WINE STORAGE COLLECTION

ENTERTAINING AT HOME

 **DOMETIC** HOME

DOMETIC DRAWBAR

Recreate the feeling of a perfect evening out in the comfort of your own kitchen. DrawBar allows you to uncork your wine and serve it at the optimal temperature, at just the right moment. Blending elegantly into your cabinetry and adding a unique finishing touch to your home.

DrawBar is an elegant compact design. Choose from two models, 60cm glass front or panel-ready that fits any standard 24 inch cabinet. Soft illumination showcases your bottles when you open the drawer. Your wine is in good hands.

DrawBar 5C

60cm glass front option shown. Panel-ready model also available for installation in standard 24in cabinet

TAILORED TO YOUR TASTE

Dometic DrawBar's compressor-cooling technology and built-in humidity tray create the ideal controlled environment for chilling wine before serving. As the pioneers of cooling technology, you can trust Dometic to provide a reliable and professional performance. Bring out the complex flavors in your glass by serving wine at the optimal temperature. The Dometic DrawBar stores your bottles at one of five pre-set temperatures suitable for a variety of wines from full-bodied reds to crisp sparkling wines.

Controlled storage

Powerful and efficient compressor cooling technology and humidity control tray

A perfect wine experience

Optimal serving temperature for different types of wine: 63°, 57°, 51°, 45°, 41° degrees fahrenheit

BUILT-IN WINE COOLERS
