WE LOVE KENLUCK.

Every now and then we discover a brand that is more than just functional, more than just "useful"; a brand that fuses innovation, practicality and design together perfectly.

Kenluck reinvented the portable grill space in 2020 with a range of "beautiful" design led grills that inspired adventure.

New for 2023. an extension to the ever popular Wagon assortment, new grill options, lighting, and modular camp tables once again encourages us to travel, to wander, to be outdoors.

In an age where we sit glued to our computers, tethered to our devices, being at one with nature and surrounded by the beauty all around us is a very good thing indeed.

FESTIVAL GRILL

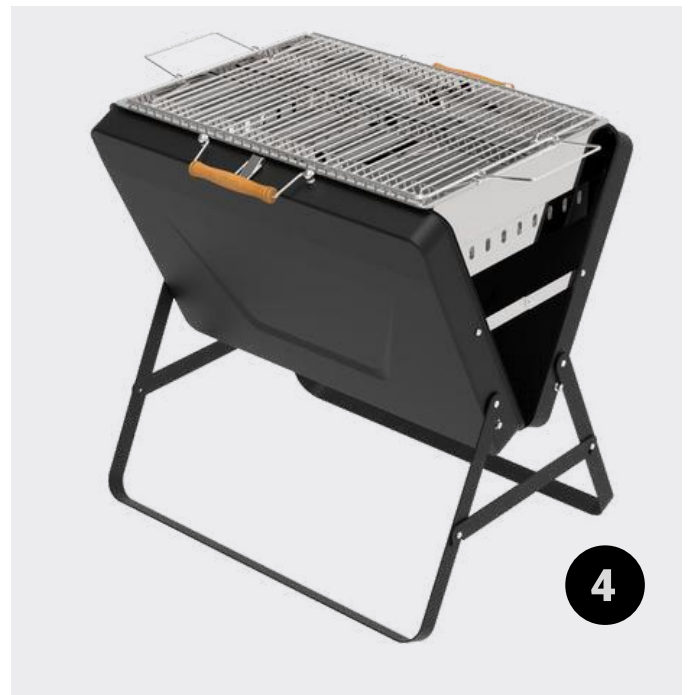

You wanted bigger and we listened. Introducing the new Festival Grill from Kenluck.

Large enough to provide a full grill experience, but retaining the design, portability and functionality that you fell in love with. Built with the same care and attention to detail including the familiar wooden handles, powder coated chassis and telescopic charcoal bowel that folds away when not in use (and thanks to the air flow system heats up quickly to cooking temperature.)

We love the all new modular table/food preparation system from Kenluck.

Create the table you want for your camping adventure - so many options to chose from. A dining table - we've got you. A food preparation station = with a range of bamboo and stainless steel surfaces, we've got you. Somewhere to hang all your utensils and stay organised = we've got you. Big Table = We've got you. Small table = We've got you. Available in standard kits with modular elements available separately.

With a hinged folding design and Oxford cloth storage bag it is easy to transport (no matter how far your campsite!)

The table frame has been sand blasted to avoid unsightly marks.

Available in two different colourways - Sandy Black or Morandi Grey.
