ILLUMI DREAMS STAR PROJECTOR

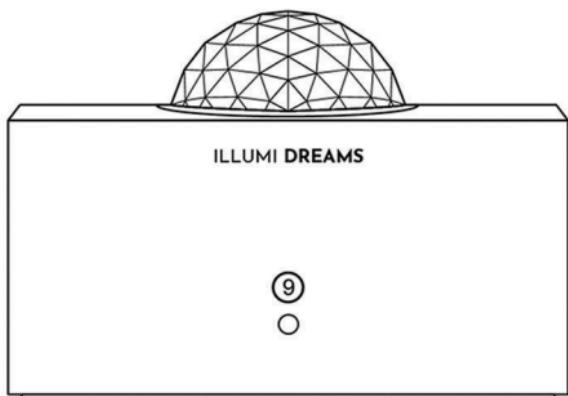

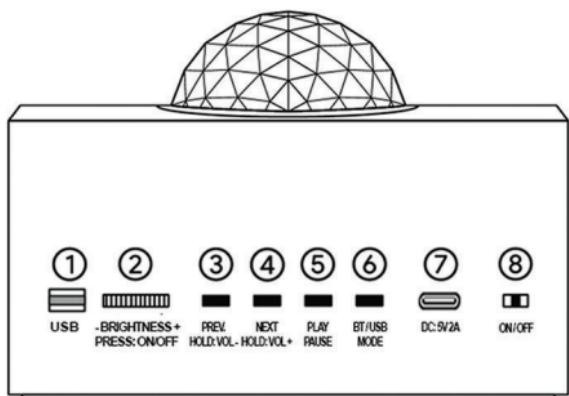

www.illumidreams.com

620-4-ILLUMI

Welcome To Illumi Dreams!

Thank you for purchasing the Illumi Dreams Star Projector. Please read through the entire user manual before use, and keep this manual handy for future reference. This item is not a toy. Always use with adult supervision. Should you have any questions or concerns feel free to contact us at 620-4-ILLUMI or via support@illumidreams.com.

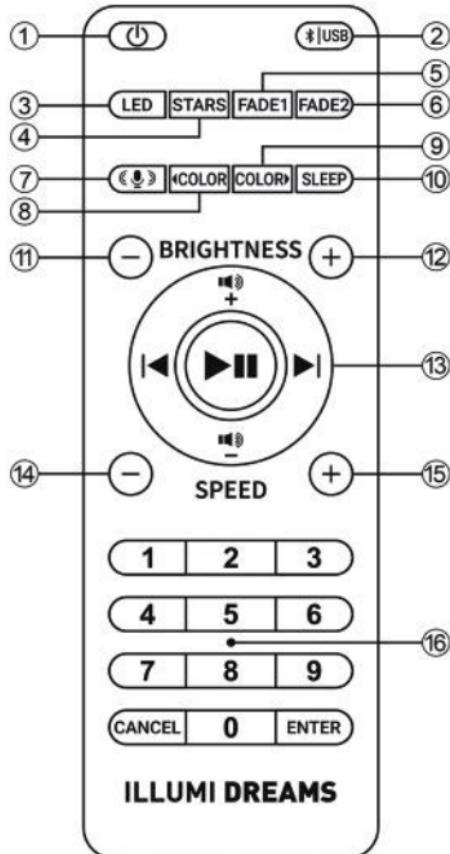

Product Controls

1. USB drive.
2. Brightness adjustment for the nebula projection (LED). Turn to the right to brighten, or turn to the left to darken. Press the button to turn the nebula projection on or off.
3. Press to play the previous audio file. Press and hold to decrease the volume.
4. Press to play the next audio file. Press and hold to increase the volume.
5. Press to play or pause.
6. Press to toggle between the USB drive and Bluetooth connection.
7. DC power input: (5V / 2A).
8. Power switch.
9. Infrared remote sensor.

Remote Operations

1. **POWER:** Turns the unit on or off.
2. **BT / USB:** Toggle between Bluetooth and USB mode.
3. **LED:** Turns the nebula projection on or off.
4. **STARS:** Toggles the laser stars from fading in and out (default setting), to always on, and off.
5. **FADE 1:** Fades the LED lights between individual colors.
6. **FADE 2:** Fades the LED lights using multiple colors.
7. **SOUND ACTIVATION:** Turns sound activation mode on or off. Lights will change randomly based on room sounds.
8. **COLOR:** Changes to the previous color.
9. **COLOR:** Changes to the next color.
10. **SLEEP TIMER:** Toggles between 30 minutes, 1 hour, and 2 hour sleep timers. Pressing it a 4th time turns the sleep timer off.
11. **BRIGHTNESS(–):** Decreases the brightness.

12. BRIGHTNESS(+): Increases the brightness.

13. CENTER PAD:

►+ Increases the volume.

►- Decreases the volume.

◀ Skip to the previous audio file (holding the button down will rewind).

▶ Skip to the next audio file (holding the button down will fast forward).

▶▶ Plays and pauses the audio.

14. SPEED – Slows down the nebula rotation.

15. SPEED + Speeds up the nebula rotation.

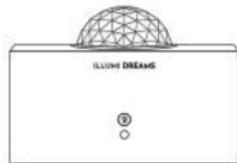

16. NUMERIC PAD: When in USB mode, select the audio file number and press enter to confirm and play your selection. Cancel will void the entry.

Note: The star projector will automatically enter into sleep mode after 8 hours. Pressing the power button will turn it back on.

Getting Started

To get started, first, connect one end of the USB cable to the power adapter and the other end to the star projector. Then, plug the power adapter into a wall outlet. If the USB drive isn't already connected, go ahead and insert it now. Next, flip the power switch located at the back of the star projector to the ON position. The unit will illuminate and begin playing the audio on the USB drive. You can use the remote, or buttons on the rear panel to control your star projector. To pair it to your smartphone, simply press the Bluetooth button on the remote (or rear of your device) and connect to the Bluetooth device labeled "ILLUMI DREAMS" through your smartphones Bluetooth settings. Have fun and enjoy!

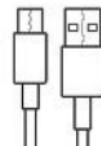

Package Contents

⚠ CLASS 2 LASER SAFETY STATEMENT

CAUTION

AVOID EXPOSURE - Laser radiation is emitted from this aperture

LASER RADIATION
DO NOT STARE INTO BEAM

Max Output of Laser Radiation = 1mW

Pulse Duration = 15us

Emitted Wavelength = 532nm

CLASS II LASER PRODUCT

Complies with 21 CFR 1040.10 and 1040.11

LASER RADIATION / DO NOT STARE INTO BEAM

This device contains a class 2 laser product which complies with 21 CFR 1040.10 and 1040.11. The maximum output of laser radiation = 1mW. Pulse duration = 15us. Emitted wavelength = 532nm. Frequency = 29.86kHz. Do not disassemble this device.

FCC Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

To assure continued compliance, any changes or modifications not expressly approved by the party. Responsible for compliance could void the user's authority to operate this equipment.

This equipment complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) This device must accept any interference received, including interference that may cause undesired operation.

FCC Radiation Exposure Statement:

The equipment complies with FCC Radiation exposure limits set forth for uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator and your body.
