Miss America 2022

Emma Broyles is a second generation Alaskan born and raised in Anchorage. She is a junior at Barrett, The Honors College at Arizona State University where she studies biomedical sciences and voice performance.

After graduating, Emma plans to attend medical school to become a dermatologist, using her \$109,000 in scholarships she has earned from the Miss America Organization.

Emma has spent over half of her life advocating for people with intellectual disabilities through her work with Special Olympics Alaska. Her older brother, Brendan, has Down syndrome and is a source of inspiration for her. When Brendan became a Special Olympics athlete at the age of 8, Emma started attending weekly track and field practices with him. She and her younger brother, Ben, enjoyed helping at the practices by chasing down balls during the tennis ball throw and running laps with the athletes. She grew up learning from these athletes, allowing her to develop an understanding of the importance of inclusion and empathy. This understanding drove

her to continue her involvement through Partners Club, a school program through Special Olympics Alaska. There, Emma served as co-president and had the chance to see relationships bloom between students with and without intellectual disabilities. She realized the significance in teaching students about inclusion and equipping them with the necessary tools to be leaders of social change in their communities. As Miss Alaska, she toured schools to spread the message of inclusion, working closely with Special Olympics school programs in her hometown.

Miss America serves to demolish stereotypes about women and show the world that outward appearance should never determine someone's worth. Similarly, Special Olympics strives to promote an Inclusion Revolution, encouraging people all around the world to celebrate one another's abilities rather than focusing on our differences. Special Olympics works to spread compassion and acceptance in a way that can unite the world. As Miss America, Emma will continue to act as an advocate for Special Olympics on an even wider scale to ultimately mend communities one connection at a time.

“I was a senior in high school when a 7.1 magnitude earthquake hit my hometown. As the floor shook and the walls rattled around me, I dove under a table and hung on for dear life. Everything around me had shifted.

When I'm asked about what was going through my head when I was named Miss America 2022, I'm reminded of that feeling during the earthquake. The big, shiny stage on which I was standing no longer felt stable. It all felt like a dream. I heard the audience cheering, felt the crown as Camille Schrier pinned it to my shaking head. Tears filled my eyes as I looked up, watching the confetti begin to fall. I remember turning around to face my Miss America classmates, unsure of what to do or what just happened. They held me up, fixed my crown, and wiped my tears, bringing me back to reality. They reassured me and celebrated with me and on that night, I truly understood the meaning of the Miss America sisterhood.

Having the Forever Miss Americas on the stage with me on this life-changing night reminded me of the rich history and powerful impact the Miss America Organization has had on all of us who have ever stepped foot on a Miss America stage from locals to nationals. I felt humbled by their presence, knowing that it's up to me to honor their legacy and that of the Miss America Organization as we head into the next 100 years.

Years from now, I hope to look back at 2022 and feel that I made a difference as Miss America. That we will all be kinder to one another, and not just to those with whom we agree. That we will be more accepting of others, especially those with whom we have the least in common. And most of all, that we will have compassion for those we understand the least.

I'm honored to be Miss America 2022 and look forward to my year of representing this country that my grandparents chose and representing this organization that has made such a tremendous impact on the lives of young women for the past 100 years.”

When I was a little girl, I remember one of the things I was most proud of was the fact that my very own mother was Miss Portland. I grew up watching Miss America and I dreamed of the day I too could tell my children that I was Miss Portland and ultimately the day I would have my moment playing the piano on the Miss America stage. While I did not win the title of Miss Portland, I now know it was for a very specific reason.

Taylor Crawford (formerly Ballard,) thank you for stepping out in faith and believing in me when I did not believe in myself. Your encouragement paired with the words of Deshuna Barbe; "Do not fear the word no, but be afraid of the possibility of a yes that you have prematurely destroyed because you decided to quit before the clock strikes 12.", are the reason I decided from that moment forward to never again fear the word "no."

Beth, Blaine, Kirsten and the remainder of my irreplaceable Miss Oregon Board, thank you for helping this deer in headlights find her way. You pushed me, and gave me every opportunity to grow and allowed me to give Miss America my best shot. I was in no way the same girl that competed at Miss Oregon as I was when I competed at Miss America. You helped me figure out who Abigail Hayes truly is and the type of Miss Oregon I wanted to be. I would have never been 4th runner-up to our amazing Miss America without the help of you all. You have made an impression on my book called life that will last forever.

Family, you have shaped me and molded me. Everyone of you has taught me something instrumental. Anjelica, thank you for teaching me to be gracious and kind to every person. That is a crucial part to the job of Miss Oregon. Alexander, thank you for bringing out your attorney skills to help prepare me for any kind of interview. Adriana, thank you for showing me how to be more connected to my roots, and how to stop and enjoy the beauty in the little moments of life.

Mom and dad, you have given me everything. I could not ask for a single thing more in my life from you two. You have shown me enough love to last multiple lifetimes, you have pushed me to be the best Abigail I can possibly be, and you have never stopped believing in me for a moment. I will always be your baby and you will always be my parents and you will always hold the dearest place in my heart. I know that while I may never hold the title, I will always be your Miss America.

To my forever Miss Oregons, thank you for all of your warmth and support at every turn. Whether it meant helping me pack, lending me clothes, or answering my texts at 12 A.M. regarding my interview outfit, you were all there for me. From the beginning of my year you all came together and paid my way to Orlando. That was one of the kindest gestures any group of people have done for me. Thank you for offering me spaces to practice walking, a location for my send off, and words of wisdom I will use throughout my life. You all mean the world to me and I cannot wait to be the same mentor for future Miss Oregons that you have all been for me.

Oregon, It was an unexpected privilege to represent you at the historical 100th anniversary of Miss America. However, it was my dream come true and I look forward to sharing with my future children about all of my crazy/fun appearance stories, playing the piano on the Miss America stage, and of all the dear people I met along the way. No matter where my journey may take me, Oregon will always have my heart and will forever be my home. It has been the highest honor to serve you.

With so much gratitude in my heart,

*Abigail*

Signing off, your forever Miss Oregon 2021, Abigail Hayes

2021 was nowhere close to a typical year. This was a year in which COVID-19 persisted throughout the globe, where many chapters ended and many new ones began. A year fraught with immense joy and grief, laughter and tears, and an abundance of friends – both old and new.

Serving as your Miss Oregon's Outstanding Teen 2021 while being away from home was nothing short of difficult, yet I know that I still have pieces of my heart scattered across our beautiful state, carried by those who have loved and supported me throughout this journey. Before my move to attend school in California, my life was a whirlwind of ball gowns, newspapers, high heels, and sparkly crowns, but what persisted most of all was an abundance of joy, determination, and love from those around me. And since my move, I have felt no less of that overwhelming support. So, as my unusual, difficult, and exciting year of service comes to an end, I would like to thank the people who have heavily contributed to my experience as your Miss Oregon's Outstanding Teen.

CC and Darin O'Bryan – my loving parents. Where on earth do I start? There are truly no words that I can place onto a paper that will express the immense gratitude that I have for all that you do. The unconditionality of your love, support, and encouragement never ceases to amaze me, and I know that I would be nowhere close to where I am now without it.

My family, my life and my #1 cheering squad, you are the reason for all that I do. I know that no matter where I am in my life, or what I am doing, you will come cheer me on with big painted signs and an abundance of "WOO!"s. Rowan, my feisty, caring, older sister. Your immense capacity for empathy, your fearless personality, and your contagious laugh are some of the things that make you the best big sister in this lifetime. Grandma and Nana, I love you dearly and miss you every day that I'm away from home. Thank you for your endless supply of warm hugs and cookies. And to my grandpa Robert and grandpa Fred, I miss you both every day. Thank you for always thinking the world of me.

Cindy, Beth, Blaine and Kirsten, you are a team of superheroes. My incredible year as MOROT would not have been possible without your continuous support and wisdom. You helped me grow immeasurably in this role, and I am forever grateful for the time that you've invested in me both as your titleholder and as a human being. And to the rest of the Miss Oregon board members and volunteers, your work does not go unnoticed, and I am unbelievably grateful for the immeasurable time and effort that you put into this organization.

To the Miss Coos County Scholarship Program Board and Volunteers, thank you for all that you have done in my journey with this fantastic organization. Your mentorship and guidance through the past three years has been instrumental in my development as a candidate and member of our community.

To my entire hometown community who has helped me throughout the years both in and out of this organization, thank you for teaching me what it means to feel my home's embrace. Northwest Fitness, The Pacific School of Dance, Aymee Pedder, The Gleasons, and my dear family friends who have traveled to support me throughout. I hope you know how remarkably grateful I am for your coaching, mentorship, skill-building, and astonishing amounts of support.

To Abigail, thank you for being my partner throughout this year. I feel so blessed to have had you as my new big sister, and I cannot tell you how much I appreciate how close we've become, no matter the physical distance. You'll forever be a part of my family, and I cannot wait to see where life takes us next<3

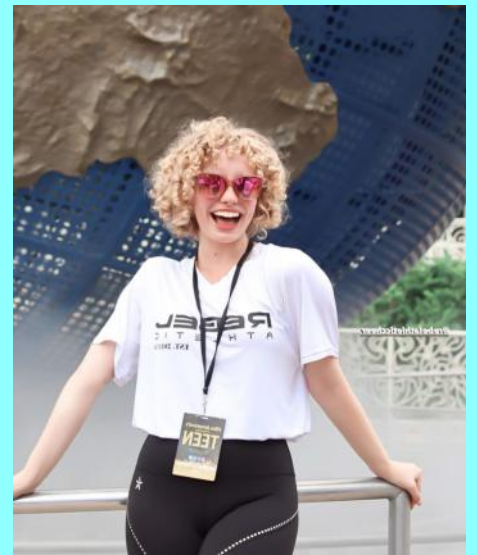

Thank you, Oregon, for a wonderful year serving as your titleholder. While I may not have your name across my chest after today, you will forever be in my heart and a beautiful piece of my story.

Cianna,  
 Since the day you were born, I was proud to be your dad. When you learned how to ride a bike and we went on our first ride together, you got to close to the edge and slid in the gravel. You crashed hard, but you jumped up and said "I'm fine!" I knew that you weren't, but as we pushed our bikes back home, I was amazed at your strength. I am still amazed today. Our father/daughter dances are the highlight of my life and I will never miss a chance to see you in a pretty dress. ~Love, Dad
