Welcome

On behalf of **Couples Foundation International**, we welcome you to the 11th National Marriage Conference. For 15 years, we have been committed to our mission of *Encouraging Marriage and Discouraging Divorce*, and it is an honour to celebrate this milestone with you all.

Ps Adv LL Holele and Dr K Mashishi

The foundation, which began with only 25 couples, has grown steadily. Its first conference at Sun City in 2014 attracted 200 couples, and by 2022, attendance had risen to 1,200. The basic concept was essentially to strengthen households by empowering men as honourable husbands and fathers, and women as devoted wives and mothers. Over the years, CFI has worked to encourage marriage and discourage divorce, not only in South Africa but also internationally.

Whilst CFI is rooted in Christian values, it welcomes people from diverse religious backgrounds. Marriage is a common thread embraced by people from different religions, races, and cultures. Couples attending the conference for the first time can expect transformation in their marriages. This is essentially a kind of "marriage boot camp" where couples experience restoration and peace.

Despite reports from Stats SA showing an increase in divorce rates—18,208 cases in 2021 compared to 16,097 in 2020—we believe the disconnect from God is a key factor. Alternatives to the marriage institution will mushroom, and the divorce statistics will go up if people lose a sense of purpose for marriage and its ideals.

Reflecting on the foundation's progress, we are both excited and humbled by the impact CFI has made. The feeling of seeing God transform families cannot be described. We look forward to witnessing further transformations in families through the involvement of faith in marriage.
