

CROSS REACH

Care you can put your faith in

Williamwood House
Specialist Care Home for
people living with Dementia

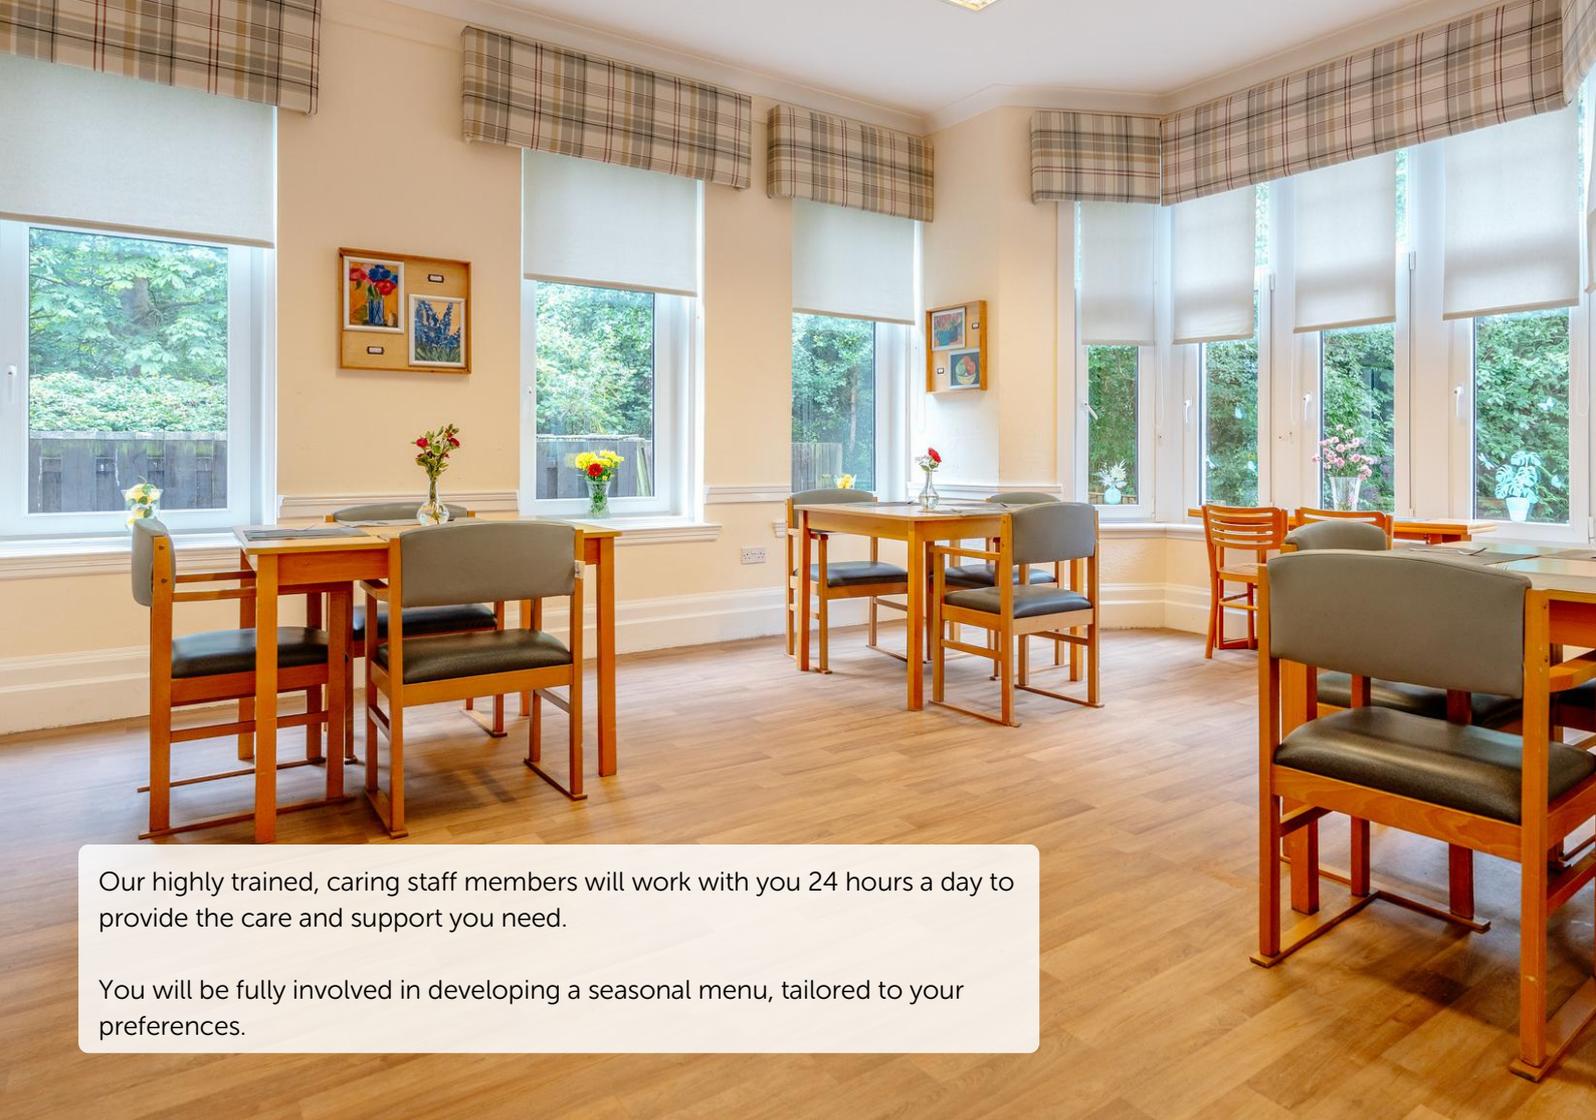

Williamwood House is a specialist dementia service offering 32 permanent care placements and one respite care placement.

The service is set in a quiet area in Clarkston and in a woodland with nature on the doorstep.

At Williamwood House we empower you to live a meaningful, creative and fulfilling life.

You will be fully involved and encouraged to participate in your care.

Our highly trained, caring staff members will work with you 24 hours a day to provide the care and support you need.

You will be fully involved in developing a seasonal menu, tailored to your preferences.

We offer various areas which encourage you to move freely and access social spaces to relax in or participate in activity of your choice including:

Community involvement

Day trips

Therapeutic activities

Creative art therapy

Entertainer visits

Music therapy

Namaste Sessions, group and one to one

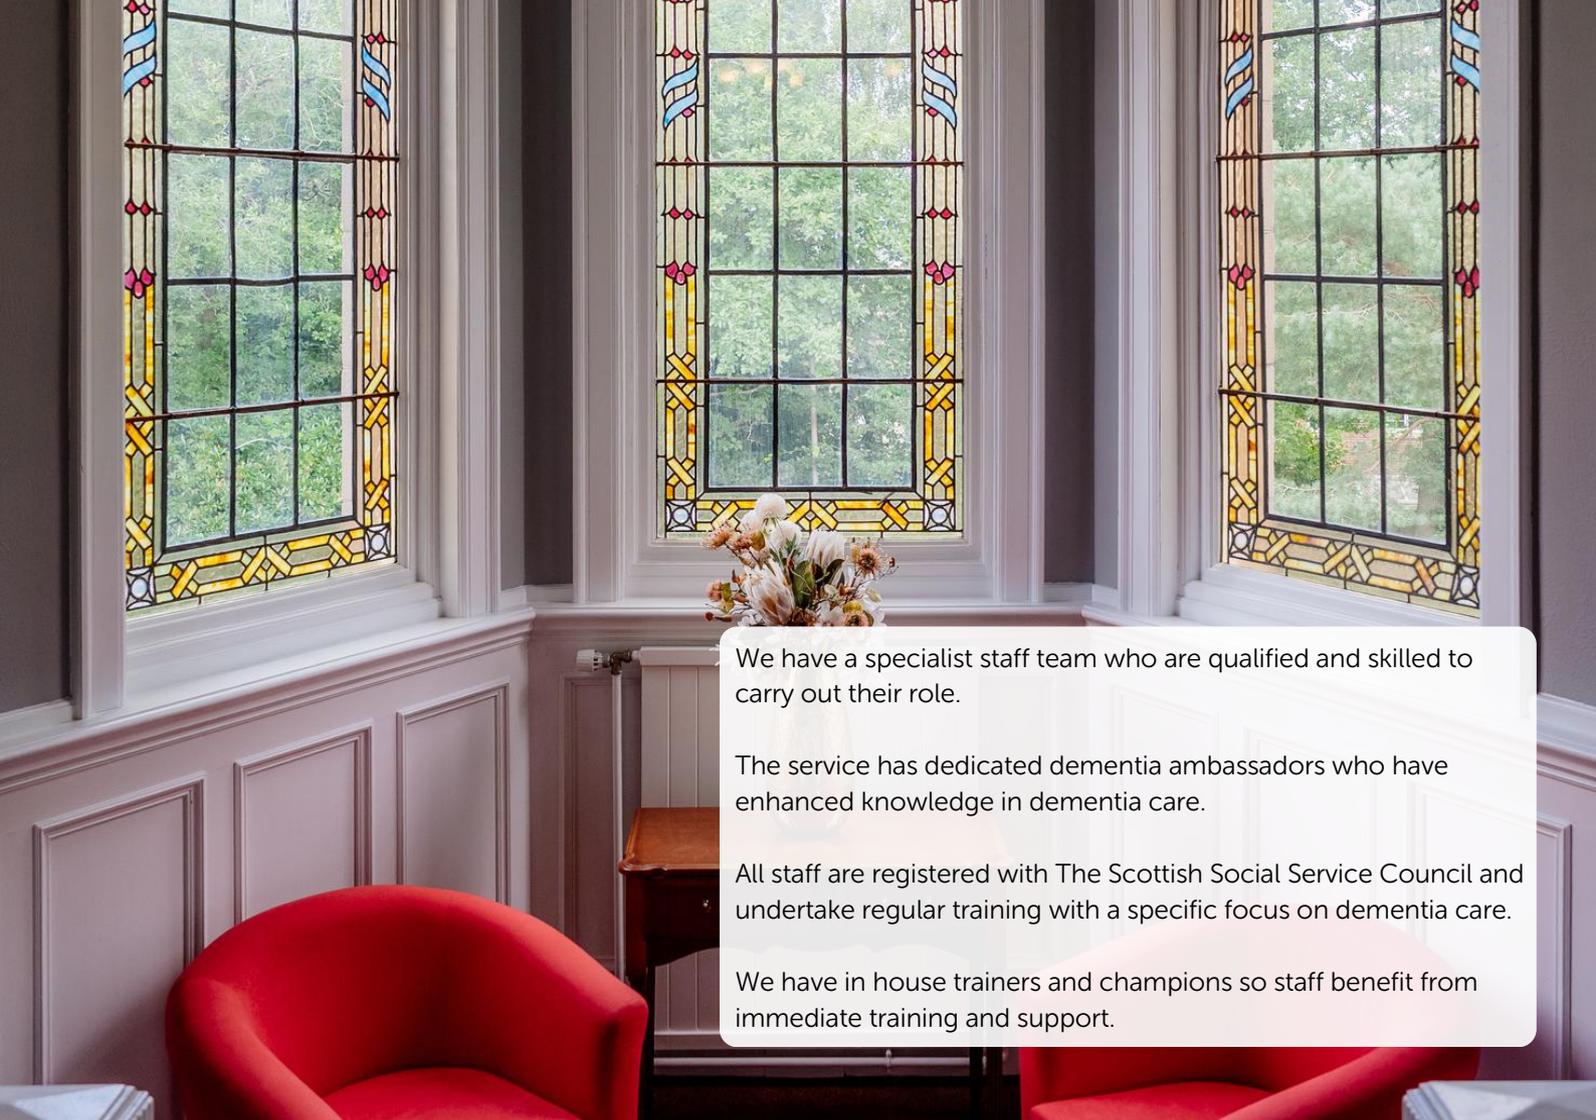

Our home enjoys a lovely setting in extensive landscaped grounds, perfect for spending time in and enjoying the sights and sounds of nature. You can get involved in gardening activities. We have men shed activities where you can engage in various projects.

We have many areas in the garden where you can relax, dine al fresco, walk in our wild garden, or have a shot on our putting green.

We have 32 spacious bedrooms and 1 respite room. Every room has en-suite facilities and enough space for a sitting area. We encourage you to bring your own furniture, pictures and photographs, to personalise your room with familiar possessions. You will be invited to choose your own décor and furnishings for your room. The bedrooms also have wonderful views of nature.

We have a specialist staff team who are qualified and skilled to carry out their role.

The service has dedicated dementia ambassadors who have enhanced knowledge in dementia care.

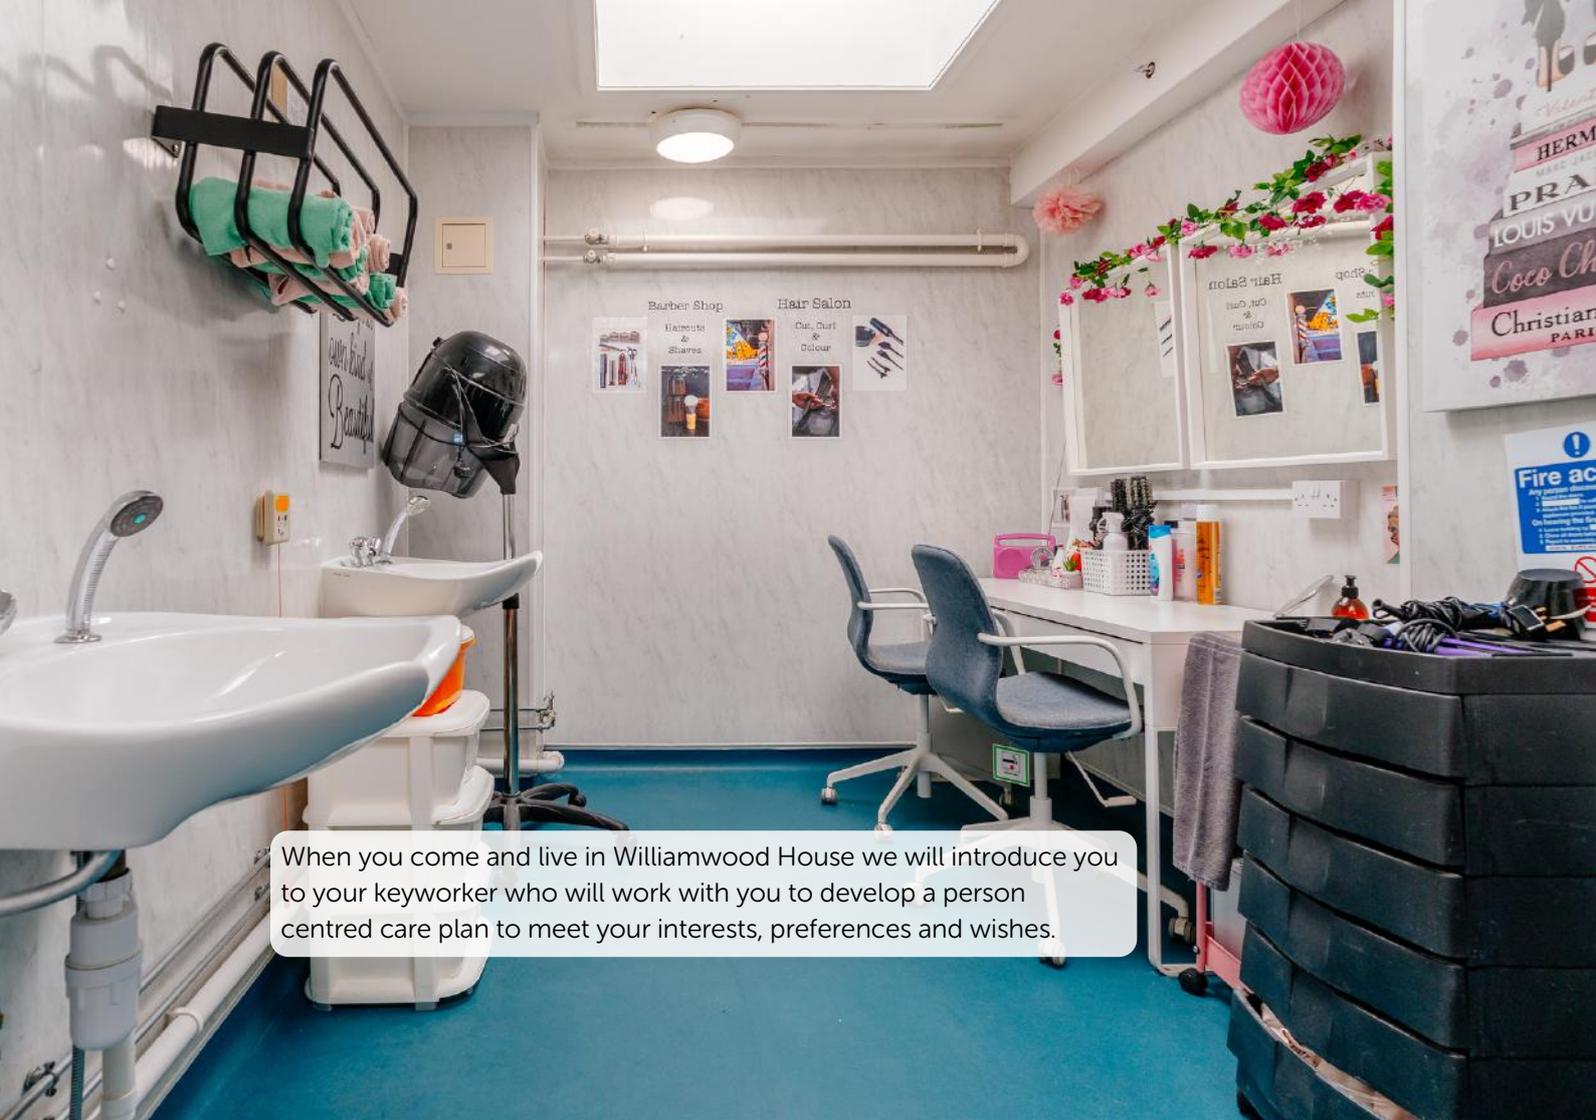

All staff are registered with The Scottish Social Service Council and undertake regular training with a specific focus on dementia care.

We have in house trainers and champions so staff benefit from immediate training and support.

Supporting our specialist staff, we have a dementia development team. We also host a monthly dementia clinic. They are run by our specialist dementia team, who are on hand to offer advice to staff, answer questions and provide support for families on caring for a loved one.

When you come and live in Williamwood House we will introduce you to your keyworker who will work with you to develop a person centred care plan to meet your interests, preferences and wishes.

We advocate acceptance, inclusion and diversity at CrossReach.
Our care home is welcoming to all.
