ABOUT US

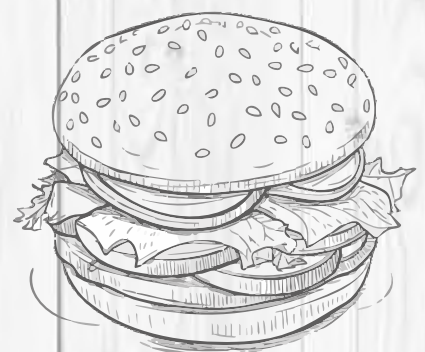

Sidco Foods started out as an Importer and Distributor of frozen foods in UAE. The company has evolved during the last decade to become a leading manufacturer of meat-based processed foods.

Our trading division too has grown from strength to strength with a wide range of imports of frozen foods. We have achieved the status of being a favoured and preferred supplier for the food service industry in the UAE.

Our factory is accredited with HACCP, ISO 22000, and holds certification for Halal standards. Emphasizing product quality and exceptional customer service continues to be the foundational ethos of our company. With a committed research and development team, we possess the capacity to provide inventive products and tailor-made food solutions. We are also ICV certified, underscoring our dedication to industry standards and integrity.

Despite the company's significant progress in a relatively brief period, there is still much to accomplish. The heart of our business remains focused on food service.

SIDCO FOODS is a prominent manufacturer, importer, and distributor of food products in the UAE. Over the past few years, we have successfully built a reputable image, becoming the preferred choice for consumers. Our extensive range of high-quality products is competitively priced, and we currently cater to a substantial customer base both domestically and internationally. Explore SIDCO Foods for the most extensive array of ready-to-cook products—the leading name in manufacturing, importing, and distributing in the industry.

FACTORY INFRASTRUCTURE

PRODUCTION LINES

R & D LAB

“Our state of the art food processing facility in Dubai has a capacity of 100MT per day.

Our in-house temperature-controlled storage facility can comfortably house up to 4000 pallets.

Our R&D and QC labs help us in carrying out continuous innovation and strict quality checks.

This underscores our unwavering commitment to ensuring the highest standards of product and service.”
