We Value Family Feedback

This is the LAST WEEK to complete your family survey to provide input to help us plan next year's HRC offerings. Thank you to those who have contributed! We are working hard to keep our classes & community the highest possible quality! Knowing your family's intent to return and honest feedback about your experience is important. The deadline is 3/20 with a goal to have the class list released in April for current families to begin the fall registration process and open our website in May for new families to join us!
