THE STORY

If you've been following the work of Ogilvie Merwin Vintners (OMV) - either through Silt Wine Company, Fellow Wines of Clarksburg, or the old days of Muddy Boot, you know David, Tom, and Phil have a passion for the Clarksburg wine region. They were born and raised in Clarksburg and still call it home today.

At OMV, we believe Clarksburg is uniquely positioned to serve the greater Sacramento region and all visitors who travel through this region as a tourism excursion and wine tasting experience.

For this reason, we have created EnjoyClarksburg.com. In short, we built this website to be a "guide to all Clarksburg has to offer." We strive to accomplish the mission by targeting three goals: being a source of information, providing a lead generation tool for wineries, and showcasing Clarksburg wines in our online shop.

INFORMATION SOURCE

We strive to be an online source of information about the Clarksburg Wine Region. We want to continue to promote Clarksburg, its wineries, rich history, and small businesses.

We believe that the more people know about Clarksburg, the more our local economy grows and becomes more sustainable as a wine region. We will provide any new events/news about the region and its wineries, data-backed/education summaries about our region, preferred venues/hospitality, self-guided tours, and more.

LEAD GENERATION

 <h2>three</h2> <h3>Three Wine Company</h3> <p>Three Wine Company is much more than a business. It is a family winery focused on sustainable growing, coupled with a hands-on wine experience. Winemaker Matt Cline's philosophy is that: the dirt, the micro-climate, and sustainable wine growing (from vineyard to bottle) form the cornerstone of good winemaking, and is in every bottle three produces.</p>	 <h2>BOGLE</h2> <h3>VINEYARDS</h3> <h3>Bogle Family Vineyards</h3> <p>Our family takes great pride in making wines of exceptional character and quality. From vineyard to bottle, the highest standards are set, in order to create a wine that overdelivers each and every time.</p>	 <h2>ELEVATION TEN</h2> <h3>WINERY</h3> <h3>Elevation Ten</h3> <p>Just 15 minutes from Downtown Sacramento, our little town of Clarksburg, in Yolo County invites you away from the city life and into a thriving agricultural community ready to welcome you home; even if just for an afternoon.</p>

We want to be a lead generation tool for participating wineries and to drive traffic to their tasting rooms and events. Beyond being a source of information, we want to make an impact on your tasting room sales. Each participating Clarksburg Winery will have a page including information about your winery, tasting room, hours, and a link directly to your winery's website for any reservations. Any events you and your team host can be posted on our Events page. Furthermore, we plan on hosting video tours highlighting wineries, their winemakers, and their wines. These videos will also be included on your winery page.

WINE SHOP

We are an online wine shop where consumers can discover and purchase wines from Clarksburg. With our type 17 and type 20 ABC license, we buy wines made from Clarksburg fruit to sell through our website. We buy at wholesale prices and take a 40% margin so you can easily determine what the front-line price on our website will be. You set the price.

Additionally, we offer a 3 bottle wine subscription. Each subscriber will have access to every Clarksburg wine in our online shop.

Each wine has a tie to our local Clarksburg Wine economy.

COMMITMENT

What are we asking for to become a partner? – No cash commitment. *BUT*, to help pay the bills, we'd like to request 1 case of wine donated to us in April & October. We will use these wines to market your Winery and its wines. Partnership means we promote your winery more through our website, blog, and social media. If a winery chooses not to be a partner, they will still have a silent presence on the site.

At Ogilvie Merwin Vintners, our mission is to be great for Clarksburg. We believe we can support our partners, wineries, farmers, restaurants, and those who provide services for this amazing region through EnjoyClarksburg.com.

Will you be a partner in our mission to be great for Clarksburg?
