THE POWER OF BALANCE

EN |

The new collection of knobs and handles for 2025 that awaits you in these pages takes its inspiration from the Japanese concept of "Ma" (間), an idea that explores the creative possibilities of negative space or the pause between objects. Like the silence between musical notes or the emptiness in a work of art, "Ma" is the nothingness that explains the whole. The pause in which the imagination can play. A breath of freedom. Far from being mere absence, it is a crucial element that gives meaning to the pure forms of new designs, endowing them with balance and emphasising their power to give meaning to their surroundings. A minimalism that lets each space tell its own story.

ES |

La nueva colección de pomos y tiradores 2025 que descubrirás en estas páginas se inspira en el concepto japonés "Ma" (間), una idea que explora las capacidades creativas del espacio en blanco o la pausa entre objetos. Como el silencio entre las notas musicales o el vacío en una obra de arte, "Ma" es la nada que explica el todo. El intervalo para la imaginación. Un paréntesis de libertad. Lejos de ser solo ausencia, es un elemento crucial que da sentido a las formas puras de los nuevos diseños, les aporta equilibrio y enfatiza su poder de dar significado a los entornos. Su minimalismo deja que cada espacio cuente su propia historia.

La nova col·lecció de pomos i agafadors 2025 que descobriràs en aquestes pàgines s'inspira en el concepte japonès "Ma" (間), una idea que explora les capacitats creatives de l'espai en blanc o la pausa entre objectes. Com el silenci entre les notes musicals o el buit en una obra d'art, "Ma" és el no-res que explica el tot. L'interval per a la imaginació. Un parèntesi de llibertat. Lluny de ser només absència, és un element crucial que dona sentit a les formes pures dels nous dissenys, els aporta equilibri i emfatitza el poder de donar significat als entorns. El seu minimalisme deixa que cada espai expliqui la seva pròpia història.

OUR LONG HISTORY

EN |

Viefe's origins lie in a button turnery, founded in 1932 in Sant Pere de Torelló (Barcelona). That small family business evolved into what today is a company specialising in the manufacture of decorative design accessories. In almost 100 years we have gone from fashion to decoration, always staying true to the style that defines us.

En casi 100 años hemos pasado de la moda a la decoración, conservando siempre el estilo que nos caracteriza.

NATURE LOVERS

EN |

Our roots are closely linked to those of the great beech and oak forests that surround us, protected spaces that we love and are our welcome duty to preserve. That is why we adopt a culture of environmental awareness where we opt to use wood and organic materials, recycled paper and plastic packaging, 100% renewable energy and lower-than-average CO₂ emissions.

ES |

Nuestras raíces están estrechamente ligadas a los grandes bosques de haya y roble que nos rodean, espacios protegidos que queremos y tenemos el deber de preservar. Por eso, aplicamos una cultura de conciencia ambiental que nos lleva a apostar por la madera y los materiales orgánicos, utilizar packaging de papel y plásticos reciclados, funcionar con energías 100% renovables y tener un índice de emisiones en CO₂ por debajo de la media.

Les nostres arrels estan estretament lligades als grans boscos de faig i roure que ens envolten, espais protegits que estimem i tenim el deure de preservar. Per això, apliquem una cultura de consciència ambiental que ens porta a apostar per la fusta i els materials orgànics, fer servir packaging de paper i plàstics reciclats, funcionar amb energies 100% renovables i tenir un índex d'emissions en CO₂ per sota de la mitjana.
