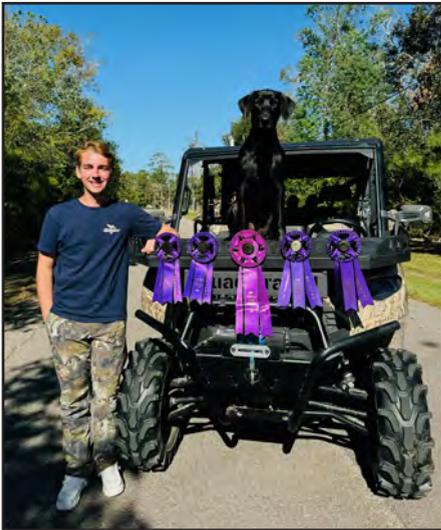

Until then, Happy Holidays... and Dog to the Line!

Duck season has opened, the gadwalls and mallards are here, and the forecast is good. Pheasant shoots are underway giving our dogs plenty of training opportunities. Training days are held in the Kaufman, Texas area monthly. Watch the Facebook Ravensway HRC Members page or email us for the time and place.

Ravensway judges Royse and Rockie set up a good wood duck hunt at Coastal Prairie's inaugural hunt. Zack and Christie have been busy getting their Started Judges' credentials. Our club is trying to increase the judges' pool, so if you need to apprentice or gain experience, let us know.

Planning has begun for our March 1st & 2nd 20th Anniversary Hunt Test. It should be a good one; mark your calendar now to join us.

Big D HRC, www.Bigdhrc.com President, William Goodnight.

Hello HRC members

Hopefully, this note finds you in good cheer, having had some success in your fall Hunt Tests and eager to put to good use the skills you and your pup have worked on in the field this season.

I've just returned today from a fairly successful opening day on pheasants in Kansas and was pleased with the attitude and diligence my black Labrador put forth in tough CRP while working with a crew that included 5 German Drahthaars, 4 Britany Spaniels, 2 German Long-haired Pointers, a chocolate Lab and an amazing 1000+ point HRCH UHCH yellow Labrador out of Platt Valley HRC. All the owners/handlers train hard within their respective organizations, and some of the German breeds seemed particularly cut out for this type of work, however working alongside that yellow Lab really resonated with me knowing how challenging the concepts we train towards can be at the Finished level, let alone 1000 points worth!

Big D wrapped up our Fall Hunt Test last month, so I'd like to again thank all the wonderful club members, friends of the club, and volunteers who helped host what I believe to be another terrific test. Conditions on the property were about as great as I've ever seen them, and the landowners were equally amazing.

Thanks again to all the handlers who attended, and congratulations on your passes and titles earned. Don't feel bad if you didn't, since, in the words of many long-time trainers, "some days a dog just wants to be a dog."

The holidays are around the corner, and the Longhorns are primed for great success so please remember to be grateful this season and give thanks for your loved ones, the blessings He bestows, and the wonderful friends you'll make in HRC.

Cowtown HRC, www.Cowtownhrc.com President, Keith Hill.

Greetings from Cowtown! Hunt Test season 2024 is over in Texas, and I would like to congratulate 2 club members for earning titles. Nick Allen and Max got their HR title, and Keith Harrison and Stoney also got their HR title. Now to continue that training and get ready for those Finished tests. The spring Hunt Test Season will be here before you know it, so get out and get those dogs ready for whatever level you will be running. My wife, Natalie, has decided to get into the game, and she will be running her pup,

Fly. I will need a little patience with 2 new ones to help train.

Texas finally got some rain, which brought much-needed moisture to the state. Now for those ducks to cooperate as waterfowl season gets underway in the great state of Texas. This is also a time to remember that Gun Safety is not only important in Tests but especially in the Field, as we now have live ammo. Weather safety is also important in waterfowl hunting as we may be boating as well as wading in cold weather. Remember to check the weather forecast and bundle up you and your dog. I hope ya'll have a great waterfowl season, and be sure to enjoy those times with family. May you have full straps and full hearts!

Lonesome Dove HRC - Bryan Parks, President, www.lonesomedovehrc.org.

Lonesome Dove HRC's October club training and meeting day was hosted by Nick and Susan Parsons of Bangs. Our day's emphasis was on upland since several of our members planned to run fall upland tests.

To say it was well planned is an understatement because our member, Bonnie Parkhill, and HRCH UH Harley earned their UH Championship at the newly formed Cimarron Valley HRC's upland test!

Congratulations to LDHRC members participating in Gateway Retrievers Fall Grand: Mark Freis, Kyle Alldredge, Courtney Prater, Julianne Mitchell, and Ryan Compton. Ryan Compton came away with six Grand passes, and among those dogs he handled were Alldredge, Prater, and Mitchell's dogs.

Upcoming event: November 16 & 17 is a club training seminar to be led by long-time HRC member Steve Riggins of Slaughter, Louisiana. Twenty-five members are signed up to attend this event. Steve intends to cover basic puppy training all the way to a finished dog. On Sunday, a hunt test scenario will be set up, and handlers will be critiqued.

Lonesome Dove HRC would like to welcome our newest members: Greg Carney of Granbury, Trey & Colleen Birdwell of Salado, and Russell & Christy Porterfield of Florence.

The last hunt test for Northeast Texas was a great turnout, and we would like to say thank you to all the judges, volunteers, bird technicians, handlers, and amazing dogs who showed up. It never seems to amaze me with the amount of support for people who just seem to jump in and help but also the amount of support and cheering for each other. This September test was full of several memories and accomplishments, from nervous handlers being their first run to bath titles to the 500 Point Club. The weekend was one to remember.

To finish out the hunt test season, owners and trainers/handlers were getting ready for the drive to Saint Louis, MO, for the HRC Grand. Northeast Texas Club would like to say, "Congratulations to the breeders, owners, trainers, and amazing dogs" that competed.

True Hunting Partner

It's always the famous ol' question: where does the time go? Seems like we were just getting our gear ready for dove season and now we are already breaking in our duck decoys in some places. So, during this off-season, have fun and enjoy your hunting partner. It's not about the limit you kill; it's about the memories you make with that first-time duck hunt with your dog or making another season with your seasoned dog. It's about those times you get skunked and even miss; those are the times you can look back and laugh at and remember.

Besides the hunting, the real foundation to hunting is the time you and your dog are sitting there, taking in the moments before the sunrise and the quiet sounds of nature and soaking in the beauty of what God created. Those connections you and your dog can enjoy together and those memories together are the ones that last a lifetime and are memorable. So do not let the time pass this off-season without enjoying the blessings of your true hunting partner.

Great Plains HRC – President, Nate Krizek, Kearney, NE, natekrizek@yahoo.com

Great Plains HRC has finished up the Hunt test season with one final trial to add to the club. Jason Miley and Virgie earned their hard-won HRCH title at one of the final hunt tests within driving distance. The rest of the club has switched gears to hunting season with a few Teal being harvested. The Pheasant opener was on October 26, and the bird numbers were much higher than average. The dogs played a key as birds were sitting very tight in the heavier-than-normal cover and were very hard to find once shot. No idea what duck season will bring; I personally have forgotten what a wild duck looks like when it's not being thrown from a winger.

Our club members had the opportunity to volunteer at a couple of Pheasants Forever Youth hunts to help retrieve birds and do training demonstrations. It's always fun working with the next generation of hunters and handlers. Although, at this year's training demonstration, when I told the kids they could use a DVD to help learn dog training, I then had to explain what a DVD was...

KCHRC members have been having a busy fall! We hosted a fun training day in September that included a little trap shooting after training. Then, in October, we were busy running tests and had 11 KCHRC members make the drive to Saint Louis, MO, for the HRC International Grand! Some had the great honor of running their talented retrievers in this prestigious event; others came to help work by running set-up dogs and test dogs, working as Flight Directors and Flight Marshals! It was such a great experience watching some amazing dogs, reuniting with HRC family, and making new friends!

Mt Rushmore HRC has had a good year. A successful hunt test, many group training days were well attended, and we gained some new members. So now is the time of year that we as a group, "conceived by hunters for hunters," love hunting. With the pheasant season open here in South Dakota, the pheasant capital of the world. Members are out with their retriever partners doing what they love and what we train for in the off-season. It seems like this year has

flown by, and as I get older, I am aware that every year is a blessing; every dog in my life has been a blessing and a learning experience. As a club, we will have an election of officers meeting in January, and we are always thinking about and working on how to improve our next year's hunt test. We hope everyone has a great hunting season and Happy Holidays.

We are full on into the 2024-2025 Hunting season, and with our 1st snow flying this week here in Colorado, we are all very hopeful that the Ducks and Geese will soon arrive! The Pheasant Season opener is this coming weekend, and I am sure many of us are already packing bags and loading Kennels to head off to our favorite hunt sites. Finally, after all the training with our 4-legged partners this past year, we can now put these friends in the field/river/lake and let them do what they do best... and that is hunt!

Some of us have been lucky enough to travel out of state recently to chase birds, and some of us have had early success much closer to home. We also had a few members, John Brown and Curt Lacey, set up a Youth Hunt for some Geese recently. From the pictures, it looks like they

had. Great time... and snacks.

We also want to recognize several incredible achievements from PVHRC Club members:

- Alan Goff and Beque went to Missouri in October (2/2 on the weekend...again) and have now reached the Hall of Fame, hitting 1,000 points! Congrats to this great team.

- Tom Waskosky and Ming reached 1,000 points at the Western Colorado HRC Test and is also a new member of the Hall of Fame. Way to go, Ming and Tom.

- Mike Schwann and his pal Louis. I mean, what can you say... Louis has now passed his 6th (6xGRHRCH) at the Fall Grand, and you both deserve a BIG ol' congratulations on that achievement.

We want to tell all our PVHRC members and everyone in HRC across the country to have a "great" and safe Hunting Season. Best of luck to everyone.

I'm writing this club report as I'm sitting in the duck blind surrounded by good friends and good dogs, and hope you all have been able to do the same this season! The funny thing is, these friendships were formed because of our dogs. It's remarkable to be able to sit and enjoy all the training over the summer and reap its benefits during hunting season. With all that's going on in the world around us, it's a good reminder to keep perspective on the things that truly matter. Having good friends and making memories is always at the top of that list. We have many club members getting on some great hunts! We also got to cheer on Joe Gioia - club president, and his dog Merlin at the HRC Grand. Joe was the first SVHRC member to train and run his dog in the Grand and made it all the way to the 4th series. That all being said, we want to wish you all a happy and very safe hunting season. First, I would like to thank everyone who participated in the SCHRC Fall Upland Hunt Test in Divide, CO, and I hope everyone had a great time! I would also like to send out a special thanks to the judges and club members who worked so hard to make this a successful event! THANK YOU!

With that, the fall hunting seasons are upon us and club members are having successful hunts in many of the western states. Early snowstorms have provided lots of snow and cold at the beginning of November, with some areas of Colorado receiving over 36 inches of snow. Hopefully, the wintery trend will continue up north and will push more waterfowl into Colorado throughout the season.

Also, a very special congratulations goes out to SCHRC club member Aric Hanson and GRHRCH Double 00 Maddie's Mea MNH4 for achieving their Grand Hunting Retriever Champion Title at this year's 2024 HRC International Fall Grand. Congratulations, Aric and Mea, what a great accomplishment!

Lastly, SCHRC is in the beginning planning stages for our 2025 Spring Hunt Test, which is planned to be held on April 5th and 6th, 2025, at the Lake Pueblo State Park in Pueblo West, CO. We hope that you will put that on your calendar and join us for a great weekend.

Cascade HRC is planning our spring test on the second weekend of April 2025. We'll have a Regular hunt *and* an Upland hunt on Saturday. Sunday will be a Regular hunt only.

Our test is the filling in the sandwich between the WSBC test in Corning, California, and the Salt Chuck HRC test on Vancouver Island. There will be three weekends in a row with both Regular and Upland points available. We've been hoping to schedule tests back-to-back to make a trip to Region 14 worthwhile. 2025 will start off with a bang!

Meanwhile, hunting season is in full swing. The weather has turned a little bit nasty, and the birds have come down from up north. The rain isn't ideal for pheasants, but the dogs don't care. Enjoy and be safe!

Lower Columbia HRC, PRESIDENT: Dave Carey, SUBMITTED BY: Dave Carey

We are currently getting our training days set up for 2025. A Judges/Handlers seminar is set for January 18, followed by our Annual Banquet celebrating the 2024 season. Our hunt test dates are tentatively set for the third weekend in June. Saturday and Sunday will be Regular

hunts, and then we will hold a double Upland on Monday. Waterfowl hunting has been ongoing and will continue into January 2025. Cacklers have arrived in big numbers in the Willamette Valley. Upland on the east side of Oregon has been exceptionally good this year for Chukar. Enjoy the hunt, and be safe.

Our dogs are enjoying the freedom of hunting, and we are rewarded for our hard work over the spring and summer with dogs that are competent and trustworthy companions. The Salt Chuck Hunting Retriever Club held a fall training day at the end of October at the Swallowfield Estuary on Vancouver Island. The day was well attended, with a few new members and spectators coming out to watch. The weather was a typical fall day with a mixed bag of sun, wind, and rain, which allowed members to test out their winter wet gear! Rick Roberts set up a lining drill which he demonstrated with his dog.

Members were encouraged to try the drill with their dogs while waiting to run the mark setup. Three marks and a diversion bird were set up and could be run in any combination, depending on the dog's level of training. "Patience is a virtue," and a variety of holding blinds were set up to allow for practice with dogs waiting in, moving between, and going to the line. As always members were instructed and practiced gun handling and safety. A great day was had, and we are looking forward to the next one.

Salt Chuck HRC is planning to host one training day a month; we have two planned training days and one open training day remaining for 2024. We will be holding our AGM/Training Day on January 19, 2025.

Our spring test will be held during the third weekend in April 2025. There will be a Regular two-day test and then a double Upland test on Monday at Swallowfield, north of Duncan, BC. This is a new date and follows the WSBS test in California on the first weekend of April and the Cascade HRC test on the second weekend in April. Make plans to travel from South to North for three back-to-back-to-back tests—a great opportunity to gather a bunch of points.

Five Valley Retriever Club - No Report Submitted

Treasure State Retriever Club, Mike Heard, PRESIDENT, and Margo Ellis-Lingohr submitting report

By the time this article hits our members, we will be just about closing out our hunting season. I know many of our members have been hitting it hard but the weather hasn't been helpful for ducks as much as we would have liked. The upland birds have been a bit better, but still not as good as we would like.

This year with the club has been extremely busy but also very stressful due to the high fire dangers we experienced early in the year. Mike Heard and the BOD had to make some difficult decisions to cancel several events and even some of the benefits to our members to camp on the grounds but these decisions are, and were, necessary to protect our grounds.

On a more upbeat note, 2025 is shaping up to be another busy year. We will again be hosting SRS and possibly another seminar with Clark Kennington. Our HRC test will again be in July, but we moved it out 1 week to allow the grounds a little rest between events.

So, in closing, watch the website and Facebook for updates on events.

SUBMITTING REPORT**

Members of South Hills are currently enjoying hunting season, with many of our members on the prowl for ducks, pheasants, and other fowl. We had two of our members make the trek to St. Louis to participate in the Fall Grand.

We have been busy planning our spring events starting with our annual banquet held in conjunction with our sister AKC club and participating in our local Sportsman Show in March. We are also planning our spring training days and a seminar with Bob Owens in April.

**Mountain West Hunting Retriever Club,
Christian Martir, PRESIDENT,**

Mountain West HRC Club members gathered on September 15th for their first annual preseason tune-up to prepare handlers and dogs for the coming waterfowl hunting season. Dogs experienced spinning decoys, splashers decoys, and a full spread of land and water decoys that most will see during the season. During our training day, we were pleased to also gift our club photographer Jade of Salty Photography, with her very own custom handlers jacket! Jade has been with MWHRC since the beginning and has helped provide so many great moments for our handlers during training days and tests! Also, the Club's president made the trek to Missouri to attend the Fall Grand. Unfortunately, his 2 dogs didn't come home with green but returned to Utah with a lot of knowledge to share. MWHRC wraps up its first year by having 4 training days and one hunt test bringing in attendees from all surrounding states. As club members are in full swing of hunting season, the prep for the 2025 year continues!

OFFICIAL NOTICE OF ELECTION OF OFFICERS FOR HRC, INC.

Election of Officers for the 2025-2026 term of office for the Executive Committee of Hunting Retriever Club, Inc. will be held at the Annual Board of Directors Meeting on Saturday, June 14, 2025, in St. Louis, Missouri.

Offices up for election: President, Vice-President, Treasurer and Secretary

To be eligible for nomination as a National Officer of HRC, the following requirements must be met:

1. Such person will have been a member in good standing of HRC, Inc. for at least one year.
2. Such person will have been a member in good standing of his/her designated home club for at least one year.
3. Such person shall have held an office in their designated home club.
4. An Officer of the person's home club seeking nomination is the only person that is authorized to recommend an individual for a National office.
5. The Nominating Committee must receive all completed paperwork by **midnight, March 1, of the election year.** If there are no qualified candidates seeking office, then nominations may be made from the floor, but requirements 1-3 must be met.
6. No self-nominations.

Nominations must come from an officer of the nominee's designated home club. Upon receipt of the nomination, verification of the nominee's willingness to accept the nomination, and verification of meeting the qualifications as stated above, he/she will be provided by a nominating committee member a national officer questionnaire to be completed and returned to the committee chairperson along with a photo for publication on the HRC website and in the **HUNTING RETRIEVER** magazine.

The deadline is **midnight, March 1, 2025** to return the completed questionnaire and photo to the nomination committee chairperson. The nomination committee chairperson will organize and submit all candidates to the managing editor prior to the magazine publication deadline (March 14, 2025).

Hunt Reports

The number of dogs who earned Champion points indicates those dogs participating who were UKC registered on the day of the hunt.

Attention Clubs! Your hunt report write-ups and photos must be sent to your Region Public Relations Rep to be included in your club's region report. This allows you to share your hunt & club news in one section!
This issue contains all 2024 Event Reports processed from September 16, 2024 through November 15, 2024.

HUNTING RETRIEVER CLUB, INC. Point Club RECOGNITION PROGRAMS

The 500, 1,000, 1,500, 2,000, 2,500, 4,500 & 5,000 Club Programs are recognition programs for HRC members who own dogs achieving 500, 1,000, 1,500, 2,000, 2,500, 4,500 and/or 5,000 UKC Championship points in the HRC Hunt Test & Upland Hunt Programs.

The HRC member-owner of the dog must be a member in good standing with HRC, Inc. for a minimum of 12 months prior to the time the dog earns the qualifying Championship Points (500th for 500 Club & 1,000th for 1,000 Club, etc.).

HRC recognizes the 100 Championship points that count toward the retriever's HRC title & all additional points (including Preliminary Hunts) earned in Finished, Grand & Upland Hunt Tests toward the Point Clubs.

The Programs consist of the awarding of a specially designed distinctive jacket

Following are additions to the list of all dogs & their owners that have met the qualifications for the clubs, compiled as of November 15, 2024.

Notice of Suspension

UKC makes every attempt to maintain an accurate and up-to-date "Notice of Suspension" list, and the list is updated regularly. However, as there may be lag time between disciplinary action and adding an individual to the list, and also because mistakes and omissions can and do happen, UKC will not guarantee the accuracy of this list. If an individual is in question, customers should call UKC directly to obtain the most up-to-date information regarding that individual's disciplinary status. UKC can only confirm or deny a person's disciplinary status and cannot provide details on that person's case.

The following is an updated list of individuals who have been suspended or barred until the date indicated. During the period of suspension or barring, a person who is suspended or barred may be prohibited from, but not limited to, one or more of the following:

1. They are barred from registering any dogs in their names (joint or individual ownership). They may, however, transfer any dogs currently registered in their names (joint or individual ownership) to another individual(s), except they may not transfer dogs to any member of their families, spouses, or companions. Companion is defined as anyone who resides at the same address as the suspended individual.
 2. They are barred from registering any dogs in their names (joint or individual ownership) and they may not transfer any dogs currently registered in their names (joint or individual ownership).
 3. They are barred from registering any litters and from signing any litter registrations in any capacity. No offspring of a dog registered in their names (joint or individual ownership) is eligible for registration with UKC.
 4. They are barred from entering or participating in any way in any UKC licensed event, including, but not limited to, co-owner, handler, back-up handler, judge, guide, spectator, or UKC licensed official.
 5. They are barred from holding office in any UKC approved club or association.
 6. No dog registered in their names (joint or individual ownership) may be entered or participate in any way in any UKC licensed event.
 7. No championship points, wins toward a title, or monetary payouts from any UKC specialty program will be awarded for any dog registered in their names (joint or individual ownership).
 8. They are barred from advertising in any UKC publication or UKC internet site.
- Any violation of these sanctions or any other UKC rule or policy during the time period in which the individual is barred or suspended may result in their being suspended indefinitely.

Registration of Gun Dog Litters Sired by Non-UKC Registered Sires

This option allows for litter registration of pups sired by a non-UKC registered sire, provided a copy of the sire's Proof of Registration from an acknowledged registry is included with the Non-UKC Registered Sire Litter Application. As always, the dam of the Non-UKC sired litter must be UKC registered and of the same breed. Please visit us online for a Non-UKC Registered Sire Litter application and details (<https://www.ukcdogs.com/non-ukc-sired-litter-registration>), or contact us directly at the email address noted below.

The fifteen (15) eligible breeds include: Beagle, Boykin Spaniel, Chesapeake Bay Retriever, Curly-Coated Retriever, Flat Coated Retriever, Golden Retriever, Labrador Retriever, Brittany, English Pointer, English Setter, German Shorthaired Pointer, German Wirehaired Pointer, Hungarian Wire-Haired Vizsla, Irish Red & White Setter, and the Vizsla.

UKC Registration/Point Check Information

How To Register A Dog With UKC

Litter Registration - The preferred and most economical method of registration for breeders. This method of registration must be applied for before the litter turns six months of age, and both the sire and dam must be permanently registered with UKC before the litter can be registered. An Application for Permanent Registration is issued for each puppy in the litter. Form to use: "Litter Registration Application." www.ukcdogs.com/docs/registration-forms/litter-registration-application.pdf. Litters may also be registered online at www.ukcdogs.com/litter-registration.

Litter Registration Option for the following breeds when the litter is sired by a non-UKC registered sire: Beagle, Boykin Spaniel, Chesapeake Bay Retriever, Curly-Coated Retriever, Flat Coated Retriever, Golden Retriever, Labrador Retriever, Brittany, English Pointer, English Setter, German Shorthaired Pointer, German Wirehaired Pointer, Hungarian Wire-Haired Vizsla, Irish Red & White Setter and Vizsla. Online litter applications are not available for this option.

A copy of the sire's Proof of Registration from an acknowledged registry must be included with the application. Submission of a complete 3-generation pedigree for the sire is encouraged, but not required. As always, the dam of the non-UKC sired litter must be UKC registered. This litter registration application can be downloaded from www.ukcdogs.com/non-ukc-sired-litter-registration

Single Registration - For dogs over one year of age that were eligible for UKC litter registration but were not litter registered. Also for dogs currently registered with another registry that is acknowledged by UKC. Single registration rules may vary according to breed. Single registration is available online (for most breeds) at, or forms can be downloaded from, www.ukcdogs.com/single-registration

Sole Signatory - Dogs may be registered to up to four owners, and those owners must determine who will be the person responsible for any changes to a dog's registration status. This process is in no way determined or mediated by UKC. All parties involved will be required to sign a Signatory Designation Form, on which they will consent their agreement of their chosen signatory. The sole signatory policy became mandatory April 15, 2013. A sole signatory is required for all litters and dogs registered to co-owners. Any "and/or" partnerships established prior to April 15, 2013 remain in effect and continue to be enforced. Form to Use: "Sole Signatory Designation Form". www.ukcdogs.com/docs/registration-forms/sole-signatory-designation-form.pdf

Performance Listing - For UKC recognized breeds of unknown ancestry and/or that may or may not have disqualifications as described in the corresponding UKC breed standard, as well as unrecognized breeds (includes mixed breeds). All dogs accepted for Performance Listing (PL) are eligible to compete in UKC Performance Events, but not all breeds are eligible for every event. **To participate in HRC events, PL dogs must meet the requirements to be listed as one of the breeds in the Gun Dog group, and are required to be spayed or neutered.** PL dogs do not carry full registration privileges. No litters may be registered from a PL dog and no pedigrees will be maintained. PL numbers allow UKC to maintain the dog's competition history only. Form to use: "Application for Performance Listing (PL)." www.ukcdogs.com/docs/registration-forms/performance-listing-application.pdf

All forms may be obtained by contacting the Registration Department of the United Kennel Club at 269-343-9020, emailing registration@ukcdogs.com or by visiting the website at www.ukcdogs.com.

How Do I Check My UKC/HRC Hunt Points?

Go to www.ukcdogs.com/points-check to do an online Points Check; call 269-343-9020; email huntingops@ukcdogs.com; or write United Kennel Club, c/o Hunting Ops Department, 100 E Kilgore Rd, Kalamazoo MI 49002-5584. UKC will be able to give you the number of points the dog has earned. The dog's UKC registration number, the dog's name, and the owner's name will be needed.

It is important to keep a copy of the pass receipts from all the hunts for your records. Points will not be credited to a dog until the official UKC Hunt Report has been received at UKC

YOUR ADS NEED NOT BE CAMERA READY! LET OUR TALENTED DESIGNERS PREPARE YOUR AD TO YOUR SPECIFICATIONS. Prior to submitting "camera ready" advertising copy to HUNTING RETRIEVER magazine for publication, please call the advertising department at (269) 343-9020 for specific guidelines.

UKC accepts all advertisements placed in HUNTING RETRIEVER in good faith. Purchasers should independently conduct any relevant research needed prior to acquiring animals, products and/or services from advertisers. UKC is not responsible or liable in any way for potential issues arising out of sales by advertisers, including but not limited to: dealings between advertisers and purchasers, actions and promises made by advertisers, or quality of products or animals sold by advertisers. Please note: The use of trademarked or copywritten material without the authorization of the owner or any licensee is a violation, and leaves the advertiser and publication open to lawsuits, monetary damages and attorney fees.

PHOTO REQUIREMENTS

- Photos sent via e-mail must be at no less than 300 dpi and sent in tif or jpeg format.
- We prefer to not use printouts of low-end digital photos. We will evaluate any that are sent in and notify you if we question the quality.
- If hard copies of photos are being submitted, photos in the form of 35 mm glossy prints reproduce the best. Please note: do not cut your photos. If you want them cropped, just indicate how you want them cropped. We will crop them electronically without harming the original photo.
- Please include a stamped, self-addressed envelope to ensure the return of your valuable photos.

All of the information on the order form must be completed. There needs to be two different contact phone numbers. If the delivery service cannot reach anyone to confirm delivery, they will not deliver the order. You must also include the zip plus postal code. There is a link on the HRC website to USPS Zip Code Lookup.

If you are having the order delivered to a residence, there has to be someone home in order to receive the delivery, and the accepting person is expected to unload the food off the truck or pay the lift gate service fee to the delivery company.

All of the above information is also available on the HRC website, www.hrc.dog Please contact Tammy Cobb - HRC Administrative Coordinator if you have questions. Phone: (269) 364-2054, Email: tcobb@hrc.dog

*U.S. Clubs only. Purina Support is not available in Canada.
