Designer Profile

Lisa Swerling & Ralph Lazar are award-winning authors and artists.

They both grew up in Cape Town, South Africa, met in London where they lived for 20 years, and now live in San Francisco with their 2 daughters.

Lisa studied Politics, Philosophy & Economics at Oxford University.

Ralph studied finance at the London School of Economics.

They have won multiple international awards for their work, and were on the New York Times Bestseller list in 2015.

Their Happiness Is...brand was created in 2013.

Currently has 3+ million followers on Facebook, with a weekly reach in excess of 12 million.

How did Happiness Is...comes about?

It all Happened in the summer of 2013 at a beach house in Sayulita, Mexico. The Happiness Is concept's humble beginnings started with a simple Face book Page where the creators, Ralph and Lisa, requested people to share things that made them happy and promised to illustrate those happy moments and thoughts that struck a cord.

Within a few weeks they were getting hundreds of suggestions a day from all over the planet, and tens of thousands of 'likes'. Suddenly their Facebook page had become a platform to share happy thoughts. Ralph and Lisa were soon posting illustrations every hour, and the page was exploding with popularity, hitting a million likes within a few months, then two million...and the count today stands at more than 3,000,000 engaged fans.

The creators realized that what made people happy seemed to be very similar across the world, regardless of personal or political circumstances and that true Happiness exists in the simple but often unnoticed joys of every day life.

Rose Mallow Moscheutos

Combined in green, pink, white and shades of white, the Rose Mallow Moscheutos showcases a rendition of the Hibiscus flower. The flower, also known as the Rose Mallow is one of the key design elements of this collection. The collection is centred around a green-hued framework while the composition is symmetrical and is paired with soft colours making it a graceful addition to your home space.

CLAY CRAFT
FINE TABLEWARE
·INDIA·

The Wishing Chair started in 2012 when we, Viv and Ami, transitioned from our respective careers to create a home decor brand that offers whimsical & thoughtful products, crafted in India with a global aesthetic. Our mission is to inspire everyone around us to infuse their homes with charm, colour, and joyfulness.

Named after our favourite Enid Blyton book, The Wishing Chair embodies magical adventures, playful creativity, and finding joy and enchantment in the everyday.

Magique x Clay Craft

We're thrilled to introduce Magique, a sister brand of The Wishing Chair alongside Clay Craft, in an exciting new collaboration that brings beautiful, vintage-inspired, accessible designs to a discerning, design-savvy audience.

Magique x Clay Craft seeks to offer functional homeware that makes it effortless for everyone to create a timeless space that is as unique as they are.

Griha means House in English language. But for us, at "Griha" our ideology stands for **Less House, More Home**

Griha - is a first of a kind home store from the house of Clay Craft showcasing the widest variety of Home, table and kitchen ware. Nestled in Vaishali Nagar, Griha opened its door in 2018 and is spread over 2000 sq.ft. of pure home pleasure. With Clay Craft's experience of over 25 years in home industry, Griha aims to service its customer's with top quality home products in a home like calm environment.

Quality without Compromise

Ceramic Tableware is a demanding industry that has specific, ever-evolving needs. The unique blend and amalgamation of raw materials, breakthrough technology and a quality assurance team, guarantees that all CLAY CRAFT items are kept in line with these requirements.

Dishwasher Safe

Our ware is fired at high temperature which makes it highly resistant to repeated dish washing cycles.

Microwave Safe

CLAY CRAFT products are microwave safe due to their heat resistant layer of glaze.

Thermal Shock Proof

CLAY CRAFT products not only retains heat to keep the food warm, but also is resistant to variations in temperature.

High Chip Resistance

The Significant composition of high alumina raw material offers strength and resistance against chipping at critical points such as edges of cups, plates and handles. This configuration reinforces the ceramics, reducing risk of breakage and increasing the product's endurance.
