Care you can put your faith in

The Elms

Specialist Care Home
for people living with
Dementia

The Elms is a specialist care home, supporting up to 40 people with dementia who can no longer live safely at home. Set within its own private grounds, this historic Victorian mansion is located in the Grange area of Edinburgh. Attractive bedrooms, airy lounges and wonderfully leafy views make this a special place to call home.

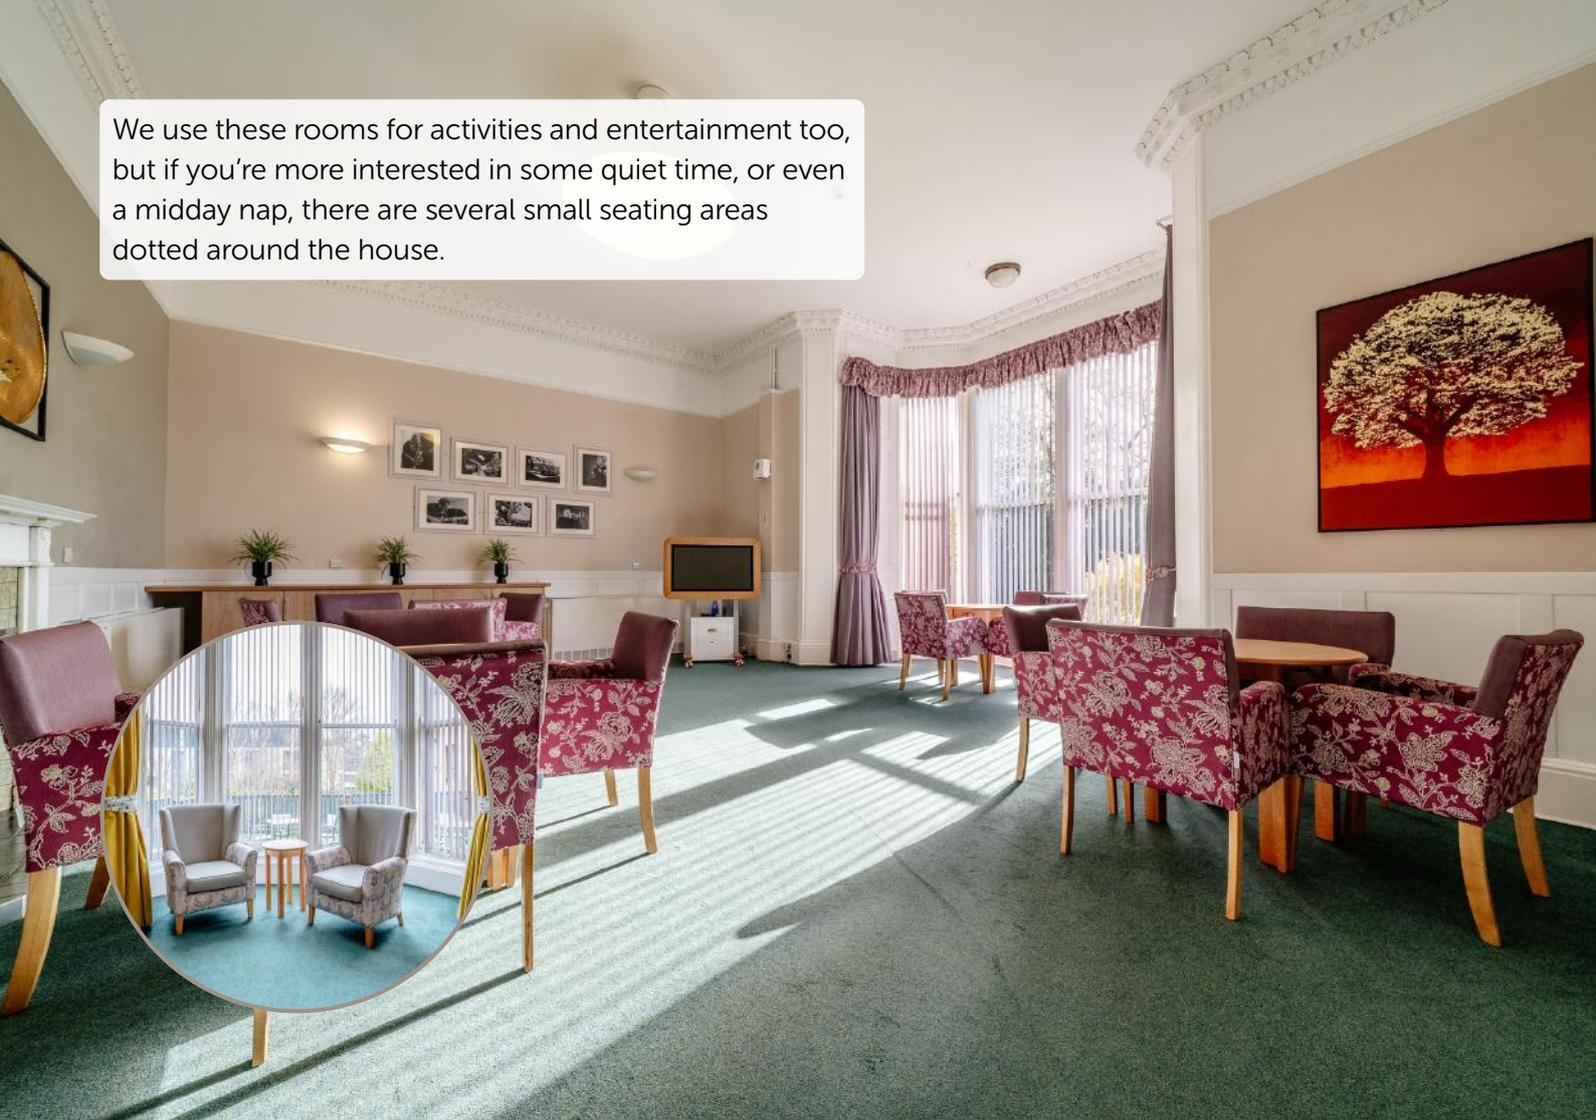

Our highly trained and knowledgeable staff are here for you 24 hours a day to nurture wellbeing, dignity and choice. Whether it's staying active in the community or simply enjoying some well deserved down time, we aim to help you live the best life possible.

Before you arrive at The Elms, we'll discuss and arrange a care plan that suits you.

With three spacious and welcoming lounges, there are lots of places to socialise and relax with fellow residents at The Elms.

We use these rooms for activities and entertainment too, but if you're more interested in some quiet time, or even a midday nap, there are several small seating areas dotted around the house.

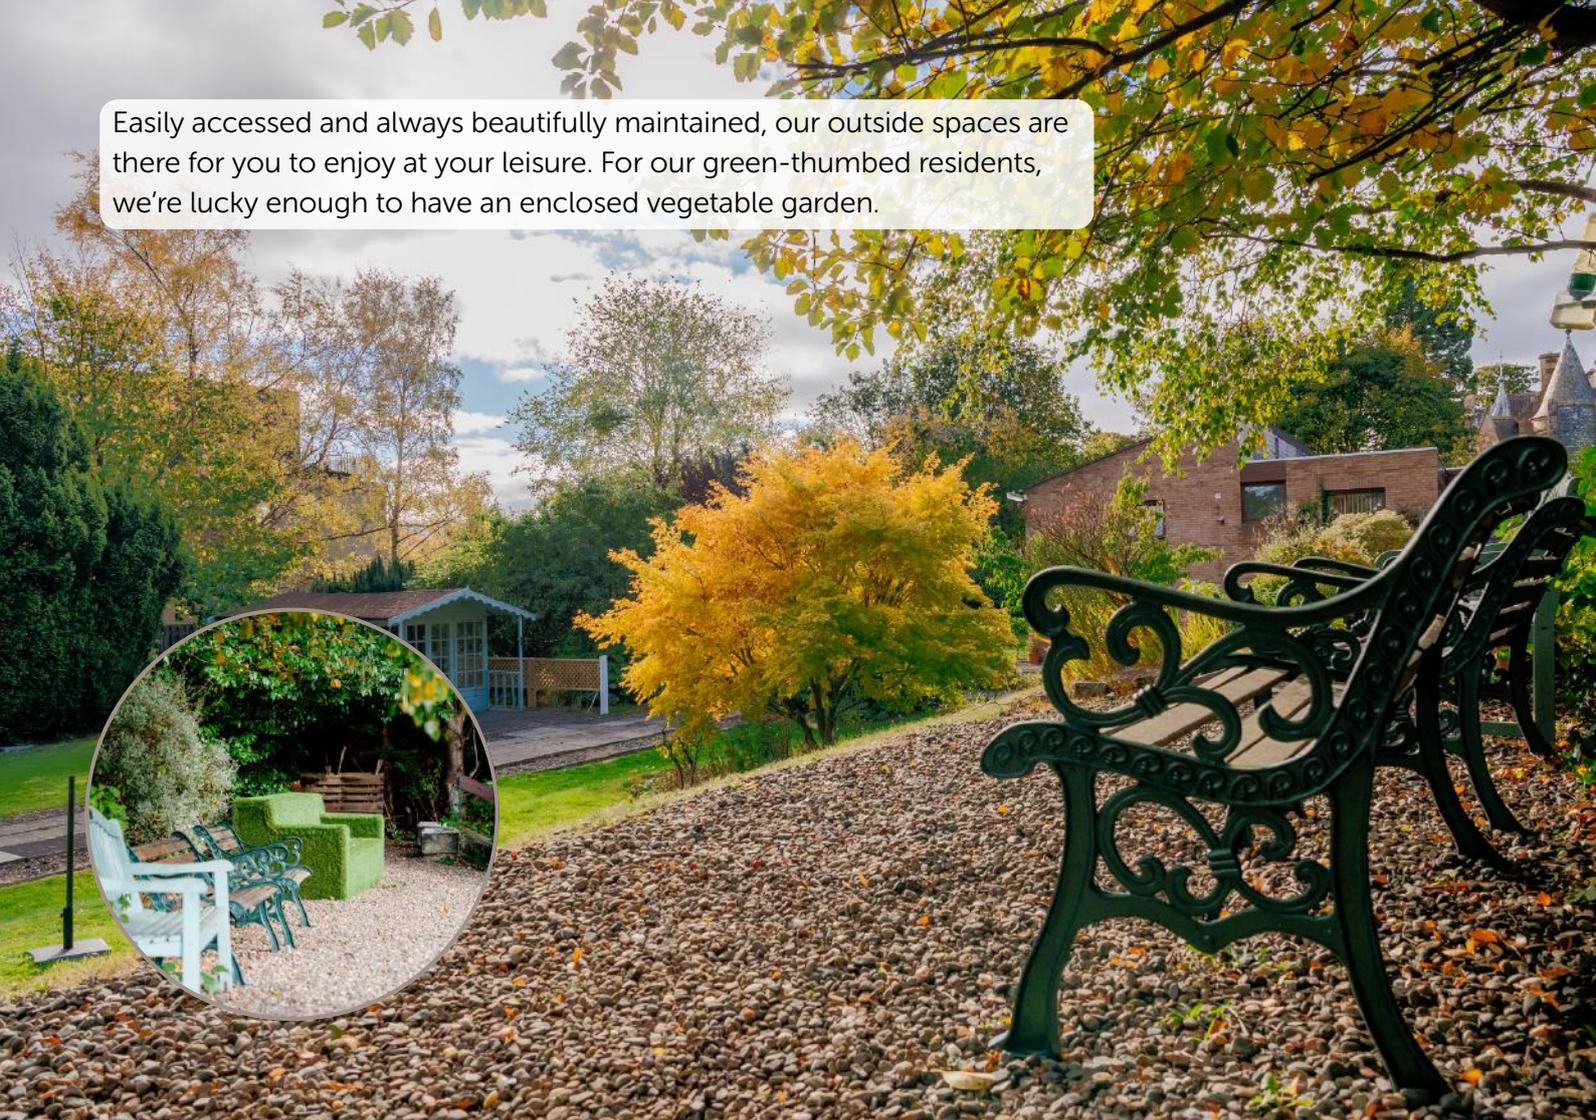

The Elms has 40 attractive single rooms, each with en-suite bathroom and/or wet room facilities. You are more than welcome to make your room your own and we encourage residents to bring their own photographs, artwork and any other homely touches.

Our staff are chosen because they're warm, generous, caring people who love what they do. But they're also highly trained, to ensure you receive the highest standards of care and the right level of support. All staff are registered with the SSSC (Scottish Social Services Council) and undertake regular training. Supporting our specialist staff, we have a dedicated Dementia Ambassador at The Elms, who also has enhanced skills and knowledge in dementia care.

Easily accessed and always beautifully maintained, our outside spaces are there for you to enjoy at your leisure. For our green-thumbed residents, we're lucky enough to have an enclosed vegetable garden.

Our aim is to make your life at The Elms as comfortable as possible. As we get to know you and your family, we can start to build a picture of your interests, hobbies and support needs – these will be reflected in your Personal Plan. You will have a named key worker who will discuss all of this with you when you first arrive to make sure we're meeting your needs at all times.
