We offer agricultural machinery servicing with our team of highly skilled engineers. Our fast reliable service ensures minimum delay and makes sure your machinery is off the road for the minimum amount of time. This service can be offered in the field or at our fully equipped workshop. Our highly skilled workforce regularly go on training courses to keep up to date with the latest technology. This guarantees we deliver the best possible service and enables us to carry out fast efficient repairs for our customers.

There are five mobile service vans as well as a fully equipped workshop

PART DEPARTMENT

01343 860556

PARTS@MARKGARRICK
LTD.CO.UK

We have a range of stock parts available from our very well supplied Parts Department. From maintenance parts such as filters, oil, batteries and belts, to repair parts including bearings, clutches and brakes. If the part you require isn't in stock, we are confident that we can source it for you. Most parts are available on a next day delivery if required. Whilst our main franchises are Case IH and Manitou, we can source parts for all other makes and models through our large franchise network.

POA

THE GAME CHANGER IS HERE

The LX105 unroller is easier to use, more versatile and saves you more time than any other chain feeder on the market today.

With six unique features never seen before...
3 point linkage feeders have just changed for good.

LX105 Unroller Key Features:

1. New patented Auto-Latch system
2. More than just a balefeeder! The LX105 unroller will feed loose silage fodder beet, etc
3. Double-ended for flexibility when feeding
4. Toughest chain and feedbars on the market
5. Fully covered shafts to prevent wrapping
6. Optional telehandler and loader brackets for front end loader feeding- Unique to hustler thanks to Auto-Latch design

HUSTLER®

BALE GRAB BG 500

THE PRODIG BALE GRAB IS AN EXTREMELY ROBUST UNIT FOR MOVING BALES WITH MINIMAL DAMAGE TO THE PLASTIC WRAP. THE UNIT IS SUITABLE FOR TRACTOR, TELE-HANDLER AND ARTICULATED LOADER. HYDRAULIC BALE GRAB FOR QUICK AND EFFICIENT MOVING AND STACKING OF BALES. WRAP DAMAGE IS ELIMINATED BY OUR TUBULAR ARMS COVERING A LARGE AREA OF THE BALE WRAP.

POA

BALE HANDLER BH500

THE PRODIG BALE HANDLER IS DESIGNED AND MANUFACTURED FOR RELIABILITY AND EXTREMELY LONG SERVICE LIFE. THE UNIT IS MANUFACTURED WITH HIGH OPERATOR VISIBILITY, THE MAIN LEGS ARE ENGINEERED AND FABRICATED FROM HIGH YIELD PLATE AND QUICK RELEASE LARGE DIAMETER ROLLERS.

 **MANITOU**
HANDLING YOUR WORLD

As an SMRA member, you are entitled to a financial rebate on your Case IH whole-good purchase; amounts as detailed below. In addition, you could also be entitled to a share of a potential bonus paid annually, should certain group criteria be met.

THE PROCESS IS SIMPLE

Visit your local Case IH dealer and purchase your new Case IH tractor, baler, combine or telehandler.

Let your local Machinery Ring know and send them a copy of the dealer invoice or finance documents as soon as possible, and they will take care of claiming the rebate.

The Case IH brand represents a tradition of leadership. It is the culmination of great agricultural equipment companies and brands, including Case, International Harvester, Steyr and David Brown to name a few.

Each of these brands have played an important role in the history and evolution of Case IH. Over the years, many things have changed, but the legendary red brand will always represent a commitment to making agricultural producers more efficient and successful.

www.caseih.com

Scotland's first Machinery Ring was established in 1987. The Scottish Machinery Ring Association now has 9 member rings serving more than 7,000 farmers and rural businesses in Scotland and the North of England. Machinery Rings can deliver substantial savings on machinery, labour and commodities as well as offering access to training and skills development.
