DREAMY DECORATIVES

Founded from a lifelong love of creativity, Dreamy Decoratives creates beautifully personalized party favours, gifts, and décor for celebrations of every kind. With a passion for thoughtful details and elegant design, each piece is crafted to add a memorable touch to weddings and special events. Dreamy Decoratives is here to make your party dreams come true.

At Dreamy Decoratives, my philosophy is simple: the smallest details often make the biggest impact. Party favours, personalized gifts, and thoughtful decor are more than just additions to an event, they're the keepsakes guests remember long after the celebration ends. My goal is to create designs that feel personal, meaningful, and beautifully tailored to each occasion.

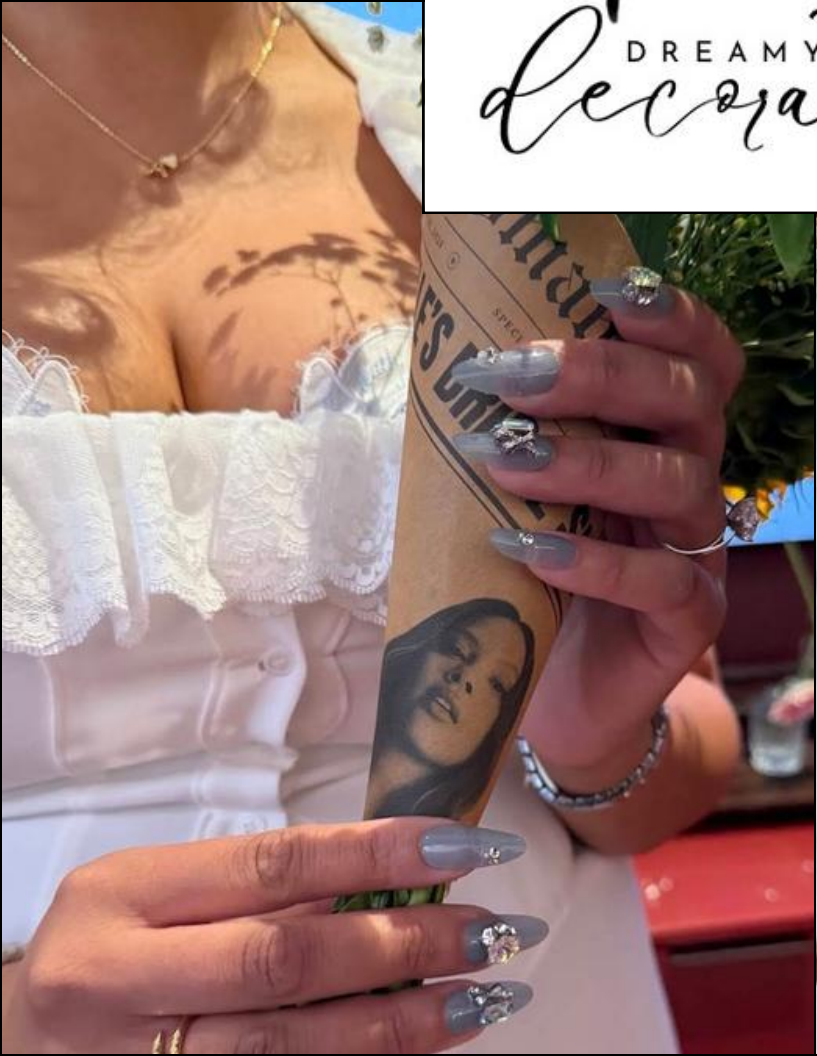

One of my top pro tips when creating a design for an event is to focus on cohesive details from the start. Having a clear colour palette, theme, or overall style helps guide every design choice and ensures everything flows seamlessly. From favours to packaging, consistency in the details helps create a polished and elevated experience for both hosts and guests.

I also believe party favours should be both beautiful and meaningful. When a favour is thoughtfully designed and something guests can enjoy or keep, it becomes more than just décor, it becomes a lasting reminder of the celebration. These small details have the power to reflect the heart of the event while leaving guests with something special to take home.

At the heart of Dreamy Decoratives is a passion for creativity and connection. Each order is an opportunity to bring someone's vision to life and contribute to a memorable moment. My mission is to design pieces that feel as joyful and special as the celebrations themselves.

WMAKEUP TORONTO

At WMakeupToronto, we specialize in creating timeless, flawless beauty looks for weddings and special events across Toronto and beyond. As a premier mobile bridal specialist, I, Angelina, the founder and lead makeup artist, have been transforming brides and their parties since 2011. With over a decade of experience as a certified makeup artist, hairstylist, and esthetician, my journey began in Toronto's top spas and salons before evolving into a thriving freelance career focused on luxury, personalized glam.

MY PHILOSOPHY IS SIMPLE YET PROFOUND:

your wedding day makeup should enhance who you are, not hide it. I believe in "luxury glam that lasts, feels light, and keeps your skin looking like YOU." Every bride deserves to feel radiant, confident, and completely herself, whether you prefer soft, natural elegance or bold, dramatic glamour. I prioritize long-wearing formulas, skin-healthy techniques, and customization based on your features, skin type, and vision. Weddings are emotional and high-stakes, so my approach combines artistry with calm professionalism: I arrive prepared, listen intently during trials, and ensure everything feels effortless on the big day.

TOP TIP FOR WEDDING COUPLES:

Book your trial well in advance (ideally 3–6 months out) and treat it as a non-negotiable part of planning. This isn't just about testing products, it's about building trust and fine-tuning the perfect look under real lighting and conditions. Bring photos of inspiration, but stay open to my expertise on what truly flatters you. Also, communicate openly about allergies, skin concerns, and even how emotional the day might feel, tears happen! A great trial sets the tone for stress-free beauty on your wedding morning, letting you focus on love, not touch-ups.

Ready to glow on your big day? Reach out via info.wmakeuptoronto@gmail.com

ART YOU CAN EAT
CAKES & SWEETS

IZZYS SWEETS

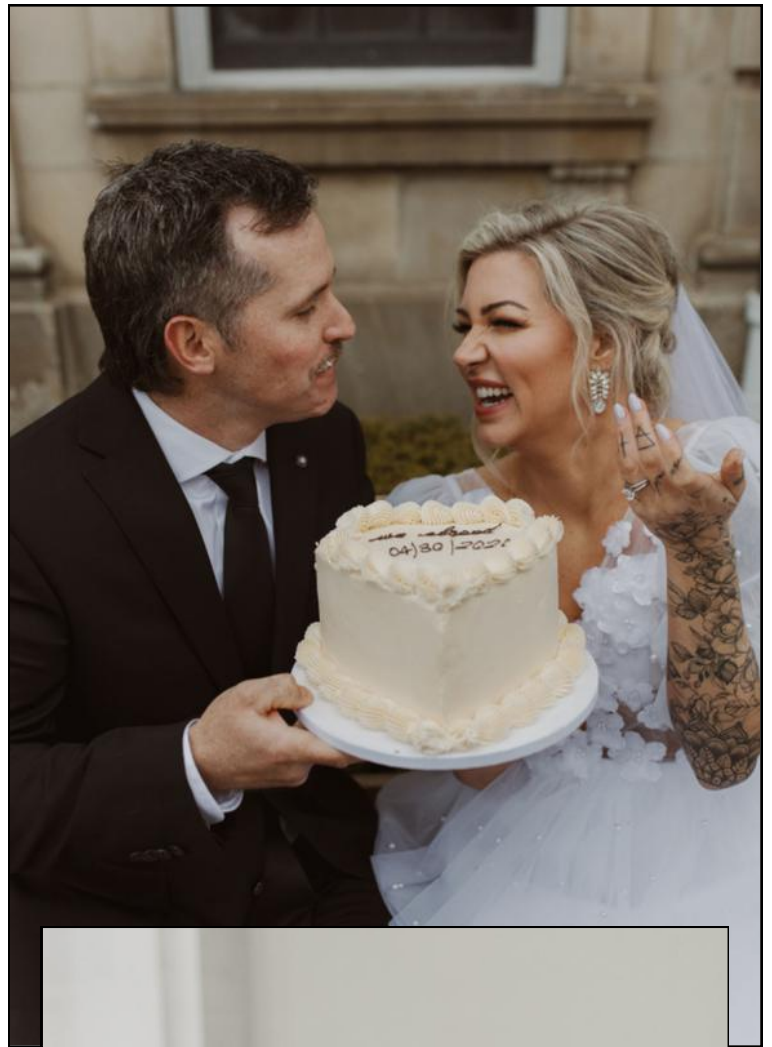

OUR TOP TIP FOR COUPLES:

Choose a cake style that reflects your celebration, not just what's trending. Whether you're drawn to romantic florals, clean minimalism, or soft artistic textures, your cake should feel authentically "you." And don't be afraid to explore flavour — your guests will remember that first bite just as much as the design.

At Izzy's Sweets, wedding cakes are more than decorative centerpieces — they're crafted expressions of a couple's love story. Every design begins with understanding the couple's vision, their style, and the atmosphere they want their guests to experience. Whether it's a timeless tiered cake adorned with delicate sugar florals or a modern, sculptural design with clean lines and bold textures, our goal is always to create a cake that feels personal and unforgettable.

We believe that a wedding cake should taste as remarkable as it looks. That's why every flavour, filling, and buttercream is made from scratch, using balanced recipes and thoughtful pairings. Couples often tell us they're surprised by how excited they become about cake tasting — and we take that as the highest compliment. The cake-cutting moment should feel joyful, meaningful, and delicious..

Each creation is made entirely from scratch using the finest quality ingredients, ensuring a perfect balance of flavor, texture, and artistry in every bite. ELEGANT CONTENT & CO.

ELEGANT CONTENT & CO: CAPTURING THE MOMENTS YOU FEEL, NOT JUST THE ONES YOU SEE

After planning my own wedding and getting married in 2025, I experienced firsthand the gap within the wedding content industry. Couples are often told what they will receive, but not always how it is captured, what is realistic within a wedding timeline, or how expectations align with the flow of the day.

Having lived that experience, I understood the balance required. If I could have captured my own wedding, I would have, but being present in one of the most meaningful moments of my life made that impossible. Elegant Content & Co was created from that realization.

My approach is grounded in clarity, intention, and collaboration. Before every event, I connect with my couples via video call to discuss their vision, review their itinerary, and thoughtfully explore any trending recreations they may want incorporated. This ensures that what is captured reflects not only the aesthetic of the day, but the energy behind it.

From bridal fittings and wardrobe selections to the final moments of celebration, I document weddings from multiple points of view, focusing on the candid, behind-the-scenes perspective that complements traditional photography and videography. The quiet in-betweens. The anticipation. The emotion. The perspective you may not see in real time, but will treasure long after.

Coordination & Planning

HEADSLIP EVENTS

HEASLIP EVENTS IS BUILT ON ONE SIMPLE BELIEF: YOUR WEDDING DAY SHOULD FEEL JOYFUL, CALM, AND COMPLETELY YOURS.

Based in Renfrew and serving Ottawa and the Ottawa Valley, I specialize in wedding coordination that allows couples to be fully present while I handle the logistics behind the scenes. From timeline management and vendor communication to ceremony cues and last-minute problem solving, my role is to ensure the day unfolds seamlessly, often before anyone even realizes something needed fixing.

My philosophy is rooted in preparation. The more intentional the planning, the more relaxed the celebration. I work closely with couples to understand their vision, priorities

and personalities so that every detail reflects who they are. Whether it's a cathedral ceremony, a waterfront reception, or a backyard celebration, I believe every wedding deserves the same level of care and organization.

MY TOP TIP FOR COUPLES:

Plan your wedding day around how you want to feel, not just how you want it to look. Beautiful décor and stunning photos matter, but what you'll remember most is how present you felt, how smoothly things flowed, and how free you were to celebrate with your family and friends. You should be enjoying the moment, not managing a clipboard. That's where I come in.

We collaborate with trusted professionals to secure the best venues, décor, catering, entertainment, and more carefully coordinating every detail to ensure flawless execution. Our planners manage timelines, logistics, and on-site coordination so you can remain present and fully enjoy your special day. With expertise, creativity, and dedication, we turn dreams into reality, creating celebrations that are not only beautiful, but truly unforgettable.

Nee-Anelco Events is here to transform your event dreams into unforgettable realities as your dedicated partner. Boasting over a decade of experience in the event planning industry, we have perfected the art of orchestrating seamless, beautiful, and stress-free occasions, including weddings, birthdays, and corporate events. Our team's unwavering passion for crafting memorable events is evident in every detail of our services.

We also continue to expand our entertainment offerings and are proud to feature a 360 video experience, adding an interactive and unforgettable element that allows guests to capture and relive your celebration from every angle.

For couples planning their wedding, our advice is simple, start early, set a realistic budget, and prioritize what matters most to you. Stay organized, communicate openly with your partner, and don't hesitate to delegate. Most importantly, remember that your wedding is about celebrating your love, so be present, trust your team, and enjoy every moment.

BUDGET BACKDROPS & DECOR

At Budget Backdrops and Decor, we believe that every couple deserves a beautiful and memorable event, without breaking the budget. Our philosophy is simple: elegance does not have to be expensive. With thoughtful design, attention to detail, and a personalized approach, we transform ordinary venues into stunning celebration spaces.

We specialize in wedding décor including backdrops, head table setups, chair covers, sashes, table runners, and full room draping. Whether a couple is looking for a minimal and elegant aesthetic or a bold and glamorous setup, we work closely with them to bring their vision to life. Our focus is always on creating a cohesive look that enhances the venue while reflecting the couple's personality and style.

One of our top tips for couples is to focus on key visual areas that make the biggest impact, such as the head table backdrop and guest table styling. Strategic décor placement can elevate the entire room without unnecessary overspending. We also encourage couples to choose a clear color palette early in the planning process, which helps create a polished and timeless look.

At Budget Backdrops and Decor, we pride ourselves on professionalism, reliability, and making the planning process stress-free. Our goal is to ensure that when couples walk into their venue, they feel proud, excited, and confident that their special day looks exactly how they imagined.

CK & Co. Events is a modern boutique wedding & event planning company based in the Kitchener-Waterloo area dedicated to providing you with a less stressful planning experience. Owner & Lead Planner, Chrissy, is here to help you make the wedding process fun. As a certified Wedding Planner and Event Manager, I've had the honour of coordinating hundreds of weddings. I don't take your wedding day lightly and want to ensure it runs as smoothly as possible! I'm here to anticipate your every need on your day: I'll bustle your dress before you hit the dance floor, crack a joke to keep wedding-day-nerve at bay, and make sure every flower is perfectly in place.

5 REASONS TO HIRE A WEDDING PLANNER

Did you know it takes approximately 200 – 300 hours to plan a wedding? That's a lot of time! Wedding Planning is supposed to be one of the happiest times of your life, but it can cause even the most organized people to become stressed. Working with a professional can help to make the process much easier and reduce stress. Here are some reasons why you should hire a Wedding Planner.

1. WE'RE EXPERTS IN THIS FIELD

A planner isn't just a planner. We take on the roles of designer, accountant, coordinator and more. Take into consideration contracts. Contracts are an incredibly important aspect of booking your venues and vendors. We have read hundreds before and know exactly what to look out for. In terms of finding your wedding team, we're already connected with venues and vendors in your area and will ensure you have the best suited team for your needs, saving you many hours of Google searching.

2. YOU HAVE A VERY HECTIC SCHEDULE

Remember when I mentioned a wedding takes 200 – 300 hours on average to plan? If you already have a busy schedule, it can be very hard to fit that many extra hours into it! A planner will handle the nitty gritty details, where you get to focus on the things that really matter.

3. WE'LL KEEP YOU ON BUDGET

As a planner, I can say that my client's budgets are always one of my main concerns. Nobody likes overspending. It's important to have an expert help you to make the best decisions especially when it comes to staying on budget. Most people are not even sure how to properly break down their budget to cover every expense.

4. YOU NEED HELP BRINGING TOGETHER ALL YOUR DETAILS

It can be hard for a lot of people to decide on a theme and stick to it. A planner will bring your vision to life by providing a mood board and then sourcing a venue and vendors that match, along with decor and detail recommendations.

5. YOU WANT TO ACTUALLY ENJOY YOUR WEDDING PLANNING PROCESS AND DAY

Along with having a pro by your side the entire process, once your wedding day comes around, you'll be glad to have your planner there to coordinate logistics, ensure your vendors are arriving and deal with any issues (and trust me, there definitely will be issues!). All you have to do is enjoy your special day with your partner, family and friends.

A&S DECOR DESIGN

THE ART OF CREATING UNFORGETTABLE WEDDING EXPERIENCES

At A&S Decor Design, we believe that every wedding should feel like a reflection of the couple's story, elegant, meaningful, and unforgettable. Our philosophy is simple: décor is not just about how a space looks, but how it makes people feel the moment they walk in.

We approach each event with a fresh perspective, blending timeless design with modern trends. Whether it's a grand wedding stage, a romantic floral arch, or a full venue transformation, our goal is to create an atmosphere that feels cohesive, luxurious, and personal.

One of our top tips for couples is to focus on a clear vision early on. Choose a color palette and design theme that resonates with you, and let that guide your decisions, from florals to lighting to seating arrangements. Consistency is key to achieving that polished, high-end look.

Another important element is prioritizing focal points. The stage, head table, or ceremony backdrop is where memories are captured, so investing in these areas can truly elevate the entire event. Thoughtful details, like layered textures, soft lighting, and customized elements, make all the difference.

Most importantly, trust your décor team. When you collaborate with experienced designers who understand your vision, it allows you to enjoy your special day stress-free

At A&S Decor Design, we don't just decorate spaces, we create experiences that leave lasting impressions.

JASONS DJ SERVICE

THE SECRET TO A SEAMLESS CELEBRATION

At Jason's DJ Service, our philosophy is built on the belief that a truly great event isn't just about the music, it's about the "flow." A wedding or gala is a live production, and as your Master of Ceremonies and DJ, my role is to act as the director behind the scenes, ensuring every transition feels intentional and sophisticated.

The difference between a standard party and a "Champagne" experience lies in the details. Here are my top three tips for couples looking to elevate their reception:

1. TRUST THE TIMELINE, BUT STAY FLEXIBLE

A professional timeline is your roadmap, but it shouldn't be a cage. We work closely with your venue and coordinators to read the room. If dinner is running ahead of schedule or the sunset is perfect for photos, we shift the energy seamlessly so your guests never feel a "lull" in the action.

2. FOCUS ON THE "VIBE SHIFT"

The transition from cocktail hour to the formal introductions is the most critical moment of the night. It sets the tone. We use cinematic soundscapes and precise announcements to signal to your guests that they are part of something special.

3. MUSIC IS PERSONAL

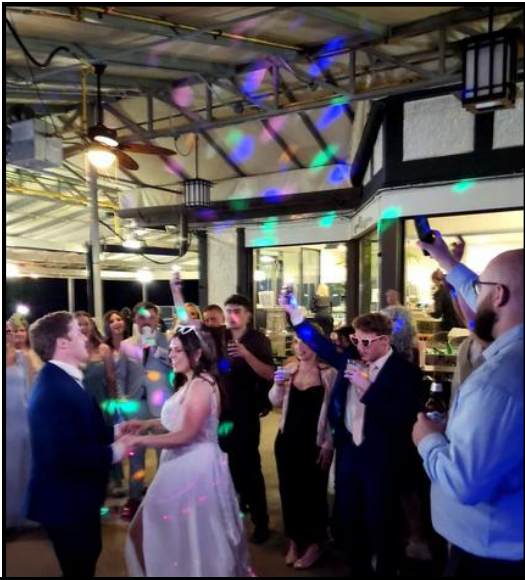

Your playlist should reflect your story, not a generic Top 40 list. We curate soundtracks that blend your unique tastes with the technical expertise needed to keep a diverse dance floor packed from the first beat to the final encore.

Our goal is simple: to allow you to be a guest at your own wedding while we handle the energy, the timing, and the memories.

Wedding DJ

VITEL WEDDINGS

Vitel wedding Events was founded by a happily married couple, who started their career in photography and music and decided to dedicate their lives to what they love most - other than each other. Their key to success is their passion towards beautiful images, enjoyable music and people's happiness. Years of schooling and experience brought them towards the establishment of their own company – Vitel Wedding Events.

History behind the name: Vitel represents the beginning of Vito's name and the ending of Adel's name.

It represents their goal to make every moment special on their Wedding Day. High quality professional service, top notch equipment, enthusiasm and a world of unique ideas make them who they are.

DJ SHAWN HURD

MORE THAN A PLAYLIST: WHEN YOUR WEDDING DJ COULD BE YOUR WEDDING'S "DIRECTOR OF CEREMONIES"

When you start your search for a wedding DJ, it's easy to focus solely on the music. But did you know a truly professional DJ provides far more than just a great soundtrack?

DJ Shawn Hurd, believes the difference between a "good" wedding and a "legendary" one lies in the flow, the transitions, and the peace of mind that comes from having an expert at the helm.

THE MC ADVANTAGE: YOUR DAY'S NAVIGATOR

With over 25 years of professional radio expertise and 20+ years of wedding expertise, DJ Shawn Hurd approaches your wedding as a "Director of Ceremonies." An MC-style DJ is your partner in flow. From the moment your guests arrive at the ceremony to the very last song as you walk out the door, he's there to guide the journey. By communicating timelines with your photographers and coordinating with your catering team, he ensures that everything stays "under control" behind the scenes. This allows you to stay present in every moment, and just have fun - rather than worrying about what happens next.

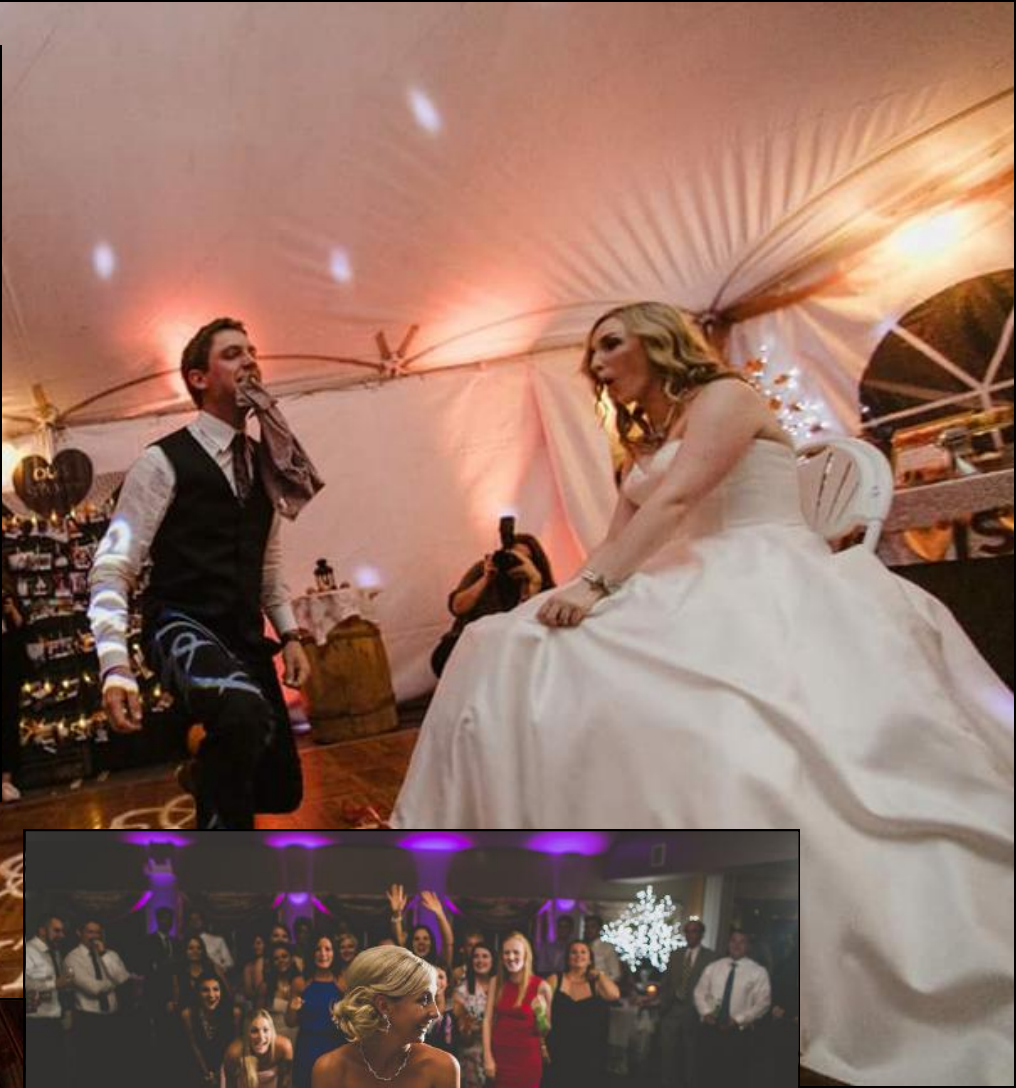

CRAFTING THE DANCE FLOOR JOURNEY

When it's time to dance, DJ Shawn Hurd's preparation pays off. He works together with you well in advance to curate your "Must-Play" and "Do Not Play" lists. However, a great reception requires a navigator who can read the room. By blending your personal favorites with real-time guest requests and his 20+ years of wedding-specific experience, DJ Shawn Hurd guides the energy of the room to ensure the dance floor stays packed until the lights come up.

PRO-TIP: PRIORITIZE THE "VIBE-CHECK"

DJ Shawn Hurd's top tip for brides is to look for a DJ who is a master communicator. Your DJ is the voice of your wedding; they set the tone for your grand entrance and your heartfelt speeches. When you hire an expert like DJ Shawn Hurd, you aren't just booking music—you're ensuring a polished, seamless experience that your guests will talk about for years to come.

DID YOU KNOW?

A professional MC spends an average of 18-24 hours of prep work for every 10-hour wedding to ensure your timeline is flawless!

HIGH BAR

HOSPITALITY & EVENT GROUP

High Bar Hospitality & Event Group is Canada's premier luxury mobile cannabis bar, bringing an atmosphere of sophistication, refinement, and romance to the wedding circuit. With over 30 years of event industry experience, High Bar was founded to dismantle outdated stereotypes and present cannabis in a classy, high-end fashion that complements even the most prestigious celebrations.

INTEGRITY, INSURANCE, AND COMPLIANCE

Navigating the legal landscape is at the core of our service. While approximately 40% of event attendees may bring their own unregulated cannabis, posing a significant liability risk to hosts, High Bar provides a controlled, legal, and professional alternative.

FULL PROTECTION:

We carry a five-million-dollar liability insurance policy that extends coverage to your venue.

REGULATORY RIGOUR:

We operate in strict compliance with the AGCO and local by-laws. As a separate entity facilitating the sharing of legal cannabis, our presence does not impact the venue's liquor licence.

EXPERTISE:

Our staff are CannSell and Smart Serve certified, providing expert education and ensuring no guest overindulges.

REDEFINING THE HIGH-END EXPERIENCE

At the intersection of luxury and innovation, we are reimagining how cannabis integrates into sophisticated celebrations. From sleek aesthetics to sensory breakthroughs, here is a look at how we bring a refined touch to your biggest moments.

THE ART OF THE BAR

Our bar setups prove that a cannabis station can be just as polished as a top-shelf cocktail lounge. Designed with elegance in mind, our bars blend seamlessly into any venue's favour, offering a clean, modern, and inviting atmosphere for your guests to explore.

DISCREET LUXURY: CUSTOM DOOB TUBES

To ensure the comfort of every attendee, we showcase our signature Doob Tubes. These sleek containers hold client pre-rolls, effectively sealing in odours to keep the event space fresh. They double as a perfect "thank you" gift and are fully customisable to match your branding or wedding theme.

- Clear Glass: For a classic, high-end botanical look.
- Matte Black: For a modern, edgy, and discreet aesthetic.

INNOVATION YOU CAN TASTE: CANNA-BUBBLES

WHY CHOOSE BETWEEN A DRINK AND A PUFF?

Our newest Canna-Bubbles introduce the revolutionary "Vape & Sip" experience. This allows guests to enjoy a cannabis-infused beverage topped with a delicate vapour bubble, combining flavour and effect in one mesmerizing, multisensory moment.

SHARED MOMENTS: VAPE ON TAP

There is nothing more modern than a couple sharing a unique moment. Our "Vape On Tap" experience is a favourite for wedding photos, as seen with our recent bride and groom sipping vapour together. It's more than just a service; it's a shared memory and a celebration of love in the new age.

PREMIUM PARTNERSHIPS

We take pride in our professional collaborations, such as our work with the prestigious Deer Creek Golf Club. Here, we serve our curated selection of non-alcoholic beverages, ensuring that every guest, regardless of their preference, has a sophisticated, alcohol-free option that doesn't compromise on taste or presentation.

ROSE OF SHARON FLORAL

At Rose of Sharon Floral, we view wedding flowers as an integral part of the overall wedding experience. In our designs, we let Mother Nature guide us. We create arrangements in a natural, soft, organic way,

incorporating varied heights, movement, and a gathered feel. Our signature style is romantic and lush, with designs that resemble a lovingly tended garden in full bloom. We're known for our refined attention to detail and believe florals should evoke emotion and elevate the entire atmosphere of an event.

At the heart of our philosophy is intentionality. Every flower is chosen with purpose in the design, and every palette is thoughtfully curated to complement a couple's vision, venue, and season, all in harmony. We don't focus on following trends; instead, we prioritize creating designs that feel authentic to the couples we serve. We believe each wedding should be 100% unique, and that flowers should enhance, not overwhelm a space by striking a balance between natural beauty and thoughtful composition.

Sustainability and seasonality also play an important role in our approach. We strive to reduce our environmental footprint by incorporating sustainable practices whenever possible and by using seasonal blooms and locally available flowers.

OUR TIP FOR COUPLES

When planning your wedding florals, start with how you want the day to feel, not just how you want it to look. Share your story, favorite colours, and meaningful details with your florist early on. Many of our couples begin by sharing a Pinterest board or a few images they love. We look for patterns in those photos, gather as many personal details and preferences as possible, and use that insight to guide our proposal and design process. Ultimately, our goal is to capture the true essence of your vision, as it is interpreted through our artistic lens.

MADE WITH FLORALS

DESIGNED WITH HEART, ROOTED IN MEANING

After nine years in corporate retail management, I made the decision to walk away from stability and step fully into creativity. I had built my expertise in leadership, operations, and customer experience, but I knew I was meant to create something more personal; something rooted in beauty and meaning.

I've always had a creative eye. I understand design, flow, presentation, and how details transform a space. Leaving my corporate role allowed me to give back my expertise in a different way, focusing on what I am truly great at: curating elevated, intentional floral experiences that make people feel something.

MadewithFlorals is a boutique, home-based floral studio specializing in weddings, events, bloom bar rentals, private workshops, and refined everyday arrangements. At the heart of my work is connection. I take time to understand each couple's story, how they met, what they love, and the atmosphere they want their guests to feel.

FLORALS SHOULD NEVER FEEL GENERIC; THEY SHOULD FEEL LIKE YOU.

My designs lean romantic, textural, and organic, soft blush and cream tones, layered greenery, and movement that feels effortless yet elevated. I care deeply about quality, seasonality, and creating pieces that are just as beautiful in person as they are in photographs.

MY TOP TIP FOR COUPLES:

Remember why you're getting married. A wedding is not about perfection, it's about committing your life to the person you love, surrounded by the people who have supported you along the way. When you focus on love first, every detail, including the florals, becomes more meaningful, not more stressful.

Live Wedding Painting

THE WEDDING PAINTING

Weddings today feel different in the most beautiful way. They are more intimate, more personal, and filled with meaningful details that truly reflect the couple and the people they love. It's no longer just about the event, it's about the feeling, the connection, and the memories being created in the room. The Wedding Painting was created with that spirit in mind.

My name is Renu, a live event painter and founder of 'The Wedding Painting'. I paint one of the couple's most special moments LIVE at the venue: their vows, first dance, or a quiet emotional glance they never want to forget. As guests celebrate, laugh, and gather around, the painting slowly comes to life. It becomes part of the atmosphere. People stop by, watch the layers build, and feel connected to what's unfolding on the canvas.

By the end of the evening, the couple will have a hand-painted artwork that carries the emotion of that exact day created in the same space where it happened.

I also offer live guest illustrations, where friends and family receive small hand-drawn portraits made on the spot. It's a thoughtful and interactive experience that feels personal and memorable.

Live wedding art adds a soft, meaningful touch to the celebration. It brings everyone together and turns a beautiful day into something that can be held onto forever.

I MARRY U

I MARRY U is led by Maureen McLellan, a wedding officiant with over 15 years of experience and 1,000+ celebrations.

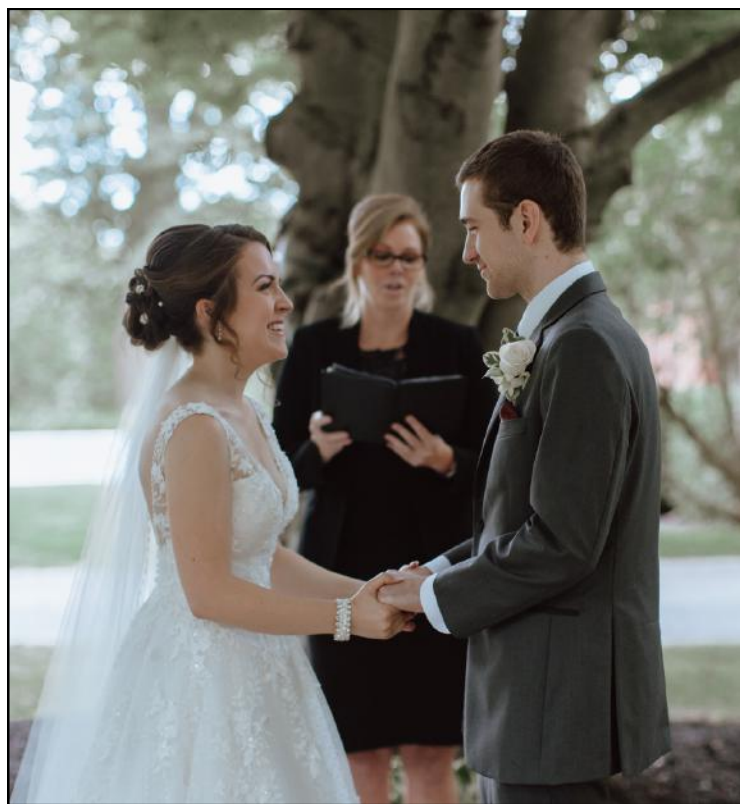

Couples and leading wedding venues turn to Maureen for everything from legal signings to fully custom ceremonies. Her calm presence and professionalism give everyone confidence and peace of mind, ensuring each ceremony is seamless and unforgettable!

The ceremony is the foundation of a wedding day. For more than 15 years I have had the responsibility of guiding that foundation for couples across Durham Region, officiating over 1,000 marriages. With experience comes perspective. I understand the legal weight of the moment, the importance of timing, and how the tone of a ceremony shapes everything that follows.

I have officiated in golf clubs, community halls, private properties, outdoor settings, and more throughout the region. Regardless of location, the expectation remains the same. The ceremony must reflect the couple and keep their guests attentive, while allowing the two people at the front to feel at ease.

Marriage is a legal commitment and should be taken seriously, but it is also a celebration. A touch of humour, used thoughtfully, keeps the room engaged and helps the couple relax without taking away from the significance of what is happening.

I take time to understand each couples vision, and how they want their marriage to begin. From there, I create a ceremony that feels natural to them. Couples want to trust that this part of their day will be handled properly and still feel like their own; I make that happen. When they walk back down the aisle, it feels wonderful for all the right reasons. That is what I deliver, every time.

HAZEL SHANKS

Hazel Shanks Wedding Officiant joyfully serves couples across the Durham Region (Ajax, Pickering, Whitby, Oshawa, Bowmanville) and Greater Toronto Area. Her greatest joy is crafting a personalized narrative of your love story and bringing it to life on your wedding day.

Hazel is also a Marriage & Relationship Coach, who doesn't just focus on your wedding day - she also cares deeply about your marriage. She offers premarital and newlywed coaching to help you create healthy patterns that support a lasting marriage.

Back in 2019, Hazel had an epiphany that changed everything. After years in the events industry as a planner, she kept witnessing the same thing: beautiful couples, stunning venues, incredible receptions - but wedding ceremonies felt like something to be endured before the real celebration began. She knew there had to be a better way!

HER MISSION: REDEFINING WHAT WEDDING CEREMONIES CAN BE

Hazel started officiating weddings because she wanted to give couples something different - a new experience that broke boring ceremony stereotypes. She wanted couples to know what it feels like when their guests are genuinely engaged, when the ceremony itself becomes celebratory and lively, when their love story is told so uniquely that even they marvel when they hear it (trust me - it happens)!

THE HEART BEHIND EVERY CEREMONY

As a Licensed Wedding Officiant serving couples in the Durham Region and Greater Toronto Area, Hazel brings both professional expertise and a deeply personal understanding to every ceremony. She has been happily married for over two decades and knows that real love is built in everyday moments - the laughter in your kitchen, whispered apologies, shared dreams. That's the kind of love she's celebrating when she stands with couples on their wedding day.

WHY COUPLES CHOOSE HAZEL

Hazel has mastered the art of creating ceremonies that are both deeply personal and wonderfully entertaining. She doesn't just officiate your wedding - she becomes your storyteller, weaving your journey into a ceremony that has your guests cheering from the very beginning (not just after they've had a few drinks!).

BEYOND YOUR WEDDING DAY

As a Marriage & Relationship Coach, Hazel also offers premarital and newlywed coaching because she cares deeply about the couples she serves, long after the confetti settles. She coaches couples to build strong communication, deepen intimacy, and create healthy patterns that support lasting marriages.

WEDDING PLANNING TIPS FOR COUPLES FEELING OVERWHELMED

Planning a wedding can feel exciting, but it can also feel overwhelming at times. If you're feeling stressed, take a deep breath. You're not alone, and a few reminders can help put things back into perspective.

One of the biggest misconceptions about weddings is that everything has to be perfect. The truth is, no wedding day is perfect and that's completely OK -actually the more you can trust in your vendors, the more fun you will have!

The only two people who truly know what your wedding day is supposed to look like are the two of you!! If something small doesn't go exactly as planned, your guests likely won't even notice. What they will remember is the joy, the love, and the meaning of the day.

BA lot of the early stress comes from simply getting started. Once you've chosen your wedding date and venue, you can begin builindg your dream vendor team,

your photographer, officiant, florist, DJ, planner, and other key professionals.

After your core vendors are booked, there often isn't much to do until a couple of months before the wedding, when you'll have your final meetings and confirm details together. Most of the planning naturally falls into place during those final weeks.

If planning feels overwhelming, hiring a Wedding planner or coordinator can make a huge difference. A planner helps:

- Keep everything organized
- Make sure you stay on budget
- Manage timelines and logistics
- Ensure everything runs smoothly on the wedding day

Most importantly, a planner allows You, your friends and your family to relax and enjoy the celebration instead of worrying about the details. Ask us for suggestions! We are here to support you! One of the most meaningful parts of our role as officiants is helping couples feel calm , comfortable and confident during the ceremony.

We understand that not everyone enjoys being the center of attention or speaking in front of a group. That's completely normal. Our job is to gently guide you through the ceremony so you can stay present in the moment and focus on what truly matters, each other.

Together, we'll create a ceremony that feels natural, meaningful, and beautiful, without unnecessary stress.

IT'S SO IMPORTANT TO REMEMBER WHAT THE DAY IS ALL ABOUT!

At the end of the day, your wedding is about celebrating your relationship and the commitment you're making to each other. The details are lovely, but the heart of the day is simply the two of you beginning your next chapter together.

And that part will always be perfect.

KERRY MOELLER

I am a non-denominational wedding officiant who specializes in crafting personalized, heartfelt ceremonies that celebrate each couple's unique love story, honouring love across all backgrounds, cultures, faiths, and identities.

My path to becoming a wedding officiant wasn't something I planned, it found me in a moment I'll never forget. A love story that involved my mother - a second chance at love for her. In 2014, I had the honour of walking my mother down the aisle. As we approached the end of the aisle, where a family member stood waiting to officiate the ceremony, something shifted in me, it was an unmistakable moment of clarity. I remember thinking, "I want to do that." I wanted to be the one standing with couples on one of the most meaningful days of their lives, sharing their love story, holding space for that moment, and having the privilege of announcing them as newly married. It felt like such a beautiful and meaningful role to play in someone's life.

Kerry
MOELLER
OFFICIANT

It took some time before that moment turned into action, and funny how things fall into place - just before Covid, I met someone who mentioned ministry training and during the lockdowns of COVID I completed my training and became a Reverend with the Spiritualist Church, an alignment that felt deeply natural to me. Their philosophy reflects what I have always believed, that love has no barriers, no boundaries. Love simply asks to be honoured and celebrated.

My journey endured some hardships. Just before COVID, my partner passed away suddenly from heart failure at the age of 50. In the midst of that grief, I came very close to walking away before I even got started. I had no idea how I was going to share love stories after losing my own. It took courage, many tears, my incredible circle of friends and family and a lot of healing to stand with my broken heart and allow their love to help mend mine.

Now, seven years later, I take immense pride in the work I do as a wedding officiant. The relationships I've built with couples and fellow wedding vendors, and the privilege of sharing love stories from people of all backgrounds, faiths, cultures, and identities continues to inspire me. At the heart of it all, I believe every love story deserves to be honoured and celebrated in a way that feels authentic and meaningful.

NATHAN GRIEVE WEDDINGS

When couples begin planning their big day, they often focus on the venue, the dress, and the food. But ask any recently married pair what truly set the tone for their ceremony, and they'll tell you: the officiant makes all the difference. That's where Nathan Grieve of Nathan Grieve Weddings comes in.

Known for his razor-sharp wit and effortless charm, Nathan has built a reputation as the funny officiant who knows exactly how to read the room. His ceremonies are packed with laughter, never forced, never cheesy, just the right touch of humor to calm nerves and bring guests together. He has a rare gift for turning love stories into living, breathing moments that feel as entertaining as they are heartfelt.

But don't mistake "funny" for "flippant." Behind every perfectly timed punchline is careful preparation. Nathan works closely with each couple, getting to know their quirks, milestones, and the little details that make their relationship unique. The result? A ceremony that feels deeply personal, seamlessly paced, and completely unforgettable.

Guests stay engaged. Couples stay relaxed. Photographers capture genuine smiles instead of stiff poses. And when the confetti settles, people are still talking about “that amazing officiant.”

With Nathan Grieve Weddings, you’re not just booking someone to legally marry you, you’re choosing an experience. An atmosphere. A ceremony that feels like you. If you want vows delivered with warmth, personality, and a dash of perfectly timed comedy, Nathan Grieve might just be the best decision you make, right after saying “yes.”

THE ART OF TELLING A LOVE STORY

Love is why we're all here.

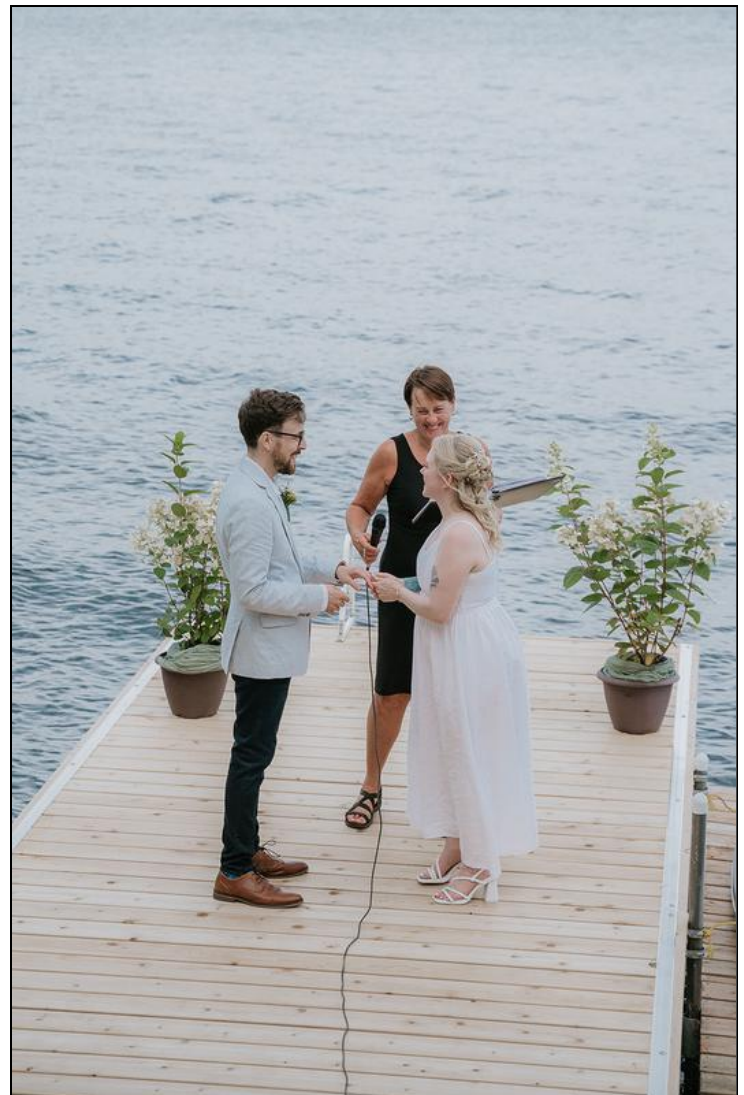

After 14 years of officiating weddings and marrying hundreds of couples, that truth still moves me every single time I stand beside two people promising their lives to one another.

As the founder of Julie Connolly Weddings, based in Peterborough, Ontario, my passion is creating ceremonies that feel authentic, meaningful, and completely personal.

A wedding ceremony should feel like the first beautiful chapter of your marriage, not just the start of the party.

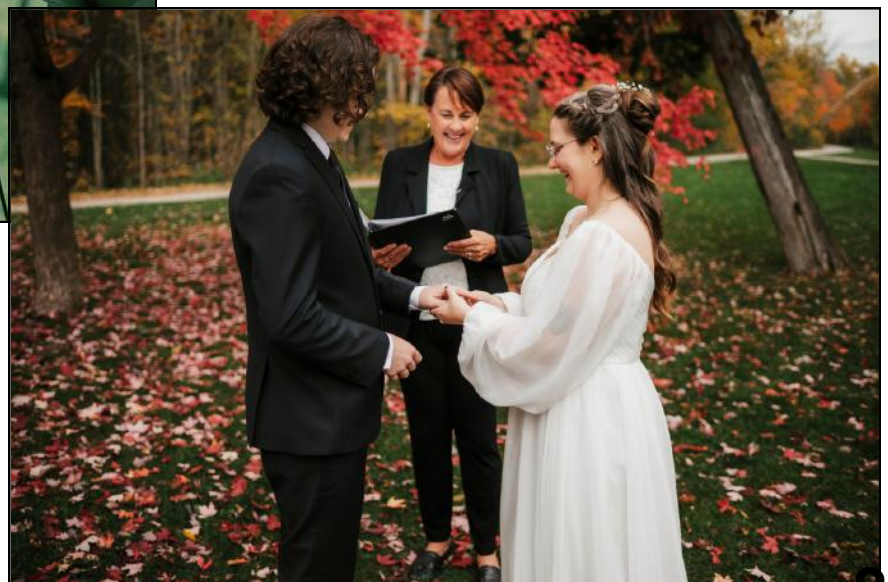

Every couple arrives with a unique love story, and telling that story is at the heart of what I do. Through thoughtful conversations and a deep understanding of each couple's journey, I craft a ceremony that reflects who they truly are, how they met, how their relationship grew, and what makes their connection so special.

When guests hear the story unfold during the ceremony, laughter, tears, and heartfelt moments naturally follow. Couples often tell me afterward that their ceremony was their

favourite part of the entire day, and that means the world to me.

Many of the couples who find their way to me are wonderfully non-traditional. Some are celebrating a second marriage, some are planning an intimate same-sex wedding, and others are creating a relaxed gathering at a cottage, lakeside property, or meaningful place that holds special memories.

My role is to guide couples with warmth, professionalism, and calm confidence while creating a ceremony that feels engaging, joyful, and unforgettable.

Because when your ceremony tells your story, it becomes far more than a formality, it becomes the perfect beginning to your marriage.

And every story deserves a beautiful beginning.

Love is why we're all here.

Story is what connects us.

Let me tell yours.

AXOLOTL STUDIO

**AXOLOTL
STUDIO**
Photo Booth

Axolotl Studio is built around one thing: the experience. Great photos matter, but what people remember is how they felt in the moment. For us, hospitality comes first. We read the room, match the energy, and make sure every guest feels comfortable stepping in front of the camera.

What sets us apart is not just the setup, but how we handle the experience from start to finish. From the initial inquiry to the post-event day, we focus on clear communication, attention to detail, and making the process feel easy for our clients. Everything is intentional.

Our approach goes beyond traditional photo booths. From instant photo keepsakes to keychains and audio guestbook options, we focus on creating something guests can take with them. These are not just photos. They are moments turned into something tangible.

A photo booth should not feel like a separate attraction. It should feel like part of the wedding itself. Placement, timing, and flow all matter. When done right, it blends into the event and enhances the atmosphere instead of competing with it.

EXPERT TIP FOR COUPLES:

Don't just look at how a booth looks. Pay attention to how the company communicates, how they manage the experience and how they interact with your guests. That is what people will remember most.

MY TIPS FOR COUPLES:

- Choose vendors you trust — and personalities you feel comfortable spending your wedding day with.
- Build breathing room into your timeline. Calm creates better photos.
- Protect the moments that matter most instead of over-planning every minute.
- Make decisions based on feeling, not expectations.

Your wedding is not a performance — it is a story.

And the best stories are always the real ones.

WEDDING YOUR WAY

Rules are optional. Story is not.

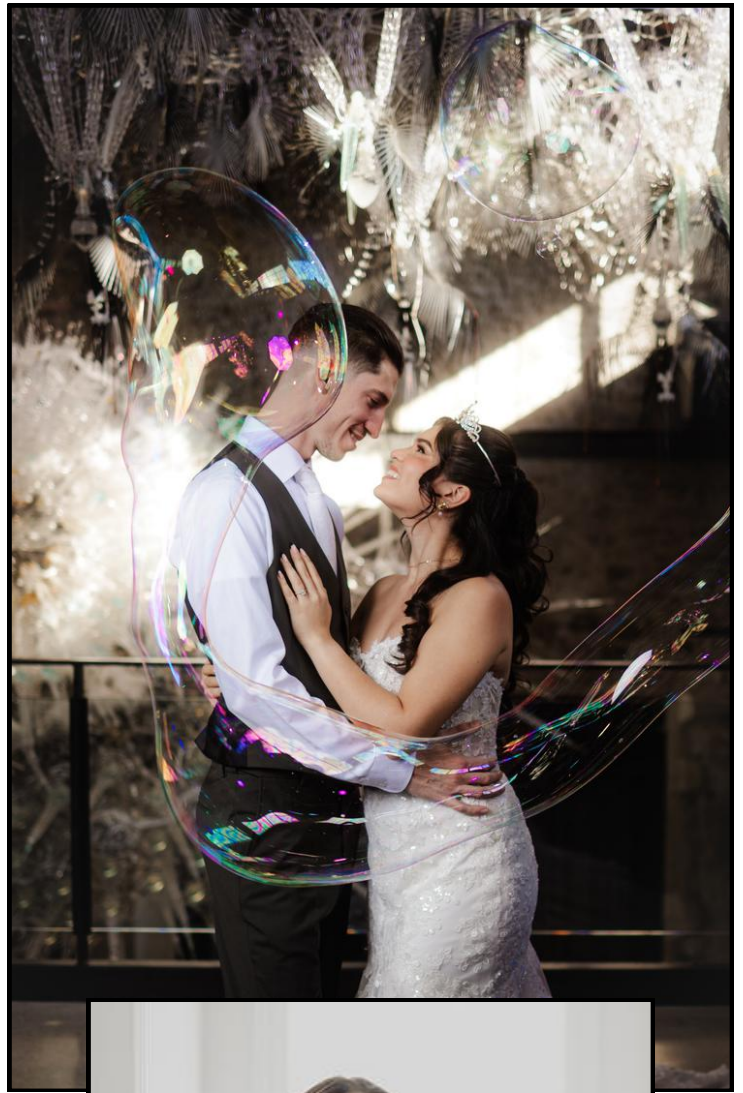

I believe every wedding deserves to feel honest, candid, and fully personal. The most meaningful celebrations happen when couples create a day that reflects who they are — not what they think a wedding is supposed to be.

My approach is rooted in storytelling. I look for energy, emotion, contrast — the quiet moments, the chaos, the bold choices, the subtle gestures. These are the moments that last.

I love working with couples who are open to creativity and not afraid to do things differently — whether that means unconventional timelines, expressive fashion, unique venues, or simply prioritizing experience over perfection. That spirit can be loud or subtle, but it always makes a wedding feel alive.

Years pass quickly, and the details fade. What remains are the moments that were captured — the way it felt, the people who were there, the emotions you didn't notice in real time.

Beautiful photos matter, but comfort matters more. When couples feel safe to be themselves, images become effortless.

EMILY CRITES CO.

Emily Crites is an award-winning elopement and wedding photographer based in the Ottawa–Gatineau region. She focuses on intimate weddings and elopements, documenting them with a steady, unobtrusive presence.

Her approach is rooted in awareness. She has developed a strong awareness of how a wedding day unfolds, from the changing light to the small, unspoken interactions. The result is imagery that reflects the day as it was, not overly styled, not trend-driven, and not disconnected from the experience itself.

With years of experience behind the camera, Emily is comfortable navigating shifting timelines, tight spaces, unpredictable weather, and the realities of live events. She understands that weddings are layered, quiet moments exist alongside chaos, humour, nerves, and relief, and her work holds space for all of it.

Her visual style leans nostalgic and grounded, favouring natural tones, texture, and atmosphere over spectacle. These are photographs designed to last, images that feel steady, honest, and true years after the day has passed.

Glowing Lights
PHOTOGRAPHY

I'm a wedding photographer who traded the dance floor for the forest floor, and I've never looked back. I specialize in outdoor weddings set in the heart of nature, where the wind moves through the trees, the water reflects the sky, and love feels grounded and real. There's something magical about saying your vows beside a quiet lake, at a cherished family cottage, or in a place that holds deep meaning in your story. Those are my favourite kinds of celebrations, the ones where couples feel truly connected to their venue and the land around them.

Nature has a way of slowing everything down. It helps me ground myself, and it helps my couples breathe, be present, and soak it all in. That's where the real moments live, the tight hugs before the ceremony, the happy tears during speeches, the in-between glances that say more than words ever could. I want you to be fully present with all the love and support that is surrounding you. I care deeply about getting to know my couples on a genuine level- your quirks, your history, the way you laugh together. Your love story isn't generic, and your photos

shouldn't be either. I'm here to document your day as it unfolds naturally and honestly, preserving the emotion, connection, and wild beauty that make it uniquely yours. That's why every package includes a beautifully crafted album. I believe your wedding day deserves more than a folder on a hard drive, it deserves to be held, flipped through, and displayed in your home. Your album becomes a tangible keepsake, a piece of your legacy, and something you can pass down for generations.

ROMANCE & WANDERLUST

At Romance & Wanderlust, we want to take away the stress of trip planning, so couples can focus on their wedding details and feel like they have a second full time job between planning the two. Our mission is to turn your travel dreams into a reality, and the vision is to provide luxury service without the luxury price tag.

One misconception about working with travel agents is that you need to pay a lot to have a travel professional plan the trip for you. We're here to bust this myth one trip at a time. Whether you book with an agent or not, you are still paying the commission fees that are built into the package from the tour operator. They just pay it back to themselves if you buy your trip directly from them.

At R&W, we will do all the research, talk to the operators, keep up-to-date on the travel advisories, and put together an itinerary for you that encompasses all the details and confirmation numbers so you

don't need to worry about finding those 15 emails in-destination when your internet may not be reliable.

We work with a number of industry partners that help us to send you around the world, so while we aren't experts in every single destination, we work with people who are and will help us to create your dream honeymoon.

Interested in going away for your bachelorette or bachelor parties? We do that too! Your bridal party doesn't need to worry about all the small details for 10+ friends travelling. We do the work so you can have the fun!

Long term, if you like what we do, our goal is to become your family's travel agent, so you never have to worry about the stress of travel planning again.

OAK SPRINGS FARM

AT OAK SPRINGS FARM,

we offer an all-inclusive wedding venue surrounded by rolling forests, peaceful farmland, and timeless country charm, reserved entirely for you on your special day. From the moment you arrive, you'll feel more than welcomed; you'll feel embraced as part of our family.

Our farm creates an atmosphere where joy unfolds naturally, not only for the bride and groom, but for every guest who gathers to celebrate with you. There is a quiet magic here, a sense of serenity and wonder, that makes dreams feel tangible and memories unforgettable. To us, Oak Springs Farm is the perfect harmony of Simplicity, Elegance, and Country Charm, thoughtfully woven into every corner of the property.

Our namesake, the mighty oak tree, is a cherished symbol of love and devotion. Known for its longevity and steadfast strength, it beautifully reflects the enduring bond a couple builds together. For generations, oak trees have represented wisdom, loyalty, resilience, and the promise of a happy marriage. It's no surprise that many couples choose to exchange their vows beneath the sweeping branches of the majestic oak that stands at the heart of our farm.

Throughout the property, you'll discover a collection of enchanting spaces designed to bring your vision to life: lush gardens, serene forest trails, wide-open pastures, and our beautifully appointed event tent. Our customizable wedding packages include catering, décor, and full support from our dedicated team, ensuring every detail feels effortless and intentionally crafted.

You'll also find countless opportunities for unforgettable photographs, whether you're drifting across the pond in our rowboat, wandering through fields of wildflowers, posing beside vintage tractors, or sharing a quiet moment with our beloved horses.

With intimate capacity for up to 100 guests, flexible indoor and outdoor settings, and the option to stay on-site, Oak Springs Farm offers a warm, romantic, and unforgettable place to begin your forever.

Wedding Events & Planning

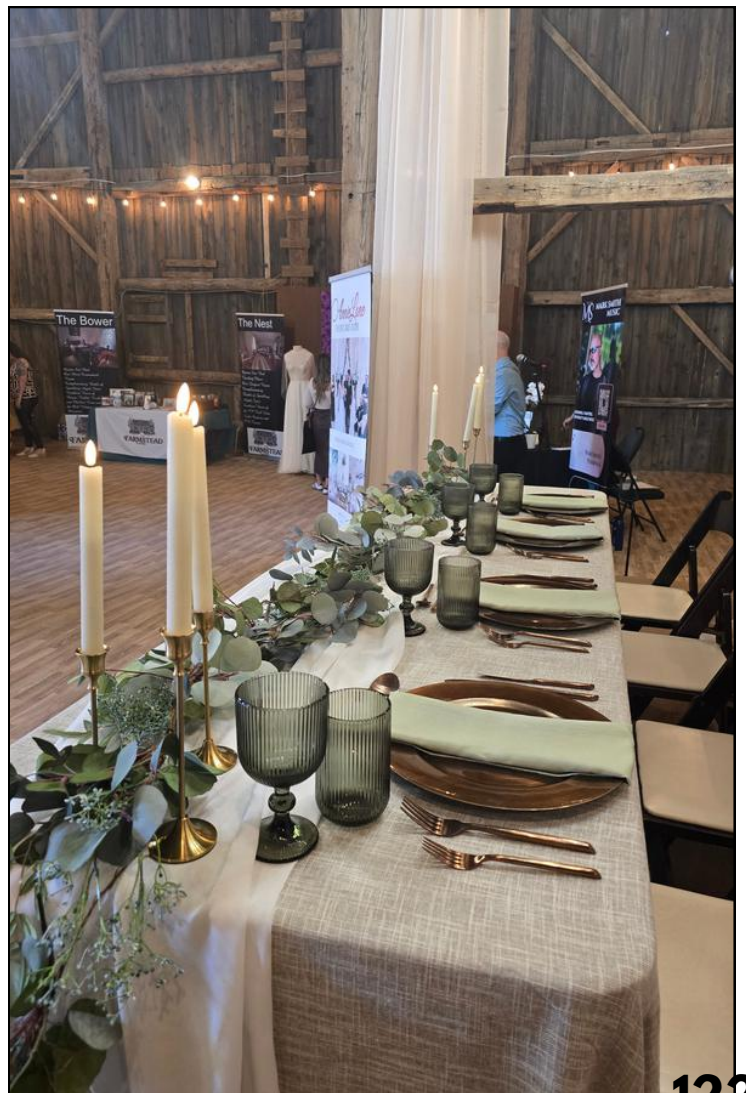

ANARCHĒ COLLECTIVE

Anarchē Collective was built on one belief: weddings deserve to feel like experiences, not obligations. Founded by Brittany Loomis, Anarchē produces immersive wedding markets, curated showcases, and modern event experiences designed for couples who want something different. Through The Bridal Night Market, we've reimagined the traditional bridal show into an editorial, cocktail-style evening where couples connect with vendors in a way that feels intentional, inspired, and elevated. We believe planning should feel energizing, not overwhelming.

**OUR PHILOSOPHY IS SIMPLE:
CURATE THOUGHTFULLY.
DESIGN BOLDLY. LEAD WITH
EXPERIENCE.**

Rather than overcrowded convention halls, we focus on intimate, high-impact environments where every vendor is selected with purpose and every detail is considered. From live fashion moments to interactive activations, we create spaces where couples can see, feel, and experience their vision coming to life. At Anarchē Collective, we're not here to follow tradition.

We're here to reshape it.

TOP TIP FOR COUPLES:

Don't just book vendors - build your team. The right creative partners don't just execute your vision; they elevate it. Chemistry, communication, and shared energy matter just as much as portfolios.
