LAND ACKNOWLEDGMENT

We respectfully acknowledge the past and present traditional caretakers of this territory and their unique role in the life of the region. Harbourfront Centre is committed to honouring Indigenous peoples' cultural and spiritual relationships to the land and waters, and their rich contribution to society. Toronto is on the traditional territory of the Anishinaabe, the Haudenosaunee and the Wendat peoples and is covered by Treaty 13 with the Mississaugas of the Credit First Nation. We pay our respects to their Elders past, present and emerging. We ask that you respect the land and traditions of those who walked upon it for millennia before us.

WELCOME TO SUMMER AT HARBOURFRONT CENTRE

Harbourfront Centre is a place where stories are made. From first visits to long-standing traditions, it is a space shaped by the people who gather here and the moments they create.

At its core, Harbourfront Centre remains a place grounded in community, creativity and connection.

This summer, as Toronto prepares to welcome the world, Harbourfront Centre will transform into the official fan destination in Toronto during the World Cup. Continuing our tradition, across our campus you will experience a vibrant mix of festivals, live performances, exhibitions and hands-on creative experiences that reflect the diversity and creativity of this city.

Whether you are returning or visiting for the first time, make this summer your own, discover something new, reconnect with what you love and be part of the energy on the waterfront.

Join us this summer and experience it [all together here](#).
