

Pompeii Mini

The Pompeii Mini Multi-Use Games Area (MUGA) is a compact and versatile outdoor sports facility, perfect for locations with limited space. Despite its smaller size, it is designed to host a variety of sports games such as 3v3 football and basketball. Enclosed by anti-vandal steel fencing, the Pompeii Mini MUGA provides a safe and secure environment for sports and play.

Detailed information in the warranty document

The MUGA is made of high-quality S235 steel, featuring vandal-proof stainless steel screws and nuts. It undergoes sandblasting for cleaning and receives a corrosion-resistant powder coating finish. Additionally, a galvanized surface option is available for enhanced protection and longevity.

Our MUGA features reinforced base plates fixed to a concrete base, ensuring stability and durability. This design can withstand intense sports activities, maintaining its structural integrity due to the solid foundation provided by the concrete base and the added strength of the reinforced base plates.

Our MUGA's post ends are sealed with injection moulded plastic, enhancing durability and safety. This feature ensures a smooth finish, reducing wear and tear while providing additional protection against elements.

The entrance panel is designed to prevent the ball from leaving the playing area. With its appropriate length and positioning, it acts as a barrier ensuring that the ball remains within the designated game space while maintaining the aesthetic appeal of the arena.

BeStrong MUGA's are designed in a modular system, offering easy customization of fence height/width, goal numbers, basketball hoops, and entrances. Tailored to your needs, they adapt to various sports activities, providing flexibility and creativity in shaping your sports area.

Our basketball hoops are designed with a curved shape, available in white color, and coated with weather-resistant fiberglass plastic. The basketball hoop is positioned at the official NBA height.

The MUGA small Panna Goals are compact and measure 4'-2"x2'-4". They are designed specifically for Panna games providing an ideal size for fast-paced, small-sided matches. These goals are perfect for both recreational play and organized tournaments. Their sturdy construction ensures durability and long-lasting performance, making them a great addition to any MUGA.
