SCANIA NTG 2018 - wheelbase 3750mm

NEDKING Old School Sidebars are produced from Aluminium and KTL treated against corrosion. The ends are close-welded and grinded. All bolts and nuts are stainless steel 304. They can be individually painted on top or powdercoated. You have three options for wiring and choosing from the below

1. do everything yourself, taking a lot of time, or
2. use 2607WH01.04* as a splitter between original SML and .01, or
3. use 2607WH01.02** for an all the way connection to truck's electric

SIDE WINDOW DEFLECTORS

Vepro OY side window deflectors are produced out of high quality 3mm cast acrylic. They eliminate fog and ventilate smoke while keeping rain out of the cabin.

3 mounting methods, best mounting option is available for every truck :

- 1 - Mounting between the window and window's rubber gasket
- 2 - Mounting with double sided adhesive tape
- 3 - Mounting with stainless steel clips

SUNVISORS

SUNVISORS FOR LIGHT COMMERCIAL VEHICLES

Our sunvisors are produced from high cast acrylic and the brackets are made from black steel which are first zink-coated and then powder painted. Made with new rigid mounting system to prevent vibration. Easy to fit with no holes to the roof.

Side brackets are mounted with self tapping screws and glue on the A-pillar.

For mounting of our Nedking truck signs we strongly recommend to use our own mounting glue. This will make perfect mounting to your truck and give the best light output.

We don't give warranty on the signs if different mounting glue is used for mounting.

WE OFFER PEACE OF MIND

Except for design, quality, and performance, we give you safety. We offer a unique function warranty – from three to six years. This includes all products from Strands Lighting Division's range, which makes the warranty unique on the market. The warranty covers faults related to the manufacturing process, material, or assembly. With our function warranty, we want to improve the service, increase customer satisfaction, and emphasize our brand's quality. Ready to further strengthen our position on the market.

FUNCTION WARRANTY
THREE TO SIX YEARS

HIGH PERFORMANCE

The technology improves the overall efficiency, collects, and directs light in a perfect balance between length and width. Created for the hard-working driver.

ONE LAMP – THREE FUNCTIONS

Get all your lighting needs into one lamp: a driving light with a warning light and dual position light, choose between amber and white.

DARK KNIGHT DESIGN

A confident, futuristic, black knight with dark details and slim design makes it easy to mount and quickly becomes one with your vehicle.

DRIVING LIGHTS

DUAL POSITION LIGHT

Art. 2607270698

DARK KNIGHT INSANE DRIVING LIGHT LED

Get ready to go Insane. To go from 0 to 100. Dark Knight Insane allows you to get all your lighting needs into one lamp: an oval driving light with a warning light and dual position light. Choose between amber and white. Insane is a confident Dark Knight in a slim design with a beam pattern created for the hard-working driver who needs a perfect balance between length and width.

BALANCED LIGHT BEAM

A light beam with an intensity far higher than standard. Supported by TIR optics, especially designed to cover a wide area without wasting any long-distance illumination.

UNIQUE POSITION LIGHT

Enjoy the smooth startup effect when the light slowly increases its intensity before reaching full capacity. Comes with a dual function. Choose between amber and white.

DARK KNIGHT LOOK

A futuristic, minimalistic all-black look helps your vehicle reach perfection from all angles. Play it confident and stylish both day and night.

DUAL POSITION LIGHT

Art. 2607270922

AMBASSADOR 9'' DRIVING LIGHT *LED*

The professional driver's first choice. Ambassadors' light beam exceeds everything you see and literally turns night into day in a long distance, pushing out 1 lux at 1007 meters. Designed in Sweden and manufactured in Europe. All the components are unique, specifically designed for Ambassador. It comes with exciting features – dual position light and a Nitto Denko breathing function that keeps the moisture away. The lens is made of unbreakable polycarbonate that has been sent for treatment in Germany to be highly durable against stone shoots and scratches.

LEGENDARY LIGHT OUTPUT

Siberia gives you efficiency at completely new levels on all roads and in all conditions. The power of the LED diodes extends the field of view in an optimized light beam.

DUAL POSITION LIGHT

Amber or white? Choose the color that states your style and personality. The Siberia position light provides an outstanding light effect, perfectly positioned in a circle with a breaking line in the middle.

TWO MODELS

Choose between Siberia Night Ranger, standard and spot (clear lens) and Siberia Bush Ranger (yellow lens). Models available in 7" and 9".

Use the QR code to check out the product video.

COMBO OR SPOT BEAM

Night Ranger comes in two beam patterns. The standard version with a combo beam extends the view in a perfect balance of length and width. The spot beam focuses on intense length. Mounting examples: 2 pcs Siberia NR Spot provides 1 lux at 1300 meters. 2 pcs Siberia NR Combo + 1 Spot in between – performs 1 lux at 1100 meters.

PROVIDES A GREAT LIGHT OUTPUT

Delta promises both quality and powerful light performance. The combo light beam gives both length and width in a perfect combination and performs 6200 actual lumens and 1 lux at 430 meters. Delta is E-approved according to ECE R112 with reference number 25. The position light is placed in a line, in the center of

the lamp, and comes with a dual position light, choose between amber or white color. Delta is the number one choice for many professional users and is perfect for cars, trucks, tractors and other heavy vehicles.

WELCOME TO THE FUTURE

This is Dark Knight Nuuk. The next generation of LED bars. A real game-changer. Better performance. Less consumption. Ready to break new ground, developed for electric vehicles. Comes with a sophisticated dark look and passion in every

detail. Developed with the environment, the driver, and the optimal lighting experience in focus. The light beam creates the perfect balance and gives you a light where you need it the most.

SIBERIA

Welcome to the future. This is Siberia. Innovative lighting from Strands Lighting Division. Pushing the boundaries and redefining what light can do with the pioneering design combined with revolutionary features. The multi-color position light characterizes all members of Siberia. Siberia is for you who want to boost your passion, vehicle, and driving experience. Created for you who are looking for the latest both when it comes to performance, function, and design.

THE WORLD'S STRONGEST LED BAR

Redefining the light output and creating a wall of light with 1 lux at 1220 meters or 1466 meters. Designed to be the center of attention.

YELLOW LOGOTYPE

Siberia Outlaw comes in a yellow Strands logotype to differ further from other LED bars.

UNIQUE COMPONENTS

Loaded with world-class technology, knowledge, and development. Shaped by the best reflector design, diodes, and circuit boards.

AN INVESTMENT IN SAFETY

The beam pattern is optimized and gives you one good width and an unsurpassed light length. See potential danger much earlier to get extra time to react. Ready to hit the darkness.

Use the QR code to check out the product video.

SIBERIA DR

Comes in six sizes 8", 12", 22", 32", 42" and 50". The larger sizes are developed to perfectly fit trucks. The characteristic dual position light runs in a line along the middle of the bar.

SIBERIA SR

Available in sizes 12", 22", 32", 42" and 50". The characteristic dual position light runs in a line along the bottom of the bar.

Use the QR code to check out the product video.

MAKE A STATEMENT

Function, design, and performance that you have never experienced before. Siberia LED bar is slim, dark, and sophisticated. Comes in two models, single row (SR) and double-row (DR). Every little element is created to bring out

the highest possible performance and to interact in perfect harmony. Rest your eyes on the unique dual position light that runs in a line along the bar. Express your personality by choosing a color between amber and white.

ONE WORK LIGHT REPLACES SEVERAL

One work light, created to provide the same power as 4-15 standard 2000 lumen LED work lights. Which simplify your work considerably.

NEXT LEVEL OF WORK LIGHTS

A powerful work light you haven't experienced before that provides a constant flow of light. Designed as an LED bar. Available in 11" and 38".

TRIPLE POSITION LIGHT

Create more opportunities through a triple position light. Choose between red, amber, or white. Try it, and you will not be disappointed.

Use the QR code to check out the product video.

A dark-colored SUV is parked in a field at night. The vehicle's headlights are on, casting a bright beam of light into the dark sky. The background is a dark, silhouetted landscape with trees and bushes. The overall mood is mysterious and rugged.

A NIGHT GUARD WITH THE HIGHEST RELIABILITY

Reinventing innovation. Siberia Night Guard is developed for demanding work challenges and expresses passion and style in every detail. You can now fit all your lighting needs into one single lamp. An extremely powerful warning light also provides an unbeatable high beam and dual position light. Multifunctional lighting offers safety in all weathers and the darkest of darkness.

WARNING LIGHT WITH DRIVING LIGHT FUNCTION

Siberia Night Guard provides both a powerful warning light and a driving light function that delivers an optimized, massive light beam that combines length and width.

COVER ALL NEEDS

Night Guard comes in five sizes to cover all needs. 12", 20", 22", 32" and 38". Easy to mount and fit both trucks and vehicles.

DUAL POSITION LIGHT

Let the characteristic position light suit your personal style. Choose between amber or white light.

Use the QR code to check
out the product video.

LOW RIDER

This is Siberia Low Rider. A LED bar with four functions: warning light and triple position light, all E-approved. For your everyday driving. Ready to stand out from the crowd with a super-slim design made to fit literally everywhere. The height of only 3 cm and the depth of 5 cm will make it by far the slimmest LED bar in the product range. Ideal on all sides of your vehicle. Wherever you need visibility.

Art. 2607809250, 2607809252

SIBERIA LOW RIDER

10", 30", Amber warning light, triple position light: red, amber and white, E-approved: ECE R148

WARNING LIGHT AND TRIPLE POSITION LIGHT

A new type of LED bar with four functions in one product: warning light and triple position light. Choose between white, amber, or red color.

SUPER-SLIM DESIGN

The height of only 3 cm and the depth of 5 cm will make it by far the slimmest LED bar in the product range. Perfect for trucks and other vehicles.

E-APPROVED AND THREE-YEARS FUNCTION WARRANTY

All four functions are entirely E-approved and come with Strands Lighting Division's unique three-years function warranty.

**MORE INNOVATIVE,
MORE EYE-CATCHING,
MORE YOU**

SIBERIA TAIL LIGHT
Art. 2607809226

COMPACT SIZE

Discreet and neat, perfect for use where larger lighting doesn't fit. A really powerful lamp that performs 2949 actual lumens and 1 lux at 166 meters. Mount it alone, in pairs or combine several.

OPTIMIZED LIGHT

The light beam combines width and length – an optimized solution to fit the compact construction. Unbeatable for quickly discovering animals coming from the roadside.

RED AND AMBER

Express your style. The dual position light allows you to choose between red and amber position color.

SIBERIA RED PANDA WORK LIGHT LED
Art. 2607809206

Use the QR code to check
out the product video.

PERSONALIZE WITH COLOR

Red and amber – a new kind of dual position light. Choose which color you prefer. The amber light can be connected to the vehicle's indicator and the red to the tail light. Only your imagination sets the limits.

UNIQUE EXPRESSION

Combine several lamps for different functions and looks. Ideal for placing where you usually don't put LED bars, above your ordinary tail lights.

COMBO BEAM

Reverse your vehicle safely. The combo light beam is developed to provide an optimal light experience direct from the back of your vehicle. The spread not only goes wide but also delivers plenty of lengths.

DARK KNIGHT IZE LED

The revolutionary IZE LED series is now being expanded. Dark Knight is an exclusive interpretation of your most confident night drive. An exclusive, all-black version. Dark-tinted lens, dark chrome ring. A sophisticated look, day and night. Comes with all the IZE LED functions – such as dynamic indicator and dynamic startup light. All models are fully E-approved. The model with three functions (2607800621 + 2607800622) has a D-class certification that enables you to mount them as a unit on the vehicle, with two lamps per side.

FIVE MODELS

Comes in five different models (1 to 3 functions), all with top modern features for different needs.

DYNAMIC INNOVATION

The series contains models with dynamic indicator and dynamic start-up light. The dynamic feature means that the diodes come on, one after the other, which gives an eye-catching appearance to your vehicle.

E-APPROVED

The series is fully E-approved, ideal for trucks, trailers, pickup trucks, construction equipment and other similar vehicles.

ALL BLACK

Release your dark side. Dark Knight IZE LED comes with a dark-tinted lens and a dark chrome ring.

WORK LIGHTS

SMALL SIZE, WIDE PERFORMANCE

Side shooter should not be underestimated for its small size. It has 2097 actual lumens and gives you 1 lux at 221 meters. It is E-approved according to ECE R112 with reference number 12,5. The name comes from the three diodes on each short side that direct the light to the sides. This gives a 140° light spread.

Art. 2607809109

€ 79,00 excl. VAT / € 95,59 incl. VAT

SIDE SHOOTER LED BAR 4''

Voltage	9-32V DC	Material housing	Aluminium

140° BEAM ANGLE

Art. 2607809122

€ 89,00 excl. VAT / € 107,69 incl. VAT

SIDE SHOOTER XL LED BAR 5''

Side Shooter XL is a very powerful piece in a small size. 4548 actual lumens and 1 lux at 341 meters. Side shooter has got its name because of four diodes on each short side that direct the light to the sides. This gives a 140° light spread. The LED provides increased visibility for ditch lighting and off-road coverage.

Voltage	9-32V DC	Material housing	Aluminium
Consumption	49W	Material lens	Polycarbonate
Theoretical lumen	6920	Length	136mm
Actual lumen	4548	Depth	89,5mm

SIX-YEAR FUNCTION WARRANTY

All models in the series come with a six-year function warranty that speaks for itself. President represents sustainability at the highest level.

PERFECT FOR MOST APPLICATIONS

Comes in models that perform from 1750 lumens to 5400 lumens. Perfect for most applications – quads, trucks or excavators.

ALL-BLACK DESIGN

Super-slim design and a dark-tinted lens create a sober black appearance. Comes with an eye-catching position light in amber or red.

ADR-APPROVED

Dark Knight President is ADR-approved, which means it can be mounted on vehicles transporting dangerous goods.

INFINITY DESIGN

The lens stretches into the corners, which not only provides a great look – it resists dirt and allows the light output to reach its full potential.

TEMPERATURE CONTROL

Powerful lighting produces more heat, which means the lamp can break. The built-in temperature control prevents that. When necessary, the function protects the lamp and decreases the power until the light is cooled.

EXTREME POWER

The Unity series contains seven models, from 10 W to 149 W. The most powerful lamp delivers enormous 13 000 actual lumens. The extensive engineering gives you an optimized light spread where you need it the most.

REVOLUTIONARY UPGRADE

Unity is an extreme upgrade from previous lamps in the same category. Built tough in a beautiful costume – to survive and illuminate the harshest environments.

**E-APPROVED
REVERSING
LIGHT**

UNIQUE SERIES

This series has a patented slim design. The housing is smaller, which means they are less exposed to wear and tear. They come with a DT connector, which makes the installation easy. Both lamps in this series are E-approved as reversing lights according to regulation ECE R23. The lamps are fully radio interference-free (EMC-approved).

They are also ECE R10 approved and approved for IP67 and IP69K. Our usual 48 W is replaced by 2607908517, giving more lumens and using less power. Instead of 48 W, it now consumes only 25 W. Our new production technique reduces power consumption to nearly 50 %.

E-APPROVED AND THREE-YEARS FUNCTION WARRANTY

All sizes are E-approved according to ECE R65 class 1 and class 2, and the entire series comes with a unique three-years function warranty to make you even safer.

SLIM DESIGN

A super-slim design and a height of only 36 mm and a width of 120 mm. Easy to mount with included mounting brackets.

CRUISE LIGHT AMBER GLOW

Get an appealing styling effect with 13 different warning light patterns – where Cruise Light amber glow is one of them.

COVER ALL NEEDS

Contains 8 sizes from 30 cm to 180 cm. Usable together or separately and fits all types of vehicles and work situations.

MORE STYLE OPPORTUNITIES

The brightest side markers and position lights available. Viking can be used in various ways for different functions and styles. Perfectly mounted with Strands compatible rubber arms – also fits into other traditional 60 mm rubber arms. Viking is updated with Dark Knight, the world's first all-black vehicle lighting series. The dark-tinted lens brings an exclusive edge, both day and night, to satisfy the most passionate drivers.

DARK KNIGHT ULTRA SLIM SIDE MARKER/POSITION LIGHTS LED

Dark Knight Ultra Slim is the slimmest lighting series available. The series is fully E-approved and contains side marker and position lights in red and white color, including five meters of cable and two different rubber gaskets, one for recessed surface mounting and one for recessed mounting on, for example, side bars, side steps, light bars, or roof bars.

EXCLUSIVELY DARK NEWS

More options, more style – here to satisfy the most passionate drivers. This slim lighting family is now being expanded with Dark Knight, the world's first all-black vehicle lighting series. Dark tinted lenses, dark high-end materials, and components. The stylish, modern design and the low profile make the lamp suitable for all types of vehicles. A dark look with an exclusive edge, both day and night.
