FINISHES

Mix & match to your heart's desire.

THE LATEST **BRASSWARE** TRENDS

Brassware is experiencing a renaissance in bathroom design, and it is no longer just about functionality. Today's trends are focused on making a bold statement with striking colours, unexpected textures, and artistic shapes that elevate the entire space.

Soft Bronze, PVD Soft Burgundy, PVD Oyster, and warm Brushed Nickel are leading the way for 2025 trends, offering a refined alternative to traditional chrome. These tones pair beautifully with natural materials like stone, wood, and textured tiles, bringing depth and sophistication to any bathroom or spa setting.

From statement mixers to perfectly paired accessories, today's brassware blends form, function, and feeling, transforming the bathroom into a space of personal sanctuary and elevated design.

THE FINISHING TOUCHES

The appeal of coloured brassware is widespread among designers who seek new and innovative finishes to create distinctive looks in their designs. At BAGNODESIGN, finishes are essential for making our products stand out. We develop finishes that align with the overall sense of style.

Our refreshing alternatives help define the look of a bathroom and, by extension, the entire home. Our on-trend Soft Bronze and PVD Santiago finishes are well-loved for their subtle elegance. Alternatively, the warm-toned PVD Oyster and PVD Soft Burgundy finishes promise to add a touch of drama and opulence to any bathroom.

New for 2025, our exquisite Armour Flavour collection is designed to make a striking style statement. There are six Armour finishes to choose from: Cocoa, Truffle, Sage, Blueberry, Mandarin and Lip Gloss. Mix and match products and finishes to create a look that reflects your personal style and personality.

Please note: Soft Bronze is a semi-living finish and may change over time, resulting in slight variations.

NARA

Nara embodies a **tranquil** and **functional** aesthetic for bathroom spaces.

WHERE EAST MEETS WEST

Japanese simplicity, **nature** accents and **Scandinavian** practicality.

Influenced by the ancient city of Nara, Japan – where Edo architecture, enchanting temples and immaculate gardens merge tradition, nature and spirituality – the range epitomises bathroom design at its most elegant and serene. Integrated with clever storage space, Nara offers a complete solution; from brassware and accessories to basins, BAGNOQUARTZ bathtubs, furniture, mirrors, tiles, and lighting.

Clean lines provide the balance for a practical interior, while earthy tones and natural textures such as wood, bamboo, and stone infuse a richness that could be extracted from nature itself, fulfilling the desire for organic elements to channel a spa-like setting. Iconic Japanese wood slat detailing appears on freestanding basins and furniture, and ultra-modern wall and pendant lights make a Scandi-style statement.
