WWW.JEWELOFAFRICA.COM

Jewel of Africa (JOA) is a distinguished Zambian jewellery company renowned for its vertically integrated operations that span from gemstone mining to the design, manufacturing and retailing of exquisite jewellery pieces.

Established over three decades ago, this family-owned enterprise has played a pivotal role in showcasing Zambia's rich gemstone heritage to the world.

JOA began its journey in 1992 as a limited liability company and has since transformed into a comprehensive and influential force within the Zambian and global gemstone industry.

Over the past thirty years, the company has built a strong footprint both domestically and on the international stage through its design and production of premium jewellery crafted from ethically sourced, top-grade Zambian gemstones, most notably emeralds.

Zambia boasts a diverse wealth of gemstones, including the world's finest Emeralds and over twenty-five distinct colours of Tourmalines.

A rich variety, including Amethysts, Aquamarines, Citrine, Garnets, Moonstone, Quartz, Turquoise, and more, showcases the precious treasures that abound in the country.
