FAQs

ABOUT US

*"EVERY PRODUCT. EVERY POSSIBILITY. CRAFTED FOR STYLE
AND SECURITY—BUILT TO LAST, MADE IN AMERICA."*

► At Ironworks America, we don't just build ironwork—we craft legacies. Every gate, fence, railing, entry door, and custom installation is designed with one purpose: to blend uncompromising strength with timeless elegance. Whether you're looking to **enhance security, elevate curb appeal, or create a statement piece**, our expert team is here to bring your vision to life.

Unlike mass-produced, pre-cut alternatives, we take a bespoke approach to every project. Our craftsmen work with **12-gauge steel**, which is three times stronger than the standard 14-gauge material used by

many competitors. The result? A more **durable, secure, and resilient product**—one that stands up to the elements and the test of time.

Customization is at the heart of what we do. No generic sizes, no compromises. **If we can sketch it, we can build it.** With every project, we offer professional measuring, precision manufacturing, and seamless installation—because heavy lifting should be left to the experts. And with financing available, bringing your dream design to life has never been easier.

A modern living room with large windows, a sectional sofa, and a coffee table. The room features a large sectional sofa with several pillows in shades of brown and black. In front of the sofa is a low, rustic wooden coffee table with a black metal frame. On the coffee table, there is a tray with a black pitcher and a glass. The room is filled with natural light from the large windows, which offer a view of a lush green forest. Three spherical pendant lights hang from the ceiling, and a long, dark wooden beam is mounted horizontally across the room. The overall aesthetic is a blend of modern and rustic design.

WHY CHOOSE IRONWORKS AMERICA

Quality Beyond Compare

Iron doors set a new standard, outlasting wood in **durability, security, and maintenance**. We use premium **12-gauge steel**, far stronger than the 14-gauge steel most competitors rely on. An entry door from Ironworks America is more than just an entrance—it's a statement of strength and timeless beauty. Built to endure, its flawless finish stays stunning for years, providing both peace of mind and lasting elegance.

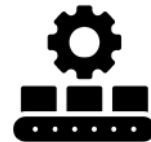

Your Vision Realized

Every Ironworks America piece is made to order—crafted with precision, never compromise. Unlike mass-produced, precut doors, ours are **custom-measured** for a flawless fit. Each door is a bespoke masterpiece, tailored to your vision with endless design possibilities. Whether blending styles or creating something entirely unique, our artisans ensure unmatched craftsmanship and elegance.

American Made Iron & Steel

Our **American-made iron and steel** seamlessly blend strength with artistry. From elegant iron doors and windows to stately fences, glass patio enclosures, and railings, each piece is more than an addition—it becomes part of your home's story. Crafted with care in the U.S., our work offers lasting security, timeless charm, and a legacy built to endure for generations.

U.S.A Manufacturing

We craft every piece **in-house at our Southeastern U.S. facility**, ensuring top-tier quality and attention to detail. Unlike mass-produced imports, our iron doors last three times longer while maintaining their beauty for years. Choosing our craftsmanship means investing in timeless design, superior durability, and the unmatched excellence of American-made work.

WHAT TO EXPECT

(The Order Process)

STEP 1

At Ironworks America, we make ordering easy. We start with a free consultation to measure your space and discuss your design. Next, our experts craft a custom blueprint and build your piece with durable 12-gauge steel. Once ready, our team handles installation, ensuring a perfect fit.

Quote

Reach out and tell us which product(s) you're interested in, as well as any customizations or add-ons you want. We'll total all of the options and build a quote for you to review.

STEP 2

Measure

After delivering you quote and getting confirmation, we come to your home to measure the space(s) you want your products to be installed in.

STEP 3

Design

We send the measurements of your spaces and your item selection & add-ons to our design team to draft options that show what your product will look like in your home.

STEP 4

Build

We send the design to our production floor where our skilled artisans will make your design dream a reality.

STEP 5

Install

Once your product is complete and has gone through our numerous quality checks, our professional installers will be on-site at your convenience.

FAQ'S

WHAT GEOGRAPHIC AREAS DO YOU SELL TO?

We sell to the greater Southeast area with a focus on Tennessee, South Carolina, Arkansas, North Carolina, Alabama, and Mississippi.

HOW QUICKLY ARE PRODUCTS DELIVERED & INSTALLED?

For most of our products, we can deliver within 4 weeks or less. Custom doors and other products will take 6–10 weeks depending on the project.

ARE THERE WARRANTY OPTIONS FOR PRODUCTS?

- *Lifetime structural warranty*
- *Five-year paint warranty on all non-wood stain finishes*
- *Three-year paint warranty on wood stain finishes*
- *EMTEK locks under warranty through EMTEK*

DOES IRONWORKS AMERICA OFFER PAYMENT PLANS?

Yes, we offer financing through several institutions.

HOW DO I GET AN ESTIMATE & IS IT FREE?

You can request a quote through the website or call the office. All quotes are free.

DO YOU PROVIDE CUSTOM OPTIONS?

Yes, we provide custom options on all of our products.

WHERE ARE YOUR PRODUCTS MADE?

We manufacture all our products in the US at our Mississippi manufacturing facility.

HOW DOES IRONWORKS AMERICA COMPARE TO COMPETITORS?

Unlike other door companies who outsource their manufacturing to China, we manufacture all our products in the US at our Mississippi manufacturing facility. For comparison, our doors are often 1/2"–1" thicker than our competitors.
