About Us

SEA & PORTS is a group of companies dedicated to the global maritime and port logistics industry. It has a deep expertise in transportation and logistics in traffic trades with Africa and particularly West Africa. SEA & PORTS is the only Spanish maritime Group that operates internationally with its own shipping lines covering all areas of the maritime transportation.

Our head office is located in Madrid and our current areas of operations include the Mediterranean, North Europe, West and North Africa, America and Asia.

Mission And Vision

Our mission is to deliver effective, reliable, innovative, and customized solutions that exceed customer expectations in the maritime transportation, ports, and logistics.

Our vision is to lead the maritime transportation and logistics in niche markets, becoming a reference for efficiency, excellence, and competitiveness.

Corporate Social Responsibility

At SEA & PORTS we are committed to improve the development of the countries we operate in. We work with associations and organizations in West Africa, especially those that use sports to teach values to children. We contribute helping them raise money in sports related events.

In addition, we are creating a foundation to continue contributing to the improvement of the society.

“Our mission is to deliver effective, customized and innovative solutions that exceed our client’s expectations”.

Juan Arroyo
President & CEO

Our History

Experience and Milestones

1997

MARGUISA, one of our current shipping companies, was founded. It is specialized in regular maritime transportation for importing & exporting goods to and from West Africa.

2012

MAC GUINEA separates the maritime agency and stevedoring activities, and it creates **IMAGESA** for the agency activity.

2020

UNITED MARGUISA LINES (UML) is founded from the partnership of MARGUISA and UNITED HEAVY LIFT (UHL), specialized in Project and General cargo, Heavy Lift, and conventional cargoes from Europe and Mediterranean to Africa.

2024

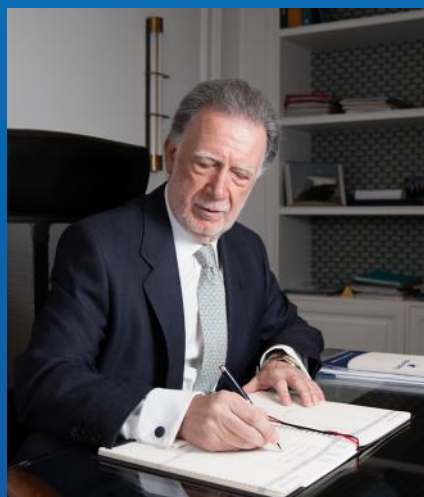

SEA & PORTS Group expands its operations in North Africa as **HMM** nominated the group as their general agent in Libya, solidifying its position as a reference in the Iberia-North Africa cluster region.

Interview

Juan Arroyo

SEA & PORTS President & CEO

- **What is SEA & PORTS and how many years of experience does it have?**

SEA & PORTS, an excellent team integrated in different business areas operating in two fields: maritime transportation and port and land logistics, with more than 30 years of experience in both sectors.

- **What is SEA & PORTS specialized in?**

Our expertise is Africa and, in particular, in niche countries in Africa, and in other geographical locations. We also always consider any opportunity that appears in our activity.

- **What are the objectives for the 2024-2026 period?**

Our objectives for the next three years are sustainable growth, productivity and competitiveness increase, diversification, profitability increase and our social commitment through the creation of a foundation.

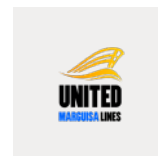

International Presence

Own Office Network

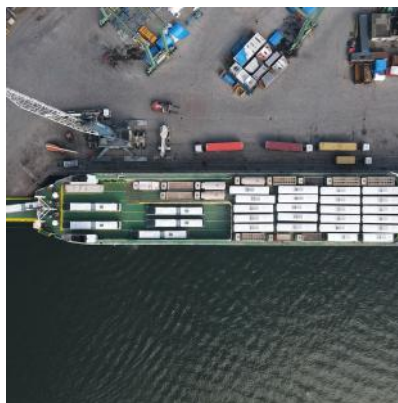

Shipping Lines

Connecting the world through maritime excellence

Our extensive experience and professional team allow us to provide the best possible service from and to different parts of the world, offering a broad range of maritime transportation services: Container, Ro-Ro and Multipurpose.

Container Service

Global coverage with regular departures from and to West Africa, connecting the main ports with weekly direct sailings. Six geared vessels with an individual capacity of 3,500 TEU nominal.

Ro-Ro Service

Regular and customized Ro-Ro service from any part of the world to West Africa. Dedicated service for northbound timber cargoes from Douala to Dakar and Valencia.

Multipurpose Service

Semiregular sailings from all Mediterranean, Black Sea, and North European ports to West and East Africa, and America, focusing on Project cargoes with customized solutions. A fleet of multipurpose vessels for heavy lift transport and manipulation.

Port Services & Logistics

Experience and highly qualified human capital

Our stevedoring companies can handle different activities for any kind of vessel and freight: stevedoring, land transport, lashing and repairing containers. It is aligned with the strategic plans and investments by the governments in the port sector.

Stevedoring

Any type of vessel and type of cargo can be handled, using state-of-the-art machinery, know-how and a highly qualified human team.

Land Transport

We have machinery for any type of road haulage, even special ones up to 50 tons.

Lashing

The appropriate type of lashing is always provided to secure the freight and avoid incidents when transporting goods.

Repairing Containers

Repair of any type of damage, dents, breakages, and buckling of the equipment to ensure their best condition at most competitive cost.

High productivity

Cost savings with competitive tariffs

Lower ICE (incidents, claims & errors)

24/7 stevedoring services

TMGE

Terminales Multipropósito de Guinea Ecuatorial (TMGE) is the company in charge of port operations, port management, depots, warehouses, and all related inland logistic services in Equatorial Guinea. Their services include road transportation, workshops, and container repairs. It is the largest stevedoring company in the country, taking care of over 70% of the cargo movements.

Freight Forwarder

Multimodal logistics door-to-door solutions

We offer multimodal solutions at a national and international level, specialized in the connection between the Mediterranean and West Africa: door-to-door, logistics, customs, Waiver certificate management and advice support. We have the necessary experience and resources to provide the solutions that our customers require.

Logistics Solutions

Tailor made solutions adapted to the nature of the product, including dangerous goods, ISO tanks, high-value cargo, and more. Our services are suitable for all type of industries.

Sea Freight Services

Full container (FCL) and groupage (LCL) cargo service to and from West Africa at the best price and transit time. Also, services for goods that cannot fit in containers like Ro-Ro, Lo-Lo, Bulk, Heavy lift, and Multipurpose vessels (MPV).

Air Transport

Fast and safe solutions for air cargo services including passenger flights, freighters, and charter services. And parcel delivery services from and to the main international airports.

Land and Rail Transportation

We transport in groupage or full truck, and in long distances or last mile in dedicated vehicles.

Logistics and Customs Management

All kinds of logistics and transportation auxiliary services such as warehouse storage, specific packaging solutions, consolidation, transfers, and distribution.

Waiver Certificate - ECTN

Management and advice for the issuance of the Waiver certificate to all countries that require it, from any origin. It is a mandatory document for exports transported by sea to Africa.

Quality service

Trust in suppliers and customers

Flexibility and adaptability: understanding clients' needs

Simplicity and agility

Zazu Logistics

Zazu Logistics is the specialized Freight Forwarding division focusing on the African market with a deep knowledge on local population necessities and physically located in Africa.

We adapt to our customers' needs, offering a logistics value chain management program. We provide services to FCL, LCL, Air cargo, Customs services, Waivers, over-sized and Heavy Lift cargoes, Project cargoes, any type of special cargo, or 24/7 dedicated hub for customers.

Zazu has offices in Madrid, Valencia, Malabo, and Bata, and it is growing in other West African countries with presence in more than 100 countries thanks to its network of agencies.
