STREAMLINED SOLUTIONS FOR LIMITLESS GROWTH

Tools for Conferencing & Collaboration

Targus Conferencing + Docking Solutions...

The need for **seamless communication is paramount** in a time when people can work from anywhere. Without physical interaction, people are relying on technology to become their eyes and ears, so the quality of interaction highly depends on the quality of the tech and accessories they choose. **Participate in a first-class conferencing and collaboration experience with Targus** and empower workers to...

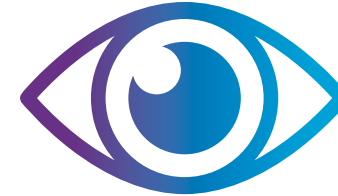

speak,

listen,

and be seen

...no matter where they are.

= Compatibility as Standard

Universal, backwards compatible, future-ready.

With this newfound mobility, staying connected and collaborative are vital to business continuity and culture. At Targus, we empower you to make the right choices for your people and business with solutions that work regardless of device, operating system or location. Our compatibility promise gives you the confidence to buy once and buy well.

OUR SOLUTIONS JUST WORK

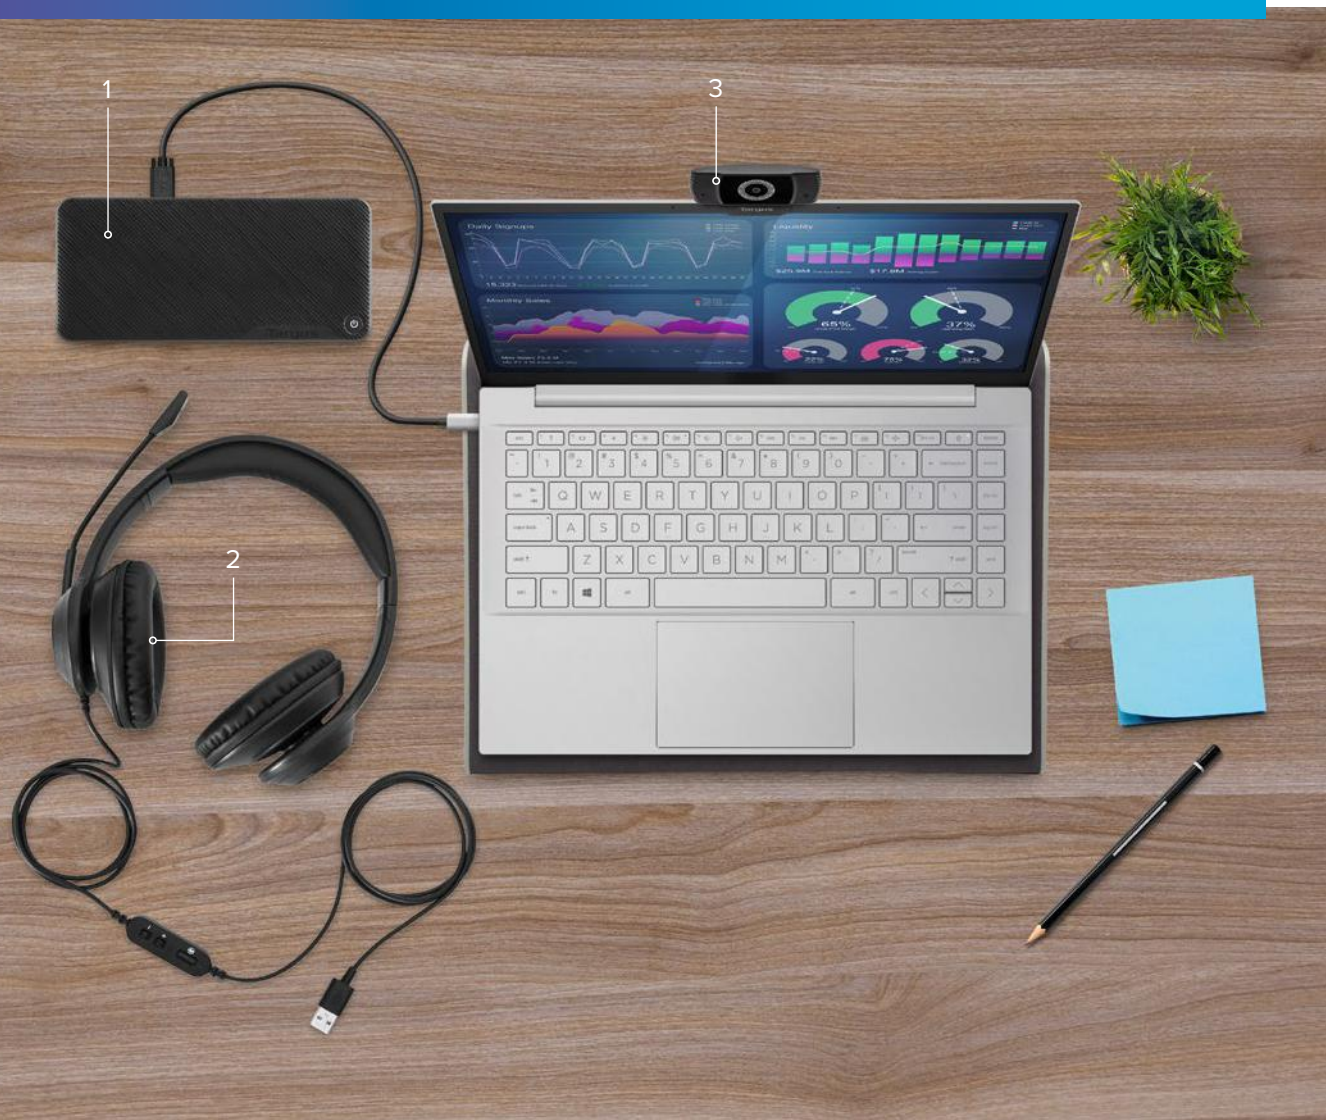

HOME OFFICE OR PERSONAL OFFICE DESK

Collaboration can happen from anywhere. Whether you are in a home office, at a personal work desk or hot desking, it is important to be able to seamlessly connect with your colleagues.

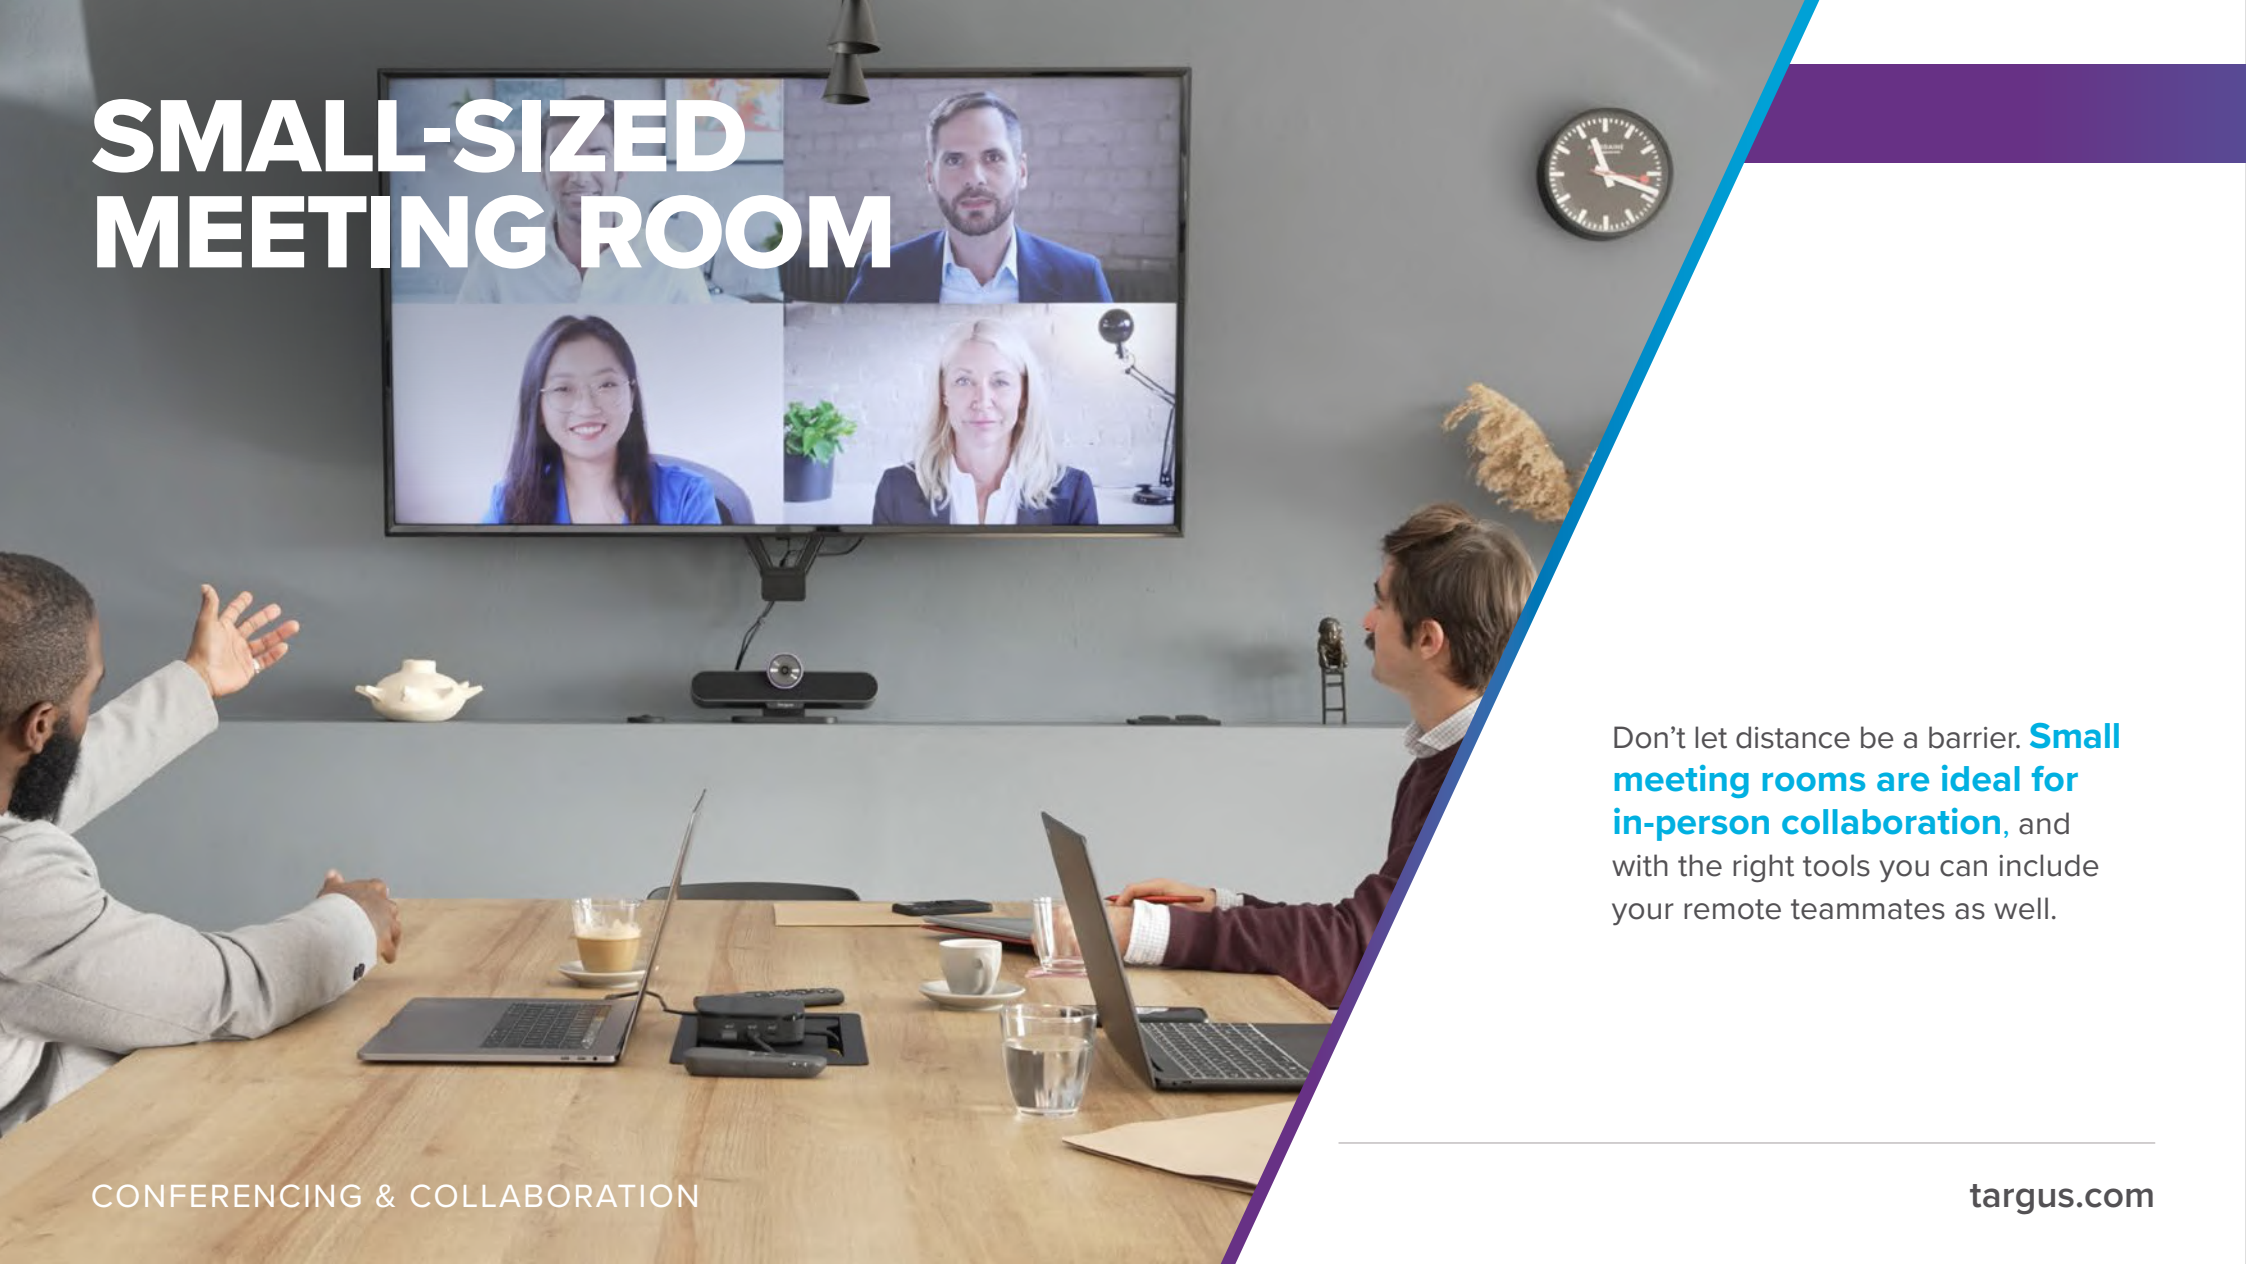

HOME OFFICE OR PERSONAL OFFICE DESK SET-UP

Have the means to collaborate through a single cable: plug your headset and webcam into the DOCK310 to talk to colleagues with ease.

1. **Universal USB-C DV4K Docking Station with 65W Power Delivery**
DOCK310EUZ
2. **Wired Stereo Headset**
AEH102GL
3. **Webcam Plus – Full HD 1080p with Auto Focus**
AVC042GL

SMALL-SIZED MEETING ROOM

Don't let distance be a barrier. **Small meeting rooms are ideal for in-person collaboration**, and with the right tools you can include your remote teammates as well.

SMALL SIZED MEETING ROOM SET-UP

Seamlessly collaborate with colleagues in-person and online with just a single cable. Connecting to the DOCK116 in-turn connects your laptop to up to two larger screens and the All-in-One 4K Video Conference System.

1. **USB-C Universal Dual HD Docking Station with 80W PD Pass-Through**
DOCK116EUZ

2. **All-in-One 4K Video Conference System**
AEM350

MEDIUM-SIZED MEETING ROOM

Get the most from your meeting time. Whether you're collaborating on a project or discussing important business decisions, medium-sized conference rooms need to **provide the tools for everyone to be involved in the discussion.**

CONFERENCING & COLLABORATION

Conferencing Accessories

Make conferencing easy

For small to medium-sized conference rooms

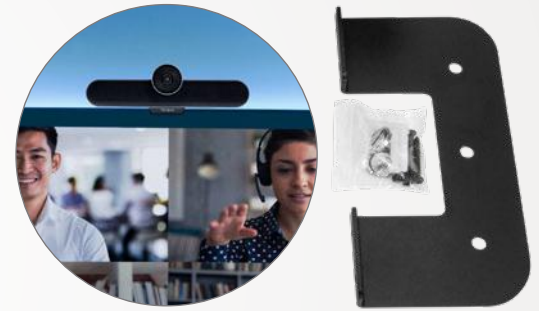

Ideal for small and mid-sized meeting spaces, the Targus All-in-One 4K Video Conference System makes conferencing easy by ensuring clear video capture, crisp sound delivery and intelligent voice pick up, all wrapped within an ultra-compact frame. Featuring 4K ultra HD camera, stereo wide-band speakers, noise canceling 6 microphone array and plug and play compatibility, it's all you need for simple, easy to use conferencing.

All-in-One 4K Video Conference System

Properly Positioned

- Made to integrate in to nearly any room setup, the soundbar can be easily wall mounted (mounting bracket included), sit firmly on any surface thanks to its anti-slip rubber base, or can be seamlessly placed on a display. Once positioned, tilt the base or camera to score the perfect angle.

On display mount

Mounting bracket

Visual

- 4K 30p UHD Webcam (resolution up to 3840 x 2160 @ 30 fps) with high quality glass lens
- Bright f/2.2 lens combines with large 1 / 2.8 type low illumination SONY® CMOS sensor provides clear, crisp video even in meeting rooms with poor lighting
- Backlight Compensation ensures participants faces are not blacked out when located near windows

Streamline your conferencing set-up

Universal docking solutions for ultimate connectivity

A diagram illustrating a conferencing setup. At the top, a video camera is mounted above a large screen. The screen is divided into three sections: a large circle on the left containing a person icon, and two smaller squares on the right, each containing a person icon. Below the screen, a dashed line connects to three laptop icons: Windows, Android, and Apple. A small black docking station icon is positioned between the screen and the laptops, with lines connecting it to each laptop.

Meeting spaces for all

As a workforce we are **more mobile and have greater flexibility than ever before**. Staying connected and collaborative are vital to business continuity and culture. Many companies face challenges in their meeting rooms or hot desks when different people with various laptop brands try to connect, ultimately decreasing productivity.

Targus docking stations are universal, so they work regardless of device or operating system and allow all employees to connect to conferencing accessories through a single cable.
