TAMdoûr

Sliding Tambour ABS Plastic Shower Door

Campervan / RV / Motorhome Shower Doors

The image shows the interior of a van conversion, specifically a shower area. A dark-colored door with vertical slats (the TAMdoûr) is partially open, revealing the shower space. The interior features grey seats, a wooden table, and a wooden floor. The door has a circular window and a small handle. The text is overlaid on a dark circular background on the right side of the image.

Discover the **TAMdoûr**

The TAMdoûr blends sleek style with unbeatable practicality, using an innovative tambour door system to maximise every inch of your shower space by avoiding heavy & space consuming outward swinging doors.

Its flexible, interlocking slats glide smoothly around corners and tight spots where traditional doors simply won't fit—making it ideal for curved, angled or extra-compact van bathrooms.

Engineered from high-grade ABS plastic for strength without the weight, TAMdoûr offers long-term durability in any climate.

Choose TAMdoûr for versatility, fuss-free maintenance, and the modern answer to space-limited conversions.

ABOUT

TAMdoûr Bespoke

Space-saving innovation for compact bathrooms—ideal for vanlife comfort and style.

The TAMdoûr Tambour shower door is purpose-built for campervans, making the most of limited space without sacrificing style or functionality. Its flexible, sliding design allows smooth operation even in the tightest layouts, providing a clean, watertight enclosure wherever your travels take you.

- Matt Satin White
- Silver

8mm Colour Options - Easy Cut kits

(Small doors for pull out toilet doors)

- Gloss Black (NO matt satin black)
- Silver

The ultimate solution.

Flex Track

The TAMdoûr Flex Track is designed specifically for our 12mm thick custom-made doors, making it easy to achieve a precise D-shaped shower entrance that fits seamlessly with curved shower trays.

Its advanced, flexible track system allows the door to glide effortlessly around smooth curves and 90° turns, optimising comfort and accessibility in even the most compact campervan bathrooms.

Key Features:

Ultra-Flexible Design: Bends to follow the natural curve of your shower tray—ideal for non-standard or rounded layouts.
