Township Administrative Fee - \$5.00/qtr.

### Sewer Payment Options

Springettsbury Township provides multiple options for residents and property owners to make sewer bill payments, including by mail, in person, over the phone, ACH direct withdraw or online credit card / electronic check payment. The Township encourages all residents to make payment early to ensure it is received by the due date. Payments are posted on the date payment is received, not by the postmark date. ## CAMP SECURITY PARK MASTER PLANNING PROJECT

Springettsbury Township is currently undertaking the development of a master plan for the Camp Security Park area. This includes the current Camp Security neighborhood park as well as the overall 162 acres of land owned by the Township, including the site of the former Revolutionary War POW camp. The overall property has been the subject of extensive historical research and archaeological excavations. It is believed that the area includes the last POW camp site of the Revolutionary War.

The Township received a matching grant from the Pennsylvania Department of Conservation and Natural Resources (DCNR) to create a master plan for Camp Security Park. The DCNR funding stipulates an overall planning process for how a master plan should be developed, its key components, and the need for a robust community engagement component.

The park master planning is expected to be completed mid-2025 and is intended to be a strategic roadmap for the implementation of proposed improvements.

## Guidelines for Driveway Snow Removal

PennDOT and the Township encourage residents to not shovel snow onto roads that have already been plowed. Snow should not be shoveled onto any roadway as this can increase the potential for crashes, and property owners can be held liable for any resulting crashes.

- Snow should be shoveled or plowed to the right side of the driveway as you are facing the roadway. By piling snow away from the oncoming direction of the snowplows, the snow will not be pushed back onto the driveway.
- Eliminate snow piles at the property entrance whenever possible. High accumulations of snow can obstruct the vision of motorists, posing a safety hazard.
- Do not push snow onto roadways at any time. This creates a hazardous condition for all vehicles.
- State law requires citizens to use and maintain their property in ways that avoid creating hazardous road conditions for others, including not obstructing highway lanes and drainage facilities with snow and ice. Fines can be as high as several hundred dollars.

PennDOT offers the following guidelines for shoveling or plowing snow:

## Prepare Your Mailboxes and Fire Hydrants for Winter

Snow thrown from plows can damage your mailbox if not properly prepared and secured for the winter. The Township will not be held responsible for snow damage to mailboxes; however, the Township is responsible if a mailbox is struck by a plow or driver. Here are a few tips to help reduce mailbox damage:

- Mailboxes should be placed as far from the edge of the roadway as possible but still be within reach of your mail carrier's vehicle.
- Make sure the post is in good condition and the box is securely fastened to the post.
- Place reflective tape on the mailbox to help snowplow drivers see them at night.
- When removing snow from around the mailbox, throw snow behind it and not to the sides of it.
- If damage was experienced in the past, reconsider the positioning and structure before winter begins.

**The Township is not responsible for clearing snow away from fire hydrants. If a fire hydrant is on your property, it is your responsibility to keep it accessible. Remember, it could be your house that could have a fire emergency. Seconds count!**
