WHY PINS OF BEER HELP YOUR LOCAL PUB

A pin is a smaller cask of beer (about half the size of a normal one), and it makes a big difference:

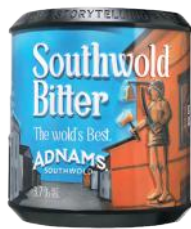

- **Fresher Pints** - smaller casks empty faster, so every pint tastes its best.
- **More Choice** - pubs can offer a wider range of beers without worrying about waste.
- **Supporting Pubs** - less spoilage means less money down the drain, helping your local stay thriving.
- **Safer for Staff** - lighter to move and easier to handle behind the bar.

So when you see beer being served from a pin, it's not just good news for your pint – it's good news for your pub too.
