*September 28-29, 2024*

**Participant Program**

Name: \_\_\_\_\_

# Welcome from **Randy Lewis**

**When I retired after 36 years at UCI**, the All-U Leadership Conference was renamed in my honor. It was a culminating tribute to a conference that was launched in 1984 and today remains the only program of its kind at the University of California. The Randy Lewis All-University Leadership Conference now claims an “alumni” of over 8,400 students — many of whom went on to accomplish remarkable campus and life achievements. You can take pride that you are in distinguished company.

This weekend we celebrate the All-U’s 41st anniversary with an impressive array of speakers, panels, and workshops assembled by Dr. Ellen Whitehead and the conference planning committee. The aim of these offerings is to lay the foundation for cultivating leadership best practices; creating greater Anteater pride and spirit; and building a richer, more inclusive campus community. Throughout the weekend, I encourage you to extend yourself to others, meet new people, and make new friends. This is a safe space. Don’t be reluctant to reach outside your comfort zone. Dig in and make the most of it.

I am confident that you will find the conference inspiring and that it will serve as a motivation to bring lessons learned back to UCI and your respective organizations – all the time keeping in mind that leaders are at their best when they serve others. Perhaps former U.S. Supreme Court Justice Ruth Bader Ginsburg said it best, “Fight for the things that you care about, but do it in a way that will lead others to join you.”

As a society, we have found ourselves in a high-stakes moment. The most significant national election in generations looms before us. Remember: elections have consequences and leaders make their voices heard. This fall, vote as if your name was on the ballot because, metaphorically, it is.

**Randy Lewis**

# Welcome from **Dr. Rameen Talesh**

## **Welcome to UCI's 41st Annual Randy Lewis All-University Leadership Conference (All-U)!**

***Zot & Lead: Empowering Antleaders*** is this year's theme for the All-U. At UCI, our students continue to grow and develop their leadership through the many engagements and opportunities they connect with on-campus. As our students continue to expand their leadership, they evolve into Antleaders that are prepared to make a difference at UCI and beyond.

As conferees, you join an "All-U" alumni network of over 8,800 students who have participated in the program since its establishment in 1984.

This year's All-U takes advantage of an off-campus location for Antleaders to build networks and come together around campus issues of importance. Student life at UCI is vibrant and by bringing student leaders together, we recognize the amazing power in students connecting, being involved and engaging in the enterprise of learning while working to improve the UCI community. This year we have a conference hashtag to keep discussions going: #ALLU24

I would like to express my deep appreciation to the Conference Chairs, Dr. Ellen Whitehead and Julie Song as well as the dedicated group of students, alumni, and administrators who serve on the conference planning committee and who contributed their valuable time to facilitate our conference. The planning committee hopes to support you, challenge you, and provide you with insights into your roles as campus leaders.

Above all, thank you, UCI student leaders, for being a part of this conference and for your many contributions to the campus. Our hope is that this conference will better prepare you to continue your work as a student leader to improve the quality of life on our campus for years to come.

Sincerely,

**Dr. Rameen Talesh**

*Associate Vice Chancellor Student Life & Leadership/Dean of Students*

## Michael D. Tubbs

Former Mayor of Stockton

### What were you doing at age 26?

Michael D. Tubbs was making history. In 2016, he was elected Mayor of Stockton at 26 years old. He was the city's first African-American Mayor and the youngest Mayor of any major city in American history. As Mayor, Tubbs was lauded for his leadership and innovation. He raised over 20 million dollars to create the Stockton Scholars, a universal scholarship and mentorship program for Stockton students. Additionally, he piloted the first mayor-led guaranteed income pilot in the country. Currently, he is the Special Advisor to California Governor Gavin Newsom for Economic Mobility and Opportunity; the Founder of Mayors for a Guaranteed Income (MGI); and the Founder of End Poverty in California (EPIC).

Under his leadership, Stockton was named an "All-America City" in 2017 and 2018 by the National Civic League. The city saw a 40% drop in homicides in 2018 and 2019, led the state of California in the decline of officer-involved shootings in 2019, and was named the second most fiscally healthy city in California. Additionally, it was recognized as one of the most fiscally healthy cities in the nation and was featured in an HBO documentary film, *Stockton on My Mind*.

Tubbs has been named a fellow at the Harvard Institute of Politics and The MIT Media Lab, a member of Fortune's Top 40 under 40, a Forbes 30 under 30 All-Star Alumni, the "Most Valuable Mayor" by The Nation, the 2019 New Frontier Award Winner from the JFK Library, and the 2021 Civic Leadership Award winner from The King Center. Prior to his tenure as Mayor, Tubbs served as a Councilmember for the City of Stockton District 6, a high school educator, and a fellow for the Stanford Design School and the Emerson Collective.

On November 16, 2021, Tubbs released *"The Deeper The Roots: A Memoir of Hope and Home,"* published by the Flatiron Books imprint, An Oprah Book. The book — which the *LA Times* describes as "intimate and insightful" — not only relates Tubbs' story of growing up in poverty but lays his vision for leadership and policy that is more empathetic and responsive to people who are struggling.

## The Marty A. Belknap Endowed Memorial Keynote

*Martha "Marty" Belknap worked at UCI for many years in the 70s and 80s within The Division of Student Affairs. Her contributions to the newly-established Greek community at what was then a very young UCI helped to build an exceptional foundation for what we know today as Sorority & Fraternity Life.*

*She also worked to establish a lecture series within Student Affairs that brought prominent individuals to campus to speak to student populations. The Marty A. Belknap Endowed Memorial Lecture Fund was established in 2007 after she passed away, to honor Marty's memory by carrying on the work she did with the Student Affairs lecture series.*

*The sponsorship of the keynote speaker will enhance the educational experience for all attendees for many years to come. We're grateful for the support and sponsorship from the Marty Belknap Endowed Memorial Fund.*
