

Connecting brands to markets

DISTRIBUTION NETWORK

We are a Master Distributor for high-quality and industry-leading products from major brands. Our distribution network spans the U.S. and Canada with a team of independent sales representatives, regional sales managers, inside sales coordinators, and customer service representatives. With headquarters centrally located in Kentucky, we can easily fulfill orders large and small across North America.

Take advantage of our extensive distribution network

OUR MARKETS

With established distribution networks in key wholesale and retail markets, Lentus is a turn key solution to service the North American market. Our team has industry knowledge and connections to get to decision-makers in order to get your products into distribution.
