# about synergy biologics

Synergy Biologics is a UK-based manufacturer and distributor of high-quality pharmaceutical, nutraceutical, and cosmetic products.

Established with a commitment to innovation, compliance, and inclusivity, we have a diverse portfolio across multiple brands, including Pro D3, SynBio, Optifil, Cuderm, and Colextra-D3 — a licensed, prescription-only vitamin D3 medicine.

Across all product categories, we ensure formulations are manufactured to rigorous quality standards, and tested by accredited laboratories for safety, efficacy, and compliance.

Our product ranges meet the needs of healthcare professionals, retailers, and consumers, with formats including capsules, tablets, liquids, gummies, sachets, and topical formulations.

**Pro D<sub>3</sub>**<sup>®</sup>  
Premium Vitamin D<sub>3</sub>

The Pro D<sub>3</sub> Range Pro D<sub>3</sub> supplements are formulated by UK pharmacists to deliver high-quality vitamin D<sub>3</sub> in strengths and formats that meet a wide range of patient needs.

Each product uses premium-grade vitamin D<sub>3</sub> and is designed to support bone health, immune function, and overall wellbeing.

The range includes options suitable for Halal, Kosher, Vegetarian, and Vegan diets, with suitability clearly displayed on packaging to help patients select the right product quickly and confidently.

Every batch of Pro D<sub>3</sub> is independently tested and audited against internationally recognised standards to ensure consistency, safety, and reliability.

With formats including capsules, tablets, and liquid drops, Pro D<sub>3</sub> makes it easy for patients of all ages to maintain healthy vitamin D levels.

**Pro D<sub>3</sub> 400IU**  
Premium Vitamin D<sub>3</sub>

## Pro D3 400IU - Vitamin D3 (30 Capsules)

Provides the UK government's recommended minimum daily intake of vitamin D3 (400 IU) to support bone and muscle health, calcium absorption, and immune function. Suitable for everyday use, particularly during the winter months (September to March) or for individuals at low risk of vitamin D deficiency. Easy-to-swallow capsules for convenient daily supplementation.

### Dosage:

- Adults and children over 12 years:  
One capsule daily, or as advised by a healthcare professional.

### Additional Information:

- Each capsule provides 400 IU vitamin D3.
- Free from gelatine, lactose, and peanuts.
- Suitable for Halal, Kosher, and Vegetarian diets.**

## Pro D3 800IU - Vitamin D3 (30 Capsules)

Provides a moderate daily dose of vitamin D3 (800 IU) to support immune function, calcium absorption, and the maintenance of healthy bones and muscles. Particularly suitable for individuals with limited sunlight exposure or those seeking more than the basic recommended intake. Convenient, easy-to-swallow capsules for everyday use.

### Dosage:

- Adults and children over 12 years:  
One capsule daily, or as advised by a healthcare professional.

### Additional Information:

- Each capsule provides 800 IU vitamin D3.
- Free from gelatine, lactose, and peanuts.

# Pro D<sub>3</sub> 10,000 IU

Premium Vitamin D<sub>3</sub>

## Pro D3 10,000 IU - Vitamin D3 (10 Capsules) Once a Week Dose

**Provides a high-strength weekly dose of vitamin D3 (10,000 IU per capsule)** to support bone health, muscle function, calcium absorption, and immune defence. Designed for individuals requiring a concentrated dose, particularly those with low vitamin D levels or reduced sun exposure during the winter months. Convenient once-weekly dosing makes it suitable for patients who prefer not to take daily supplements.

### Dosage:

- Adults: One capsule per week, or as advised by a healthcare professional.

### Additional Information:

- Each capsule provides 10,000 IU vitamin D<sub>3</sub>.
- 10 capsules per pack (10-week supply).

## SynBio Keto Diet Support – Optimise Your Low-Carb Lifestyle

Fuel your body the smart way with SynBio Keto Diet supplements. Whether you're just starting a ketogenic diet or already deep into your low-carb lifestyle, our range is designed to support energy metabolism, electrolyte balance, mental clarity, and overall wellbeing while in ketosis.

Formulated by pharmacists and nutritionists, our UK-made keto supplements provide essential nutrients that may be reduced on a low-carb diet – including magnesium, electrolytes, MCTs and key vitamins – to help you feel energised, focused, and balanced

# Keto Plan

## Dietary Suitability

The SynBio Keto Plan range has been formulated to complement ketogenic and low-carbohydrate lifestyles, with suitability carefully considered for diverse dietary and cultural needs. Each product is clearly identified for its independent approvals, including Vegan or Vegetarian Approval where applicable, and carries full Halal. This ensures the range can be recommended with confidence to healthcare professionals, retailers, and consumers seeking keto-compatible supplementation without compromising on inclusivity.

# Pure MCT C8 Oil

## Keto Plan - Pure MCT C8 Oil (250ml + 500ml)

Provides 100% pure caprylic acid (C8) medium-chain triglyceride oil.

### Key Benefits:

- Provides rapid, sustained energy for body and mind
- Supports ketone production for those in ketosis
- Easily digested and absorbed – gentle on the stomach
- Can be added to coffee, shakes, or meals

### Dosage:

- Adults: Start with 1 teaspoon (5 ml) daily, gradually increasing to 1–2 tablespoons (15–30 ml) as tolerated.

### Additional Information:

- 100% pure C8 MCT oil – no fillers, additives, or palm oil.
- Available in 250 ml and 500 ml.

## Cuderm® – Gentle, Effective Skincare

Cuderm® delivers everyday hydration, soothing relief, and lasting protection for dry, sensitive, and eczema-prone skin.

Enriched with colloidal oatmeal, it strengthens the skin's natural barrier, balances pH, and defends against irritants.

Free from allergens, alcohol, parabens, colours, SLS, and GMOs, every product is Halal-certified, vegan, and vegetarian-friendly – suitable for the whole family, including babies from three months.

Available in creams, lotions and Gel-wash to suit all skin needs.

Cuderm® has been carefully developed to deliver gentle, effective moisturisation for all skin types, including dry and sensitive skin. Each product is dermatologically tested and formulated to support the skin's natural barrier while respecting a wide range of lifestyle, and cultural needs.

All Cuderm® products can be recommended with confidence by healthcare professionals, pharmacists, and skincare specialists seeking inclusive, high-quality skincare solutions.

A collection of Cuderm skincare products, including lotions, creams, and cleansers, displayed against a white background. The products are arranged in a group, showing various sizes and packaging types like boxes and bottles. The Cuderm logo and product names are visible on the packaging.

# Cuderm Hand Cream 75ml

## Cuderm Hand Cream (75ml)

Cuderm® Hand Cream is a fast-absorbing, non-greasy moisturiser formulated with **colloidal oatmeal**, clinically proven to soothe, protect, and restore dry or sensitive skin. Designed to strengthen the skin's natural barrier, it helps regulate pH balance while delivering long-lasting hydration.

### Key Benefits:

- Provides 24-hour moisturisation from a single application
- Clinically proven to soothe and protect dry, sensitive skin
- Helps maintain the skin's natural pH balance
- Lightweight, non-greasy texture
- Enriched with colloidal oatmeal for barrier protection

### Additional Information:

## BASICS

# Our commitment to dietary choice

## ***Cruelty-Free Commitment***

At **Synergy Biologics**, we are dedicated to creating high-quality supplements without compromising our ethical values. Our commitment to being 100% cruelty-free is at the core of everything we do.

We believe that no animal should suffer in the pursuit of health and wellness, which is why none of our products are tested on animals, from the research and development stages to the final product.

## ***Halal Assurance***

Synergy Biologics **Halal certified** products do not contain ingredients (including alcohol), prohibited according to Islamic Law. In addition, Synergy Biologics guarantees to the consumer that Synergy Biologics Halal certified products have been manufactured using equipment that is dedicated for Halal products thereby complying with internationally recognised Halal standards.

Synergy Biologics products, manufacturing facility and processes are regularly independently audited by internationally recognised Halal certification organisations.

## ***Kosher Assurance***

**KLDB International Certification** agency regularly audit Synergy Biologics Kosher certified products to provide assurance that ingredients and all aspects of our manufacturing process (from raw material intake through to packing), meet international Kosher standards.

## ***Vegetarian/ Vegan Assurance***

Synergy Biologics vegetarian/vegan products are approved by The **Vegetarian Society** and accreditation involves independent ingredient and production method checking by the Vegetarian Society experts.
