ABOUT US

Hi am Purva Dheeraj Ranadive is. From the beginning I had a desire to work in the food industry. Searched for a lot of business but found a business that would expand its reach. While searching for Asanch Cake Making and Selling, he came up with the concept of Awadali. I started studying to learn cake and to do business. I attended different workshops to get a lot of practice when I gained confidence. At that time, I started my business, the first cake of my business, my company was started on 11th June 2019 or in the afternoon of my daughter's first birthday. Gradually bakery orders started coming. Ice cake would have been made like cream cake. But it came to my mind. People are tired of eating cream cake. Adult people like cream, and at that time the concept of healthy dry cake was introduced in the market, the cake is prepared organically. Healthy ingredients like milk, dates, dry fruits etc. started being used in the cake, hence the demand for it increased. And very new flavors in dry cakes were brought to the market in an organic manner.
