FURNITURE FOR CHILDREN AND TEENAGERS

# FREEDOM BEGINS AT HOME

Here at VOX, we believe that true freedom begins at home, and how we live greatly affects our lives. That's why it is our goal to constantly develop and deliver complex interior solutions - stylistically matching furniture, doors, floors and wall systems.

We believe that a beautiful, functional interior is the beginning of a happy home where everyone can be themselves.

# NEST COLLECTION

Childhood is a time when the imagination is unlimited. To keep it this way into adulthood, it's good to nurture it from the earliest years. Nest is a safe microworld that allows the youngest for creative play and learning. For teenagers, it makes it easier to explore their creativity and express their emotions. All that to let your child bravely create its dream world.

## FURNITURE JUST LIKE ME

Little human beings need their own space that belongs only to them and changes with them since changes are part of their natural development. Nest will surround the energetic little ones with warmth, keep up with the emerging school duties and after a few years will be the companion of a resolute teenager.

# CAREFREE CHILDHOOD

Nesting is an instinctive behavior known from the kingdom of nature. To answer this need that all parents experience, we created the Nest collection.

The space under the bed can be a scene for a play on one day and a ,base' for crazy adventures on another. A cozy sleeping area just at your eyeline will be the safest place to rest.

## HELLO SCHOOL, GOODBYE SCHOOL!

Most furniture for children and teenagers after a couple of years becomes unattractive and has to be changed for new. Nest allows for constant aesthetic and functional alterations.

The child can decide alone which function is currently needed and freely rebuild their kingdom by, for example, choosing containers for toys or moving the desk on wheels that can easily be put under the bed.

## OR MAYBE THIS....

The child's needs change as fast as the child grows. Teenagers are already able to choose a decor to suit their taste and want to have a say on what their rooms look like. Thanks to well thought-through solutions and many colorful accessories, Nest makes this creative exploration easier.

## I FEEL REALLY AT HOME!

Children's imagination knows no limits. Just give them an empty sheet of paper and a few color pencils and they will create magical worlds within minutes.

This is exactly how Nest works. The multifunctional bed is a base for experimenting with aesthetics. Colorful organizers, exchangeable prints, boards and hooks - there is plenty to choose from.

# BUT I HAVE TIDIED UP!

#@^\*%\$#@

Keeping the crazy teenager world tidy is not an easy task. With the movable chests, hangers and closets with compartments for all things, it becomes much easier. You stack, hang, hide and the mess is gone.

# CLEVER SOLUTIONS

A container can become a coffee table awaiting your guests impatiently. It will also hold a modular mattress that can be used for playing or resting.

# BE CLEVER - USE THE MULTIBED

The multifunctional bunk bed is the center of your own kingdom. It allows to choose matching furniture essential for children's rooms such as a desk, a bookcase, a closet, toy boxes and a mattress to play on. And all this within one bed that can be extended and given further functions. The containers can be hidden under the bed when not used.
