#### Rhône Valley's White Wine Renaissance: A Surge in Elegance and Diversity

France's Rhône Valley, long known for its red wines, is shifting focus to highlight its diverse and elegant white wines. Covering over 64,000 hectares, the region features 34 grape varieties, with whites currently at 12% of production. White wine output has surged by 50% in the last decade.

To boost awareness, events in the UK have been organized since 2023, emphasizing the region's potential. The UK is now the second-largest market for Rhône wines, with plans to market 50% of production internationally by 2035.

## **Charting a Greener Path: How Major Brands Are Tackling Climate Change**

To limit global warming to 1.5°C, emissions must decrease by 45% by 2030 and reach net zero by 2050, as per the Paris Agreement. Companies categorize emissions into three scopes: Scope 1 (direct), Scope 2 (indirect energy), and Scope 3 (value chain).

Major beverage brands like Coca-Cola aim for a 25% reduction across all scopes by 2030, with targets for recyclable packaging and reduced plastic use. PepsiCo and Anheuser-Busch InBev set similar goals, targeting significant emissions cuts by 2030 and net zero by 2040. Each company reports on progress, emphasizing sustainable practices, renewable energy, and recycling initiatives to address climate change and improve their environmental impact.

## **English Wine's Rising Reputation Attracts French Champagne Producers**

English wine has gained international recognition, attracting interest from French Champagne houses looking to invest in the UK. With chalky soils and cool climates similar to France's Champagne region, southern and eastern England have become prime vineyard locations.

French producers are facing climate challenges at home, where warming temperatures are affecting grape acidity, crucial for sparkling wines. By expanding into England, they can maintain quality while benefiting from more affordable land. This growing trend highlights the rising global reputation of English wines for quality and investment.

#### Drink Warehouse UK Service Focused on Perfection

This year, Drink Warehouse UK successfully fulfilled 28,942 orders, totalling 1,112,083 items in 2024. Over 500,000 miles were covered to deliver 7.5 million tonnes of stock, showcasing the scale and efficiency of our operations. With a commitment to accuracy and reliability, we continue to provide top-tier service across the UK.

#### DMF 'Spot The Spook' Competition Winner

We are excited to announce that The Ferry House Inn Sheerness is the winner of our September-October competition and will be receiving the Dead Man's Fingers hamper as their prize—congratulations!

A big thank you to all our customers who participated with their guesses. We can now reveal that there were 11 spooks in total!

#### Introducing "Pay By Link" The Simple & Secure Payment Method

We are introducing a new and secure method for making payments utilising a pay by Link system. Don't worry though customers who pay by direct debit or make payments through our website remain unaffected by this change!

Not only will you now be able to make payments after a call to our office, this new method also supports modern payment methods such as Google Pay and Apple Pay.

Customers can now receive a secure payment link via email or text, allowing them to make payments quickly and conveniently. The Pay by Link system offers a faster, more efficient, and secure way to manage your payments without the need to login to your online account.

#### PEDALLING WITH PURPOSE IN SPRING 2025

Our co-founder and managing director, Demis Farley, will embark on an exciting adventure with Hospitality Rides as he cycles across Taiwan. It's more than just a ride — it's a journey driven by a deep sense of purpose and a desire to give back.

Demis, along with business partner Mick Curtis, founded **Drink Warehouse** UK in 2010 and since then, they've grown **DW**UK into the industry leading drinks wholesaler it is today. The road has been filled with its fair share of challenges and triumphs, from late nights and tight deadlines to celebrating milestones and building a dedicated team. Throughout this rollercoaster journey, Demis has seen the highs and lows of the industry first hand. With a heart full of gratitude and a commitment to making a difference, he's decided it's time to give back.

Joining Hospitality Rides is his way of doing just that, cycling across Taiwan to support a charitable cause close to his heart and contribute to the industry that has shaped his career. He'll be swapping the Kent landscape and ups and downs of the business world for some tough hill riding, new vistas of mountain ranges, rolling paddy fields and ocean roads with sub-tropical weather conditions all paired with Taiwanese cuisine to re-fuel for each new journey ahead. Everyone at Drink Warehouse UK is wishing him the best of luck for this very personal challenge and sincerely hope he has scheduled in a spinning class for every day until his challenge begins!

#### **ABOUT HOSPITALITY RIDES**

Hospitality Rides, formerly known as Pedalling for Pubs, is more than just a bike ride—it's a heartwarming effort designed to support those within the food, drink, and hospitality sectors who face challenges. This charity event was created to shine a light on and provide essential support to disadvantaged individuals across these industries.

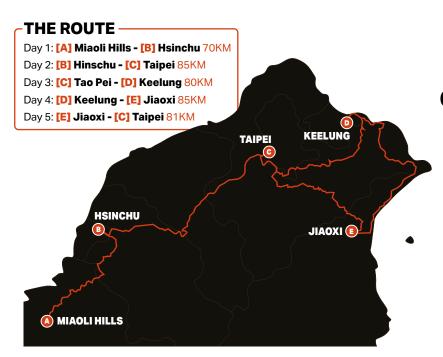

Powered by KAM, Hospitality Rides raises crucial funds for two incredible charities: The Licensed Trade Charity and Only A Pavement Away. These organisations are vital to our industry, offering unwavering support and a helping hand to anyone in need, regardless of their job role, level, or background. Whether it's through a friendly voice on the phone or an encouraging email, they're there to help people get back on their feet.

#### THE CHARITIES

Only A Pavement Away was founded by hospitality industry consultant Greg Mangham and his wife Gill on World Homeless Day, October 10, 2018. Their mission is to assist individuals facing homelessness, prison leavers, and veterans in finding employment within the hospitality sector.

The Licensed Trade Charity, established in 1793, has a long-standing tradition of supporting those in the licensed trade. With a dedicated network of fundraisers across the country, the charity provides practical, emotional, and financial support to individuals in crisis. It's estimated that around 250,000 people working in the licensed trade need assistance at any given time, and the Licensed Trade Charity works tirelessly to reach as many of them as possible.

The hospitality industry is an exciting one, built on people. Through Hospitality Rides, Demis will be making a meaningful difference, one kilometre at a time. So, this coming spring (13th – 20th May 2025), as Demis cycles through the stunning landscapes of Taiwan, he'll be riding not just for the thrill of the adventure but also for the chance to make a meaningful impact. Follow his journey with us every pedal of the way.

# \*SEASON\*

#### BEEF & STOUT STEW

#### **INGREDIENTS**

- 3 tbsp vegetable oil 1 ½kg braising beef, cut into 3.5cm pieces
- 4 large onions, thickly sliced 3 tbsp plain flour 500ml stout
- 800ml beef stock 6 thyme sprigs 450g mushrooms , halved
- 2 Carrots roughly chopped handful parsley, to serve

#### **METHOD**

- Heat oven to 170C/150C fan/gas 3. Put a large non-stick, flameproof casserole dish on a high heat and add 1 tbsp oil. Season the beef and brown in batches until well coloured on both sides, making sure you don't overcrowd the dish. Remove each batch and set aside on a plate
- 2. Add the remaining oil to the pan and lower the heat to medium. Toss in the onions and cook for about 10 mins until softened and golden brown. Stir in the flour and cook, stirring, for 1-2 mins.
- Add the stout and stir well to deglaze the pan, scraping up any sticky bits. Return the beef to the pan, pour in the stock and add the thyme.
   Bring to the boil, then put the lid on and cook for 1½ hrs.
- 4. Add the mushrooms and carrots to the casserole, stir well and return to the oven for a further 1½ hrs.
- 5. Season to taste and stir in half the chopped parsley. Scatter over the remaining parsley to finish & serve with mash, if you like.

#### SHEPHERDS PIE

Aromas of spicy dark fruits, bramble, and black pepper with a richly fruit-driven palate.

#### **INGREDIENTS**

- 750 g minced lamb 125 g mushrooms, sliced 2 carrots, diced
- 1 large onion, chopped •1 garlic clove, crushed 30 g plain flour
- 150 ml beef stock 2 tbsp Worcestershire sauce 30 g butter
- 1 pinch salt and black pepper 750 g potatoes 4 tbsp hot milk

#### **METHOD**

- Put the minced lamb into a large frying pan and heat gently until the fat runs. Increase the heat and cook, turning and mashing the meat until it browns. Using a slotted spoon, lift the lamb out of the pan and spoon off the excess fat.
- 2. Add the mushrooms, carrots, onion, and garlic to the pan. Cook gently, stirring occasionally, for a few minutes until just beginning to soften. Return the lamb to the frying pan. Sprinkle in the flour and cook, stirring, for about 1 minute.
- Add the beef stock and the Worcestershire sauce. Season with salt and pepper. Bring to a boil, cover, and simmer gently for 30 minutes.
   Meanwhile, cook the potatoes in boiling salted water for 15–20 minutes until tender. Drain. Add the milk and butter to the potatoes and mash until soft, then season with salt and pepper.
- 4. Taste the lamb mixture for seasoning and turn into an ovenproof dish, then spread the potato on top. With a fork, score the potato in a decorative pattern. Cook in a preheated oven at 200°C/400°F/gas mark 6 for about 20 minutes until the topping is golden and the meat mixture bubbling.

#### **VEGGIE STEW**

Gentle leafy aromas, followed by a crisp bite of lime with notes of green pepper and gooseberry.

#### **INGREDIENTS**

- 1 tsp ground coriander 1 tsp ground cumin 3/4 tsp pepper
- 1/2 tsp turmeric Extra virgin olive oil 1 large onion, chopped
- 4 garlic cloves, minced 3 carrots, peeled and chopped
- 3 sweet potatoes (about 1 lb), peeled and cubed
- Kosher salt and pepper 1 15-oz can diced tomatoes with juice
- 3 cups low-sodium vegetable broth 5 oz baby spinach
- 1 cup chopped fresh parsley

#### **METHOD**

- In a small bowl, add the spices (coriander, cumin, pepper, & turmeric).
   Mix to combine. Set aside. In a large Dutch oven or heavy pot, heat
   2 tbsp extra virgin Olive oil over medium heat until shimmering but not smoking. Add onions & garlic & cook for 3 minutes, stirring occasionally & making sure garlic does not burn.
- Now, add carrots & sweet potatoes. Season with kosher salt, black pepper, & the spice mixture you prepared earlier. Raise the heat to medium-high, & cook, stirring occasionally, for about 4 to 5 minutes or so.
- Add diced tomatoes (and their juices), & broth. Bring to a boil for 10 minutes or so, then turn the heat to low. Cover the pot only part-way, allowing an opening at the top for the stew to "breath." Cook for about 20 to 25 minutes, or until sweet potatoes are fully cooked & tender.
- Finally, stir in the baby spinach & fresh parsley. Remove from heat, & finish with a generous drizzle of extra virgin olive oil. Serve over quickcooked couscous or with your favourite crusty bread.

#### **ROASTED CAULIFLOWER**

Fine persistent mousse with a rich aroma of ripe apple, lemon and grapefruit. On the palate it is fresh and full-bodied.

#### **INGREDIENTS**

- 1 whole cauliflower ( large!)
- 72 tablespoons olive oil, divided
- ½ teaspoon salt
- 1 tablespoon zaatar spice ( or try dukkah!) (or try a mix of coriander, cumin and optional sumac)
- 1 cup water

#### **METHOD**

- Remove the leaves of the cauliflower, revealing the stem. Trim the stem
  of the cauliflower so it is level and keep it upright for added drama, or
  simply slice it off for easier roasting.
- 2. Drizzle with olive oil and sprinkle with zaatar and salt and pepper.
- After seasoning the cauliflower, pour a cup of water in the pan and cover tightly with foil.
- 4. Roast in a 425F oven for 45-55 minutes, depending on the size.
- Remove the foil or lid then continue to bake another half hour until deliciously golden and crispy.

# the Season!

Christmas is approaching, and we all know what that means... endless partying and celebrations to take us to the end of the year. We all love the buzz of anticipation for Father Christmas to pop down the chimney, but also the opportunity to pop a cork with the extended family, friends we have not seen all year or work colleagues who are usually quite boring until consuming a bit of liquid courage.

The most anticipated holiday of the year deserves to be special, deserves to go off with a BANG and there is no better way to do this than with Champagne and sparkling wine.

#### **History of World Vegan Month**

World Vegan Month was established in 1994 to commemorate the Vegan ideology. It was also used as a way to note the creation of The Vegan Society in the UK 50 years prior, in November of 1944. Given the number of animals who had given their lives for meals, the date was selected to fall in line with Halloween and the Day of the Dead, to honour those animals who had already passed under the unnecessary cause of supporting human life.

Vegans believe that there is a better way to live. They also recognize that the composition of the human body as omnivores is something that, with time, can slowly be eliminated.

#### Reduce strain on the planet

With a growing understanding of how much of a strain human life is putting on Planet Earth, people are beginning to recognize that giving up animal-based products is a fairly simple way to reduce this strain.

#### **Healthy alternative**

Eating a vegan diet is a healthy alternative to a meat based diet. Many doctors recommend a vegan diet, particularly for those who are trying to reduce weight or recover from diseases such as heart disease, colon cancer, and other life-changing illnesses.

#### **Celebrate Veganism**

All over the planet, for World Vegan Month, there are celebrations and festivals being held that help brings together vegans while sharing diet tips and tricks to replace meat. Bacon substitutes, sausage substitutes, even honey, and butter substitutes have been created so vegans can embrace their idealism without having to give up the taste of meat.

In the early days of the vegan movement, these opportunities weren't readily available, and they had to subsist on purely vegan options with no meat substitutes or anything to stand in for the foods that their contemporaries were consuming. But, happily,

the modern-day allows vegans to truly enjoy the broad range of foods the world has to offer and substitutions for those that involve animal cruelty.

# How to Celebrate World Vegan Month

Ready to take the plunge with millions of others to celebrate World Vegan Month? Try out these ideas to get started:

- Add new Vegan dishes to your menu
- Introduce your customers to Vegan wines
- Hold a Vegan dinner night with promotions
- Promote awareness on social media

#### Start Eating Vegan this November

Thinking of trying to eat healthier, save the earth, and save some animals all at the same time? Then this is the perfect time to begin! Just take 30 days to avoid eating meat, remove animaltested or animal-based products from the bathroom, start using substitutes for dairy products (such as soy milk or vegan butter).

30 days is a great time to begin, and it's likely that this new habit will carry on into the future. If it feels like too much, just start with one food being replaced with a vegan alternative. With these small changes, most people find that they feel healthier, and they also feel better about the way they are treating animals and the earth!

Work parties, family dinners, girl's night out... there are so many opportunities for your customers to go out before the end of the year and it's your job to give them a good time. However, it is also your responsibility to make sure they can get home safely. By providing amazing, non-alcoholic festive offerings to all designated drivers, it will lessen the risks after they leave your venue. We have curated a list of great products to offer your customers. Instead of a boring orange juice, deliver a sense of ritual, flavour, and occasion for those not wanting to drink alcohol! With many great alternatives available, in fantastical flavours and variations, there is no need for any designated driver to go without.

## National Lager Day

#### TUESDAY 10TH DECEMBER 2024

National Lager Day on December 10th raises a glass to the third most popular beverage after water and tea. While lager is typically characterized as a light, summer beer we believe that every season deserves to be celebrated with a few of your favourite things.

Lagers are distinguished from other beers by using a cold-conditioning process. The types of yeast used are referred to as "bottom-fermenting" yeast or yeast that can develop at colder temperatures. Before the advent of refrigeration, brewers perfected this process in cellars dug into the ground and filled with ice. Those who taste the delicious results described the lager as "crisp" and "refreshing." It is no wonder that this method caught on and produced a wide variety of brews synonymous with regional and national brands.

Lager is the drink of choice for many at sporting events, barbecues and birthdays, lager is the light hoppy drink that is popular throughout the world. No one really knows how this holiday came about, but one thing is for sure, the British people love lager!

## NATIONAL LAGER DAY ACTIVITIES

#### **HOST A BEER OLYMPICS**

Why not hold your very own Beer Olympics! Popular games in the series include: beer pong, flip cup, and other bro-tastic drinking games. One rule: lagers only.

#### **EXPLORE BEER RELATED RECIPES**

There are so many delicious recipes that require beer as a main ingredient. Some popular dishes that always go down well are; Beer can chicken, Grilled lager and lemon chicken, Beer battered fish or you can even create your own.

#### HAVE AN INTERNATIONAL LAGER PARTY

Beer is consumed throughout the world, which means there are a variety of beers you or you customers probably haven't tasted yet. Why not introduce unfamiliar guest lagers at your party so your customers can experience new and exciting flavours. You're taste buds will thank you.

## **FOUNDED IN 1876,** SAPPORO IS THE OLDEST BEER BRAND IN JAPAN,

BUT THE LEGEND OF HOW THE BEER BEGAN, REALLY

STARTS WITH A TRUE PIONEER, SEIBEI NAKAGAWA.

uelled by an adventurous spirit, Nakagawa left Japan aged just 17, during an era when doing so was strictly forbidden. His travels eventually led him to Germany, where he learned the craft of brewing, imilating the country's rich history and techniques before bringing them back to his homeland. At that me, Japan was in a period of modernisation and was starting to establish new industries that would entually support its future as a global power. One such industry was brewing, and Nakagawa led their tempts to brew beer in the country for the very first time. He carefully positioned his brewery in the orthern city of Sapporo so that he could access the large amounts of ice needed for the production rocess. And so, Sapporo Premium Beer was born and they've been perfecting their beer ever since aking the very best traditional approaches and elevating them with Japanese vision and artistry.

#### AVAILABLE NOW ON DRAUGHT

or the first time in 247 years, Sapporo still uses 100% malted barley, and while it's more remium Beer is available in the UK in expensive than opting for rice and wheat, it nd premium- feel glass. An elegant and utes, means that the beer retains its removed, giving Sapporo its world-renowned arbonation, and therefore its head, for longer hile also maintaining its visual appeal.

apporo has a completely uncompromising oproach to brewing beer, sourcing the very est ingredients. Unlike other beers, Sapporo

raught, giving its loyal fans the chance to ensures a much fuller body and greater depth of njoy it at its very best. The perfect serve will flavour. It remains absolutely meticulous about its ee Sapporo poured into a beautifully-crafted brewing process. For instance, during mashing, the wort is boiled until exactly 6.1% evaporation ently tapered top, similar to champagne is achieved to ensure all volatile compounds are clean and crisp taste. As with anything of real quality, the brewing of Sapporo Premium Beer takes patience. The beer matures for twice as long as most lagers, which helps to instil more complex aromas into the final product.

## Shots of Christmas

Celebrate National Shot Day 8th November 2024

Shots have been around for as long as spirits themselves. As a result, there are many stories relating to exactly why a 'shot' is called a 'shot'. Some say they exchanged bullets for alcohol in the old west. Whilst others state that its named after an 1880s glasswork factory owner called 'Friedrich Otto Schott' (believed to have developed the tougher glass which is used in shot glasses) and the name has been simplified since. Either way we can all appreciate how popular shots have always been. They hit hard and fast which is just what makes them so appealing.

Despite how long Shots have been around, the mixing of them is still a relevantly recent development. 'Shooters' have only been around since the late 60s and early 70s. This was the perfect marriage between 'taste' and 'effect' which surged interest in the drinks. This has lead to many imaginative combinations and even greater creativity when it comes to the naming of these beverages.

## **WHAT MAKES A SCOTCH?**

To be called Scotch, the whisky must have been produced and aged entirely in Scotland. It must be aged in oak for a minimum of three years however the type of oak chosen will have a huge impact on the flavour of the whisky. The two most commonly used, due to their availability, are barrels that have previously held Bourbon or Sherry; an ex-bourbon barrel will have a toasty vanilla flavour with hints of spice whereas an ex-Sherry cask will give a rich, dark fruit flavour.

## **REGIONS & STYLES**

Whisky producing regions are chosen for their location, climate and crafts of the region to impart certain characteristics on the flavour profiles of malts.

## Highlands:

The largest Scottish region, the Highlands, has wide variations in flavours; the west coast has maritime influences and the central areas are driven by heathery, honey flavours.

## Lowlands:

South of an imaginary line running between Dundee and Greenock, the softer landscape to the Highlands is reflected in colour and flavour. Little or no peat is used, resulting in a light, floral flavour.

## Speyside:

Set in the Highlands between Aberdeen and Inverness, the classic Speyside flavours comprise honey, vanilla and fresh fruit.

## Islands:

Dominated by the island of Islay and its eight distilleries, the area is rugged, windswept and barren, generally producing peaty maritime aromas.

### STYLES

## Gingle Malt:

Must be produced in a single distillery using malted barley and distilled in batches in a pot still.

## Blended Malt:

A blend of a number of malts and produced at various distilleries.

## Gingle Grain

Must be produced in a single distillery using malted barley and other grains.

## Blended Grain:

A blend of a number of single grain whiskies, produced at different distilleries.

## Blended Scotch:

A blend of single malt whiskies and grain whiskies.

After finding most mixers lacked the vibrancy of the spirits they were paired with, our founders Joyce & Raissa de Haas decided it was time to mix it up, and they set out to develop a range that would become the life and soul of every party!

The result is a collection of rich and balanced mixers, naturally low in sugars and calories, with no artificial sweeteners or flavours. Designed to pair perfectly with all spirits to create classic and unexpected serves. It's no wonder, our tonics and mixers have won countless awards and spread to over 45 countries — changing the world of mixers as we know it.

However our aim wasn't just to make drinks, we also wanted to do business the right way.

We take sustainability seriously, which is why we're proudly B Corp Certified and a Carbon Neutral Company.

We care about our community championing women in the hospitality industry through our annual Female Bartending Scholarship and supporting programs which create opportunities.
