The Mental Health and Recovery Board (MHRB) is a public agency organized under Chapter 340 of the Ohio Revised Code and created to establish a unified system of mental health and addiction recovery services for citizens of Belmont, Harrison and Monroe Counties.

The Mental Health and Recovery Board (MHRB) is a branch of county government which is authorized and defined in the Ohio Revised Code, Section 340. It was created to establish a unified system of mental health and addiction recovery services for citizens of Belmont, Harrison and Monroe Counties. County boards do not provide direct clinical services, but rather purchase those services, primarily from local community agencies.

County boards are responsible to determine local needs, develop a community plan, set priorities, direct resources and monitor services in their district. This provides an opportunity to create integrated systems of care that are most responsive to the needs and desires of the local citizens. This is important because characteristics of counties vary widely and there is a mix of urban, suburban and rural areas in Ohio that makes a “one-size-fits-all” approach particularly ineffective.

OUR COMMUNITY

The Mental Health and Recovery Board works through community partnerships to develop prevention, treatment and recovery support services. Working with our local community providers to develop and provide services that are outcome oriented and prioritized for individuals and their family members. Local community partners include:

- Providers
- Education
- Health and Human Service Organizations
- Faith Based organizations
- Elected officials
- Criminal justice
- Other health organizations
- Clients and family members

FIND HELP

Where you go for help will depend on who has the problem (an adult or child) and the nature of the problem and/or symptoms. Often, the best place to start is your local behavioral health organization. Your primary care doctor is also a good person to talk to if you think you may need to see somebody about your mental health and/or substance use issues.

OUR MISSION

Our mission is to foster a mental health and addiction system of care, in partnership with the community, and built upon our collective strengths and principles of recovery.

Change destinies by assisting clients to secure competitive, community employment that matches their abilities.

Website: www.colemanservices.org

(ECOESC) Student Services

349 35th Street
Bellaire, OH 43906
(304) 830-3817

Student Services is a not-for-profit agency that has historically provided school-based prevention services to students in Belmont and Monroe counties in Ohio. In 2020, they expanded their prevention efforts to include community-based prevention services to Belmont, Harrison, and Monroe counties. The community-based prevention staff help support efforts of community members through coalition work, awareness and education projects, and other community events. The staff hopes to promote collaborative efforts amongst community providers that will positively impact the community members through advocacy for service provision, reduction of stigma related to mental illness and substance misuse, and eliminating barriers to care.

Nami Greater Wheeling

1035 Chapline Street
Wheeling, WV 26003
(304) 905-0635

NAMI (National Alliance on Mental Illness) was created in 1982 by a small, dedicated group of family members to provide mutual support, education, and advocacy for individuals and families affected by serious brain disorders. Over the years, our membership has expanded to include family members, mental health consumers and providers, community mental health boards, mental health organizations and other supporters.

Website: namiwheeling.org

Neurobehavioral Medicine Consultants

4697 Harrison Street
Level 3 South Building
Bellaire, OH 43906
(740) 968-7006

Our organization has been providing comprehensive mental health services to the Ohio valley area since 2004. We are the area’s premier provider of psychiatric care, utilizing the most advanced evidence-based treatment modalities for the spectrum of psychiatric and substance use disorders.

Our Neuromodulation center is the first in the tristate area to introduce Transcranial Magnetic Resonance (TMS) therapy (Neurostar). TMS is an FDA approved non-pharmacological option treatment of depression.
