SPACES

THE BERT & TOT BALLROOM

Encompassing the upper level of the building and elevated above the bustle of Bell Street, the Bert & Tot Ballroom is a bright and airy space with daylight streaming in from three sides. The ballroom is a blend of luxury and industrial chic with wide plank oak floors, brick and board-formed concrete walls, leather-wrapped columns, blackened steel, and massive old-growth timbers.

THE EWING THEATER

Equipped with an expandable DMX control lighting system and state-of-the-art AV equipment, it's got everything you need for an intimate reception or for the party of the year!

Modern amenities in the theater are thoughtfully blended into the historical elements of the building's lower level with raw, board-formed concrete walls, unfinished Douglas fir support structure and polished concrete floors.

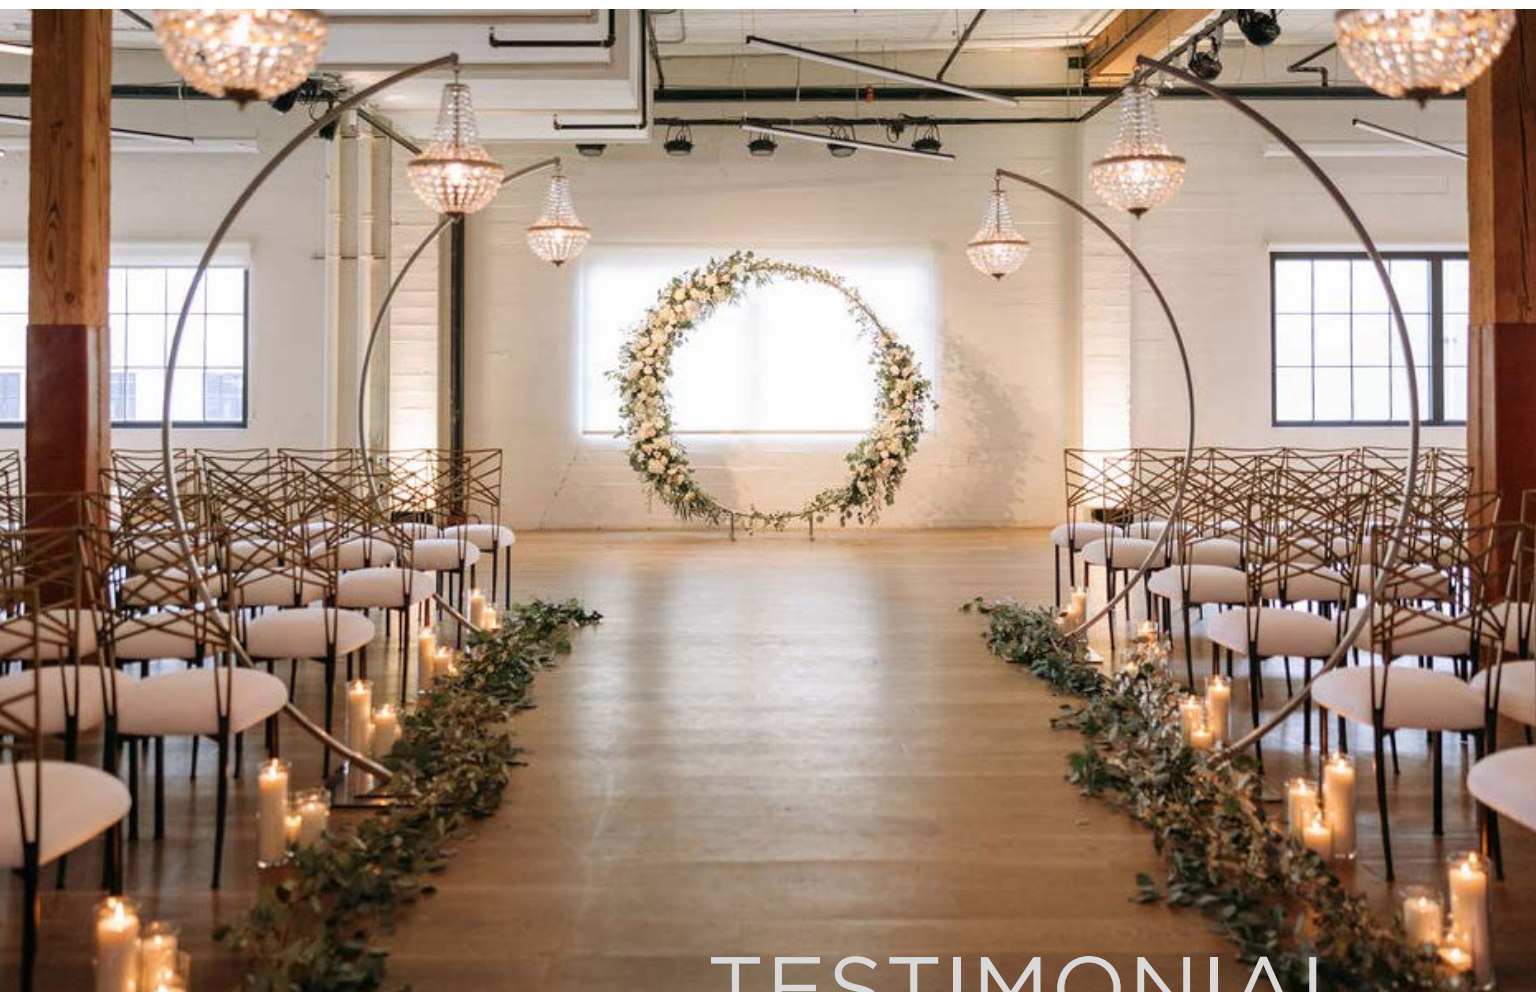

TESTIMONIAL

“ My husband and I absolutely loved having our wedding at Block 41. The venue is stunning, and the customizable lighting enhances its beauty. The space is huge, and we were fully able to utilize the two floors and outdoor courtyard for our wedding.

TESTIMONIAL

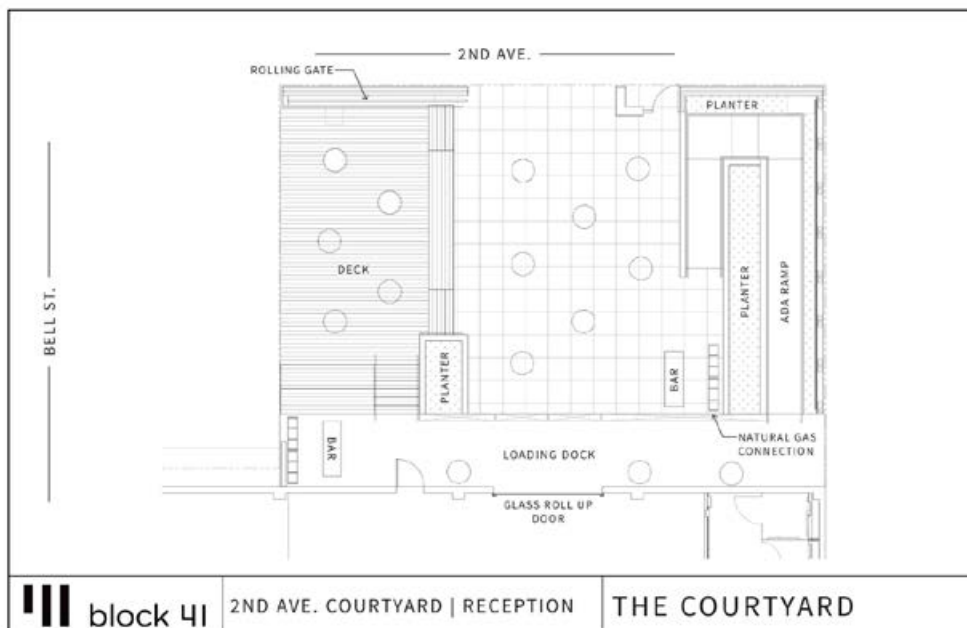

We loved EVERYTHING about having our wedding at Block 41! The venue itself is stunning -- its "industrial chic" aesthetic was exactly what we were looking for and gives you lots of options to customize the look if you wish.

THE COURTYARD

The Courtyard is Block 41's secret garden. Tucked into the heart of busy Belltown, this secluded outdoor space is private and serene and at the same time energized by the surrounding presence of the city. It is a landscaped garden of delights, from the whimsical "Greetings" mural by graffiti artist Victor Yong to the magically illuminated stainless steel fence created by artist Stephen Hirt. The Courtyard's 12-foot tall living wall and evergreen landscaping introduce nature into the space creating a welcoming oasis within downtown Seattle. The large ipé wood deck is perfect for banquet seating whether open to the stars or tented. The Bert & Tot Ballroom merges seamlessly with the Courtyard through a large glass roll-up door.
