Specifications

Black Edition Type I & Type II patterns meets or exceeds all Type I & Type II requirements
of CCC-W-408D and W-101

Specifications: Performance:
Weight (Avg.):   15 oz/ly (340 gr/m^2)
Width: 52" (132 cm)
Backing: Scrim
Installation: Reverse hang / Random match
Custom colors, weights, widths and microventing are available.

Fire Safety:
• Class A - ASTM E-84 (GRC)
• NFPA 101 Life Safety Code

Environmental and Health:
• Meets State of Washington Building Specification for Indoor Air Quality
• Meets California Section 01350 Indoor Air Quality Standard
• Aggressive manufacturing materials recovery and reuse program
• Highly cleanable water-based inks
• Antimicrobial additives

USGBC LEED Support:
• MR – Materials and Resources – Construction waste management
• EQ – Indoor Environmental Quality – Low emitting materials

Moisture, Mold and Mildew:
Vinyl wallcovering functions as a vapor barrier. If water or moisture becomes trapped between the
wallcovering and wall cavity, an increased risk of mold may occur. Consult a building design professional
on the proper use of vinyl wallcovering.

A mildew inhibiting agent has been added to help protect against fungal and other microbiological
growth. No additives however, will prevent mold growth if moisture is allowed to accumulate and its
sources are not eliminated.

Warranty:
Black Edition is guaranteed to be free of defects in workmanship and material for five years.
