CUM LAUDE SOCIETY

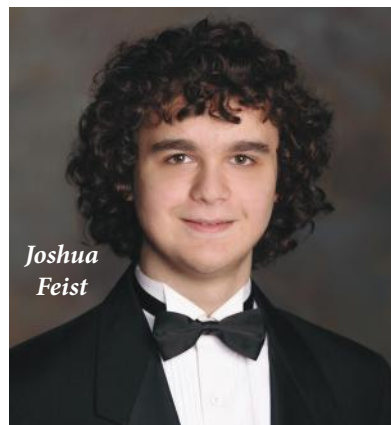

ESA is one of only four schools in Louisiana to earn membership in the Cum Laude Society, an honor society modeled after Phi Beta Kappa to recognize outstanding academic achievement. This spring, ESA inducted the first members of its Cum Laude Society chapter. These students are at the top of their graduating class, and have maintained superior academic performance while pursuing ESA's most challenging courses.

Lucas Blanchard is a member of the National Honor Society, played on ESA's state champion Quiz Bowl Team, and was active in community service at ESA and in his local community. Lucas has earned an academic scholarship to attend UL-Lafayette. **Joshua Feist** is a National Merit Finalist, and was a member of the Quiz Bowl Team and the founder of the Science Olympiad Club. A member of the National Honor Society, Joshua worked as a research assistant at the Cajun Artificial Heart Lab. He will attend Northwestern University. **Anna LeGoullon** is a member of the National Honor

Society, and was a six-year starter on the ESA Soccer Team, and president of the Honor Council. She co-founded the Girls' STEM Club to encourage younger girls to pursue their interests in science, technology, engineering and math. Anna has earned an academic scholarship to attend the University of Alabama. **Jake Sledge** was president of the Discipline Council, a leader on the Quiz Bowl Team, and a member of the National Honor Society. He was named a 2018 National Hispanic Scholar by the College Board, has assisted with scientific research at the LSU Physics and Astronomy Department, and is a veteran of ESA musicals. Jake will attend Princeton University. **Samantha Withers** is a nineteen-time individual State Champion in track and cross country, and led her teams to seven State titles. Sam led as class president for the past two years. She was a peer leader, a member of the National Honor Society, a leader on the soccer team, and co-founder of the Girls' STEM Club. Sam will attend Rhodes College with an academic scholarship, and will run cross country and track.

SENIOR ART EXHIBITION

Each year, ESA seniors present an exhibit of works created in Visual Arts classes and through continued artistic pursuits. For the past two years, ESA parent Kelli Kaufman has hosted the Senior Art Exhibition at her downtown gallery. Works range from paintings and photographs to ceramics, glassbead work, mixed media pieces, and more. This year's exhibit included a display that combined science and art to produce elegant designs.

The Visual Arts department invites a professional artist to serve as juror for the exhibition, and to choose one student to honor with an award. This year, artist Michael Eble, Curator of Exhibitions for UL Lafayette's College of the Arts, chose Katie Osborne. Katie works in photography and video, and brings her writing into her art as well. Congratulations, Katie!

"Katie shows a personal approach to her creative practice that is beyond her years, producing conceptual images that are nostalgic and reflective of her past... she conjures images and text into an honest aesthetic that is appreciated by her audience. I hope she continues to be the narrator of her own creative pursuits into the future."

PERFORMING ARTS

ESA's Performing Arts program continues to grow! This year, the Lower School produced *Aladdin Kids*, while the Cade Campus showcased middle and upper school talent in the musical *Bye Bye Birdie*. With Mrs. Movassaghi moving into the role of Upper School Head, music teacher Bill Smith (top left) will become Performing Arts Department Chair. Jen Andrews (bottom left), who taught choir this year thanks to a grant from the Falcon Club, will join the ESA faculty full time to teach theatre. Performing and Visual Arts students attended the ISAS Fine Arts Festival in Austin, and the ESA music collective performed at Festival International in April. Several ESA musicians, including Mr. Smith, took part in the SOLO Songwriters Festival held in Lafayette in May. Visit vimeo.com/ESAcadiana for a sampling of ESA music, as well as videos by Ex-Labs students and other ESA highlights.

WYOMING 2019

Experience is everything.

LEARNING ADVENTURES

Lower school students look forward to the adventure of travel and the chance to explore a new place through the fifth grade trip to the Teton Science Schools in Kelly, Wyoming. Students work alongside scientists to examine the Greater Yellowstone Ecosystems. It's an inspiring introduction to the opportunities that will come their way throughout their ESA journey.

Last summer, ESA in the USA traveled to the Southwest to take in the landscape, art, and culture of the region. ExLabs student Sue Person, '21, documented the trip. View Sue's video at vimeo.com/ESAcadiana.

FOUR AND FIVE IN A ROW!

ESA Boys' Cross Country took home its fifth State Championship in a row and ESA's 84th State title. All five scoring runners finished in the top ten: Oliver Nickel - 1st; Jackson Spoon - 3rd; Will Lemoine - 6th; Christian Herpin - 7th; and Sloane Brasseaux - 10th.

This spring, for the fourth year in a row, ESA Girls' Track & Field won the Class B State Championship - ESA's 85th title. View a complete list of athletes who placed in their events at ESAcadiana.com/TodayESA.

Congratulations to coaches Laura Magann, Sarina Lapeyrouse, Jennifer Graycheck, '01, and Alexis Brown, and to our phenomenal athletes!

Samantha Withers

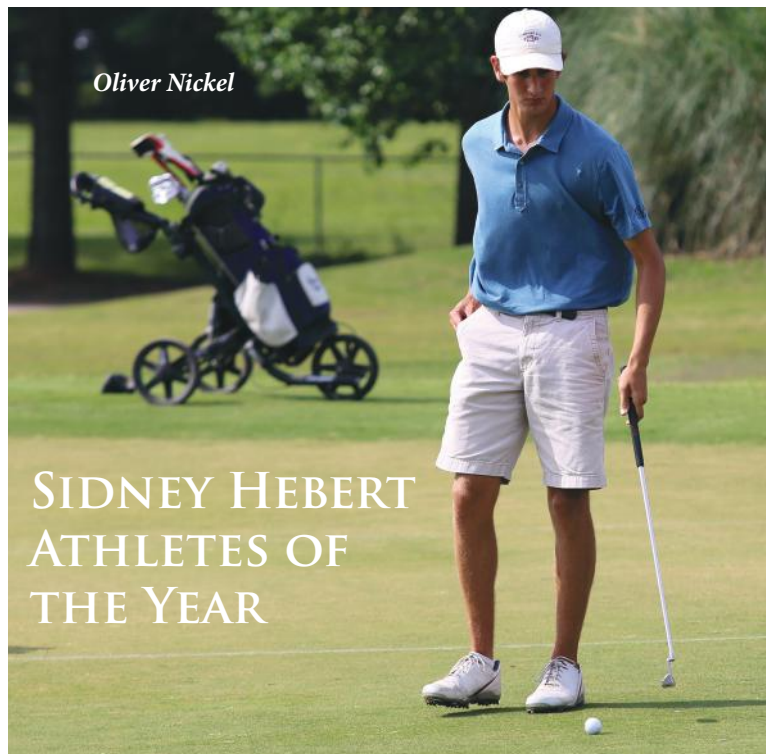

Kailie Williams

Samantha Withers, '19, finished her ESA career with 19 State Championships and seven team titles. A three-time recipient of this award, Sam is known as much for mentoring and supporting younger athletes as she is for winning races. She also has been an outstanding starter for ESA's Girls' Soccer Team, which finished second in the state this winter. Sam will run cross country and track at Rhodes College.

Kailie Williams, '19, has seven State titles of her own, and has dominated Class B as a sprinter. A leader on the volleyball court, she earned All-District and Best of the Teche honors. Kailie and her twin sister Hailie will play volleyball at Wiley College.

Oliver Nickel, '20, won two individual State Championships in 2018-2019 - Cross Country and Golf. In between, he turned his focus to ESA Basketball, and helped to take the Falcons to the quarterfinals.

Ten of the 40 members of ESA's Class of 2019 will participate in athletics at the college level. Sports include: sand volleyball, volleyball, soccer, basketball, cross country and track.

NEW FACES IN 2018-2019

Daniel Gould
Middle and Upper School Science

Shane Johnson
Database Manager
Major Gifts Officer

Dr. Rachel Snider, Upper School Chemistry

Dr. Snider hopes to change the way her students think about science, chemicals and the world. She gives them the opportunity to bring their own interests into their study of chemistry and to see how the concepts they explore exist in their everyday lives. A fan of Dr. Who, Marvel movies, college football and hockey, Dr. Snider has a bachelor's degree from Sweet Briar College and a Ph.D. from Vanderbilt University. Read more about her on the Faculty and Staff page of the ESA website.

*Erin Furby (left, with LS Head Ms. O)
Third Grade Teacher*

*Monti Smith
Middle School Counselor*

*Meaghan McCarron Savoy, '08
Upper School English*

*Claire Caffery, Lower School Art
(with Fletcher, the studio's mascot)*

Ms. Claire shares Pablo Picasso's philosophy: "All children are born artists, the problem is to remain an artist as we grow up." She questions what happens to their creativity, spontaneity, and confidence as they get older, and sees herself as a cheerleader, making sure students leave her studio with joy and confidence in creating.

NEW ROLES AND FOND FAREWELLS

A familiar face at ESA, Kat Surratt Movassaghi taught English and theatre from 1995 to 2001 before moving to New Orleans with her family. In 2006, she returned to teach theatre, and eventually took over as chair of the Performing Arts Department. This July, she will become ESA's Upper School Head.

Mrs. Mova will oversee upper school curriculum, advisory, extracurriculars, and student leadership activities, as well as leading, mentoring and supporting the faculty. In addition to holding bachelor's and master's degrees from LSU, she will complete a Ph.D. in Educational Leadership from UL-Lafayette in the fall.

As Mrs. Mova begins her new role, we say farewell to outgoing Upper School Head Andy North, who is moving to South Carolina to become Middle School Head at Hammond School in Columbia. We wish him, his wife, Becca, and their children, Dansby and Miller, the very best.

Thank you to Mrs. Gigi Kerns, who is retiring after many years of supporting ESA students through Academic Support. She and her husband Clint are off on new adventures!

We'll be keeping an eye on Coach JB Brunet, who elevated the ESA Boys' Soccer program and led the team to a State Championship in 2018. Good luck at Catholic High School in Baton Rouge, Coach JB!

And a huge merci to Madame Anita Huval for sharing 25 years of passion for the French language and Acadian culture. We appreciate the traditions you've created and the contributions you've made to the ESA community!

Mr. Jeff Begnaud, science teacher, master scheduler, Honor Council advisor, and senior trip leader, retired in May of 2018. A part of the ESA community since 1989, Mr. Begnaud is enjoying spending time with his two granddaughters, the daughters of ESA alumna Natalie Brent, '06.

An ESA English teacher since the school's beginning in 1979, Mr. Cabell Tutwiler brought *The Canterbury Tales*, the Honor Code, the Outing Club, and red-sock Fridays to ESA. These days, he's splitting his time between visiting his daughters Isabelle, '05, Katie Clearbrook, '03, and Eleanor Macken, '98, and his four grandchildren, and raising funds for the Bates/Tutwiler Fund to provide financial aid for ESA families. Join us to celebrate and thank Mr. Tutwiler at ESA's 40th birthday party on September 28th (see back cover).

Nich Beyer, a junior at the University of Alabama, is the co-author of a paper that will be published in *Nanoscale*, a publication of the Royal Society of Chemistry. It's the second article Nich has co-authored with Dr. Lukasz Ciesla, for whom Nich serves as a research assistant. Their subject: cell-membrane coated iron oxide nanoparticles for isolation and specific identification of drug leads from complex matrices.

Former ESA teacher Scott Walker (center) visited the Cade Campus in December. Mr. Walker, who taught Civics and U.S. History from 1998 to 2001, has written a novel called *Camino*, based on research into his family's history in Spain, where he now lives. Catching up with Mr. Walker were, left to right: Coach Ursula Quoyeser, Dr. Paul Baker, Dr. Arthur White, and Mrs. Debby Kennedy. View Mr. Walker's chapel talk at vimeo.com/ESAcadiana.

Mateo Atwi, '15 (left photo, on the right), completed his second internship at NASA. His brother, Franco, '22 (far left), and other members of his family visited and had lunch with astronaut Mark Polansky.

Anne Elise Fontenot Brodsky, '11 (center), is a licensed attorney in Louisiana. She received a Bachelor of Arts in Political Science from Tulane University in 2015, and graduated from Loyola University New Orleans College of Law in May. Anne Elise and her husband Michael recently moved to Lafayette, where she now practices at Davidson, Meaux, Sonnier, McElligott, Fontenot, Gideon, & Edwards.

Christopher Stec, '94, (right) has served as the Chief Operating Officer of the American Canoe Association (ACA), the oldest paddlesports non-profit in the United States, since 2009. In October of 2017, the ACA became the National Governing Body for the Olympic paddlesports of Slalom and Sprint and the Paralympic sport of Paracanoe. The ACA, along with athletes from across the U.S., is currently preparing for the 2020 Tokyo Summer Olympic Games.
