Stylish Black Accents

Dramatic accents and a striking front and rear fascia convey motion and refined sophistication from every angle.

Comfortable Cabin

Elegance and utility blend in the welcoming interior of the Mazda CX-70, with crafted details like available Red Nappa leather-trimmed seats.

Available Hands-Free Liftgate

Along with remote-folding second-row seats, available Hands-Free Lift Gate makes packing effortless, no matter where your journey takes you. ⁶

360° VIEW MONITOR

The available 360° View Monitor gives you greater awareness of what's directly ahead of you, as well as what's beside and behind on a 12.3" full-color center display—even if your view may be obstructed.

ACTIVE DRIVING DISPLAY

The available Active Driving Display provides easier access to essential information about your vehicle, with a large display area projected on the windshield to make it easy to keep your focus on the road.

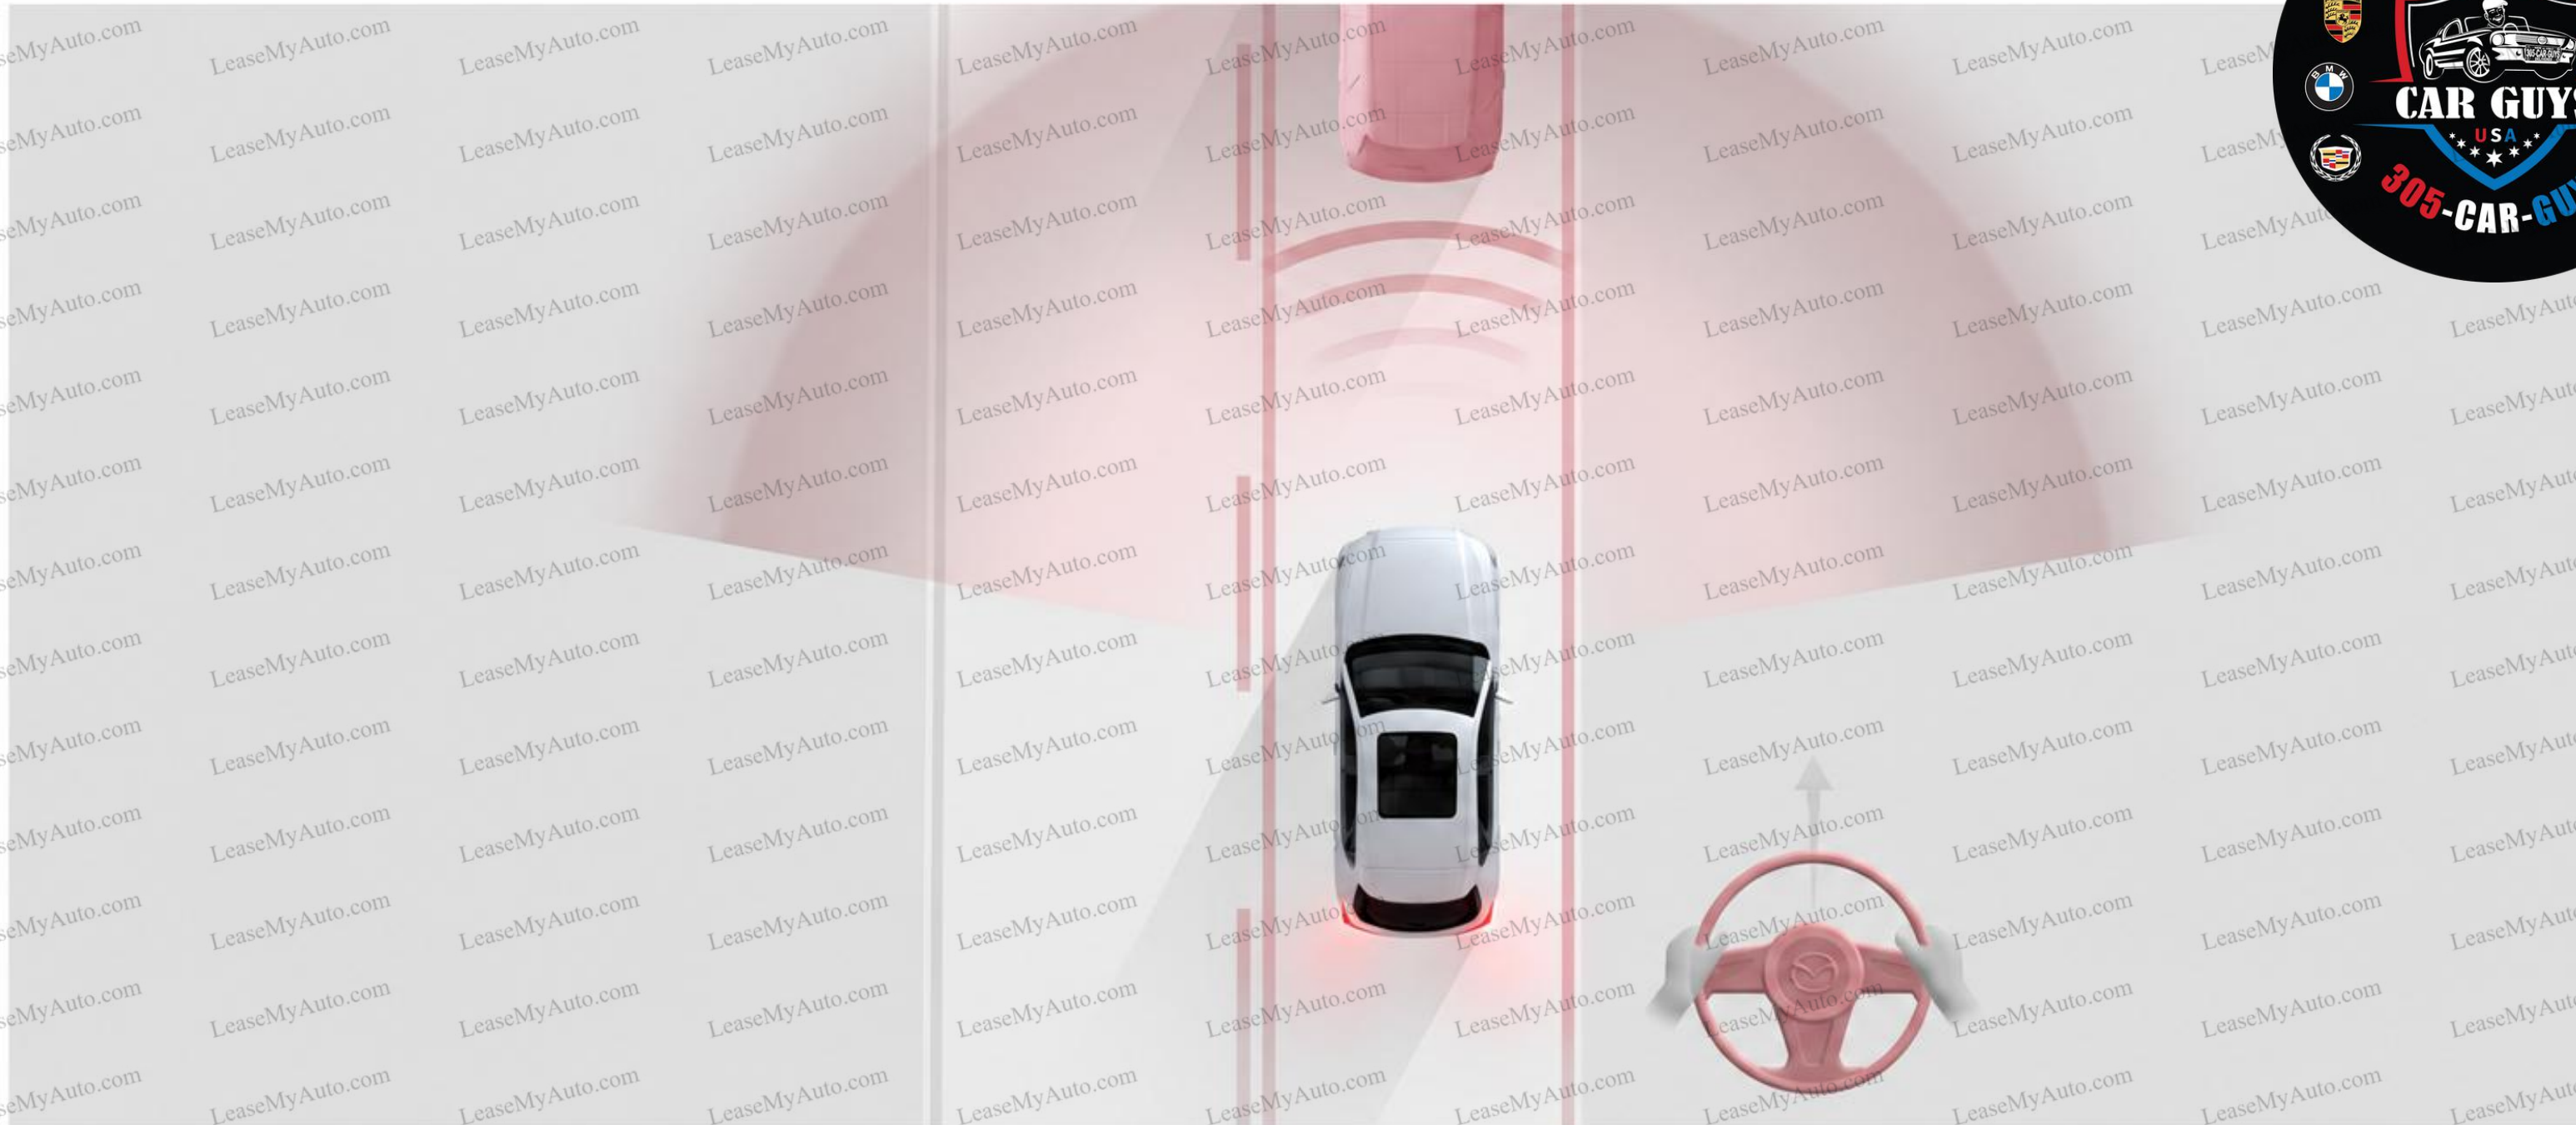

2025 IIHS TOP SAFETY PICK+

We're proud that eight Mazda vehicles, including the 2026 Mazda CX-70, have won an IIHS TOP SAFETY PICK+ award, more than any other brand (as of August 2025) – so you can drive with control, safety, and confidence. Visit www.iihs.org to learn more.

NATIONAL HIGHWAY TRAFFIC SAFETY ADMINISTRATION

We are also honored that the 2025 Mazda CX-70 and the CX-70 Plug-In Hybrid EV have earned a 5-Star Overall Safety Rating from the National Highway Traffic Safety Administration (NHTSA).

i-ACTIVSENSE® SAFETY TECHNOLOGY

Cruising & Traffic Support

Once engaged, this available feature can provide headway support of adaptive cruise control, maintaining the following distance from the vehicle ahead, while also providing lane centering assistance under certain conditions from 0 mph up to highway speeds. ¹⁶

Smart Brake Support - Front Crossing

When approaching an intersection at low speeds, this available feature can activate automatic emergency braking if a potential collision is predicted with vehicles crossing from either side. ¹⁷

Smart Brake Support - Turn-Across Traffic

When making a left turn at an intersection, across oncoming traffic, this available feature can alert the driver of an oncoming vehicle in the opposing lane and activate automatic emergency braking if a potential collision is predicted. ¹⁸
