Warranty

t radius	Structure	25 years
6.69 lbs	Steel	15 years
S235	Paint	2 years
81.69"	Plastic	5-10 years
	Rubber	1-3 years
	Moving parts Detailed information in the warranty document	2 years

Material specification

The element is made of high quality S235 steel, which has been cleaned via sandblasting. A corrosion resistant powder coating finish is then applied. Also available with galvanized surface for even greater protection and longevity!

The clamp system allows for easy assembly and extreme stability.

The connecting elements are fastened with vandal-proof stainless steel screws and nuts.

The ends of the bars and posts are sealed with injection-moulded plastic caps.
