ROAD TO CLUB CHAMPS 2026 THE MENTAL GAME

“Golf is played between the ears... unfortunately.”

You can have the perfect swing, the latest driver, and a putting stroke smoother than a Sunday morning — but if your mind isn't in the right place, Club Champs has a way of finding you out.

Because here's the truth: golf is as much a mental battle as it is a physical one. It starts on the first tee. Hands steady... until they're not. The fairway suddenly looks narrower, the water hazard looks bigger, and that one swing thought turns into five. Welcome to Club Champs pressure.

The mental game in golf is all about control — not of your swing, but of your thoughts. The best players aren't necessarily the ones who hit perfect shots every time (because no one does), but the ones who recover quickly, reset faster, and refuse to let one bad hole ruin the next.

Ever hit a bad shot and then immediately try to “fix it” with the next one? That's not strategy — that's emotion playing golf.

The real skill?

Letting go.

Club Champs isn't won by the player who makes the fewest mistakes — it's won by the player who handles them best. The one who can laugh off a duff chip, commit fully to the next shot, and trust the game they brought with them.

So as we begin the road to this year's Club Champs, maybe the focus isn't just on your swing or your scorecard.

Maybe it's on your mindset.

Take a breath. Pick your shot. Trust it.

And if all else fails... blame the wind, the bounce, or your playing partner.

Just not yourself.
