

SAVE TIME AND MONEY USING EXTERNAL DOOR BLANKS

[O]E
DOORS & PANELS

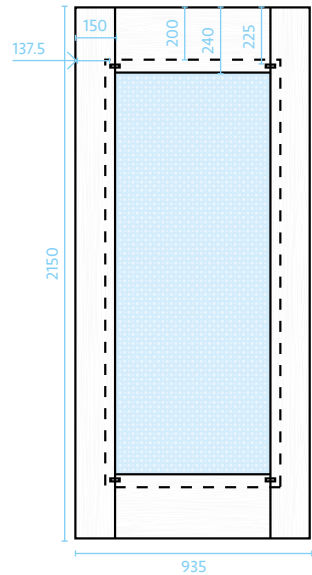

**SASH + DOOR
HARDWARE**

So why use External Door Blanks?

It's simple really... you'll save time and money!

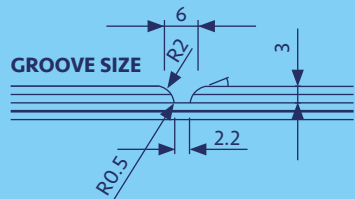

With timber prices rising, the production of doors is becoming more and more expensive. By using one of our Aben-dør (danish for open-door) door blanks, not only will you save on material costs you'll also save on production time and cost.

The great thing about using these particular door blanks, is not only is it more cost effective, you'll actually end up with a more stable and thermally efficient door than a solid timber door.

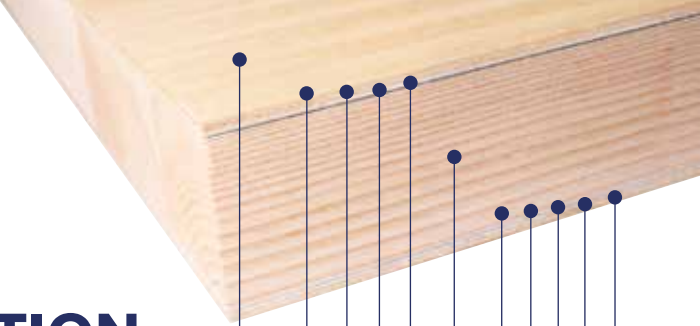

BENEFITS

- Exterior use
- 58mm Thick
- Secure By Design

- 1.5mm long grain veneer
- 0.3mm Aluminium - moisture barrier - stabilizer
- 1.5mm long grain veneer
- 1.5mm cross grain veneer
- 1.5mm Chen-Chen veneer

PROCESS

WHAT OUR CUSTOMERS HAVE TO SAY ABOUT USING EXTERNAL DOOR BLANKS

Kieran O'Connor
TRADEZONE WINDOWS

The OH Door Blank is an effective alternative to the traditional doors process and allows us to produce bespoke and modern designs for our customers.

The veneer face allows us the flexibility to V-Groove any design our customers requires.

The Aluminium Sheets and Insulated Core adds both strength and stability that we require in our front doors.

Once processed through our workshop and finished they create stunning doors.

Tom Buckler
JTP JOINERY

At JTP Joinery we've been using Aben-dør door blanks for over 2 years with great success. They are versatile, adaptable and most importantly stable and secure. The vast majority of our joinery is factory sprayed meaning we rely heavily on all materials taking a spray finish well, the Aben-dør door blank ticks all the boxes in this department. Overall a fantastic product at an affordable price.

Clive Morris
C&K JOINERY

These external door blanks are a great alternative to manufacturing our own timber doors. The various reasons being, escalating costs of timber, less production processes and being able to produce a more stable door, due to the aluminium sheets and insulation. They enable us to manufacture beautiful doors at competitive prices.
