# Jati Kebon's heritage

# Luxury outdoor living, for everyone

In 1976, Firmin Verbeke laid the foundation for a company built on hard work, craftsmanship, and a commitment to quality. What began with lawnmowers and garden tools soon evolved, and in 1995, his children Johan and Leen took the company in a new direction—bringing reliable, well-crafted outdoor furniture to everyone.

They named their company Jati Kebon, meaning ‘teak’ and ‘garden,’ inspired by the durable materials and artistry they found in Indonesia. From these roots, Jati Kebon has grown into a trusted name for outdoor living, known for furniture that stands the test of time—solid, dependable, and thoughtfully designed.

At Jati Kebon, we believe that outdoor living deserves the same comfort and care as your indoor spaces. It’s about bringing your home into the open air and creating areas that are functional, inviting, and built to last. Whether it’s a family barbecue, a quiet moment with your morning coffee, or laughter shared with friends, Jati Kebon furniture is made to support every moment, season after season.

For years, we’ve stayed true to what matters most: quality you can trust, designs that make sense, and outdoor settings that everyone can enjoy. Reliable, accessible, and crafted for real life—that’s the heritage of Jati Kebon.

# Product materials

*Jati Kebon's* furniture is carefully designed and crafted using high-quality materials. With great care and attention for durability and comfort, we manufacture our furniture for long-lasting, outdoor use. The combination of quality, craftsmanship and creativity results in beautiful and durable outdoor products.

# Aluminum

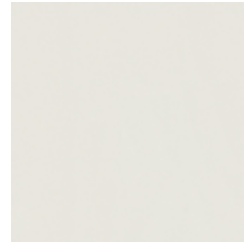

Charcoal Mat

Dune Mat

Sand Mat

White Mat

*Jati Kebon's* aluminum is an excellent and flexible material, with a powder coated finish to add a protective layer and to give the furniture an appealing color. It is corrosion-resistant, made with high-quality materials and innovative technologies. Aluminum is a tough metal with great strength and yet it is super lightweight. Durable, stylish, and easy to clean.

# Stainless Steel

Natural

Stainless steel is the ideal material for outdoor furniture, combining durability, strength, and sleek aesthetics. Resistant to rust, corrosion, and harsh weather conditions, stainless steel ensures longevity and minimal maintenance. Its sleek, modern appearance complements various outdoor settings, from gardens to patios, while providing exceptional stability and support. Whether used for frames, accents, or structural components, stainless steel offers a timeless look that stands up to the elements, making it a perfect choice for high-quality outdoor furniture that lasts.

# Teak Wood

Teak Natural

Teak is a particular suitable species of wood for outdoor furniture, which will easily fit into any space – modern, rustic, oriental ...

The *Jati Kebon* Heritage range uses only high-quality, carefully selected teak wood. It is unmatched in quality and versatility and adds a unique character to your furniture. The fine teak in its natural color is durable for outdoor use and weathers to a beautiful silvery grey patina.

# Protection covers

We've got you covered.

Protect your furniture from off-season and rainy weather conditions. The breathable fabric is waterproof, including the seams, to reduce condensation and mold, while keeping the dirt and water out.

## Properties

- High-quality PU-coated materials and seams
- 100% waterproof, yet breathable to avoid mold
- Zippers for easy on-off
- Tailored fit and fixing strips for better protection

The zip-off covers are easy in use and the cushions can stay on the furniture. The high-quality waterproof material makes sure your furniture is well protected against the weather. The covers are tailored, they follow the shape of the design for a good and protective fit.

Covers are available for all collections.

# Care and clean

Outdoor materials are exposed to various forces of nature. It's important to regularly take care of your furniture. *Jati Kebon* uses materials of the highest quality, to ensure maximum resistance over time. Yet, cleaning and protecting your furniture seasonally will increase its lifespan for sure.

## ECO SAFE PRODUCTS

Water based    Non harmful  
Non-toxic     100% biodegradable

# What tools to use?

In general: avoid harsh treatments. Avoid using any abrasive products or tools on materials like aluminum, ceramic and synthetic materials, as these can cause scratches. Do not powder-wash or use chlorine bleach, oils, and avoid abrasive cleansers. Test new solutions on a hidden area. After cleaning, use the application cloths to apply an outdoor furniture protector.

## Teak

### Cleaner & protector

If teak remains untreated, the silver-grey patina that develops naturally over time, will deteriorate to a dark-grey, greenish color. A transparent protector makes the wood water- & dirtrepellent and helps to prevent stains while keeping the natural look. Apply a non-hazardous teak cleaner to clean and restore discolored, dark grey teak and hardwood.

Use the appropriate tools and avoid using a hard brush to clean your teak furniture.

# Fabrics & ropes

## Cleaner & protector

The best and simplest way to preserve the beauty, comfort and performance of fabrics is by brushing off any dirt before it gets entrenched, as well as by cleaning up any spills or stains with soap and water shortly after they occur, when they are easiest to remove. To do this, we recommend our *Fabrics & Rope Cleaner*. *Jati Kebon's cushion covers* and fillings are made to dry easily and quickly, thus avoiding any mildew or mold. You can extend the fabulous look of your fabrics by treating them regularly with our *Jati Kebon Fabric Protector*.

# Multisurface

## Cleaner & protector

*Jati Kebon* aluminum furniture is protected by a high-quality, waterrepellent powder coating. The resulting finish is knock and scratch resistant, impregnable to moisture, highly resistant to corrosion and easy to clean. Make sure to handle the furniture with care, avoiding scratches and dents that could damage the coating, making your furniture more vulnerable to the elements. Be sure not to bring any corrosive liquids like sunscreen or cosmetics in contact with your aluminum furniture. It's recommended to further improve the resistance by applying an extra layer of protection with the *Multisurface Protector*.
