Starting in 1952 Yoshiro MUTOH founder of the MUTOH Scale Engraving Research Center in Mishuku, Setagaya was a company that manufactured measuring equipment. Measuring equipment such as disk-type slide rules for aerial navigation, calipers, and rotary protractors were produced and these products reflected the high technical capabilities required to engrave scales accurately and marked the beginning of the company's spirit of supporting monozukuri (the act of making things).

In March 1952, MUTOH Memori Chokoku (MUTOH Scale Engraving) LTD was established. With this came new products such as the Drafter and the Pen Plotter that printed product drawings. Over the years, MUTOH has continued to uphold the same spirit by supporting the many people involved in various aspects of monozukuri, especially when it comes to our Large Format Printers (LFP) products.

MUTOH's President, Yasuhiko Isobe stated "understanding the customer's needs, providing security and trust, and the excitement of our future to reach new milestones and breakthroughs is our commitment to achieving our target of celebrating our 100th anniversary."

With the world headquarters in Japan, and its affiliates in the US, Europe, and Australia, MUTOH has become a leading manufacturer of wide and small–format printers and plotting cutters. MUTOH printers are known for their Smart Printing Technologies, print speeds, and unbeatable quality and have introduced some of the most innovative products to the print industry.

"Seventy years is quite a milestone for MUTOH" says Brian Phipps, President of MUTOH America "It says a lot when a company can grow and adapt over the many decades and remain a leader in the markets they serve. I'm very proud to be part of this organization and to celebrate this giant achievement with MUTOH. "

MUTOH's genuine VerteLith RIP software bundled with FlexiDESIGNER MUTOH Edition 21 optimizes the ValueJet 628 through these key features:

- Auto-population of named Pantone coated/uncoated spot colors.
- MUTOH Clear Tone half tone technology.
- MUTOH CMYK, featuring a wide color gamut ICC input profile, optimizes performance to

enable output of more vivid colors.
- Automated layout processing and printing.
- Soft proof simulates printed colors accurately before media is output.
- "What-you-see-is-what-you-get" RIP preview.
- Tab customization.
- Color management function.
- Finishing bleed processing function.

- Printing log function.

VJ-628 printer features include:

- Intelligent Interweave i² print technology reduces banding by arranging printed dots in a way that takes into account how they look, creating smoother print images.
- MUTOH Status Monitor checks the printer's operation status in real time.
- Automatic sheet-off function.

24" ECO-SOLVENT **PRINTER/CUTTER COMBO**

BEST IN CLASS.

The ALL NEW **MUTOH XpertJet C641SR Pro** 24" Eco-Solvent Desktop Printer/Cutter Combo is perfect for a wide range of applications such as stickers, t-shirt transfers, vehicle decals, posters, banners and more. Print and cut a 24-inch roll of media while operating at speeds up to twice as fast as its closest competitors.

In addition to the built-in contour cut and perforated through-cutting capability, the XPJ-C641SR Pro also contains all of the functions and features of the full-size XpertJet Pro Series printers including the ultra-fast MUTOH AccuFine printhead, Dropmaster2 and FeedMaster automatic alignments, i-screen Intelligent Interweave technology, and Mediatracker.

The All-In-One Desktop XpertJet C641SR Pro benefits from MUTOH's renowned reliability and Made in Japan quality, making it the perfect choice for anyone looking to get into the print game.

The XPJ-C641SR Pro is powered by MUTOH's VerteLith™ Genuine RIP Software, bundled with FlexiDESIGNER MUTOH Edition 21, a $2,199.00 value.

1341SR Pro

BUILT FOR PROFESSIONALS

The **MUTOH XpertJet 1341SR Pro** 54" Eco-Solvent printer, with it's small footprint and high-quality output, is ideally-suited for the production of vibrant graphics and signage. It is powered by MUTOH's new genuine **VerteLith™ RIP Software**, bundled with FlexiDESIGNER MUTOH Edition 21, a $2,199.00 value. VerteLith RIP optimizes all of the capabilities the XPJ-1341SR Pro has to offer and produces the best-possible gradients, skin tones and vivid colors. This printer features MUTOH's new **AccuFine Print Head**, which achieves best-in-class dot placement accuracy and an increased nozzle row length for higher productivity. Also included with the XPJ-1341SR Pro is i-screen optimizing technology, which reduces banding to create smoother-looking images. Automated processes like Nozzle Area Select, Feed Master, DropMaster2 and Media Tracker make this printer an excellent choice when looking for an entry-level, roll-to-roll machine that balances performance and cost.

Enhance your printing capabilities with the award-winning MUTOH VerteLith™ RIP Software and a complimentary one-year subscription to SAi Flexi DESIGN MUTOH Edition—a combined value of $1,600. Unlock limitless design potential and embrace the future of printing today.

The MUTOH ValueJet 628MP Multi-Purpose Printer is a user-friendly inkjet printer designed to support both 24" wide roll media and sheet media. With multi-purpose "MP31" ink, this printer reliably produces exceptional prints on a wide variety of substrates. MP31 ink is equivalent to eco-solvent ink in weather resistance, abrasion resistance, and color development while providing a smooth, natural finish that brings out the natural appearance of the substrates. Ideally used to produce small-lot gifts, novelty items, package prototypes, stickers, and more, this reliable printer delivers high-quality results. The ValueJet 628MP has an expanded color gamut. supporting up to 8 colors, including light inks or spot-color inks such as orange, blue, and green. More color variety allows for smoother gradation expression and improved gray balance and color adjustment. The MP31 ink has remarkable flexibility- it won't crack even when bent and can be printed and processed on vacuum-formed and shrink-wrapped materials. Whether your focus is on commercial printing, industrial applications, or sign and display projects, this 24" Inkjet Multi-Purpose printer is up to the task. Enhance your printing capabilities with the award-winning MUTOH VerteLith™ RIP Software and a complimentary one-year subscription to SAi Flexi DESIGN MUTOH Edition—a combined value of $1,600. Unlock limitless design potential and embrace the future of printing today.

▼ VerteLith

USER-FRIENDLY FUNCTIONAL CAPABILITY

A wider opening helps ease daily maintenance.

The blower heater and platen heater gently dry the entire printing surface of the media.

Space saving design with easy installation as standard equipment.

MULTI-PURPOSE INK "MP31" ACHIEVES MEDIA FLEXIBILITY

MP31 Ink is resistant to heat, stretching, and bending. The ink doesn't crack easily, so it's ideal for packaging prototyping, vacuum/thermoforming, labels, and more.

| MPink	Latex ink	UV ink (soft type)	UV ink (hard type)
OK! PRESS	**OK!** PRESS	**OK!** PRESS	**NG!** PRESS
Strong against bending and stretching	Due to ink fixation at high temperature, available applications are limited	Strong against bending and stretching, but the printed surface is rough and less color developing	Weak against bending and stretching, and the printed surface is rough

CHARACTERISTICS OF MP31 INK

By adding spot color inks (Or, Gr, Bl) you are able to significantly expand your color gamut to achieve a broader color range. This is exceptional for color reproduction, such as vivid orange, green, and deep blue, which could not be reproduced using process colors alone.

The RJ-900X

Dye-Sublimation Printer

Compact, Affordable, Versatile

The Mutoh 42" RJ-900X is a versatile printer with superior paper handling capabilities that is ideally suited to print dye-sublimation applications such as custom t-shirts, apparel, flags or even promotional and personalized items. The RJ-900X delivers superior line sharpness and photo quality images with continuous tones, smooth transitions and a wide color gamut. With various print resolutions available for different applications, and the ability to support a variety of ink sets, the RJ-900X is an ideal printer for shops looking to compete in the dye-sublimation market.

ValueJet

RJ-900X Professional Printer, Affordable Price

Improved Paper Handling

New lever enabled "Pressure Roller Cancel" feature allows the operator to adjust the pressure by media type.

"Default"

All pressure rollars are effective

All pressure rollars are effective

"Roller Cancel Function: ON"

MUTOH

DYE-SUB PRINTER

XpertJet

NEW! **AccuFine**

1642WR Pro

BUILT FOR PROFESSIONALS

The **XpertJet 1642WR Pro** 64" is a high-speed dye-sublimation inkjet printer with a new platform that inherits the properties of the XpertJet series. The XPJ-1642WR Pro features new extra-wide MUTOH AccuFine print heads with best-in-class dot placement accuracy, enabling high print speeds and quality.

MUTOH's original DH21 dye-sublimation transfer ink provides optimum media transfer, achieving high density colors with less ink consumption. Fast ink-drying times enables printing on thinner and lighter transfer papers, while excellent jetting and color stability support prolonged print times. MUTOH DH21 ink is available in a CYMK configuration in 1,000ml or 2,200ml capacity ink bags.

The XPJ-1642WR Pro delivers high-quality graphics onto a wide range of materials such as trade show graphics, flags, banners, custom interior designs, apparel, sports uniforms and more.

Four-Stage Head Heights

XPJ-1642WR Pro key features:

- Unique multi-stage pressure mechanism feeds even thin paper roll media smoothly.
- New extra-wide piezo MUTOH AccuFine print heads achieve maximum production speeds up to 802 sqft/hr.
- Media Tracker prints a barcode before removing media. When media is loaded again, a built-in sensor reads the barcode and recognizes the amount of media remaining.

- Internal LED lighting allows the operator to easily check print status.
- MUTOH DH21 dye-sublimation ink provides superior media transfer, color rendition, excellent jetting and color stability.
- Automatic Bi-D alignments with built-in sensor automatically calibrates bi-directional alignments.
- Four-stage head heights allow optimal height on print head to reduce the risk of print head contact.

- Precise ink dot placement provides higher print quality at high print speeds.
- FeedMaster built-in sensor allows for automatic media feed adjustment.
- Nozzle Area Select uses blocks of active nozzles to temporarily print if clogged nozzles fail to recover.
- Optional available heavy-duty take-up system supports roll media weights up to 220 lbs.
- Front access panel for ink cartridge holders.

1682WR

BUILT FOR
PROFESSIONALS

The **XpertJet 1682WR** 64" is a high-speed water-based inkjet printer with a new platform that inherits the properties of the XpertJet series. The XPJ-1682WR provides improved usability and reduces operational workload which will ensure high-quality prints, high productivity outputs, and user-friendly operation. Newly developed Multi-stage pressurizing system enhances media feed stability for a wide range of media. The MUTOH original dye-sublimation transfer ink (DH21) provides optimum print quality and wide color gamut. The DH21 ink is available in a 4-color configuration CMYK. Large capacity ink bags (1,000 ml or 2,200 ml) with new front access ink cases support prolonged continuous printing. The XPJ-1682WR delivers high-quality graphics onto a wide range of materials such as trade show graphics, flags, banners, custom interior designs, apparel, sports uniforms and more.

ValueCut II

High-Performance Cutting Plotters

Price, Performance, Quality

The ValueCut 2 line of cutting plotters are ideal for home, office and professional users providing the finest cutting quality with unsurpassed tracking capabilities. Choose from one of three models to suit your needs, VC-600 (24" cut width), VC-1300 (52" cut width) or VC-1800 (72" cut width). All models come standard with a roll support system for easy handling and perfect tracking and multi-segment registration for long run cut job accuracy. The VC-1300 and VC-1800 models also come with a floor stand and media catch basket, which are both options on the VC-600 model. For price, performance, quality and service the ValueCut 2 is the smart choice for cutting plotters.

Mutoh Makes It Possible.

New features paired with trusted technology from Mutoh Plotters.

- **Versatile roll support system**
  - Allows for easy handling and ensures perfect tracking.
- **"AAS Copy Feature"**
  - Perform repeated contour cut jobs with one click from your RIP software.
- **Media sensor disablement**
  - Disable media sensor to cut transparent media with ease.
- **Added Ethernet Port**
- Run multiple cutters, over longer distances from the same computer.
- **Catch basket included on VC-1300 and VC-1800**
- **Two year limited warranty**

MUTOH
VERTELITH™ GENUINE RIP SOFTWARE

MADE FOR

PROFESSIONALS

VerteLith™, MUTOH's Award-Winning Genuine RIP Software is easy to use and designed to optimize the output of MUTOH brand printers. It includes advanced functions such as MUTOH Clear Tone, an original half-tone technology which achieves beautiful image quality and smoothness. VerteLith™, also features two enhanced preview functions. A soft proof function simulates the color of the printed output on the screen and the RIP preview function displays the actual printing dots on the screen prior to output. These new features allow users to enjoy a "what you see is what you get" RIP environment. In addition to auto-generation of PANTONE© coated/uncoated spot colors, VerteLith™, includes various tools and functions to create rich, textured prints without complicated steps. VerteLith™, is available with select MUTOH printer models.
