THE STORY

If you've been following the work of Ogilvie Merwin Vintners (OMV) - either through Silt Wine Company, Fellow Wines of Clarksburg, or the old days of Muddy Boot, you know David, Tom, and Phil have a passion for the Clarksburg wine region. They were born and raised in Clarksburg and still call it home today.

At OMV, we believe Clarksburg is uniquely positioned to serve the greater Sacramento region and all visitors who travel through this region as a tourism excursion and wine tasting experience.

For this reason, we have created EnjoyClarksburg.com. In short, we built this website to be a "guide to all Clarksburg has to offer." We strive to accomplish the mission by targeting three goals: being a source of information, providing a lead generation tool for wineries, and showcasing Clarksburg wines in our online shop.

Featured Wineries

ALL WINERIES

Heringer Estates

We are called to leave this land healthier and happier for future generations through dedicated sustainability in our vineyard and wine-making practices.

FIND OUT MORE

Elevation Ten

Just 15 minutes from Downtown Sacramento, our little town of Clarksburg, in Yolo County invites you away from the city life and into a thriving agricultural community ready to welcome you home; even if just for an afternoon.

FIND OUT MORE

Three Wine Company

Three Wine Company is much more than a business. It is a family winery focused on sustainable growing, coupled with a hands-on wine experience.

Sparkling Brunch at Silt Wine Company

Latin Night at Heringer Estates

Comedy Uncorked at Grand Island Vineyards

Wine Tasting & Fine Art Auction by

Harvest Sessions at Silt Wine

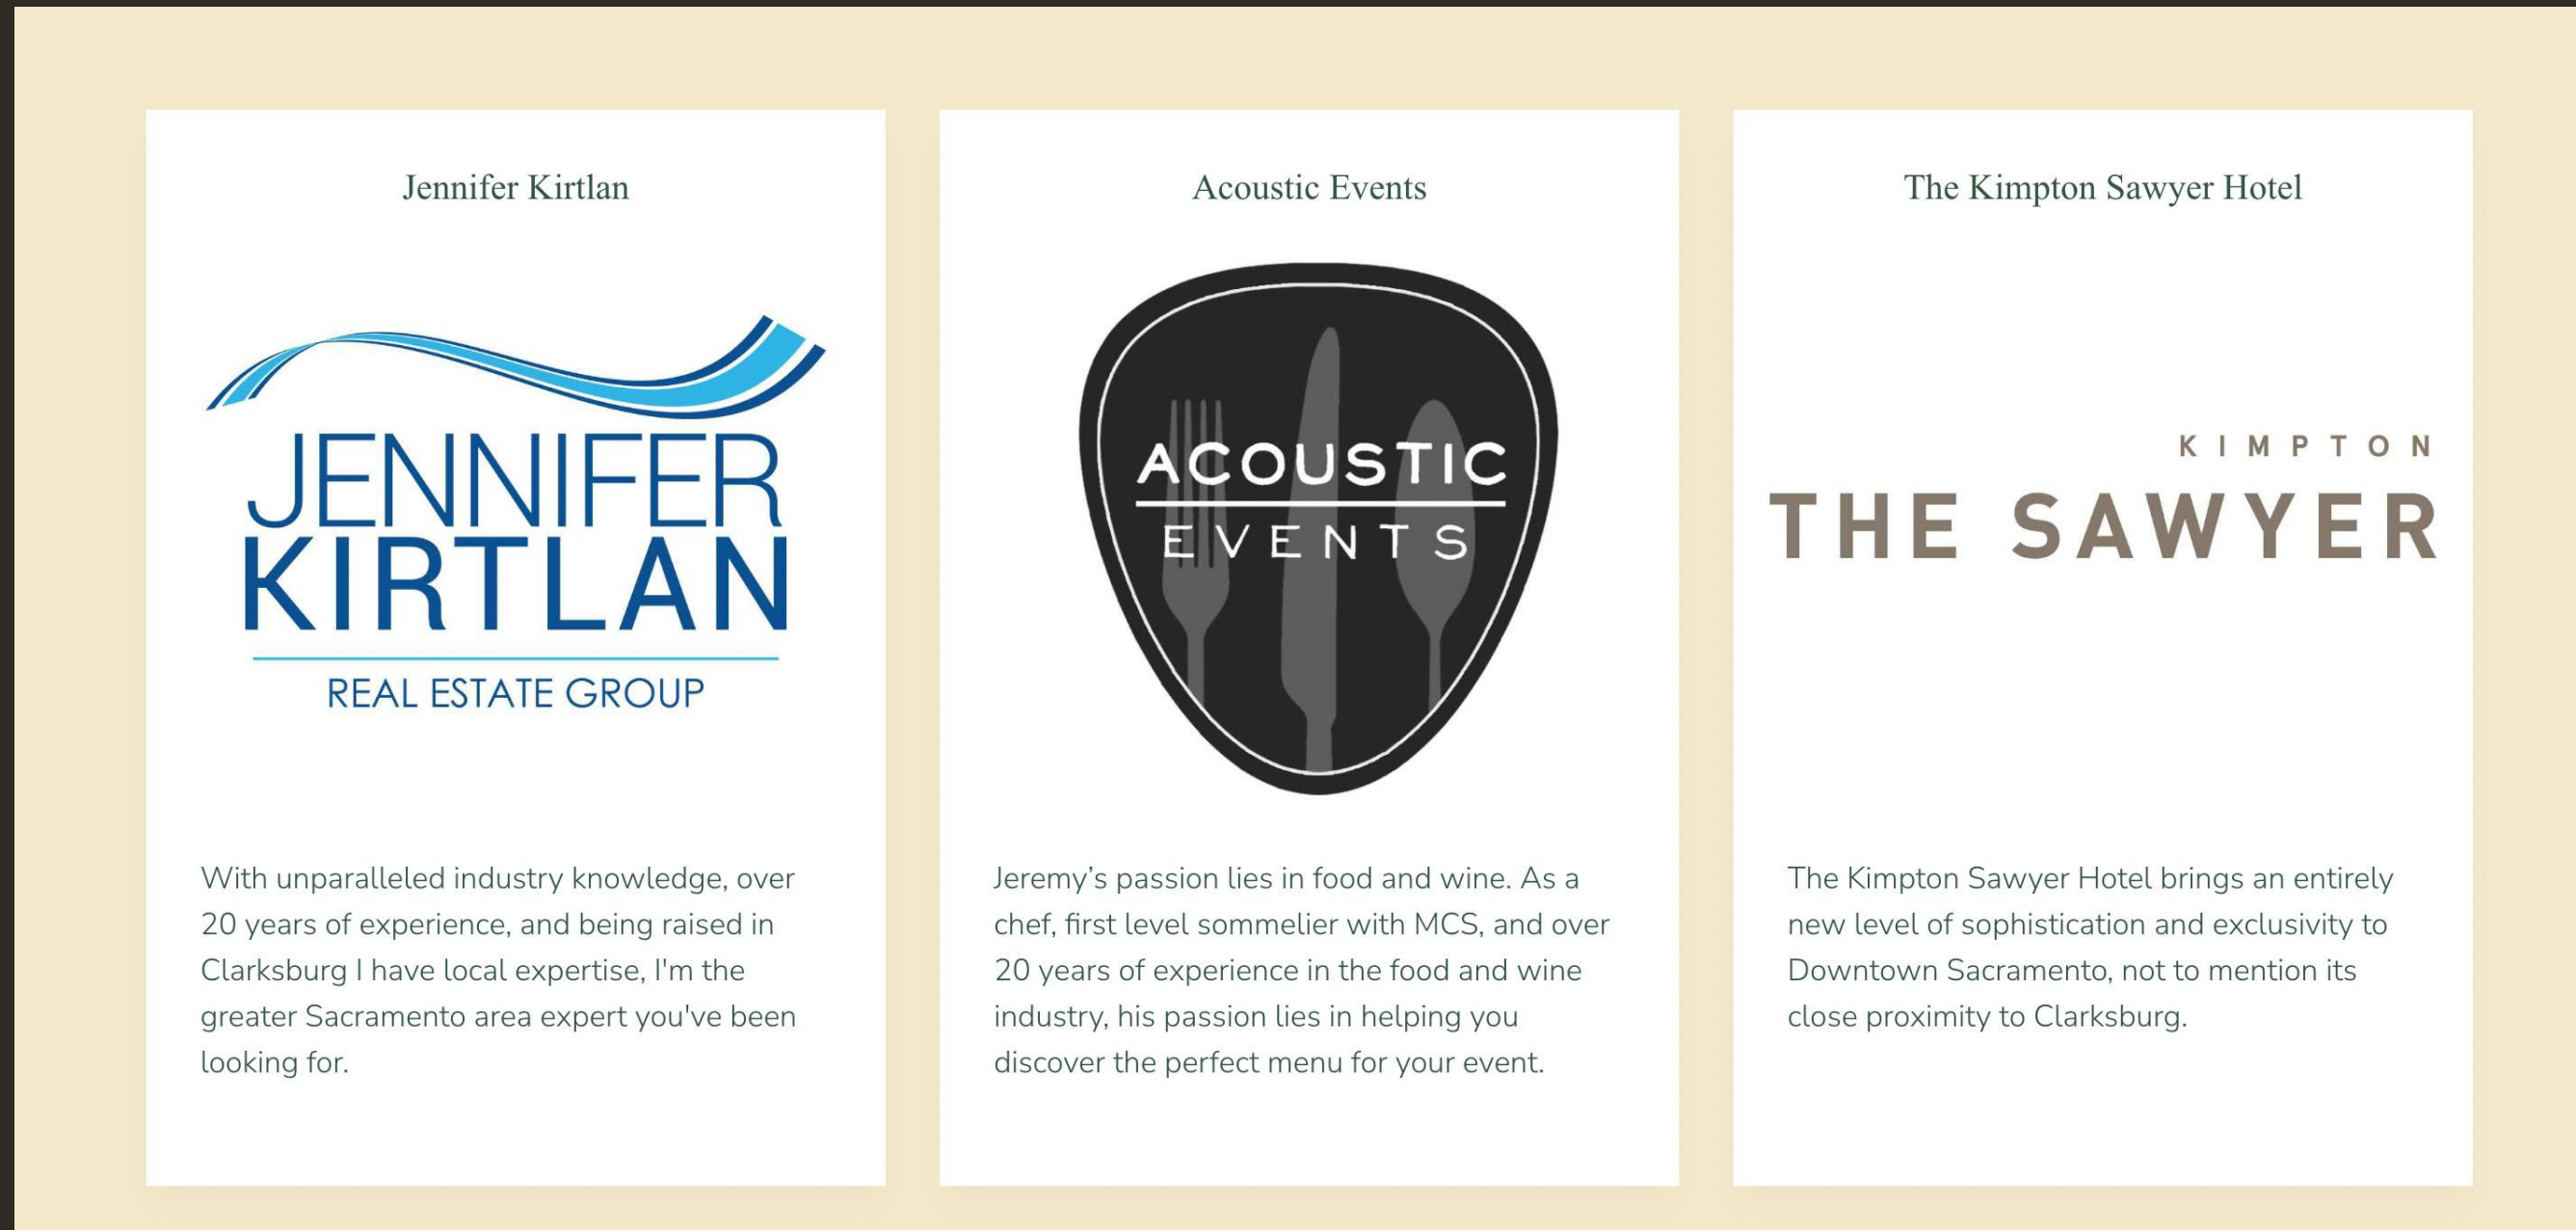

INFORMATION SOURCE

We strive to be an online source of information about the Clarksburg Wine Region. We want to continue to promote Clarksburg, its wineries, rich history, and small businesses.

We believe that the more people know about Clarksburg, the more our local economy grows and becomes more sustainable as a wine region. We will provide any new events/news about the region and its wineries, data-backed/education summaries about our region, preferred venues/hospitality, self-guided tours, and more.

LEAD GENERATION

We want to be a lead generation tool for participating wineries and Allies to drive traffic to their tasting rooms and events. As an Ally, we want to drive traffic to your website and be a lead generation tool providing you with new business. Furthermore, we plan on hosting video tours highlighting wineries, their winemakers, and their wines. As an Ally, your business will be highlighted as well, and you would be featured on our "Allies" page with a dedicated bio page which links to your website.

WINE SHOP

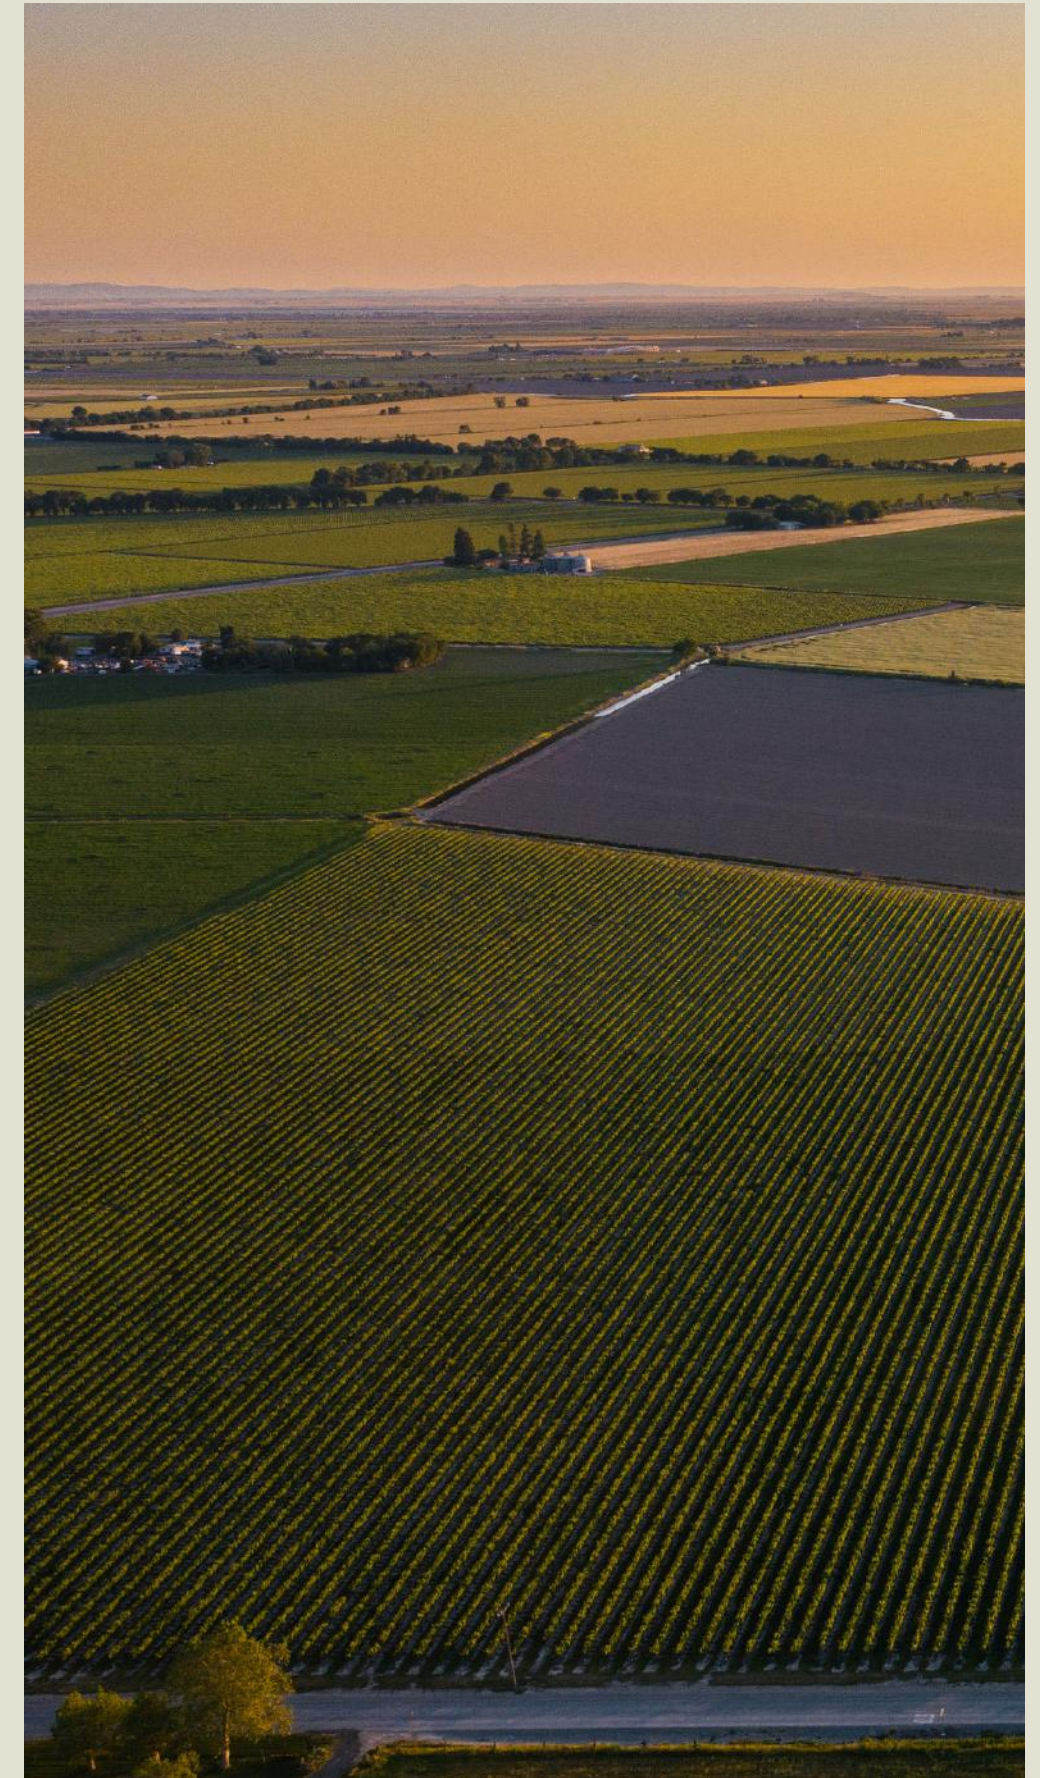

We are an online wine shop where consumers can discover and purchase wines from Clarksburg. With our type 17 and type 20 ABC license, we buy wines made from Clarksburg fruit to sell through our website. We buy at wholesale prices and take a 40% margin so you can easily determine what the front-line price on our website will be. You set the price.

Additionally, we offer a 3 bottle wine subscription. Each subscriber will have access to every Clarksburg wine in our online shop.

Each wine has a tie to our local Clarksburg Wine economy.

YOU'RE INVITED

As an Ally, we are looking for businesses that believe in the Local Clarksburg Tourism economy and who want to see it grow in popularity regionally and nationally. As an Ally you will receive:

- A featured spot on our Allies page, including your logo/image, short bio, contact info, and link to your website
- Inclusion of your business in monthly emails sent to our email network
- Inclusion of materials you provide in all subscription shipments
- Mentions on our Social Media platforms
- A monthly email list of email subscribers for your own email list

(tag and share your #enjoyclarksburg photos for a chance to be featured!)

Your monthly guide to enjoying Clarksburg as much as we do.

As we near the end of Summer and begin to head into harvesting season, we remain ever grateful to call Clarksburg home. Our region continues to dazzle us with amazing sunsets, delicious fruit, and familial camaraderie in our community.

We've rounded up all the delightful happenings going on this month as it is our mission to #ShareClarksburg and support our local community of farmers, winemakers, small business owners, and families.

At Ogilvie Merwin Vintners, our mission is to be great for Clarksburg. We believe we can support our allies, wineries, farmers, restaurants, and those who provide services for this amazing region through [EnjoyClarksburg.com](https://enjoyclarksburg.com).

Will you be an Ally in our mission to be great for Clarksburg?
